TECNOLOGÍA DE GAS 787

Estufas y fregaderos ..... 788 – 805
Placas híbridas ..... 793 – 797
Placas de inducción ..... 797 + 803
Placas vitrocerámicas ..... 800 – 802
Conjuntos Campingbus 801
Desagües 806
Escapes 807
Hornos 808
Depósitos de gas y accesorios 809
Botellas de gas y accesorios ..... 810 – 811
Ayuda al transporte/Cajas de gas ..... 810 – 811
Dispositivos de prueba de gas 811
Indicadores de nivel de gas ..... 812 – 813
Sistemas de presión de gas y accesorios.. 814 – 819
Reguladores de gas/reguladores de presión/mangueras ..... 820 – 825
Instalación de gas 826
Tomas de gas 827

MULTIMEDIA 829

LED y Smart TV ..... 830 – 836
Soportes para TV y monitores ..... 837 – 841
Antenas compactas DVB-T2 842
Antenas planas SAT ..... 843 – 845
Sistemas SAT ..... 846 – 855
Antenas domo portátiles ..... 856 – 857
Antenas LTE/WiFi ..... 857 – 864
Antenas HD/SAT-Finder 864
Entradas de cable y accesorios de antena 865 – 867
Sistemas de visión trasera y cámaras ..... 868 – 874
Sistemas de navegación ..... 875 – 876
Navegadores, infoentretenedores y accesorios... 877 – 879
Sistemas de información y entretenimiento de navegación ..... 880 – 881
Accesorios para radio de coche 882
Altavoces y sistemas de sonido ..... 883 – 885

REFRIGERACIÓN/CALEFACCIÓN 889

Conocimientos y descripción general sobre refrigeradores ..... 888 – 889
Frigoríficos de absorción/compresor 890
Neveras de compresor ..... 891 – 901
Cajones frigoríficos/congeladores de compresor 901
Inst. de carga superior de compresor 902
Ventilación del frigorífico/accesorios ..... 903 – 904
Neveras de compresor ..... 905 – 913
Accesorios para neveras 914
Aire acondicionado móvil ..... 915 – 916
Sistema de aire acondicionado de cabina 917
sistema iNET X 918
Caja de almacenamiento de aires acondicionados/accesorios ..... 919 – 920
Aires acondicionados de techo ..... 921 – 926
Sistemas de aire acondicionado evaporativo 927
acondicionadores de techo de 12 V ..... 928 – 929
Calefactores de estacionamiento móviles 930
Calentadores diesel/
sistemas de agua caliente ..... 931 – 938
Calefactores combi 939
Calentadores gas-eléctricos/accesorios.... 940 – 947
Distribución de aire caliente ..... 948 – 949
Confort de agua caliente/calderas de agua .. 950 – 958
Calderas especiales/válvulas de drenaje 959
Calefactores radiantes de gas/ventiladores eléctricos ..... 960 – 961

ELECTRICIDAD 963

Conocimientos eléctricos 964
Módulos solares/sistemas completos de paneles solares ..... 965 – 973
Sistemas portátiles de paneles solares ..... 975 – 977
Paneles de visualización/fijación de paneles solares/accesorios 975, 978
Entradas de cables 979
Reguladores de paneles solares y accesorios 980 – 982
Pilas de combustible/generadores de gasolina ..... 983 – 984
Estaciones de energía de litio ..... 985 – 987
Baterías de litio ..... 988 – 993
Baterías AGM/gel/ácido ..... 994 – 996
Baterías pequeñas y terminales 997
Gestión de baterías/accesorios ..... 998 – 1000
Cargadores/alimentación ..... 1001 – 1006
Potenciadores/convertidores de carga.. 1007 – 1012
Inversores ..... 1013 – 1017
Paneles de control ..... 1018, 1020 - 1023
Sistemas de control inteligentes 1019
Enchufes/adaptadores/embragues ..... 1024 – 1027
Interruptores y tomas de corriente ..... 1028 – 1032
distribución de energía 12/24 V ..... 1032 – 1036
Cables y accesorios CEE ..... 1037 – 1040
accesorios 230 V 1041
Iluminación 1042
iluminación LED 12v ..... 1043 – 1058
Iluminación multifuncional ..... 1059 – 1061
Iluminación de vehículos ..... 1062 – 1068

- Spare parts store with over 20,000 items

COMPETENCE & EXPERIENCE. SINCE 1980.

DEAR CAMPING FRIENDS & MOTORHOME ENTHUSIASTS

Just in time for the start of the season, you are holding the new REIMO Accessories Pro 2025 in your hands.

Our entire range includes tens of thousands of selected items for your camping vacation and mobile leisure time. A list of the best-known brands in the industry, combined with exclusive cooperations with leading international manufacturers.

It is also worth browsing through the latest catalog every year, in which our hard-working colleagues from the purchasing department have compiled over 1,000 of the latest innovations from near and far for you.

At reimo.com you will also find offers, trade fair dates and all other information about our vehicles, as well as an inspiring interior design guide.

However, even the best catalog in the industry cannot replace personal advice on site. You can get this from one of the many hundreds of REIMO partners - also in your area:

A wonderful camping and traveling season 2025!

Cassette toilets..... 765 – 766
Fixed toilets 767
Mobile chemical toilets ..... 768 – 769
Mobile urine-diverting toilets / Dry toilets . 770 – 774
Sanitary products / Toilet chemicals ..... 774 – 779
Service doors for toilets..... 780
Chopper pumps & WC accessories..... 781
WC venting systems ..... 781 – 783
Thetford spare parts..... 784 – 785

GAS TECHNOLOGY 787

Stoves and sinks ..... 788 – 805
Hybrid hobs..... 793 – 797
Induction hobs..... 797 + 803
Ceramic hobs..... 800 – 802
Campingbus sets 801
Drain fittings..... 806
Exhausts 807
Ovens..... 808
Gas tanks and accessories 809
Gas bottles and accessories..... 810 – 811
Transport aid/Gas boxes..... 810 – 811
Gas test devices 811
Gas level indicators..... 812 – 813
Gas pressure systems and accessories .... 814 – 819
Gas regulators/pressure regulators/hoses.. 820 – 825
Gas installation..... 826
Gas sockets..... 827

MULTIMEDIA 829

LED & Smart TVs ..... 830 – 836
TV and monitor mounts ..... 837 – 841
Compact DVB-T2 antennas..... 842
SAT flat antennas ..... 843 – 845
SAT systems..... 846 – 855
Portable dome antennas ..... 856 – 857
LTE/WiFi antennas..... 857 – 864
HD-sticks/SAT-Finder 864
Cable entries & antenna accessories..... 865 – 867
Rear view systems & cameras..... 868 – 874
Navigation systems ..... 875 – 876
Naviceivers, infotainers & accessories..... 877 – 879
Navigation infotainment systems ..... 880 – 881
Car radio accessories..... 882
Loudspeakers & sound systems ..... 883 – 885

COOLING / HEATING 889

Refrigerator know-how and overview..... 888 – 889
Absorber/compressor refrigerators..... 890
Compressor refrigerators..... 891 – 901
Compressor fridge/freezer drawers 901
Inst. of compressor top loader..... 902
Refrigerator ventilation/accessories..... 903 – 904
Compressor coolers ..... 905 – 913
Cool boxes accessories 914
Mobile air conditioners ..... 915 – 916
Cab air conditioning system..... 917
iNET X system..... 918
Storage box air conditioners/
accessories ..... 919 – 920
Roof air conditioners..... 921 – 926
Evaporative air conditioning systems 927
12 V roof air conditioners ..... 928 – 929
Mobile parking heaters 930
Diesel heaters / hot water systems ..... 931 – 938
Combi heaters..... 939
Gas-electric heaters/accessories..... 940 – 947
Hot air distribution..... 948 – 949
Hot water comfort/water boilers ..... 950 – 958
Special boilers/drain valves 959
Gas radiant heaters/electric fan heaters.. 960 – 961

ELECTRICS 963

Electrical know-how..... 964
Solar modules/complete solar panel systems
..... 965 – 973
Portable solar panel systems..... 975 – 977
Display panels/solar panel fixing/
accessories 975, 978
Cable entries 979
Solar panel controllers & accessories ..... 980 – 982
Fuel cells / gasoline generators..... 983 – 984
Lithium energy stations ..... 985 – 987
Lithium batteries ..... 988 – 993
AGM/gel/acid batteries..... 994 – 996
Small batteries & battery terminals..... 997
Battery management/accessories..... 998 – 1000
Chargers/power supply ..... 1001 – 1006
Boosters/charging converters..... 1007 – 1012
Inverters..... 1013 – 1017
Control panels ..... 1018, 1020 - 1023
Smarthome control systems 1019
Plugs/adapters/clutches..... 1024 – 1027
Power switches & sockets ..... 1028 – 1032
12/24 V power distribution..... 1032 – 1036
CEE cables & accessories ..... 1037 – 1040
230 Volt accessories 1041

Bag for fiberglass poles

PALM BEACH/PALM BEACH QUICK practical sun canopies

- **Domed roof against water pockets**
- **Roof with 2 diagonal fiberglass poles**
- **Spacious feeling**
- **Double piping Ø 5+7mm and tunnel**

Chic and robust sun sail for your caravan or camping bus with sown on piping profile (Ø 5+7mm). The two diagonal fiberglass poles ensure a stable upward arch of the sun canopy. This stops water from building on the domed roof and makes for a spacious feeling and comfortable standing height.

PALM BEACH - sun canopy

- **Small packaging size**
- **Pockets with velcro in the corners for easy insertion of the fiberglass poles**
- **Color: Light grey/anthracite/lime**

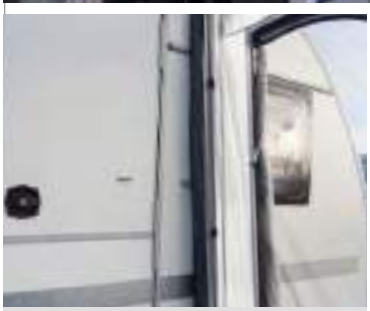
RIMINI AIR 2 - 390



Including: Foam bulge and rods for secure attachment to the caravan

Mounting height:
235 - 250 cm

RIMINI AIR 2 - 390
Quick assembly air tent

- **Premium TPU air tubes**
- **Easy to set up thanks to 4 separate air tubes**
- **Transparent windows**
- **The front parts can be rolled up or used as sun sails**
- **Particularly stable thanks to combination of air columns and aluminum reinforcement rods**
- **Including wind screen, pressure rods and foam bulge**

The tent is particularly durable due to replaceable double air tubes. The front consists of 3 segments with large transparent windows.
The side sections are equipped with mosquito nets for good ventilation.
All windows have an interior cover to protect privacy.
Color: light grey and dark grey

Scope of delivery: Tent skin incl. air tubes, air pump, pitching poles, pressure poles, foam bead reinforcement poles, wind flap, guy ropes, pegs, stuff sack

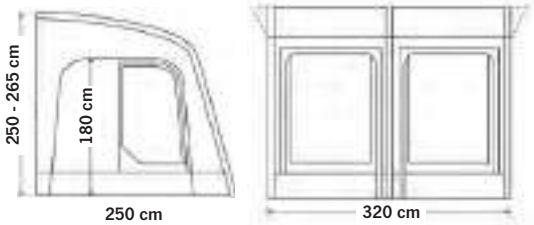
INFLATABLE CARAVAN PARTIAL TENTS

Mounting height:
250 - 265 cm

Sportlite Air 320

- Also suitable for motorhomes
- Spacious living area with extension option (optionally available)
- 280 HDE fabric: high-density, weatherproof, lightweight
- Dynamic, intelligent pressure relief valve system
- Single inflation (single inflation point)
- Front panels can be zipped off
- Zip off left and right side doors with mesh inserts
- Transparent PVC windows
- Adjustable webbing tensioning system

Lightweight caravan/motorhome air awning.
The new Single Inflation Technology makes it possible to connect sections of the air frame and then isolate them with airlock valves. This ground-breaking system offers absolute ease by in- and deflation and gives you peace of mind that every part of the structure can be isolated from the other parts of the air frame.
Scope of delivery: Tent with air tubes, pump, wind screen, pegs, guy ropes, storm bracing and carry bag.



Optionally ventilated ceiling

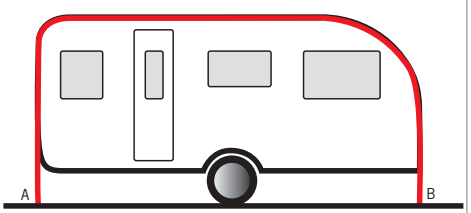
How to measure the circumference

If you do not know the overall dims. of your caravan, you have three options for determining them:

- Look in the brochure or in the technical data supplied w/ your caravan
- Contact your caravan manufacturer and enquire about your overall dimensions, stating model and YOC
- Measure yourself - the safest method. Caravan should be positioned horizontally on a level surface in order to measure overall dimensions of your caravan. You measure from guy point A (floor) through the piping rail of the caravan with a non-stretchable cord to guy point B (floor). If the piping rail still has an inward curve at the lower end, you must measure perpendicular to the floor or remove the cord from the rail at the insertion point.

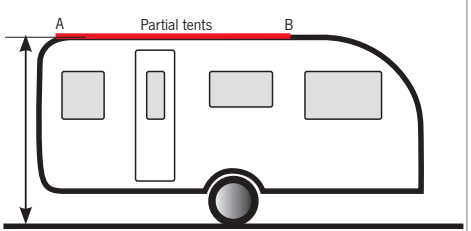
Important for aerodynamic caravans:
For caravans with an extremely slanted bow, you must already measure perpendicular to the floor from a height of ca. 185cm (you are not following the rail anymore).

This determined value is the circumferential dimension. Points A and B are also the guy points of your awning. If the overall dimensions of your caravan are on the edge of the awning size specifications, you should opt for the smaller tent size. The size of your caravan awning depends solely on the circumferential dimension. Only the depth of the tent is a free choice.



Attaching the roof poles to the caravan.

- With wall eyelets, firmly screwed (seal drill holes well)! We recommend this option for partial tents. The rear corners of the roof are fixed and do not move, even in strong crosswinds. Wall eyelets are also a good choice for permanent camping.
- With screwless Vario clips! These are pushed onto the inner piping. The advantage of this version is the flexibility in the choice of fixing points. Clip is connected to tent roof and cannot fall down if the pressure on the poles decreases.



BOLOGNA 400

Mounting height:
235 - 250 cm

BOLOGNA 400 caravan partial tent

- **Suitable as all-year tent**
- **Canopy (30cm)**
- **Weather resistant**

Caravan protection canopy

- **Reliable weather protection, breathable**
- **Reduces the risk of mold**
- **Waterproof and UV resistant**

Caravans are exposed to the weather - especially when the vehicles are parked in outdoors. Railfall and intense sunlight but also dust, dirt, bird dropping or tree resin leave their marks over time. A protective canopy helps preserve the look and lifetime of your vehicle.

THULE SUBSOLA
Modern, modular panels for an extended living space

- **Developed for compact van owners**
- **For more living space with privacy & weather protection**
- **Modern, intelligent modularity**

Extend the living space outside the awning of your van and enjoy more privacy. The breathable, water-resistant material offers privacy & protection from sun and rain. The triangular panels with high-quality zippers and piping can be combined in different ways for perfect furnishing. With the adjustable pole, you can create more privacy if required, or adjust the Panels when the weather changes. The panels can be stored in a high-quality bag so that you always have everything with you.
Availableavailable as a side and front package, which can also be combined. You can also add more panels or poles (sold separately) to customize your outdoor furniture to your liking

Side walls are simply clipped into the roof frame

AUTO-UP SYSTEM

THE FUTURE IS HERE

Discover the future of outdoor convenience with the revolutionary A.I.S. integrated inflating system. Designed for tents, awnings, and gazebos equipped with air frames, this cutting-edge technology revolutionizes the setup process. With A.I.S., you can say goodbye to the hassle of carrying hand air pumps or electric compressors. Effortlessly inflate your shelter in no time, ensuring a quick and comfortable setup experience. Powered by a rechargeable LiOn battery, A.I.S. provides reliable performance without the need for external power sources. Enjoy the convenience and ease of use that A.I.S. brings, making your outdoor adventures even more enjoyable.

Sandcrest S + L -

Freestanding rear tents

- **Easy to attach and remove**
- **Large window with mesh insert & waterproof curtain**
- **User-friendly, robust zippers**
- **Vehicle tailgate can be opened from the rear tent**
- **Tailgate can be closed and locked with the tent attached**

Compact rear tent for camper vans. Perfect for camping and short trips for cooking, as a day shelter or changing room. You'll appreciate the value of the extra space the ingenious Sandcrest S and L offer for a more comfortable van life. Thanks to the intelligent design, you can close and lock the tailgate securely, or leave the tailgate open at night while you ensure good ventilation in the van with the internal insect screen. With just one aluminum arch, it can be set up very quickly and has a very small pack size. Thanks to the clever fastening system, sliding doors are not blocked by guy ropes. There is an insect protection window in the large tent entrancewhich can be closed with a waterproof curtain. As a bonus, you can set up the door as a sun canopy. (support poles not included in scope of delivery)

Scope of delivery:
Tent skin, poles, guy material, packing bag

Rear sunroof

Suitable for: Volkswagen T5 / T6 / T6.1 with hinged doors

- **Robust weather protection**
- **Protection from sun, rain and draughts**
- **Quick and easy to install**
- **no bracing required on the ground**

The sun canopy is stretched over the open rear doors and serves as sun/rain protection, but also reduces draughts when the doors are open. A telescopic tension rod between doors defines distance and holds tarpaulin in place. It is connected to the vehicle by means of an adjustable elastic strap and plastic hooks, and secured with magnets. Quick and easy installation without modifications to the vehicle

Dims.: ca. width 160 x depth 80 cm

Scope of delivery:
Sun canopy, 1 tension rod (aluminum), pannier bag

937983 **119,–**

UPGRADE DOME PREMIUM
Rear tent (for hinged doors)

Suitable for: Volkswagen T5 / T6 / T6.1 , also suitable for Renault Trafic and similar models

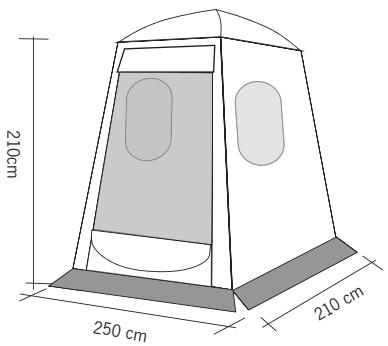
- **Domed roof with window for a generous feeling of space**
- **Considerable space expansion**
- **Doors can be closed when the tent is erected**
- **Trough-shaped floor tarpaulin protects against moisture and draughts**
- **Front with mosquito net**
- **Spacious and stable**
- **Australian standard**

The highlight of the Upgrade Dome Premium rear tent: the wing doors can be closed when the tent is set up. Domed roof gives generous feeling of space & at the same time prevents water pockets when it rains. The U-shaped tubular steel frame promises stability. The front wall has a large door (can be used as an awning) and a transparent window with inner cover and additional mosquito net. The side walls with oval windows and the skylight window in the roof ensure good all-round visibility. A groundsheet with integrated wind protection under the bumper, which is secured with Velcro, completes the tent.

Dimensions: W 250 cm x D 210 cm H 210 cm
Pack size: ca. 95 cm x 20 cm x 22 cm

Scope of delivery: Tent, groundsheet, steel frame, 2 fiberglass poles, 2 steel pitching poles, guy ropes, pegs, packing bag

936292 **349,–**



ca. 10,3 kg | 3.000 mm | 100% Polyes-ter RipStop 190T | UV protecti-on coated | Flame retardant

BENDIGO AIR

BENDIGO AIR - Air roof tent including platform

- **Large sleeping area for 2 people (L 220 x B 140 cm)**
- **2 doors and 2 windows with canopy**
- **Mosquito net on all openings**
- **For cars, vans, SUV's**
- **Tarpaulin protects during the journey**
- **Roof lining for more comfort**
- **Small pack size**

The roof tent with inflatable mattress and 1 air tube is supplied with an aluminum roof platform. This is mounted on the vehicle in order tothe inflated mattress into the rail of the platform using piping ❶. The tent skin is fixed to the mattress and can then simply be inflated using the pump supplied. This is done very quickly thanks to one-point inflation system ❸ After fixing the ladder, the roof tent is ready for use. Deflation is very quick thanks to the 2 valves, the tent and inflated mattress can remain on the platform and are protected by a tarpaulin during the journey. The roof tent and mattress can be quickly and easily removed from the platform and stowed in the carrying bag (ca. 90 x 55 x 43 cm), giving you the choice of leaving the roof tent on the roof while driving or stowing it in the vehicle. All windows and doors are fitted with mosquito nets and have a canopy that can be set up quickly. The scope of delivery includes tension rods for all windows/doors, a headliner that creates a cozy atmosphere and reduces condensation ❷ as well as a mattress topper for more comfort. Additional guy loops are provided at the corners of the roof tent. The roof tent can also be used without a platform and vehicle on the ground.

Load cap. Ladder: max. 150 kg / platform: 250 kg

AUTOHOME 1.0 - Hard shell roof tent

- **Crank opening**
- **Weight-saving design**
- **Large interior volume even when closed**
- **Doors are turned into windows or variable openings with curved hinges**
- **Aerodynamic design**

The Autohome roof tent 1.0 is a classic model with an elegant, aerodynamic design and can also be fitted perfectly on small cars and all-wheel drive vehicles (4 x 4). The "double" roof consists of a fiberglass shell and a synergistically adapted honeycomb-like panel perforated with a special laser. Fiberglass roof does not attract lightning during thunderstorms. The roof shells do not deform in the heat, are UV-resistant and color-stable. Tent material is waterproof, durable & breathable, & protects against heat and cold.

Scope of delivery: Roof tent with 4 clamps for attachment to the roof rack, 1 crank handle, condensation-repellent & sound-absorbing interior roof lining, practical storage net, 2 removable hanging bags, 1 mattress, 2 pillows, ceiling lamp for interior lighting, height-adjustable aluminum ladder, carrying bag for ladder.

The X-Long version is suitable for medium and large vehicles (4x4s, minivans, vans, SUVs and estate cars)

AUTOHOME 2.0 - Hard shell roof tent

- **Automatic opening**
- **Easy to open, convenient to close**
- **ventilated roof as anti-condensation**
- **Interior height of ca. 150 cm (open)**
- **Mosquito net on all openings**
- **High-quality fabric, resistance to extreme temperatures**
- **Large variable entrance at the back**

The Autohome 2.0 series is equipped with a self-opening automatic gas spring system. The shells have a clear, flowing, aerodynamic and aesthetically perfect line - even on small vehicles. The tent fabric is a high-quality waterproof fabric, resistant to extreme temperatures (-40°C/+70°C). The roof tent has a suspended ceiling whose air cushions provide excellent thermal and acoustic insulation for a quieter environment. The roof shells do not deform in the heat, are UV-resistant and color-stable. Fiberglass roof does not attract lightning during thunderstorms. The X-Long version is suitable for medium and large vehicles.

Scope of delivery: Hard-shell roof tent with 2 gas springs, 4 clamps for attachment to the roof rack, 2 entrances with mosquito net on the side and 1 entrance with mosquito net on the front, mosquito net on all openings, condensation-repellent and sound-absorbing inner canopy, practical storage net, 1 foam mattress, 2 pillows, 1 ceiling lamp, height-adjustable aluminum ladder, carrying bag for ladder, elastic cords.

AUTOHOME 3.0 & OVERLAND

Autohome 3.0 & Overland

Soft-top roof tent with folding system

- **Set up in a flash**
- **Suitable for all vehicles**
- **Transport cover protects against rain and dirt during the journey**
- **Equipped with 2 comfortable pockets**

Roof tent is a fabric tent with a folding system. The ladder on the base plate allows the tent to be opened quickly and easily. Ladder sliding is prevented by the Automatic Ladder Security System (ALSS). The reinforced aluminum ladder is easy to use and can be extended to a length of 225 cm. Their steel rails allow them to function perfectly even in sand.
The entrances can be opened out and used as awnings. The windows are fitted with eaves, mosquito netting and double rollers and are therefore wind and rain resistant.
The special fabric has properties that also meet strict military requirements. Fabric is thick, hard-wearing and breathable. It doesn't flap or make a noise in the wind or morning breeze, ensuring undisturbed nights and a peaceful awakening. The fabric offers excellent blackout.

Scope of delivery: Fabric roof tent incl. 4 clamps for attachment to the roof rack, 2 closable side triangular windows with mosquito net and 2 entrances with mosquito net, 1 foam mattress, 2 pillows, telescopic poles for the open entrances, 1 vinyl transport hood, 1 height-adjustable telescopic aluminum ladder

Clamping mechanism PowerGrip

TIP

- **No deformation of the pipe**
- **Clamping mechanism w/o. galvanized steel parts**
- **Visually effective**
- **Can be retrofitted**

PowerGrip

PowerGrip is a clamping device that makes the screw connection superfluous. PowerGrip makes pitching the tent easier. When unclamping the boom, it is sufficient to press the clamping mechanism lightly so that the tube is locked. This proven system can be subsequently exchanged for the pipe clamp.

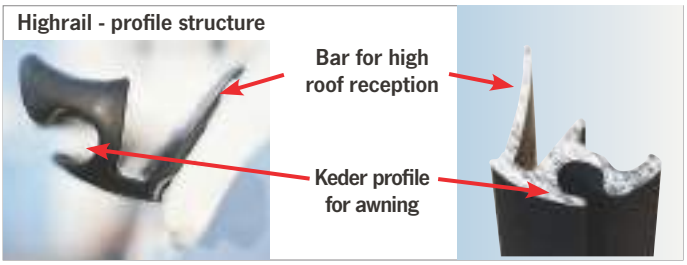
RAIN GUTTER HIGHRAIL



Multifunctional rail Highrail with rain gutter - For high roof mounting Volkswagen T4/T5/T6

- **Ideal for VW T4 (installation on T5/T6 by specialist company recommended)**
- **As a rain gutter and for attaching awnings or sun canopies**
- **Only permitted as a roof rack mount for VW T4**
- **Well suited as mount for high roof assembly (without end pieces) for Fiat Ducato, Peugeot Expert, Citroën Jumper with original bodywork**
- **Made of high-quality aluminium alloy, black anodized**
- **Front & rear parts (end pieces) made of PUR (polyurethane) create elegant transition to bodywork**

Suitable for: Volkswagen T4/T5/T6

① **Highrail Black**
Profile rail pre-drilled, black anodized. Accessories see end piece set
LR Profile length 3400 mm **901451** **179,–**

② **End piece set**
(Front spoiler and rear end incl. stainless steel screws black and silver as well as assembly instructions:
For passenger side right, **90146** **89,90**
For driver's side left, **90147** **80,90**

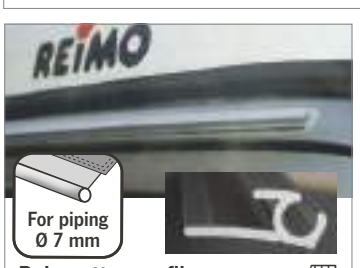
Special adhesive - Sikaflex 554 -
300 ml absolutely necessary for assembly!
Black. GP* 68,67 / 1 Liter **294111** **20,60**
Adhesive cleaner 0,25 Ltr. GP* 102,80 / 1 Liter **29415** **25,70**

Caution with special adhesives & adhesive cleaners

= **Freight flat rate Highrail (1 - 10 pieces)** **V25** **25,90**

Assembly

- Is screwed to the vehicle with stainless steel screws. In addition, glue the profile to the bodywork using the TÜV-approved special adhesive.
- The rail is available in several lengths, some of which are pre-drilled and countersunk.
- Separate end piece kit includes stainless steel screws and installation instructions.
- Special adhesive Sikaflex 554 (art. no. 294113) is required for installation.
- Use Sika adhesive cleaner (29415) or petroleum ether to degrease the bearing surface.



Rain gutter profile
Suitable for:
VW T4 FIAT Ducato
Aluminium, silver anodized. For vehicles without rain gutters such as VW T4, FIAT Ducato, etc. Can be used as a high roof support, for attaching sun canopies, etc. Supplied without screws (not required for mounting) and without adhesive (please order item no. 294105 separately).
3,40 m **90130** **50,90**
GP* 14,97 / 1 m

Universal combination rain gutter

Integrated piping retraction rail for attaching bus awnings, sun canopies etc. to vehicles without rain gutters and to protect against rainwater run-off. Hard plastic with side sealing lips. Can be shortened individually. Black. Split down the middle. For piping thickness 5-8 mm. Delivery incl. 4 screws.
2,90 m GP* 12,76/1 m **90113** **36,99**
3,25 m GP* 10,46 /1 m **90114** **34,–**

Universal rain gutter

- **self-adhesive**
- **Water is drained away from door opening, so no more water drips into the vehicle interior when door is opened**
- **Can also be mounted in conjunction with Highrail**

Special EPDM rubber profile for outdoor use in motor vehicles (automotive supplier quality). Permanently elastic and dimensionally stable. The length of 150 cm is sufficient for most vehicles without a rain gutter.

46299 **39,50**

Montage: The rain gutter 46299 has on the back a 6 mm wide double-sided 3M adhesive tape. Support surface clean and degrease with Sika adhesive cleaner or cleaning benzine. Peel off the protective film & press on, pressing firmly. Allow to cure for about 24 hours. Working temperature ca. 15 - 25 °C !

GP* = base price per specified unit

Multirail - rain gutter, sun sail and roof rack attachment in one

Water drainage via spoiler profile

Awning mounting with clamping rod & retractable piping

NOTE: The matching spoiler set with screws and installation instructions must be ordered separately.

Spoiler set for MultirailVW/Mercedes/Citroën(90155)

- **Rain gutter for canopy and roof rack**
- **Easy attachment of awning and awning with clamping rod or pull-in keder**
- **Easy installation of self-adhesive spoiler profiles**
- **The aluminum rail is already pre-drilled**
- **Support of roof loads up to 100 kg**
- **For piping thickness 7-8.5 mm**

In conjunction with a conventional roof rack, you can use it to transport bulky goods such as kayaks, bicycles or surfboards. The Multirail can also be fitted to vehicles with sleeping or pop-up roofs. Here the maximum roof load is 50 kg, approved by VW. The Multirail protects you from rainwater run-off when the side windows and doors are open thanks to the spoiler profile (please order separately). The Multirail is attached to the vehicle with a special adhesive (Sikaflex 554, see below).

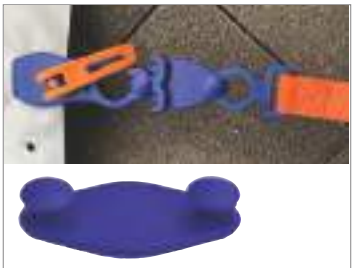
94832 **21,95**

Fix&Go Tube - Flexible ballast tank

Ideal extension of the Fix&Go anchor plate for setting up the awning on Pavement, concrete or asphalt. Fix&Go Tube is light & compact & becomces an additional weight of 10 kg. Application: The adapter shoe onto a Fix&Go anchor plate on awning base. Hose with 10 liters Fill with water and place in the basket, then attach with Velcro straps to the Attach awning leg. One Fix&Go tube per side provides 20 kg of ballast to use the awning even in light winds.
Attention: Fix&Go Tube does not replace an awning attachment to the ground!

Fix&Go Tube, 1 piece **94853** **19,90**

set of 2 Tube Pavilion: Design like Fix&Go Tube, but without adapter shoe. Simply attach to gazebo leg with Velcro. **948531** **31,50**



U-Connector

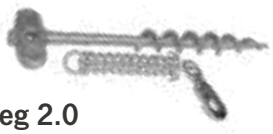
The TieStrap can be connected to the Crocodile Peggy using the U-Connector. This means that tarpaulins etc. can also be tensioned to the ground with the TieStrap. Two TieStraps, for example, can also be connected together and thus extended.

94854 **8,–**

Silicone strap

The SiliconStrap is the spare part for the Fix&Go AntiFlap attachment. But you can also use it to quickly tie a cable together, etc. A useful little helper in our system.

94855 **7,–**



PetPeg 2.0

- **Ground anchor with shock absorber for leashing dogs, cats etc.**
- **Material: recycled stainless steel**
- **Useable in wide range of floors.**
- **Flexible height adjustment means pulling force is always close to ground and PetPeg remains firmly anchored**

- **Jolt damper prevents the leashed animal from injuring itself through its own force**
- **Suitable for animals up to ca. 45 kg**

94865 **35,50**

Peggy Peg Fix&Go AntiFlap

This awning clamp reduces the annoying "flapping noise" almost completely. Widely projecting awnings can be tightened even better with several AntiFlap's per side. Fix&Go AntiFlap is compatible with almost all awning systems, whether with round, oval or square rafter poles.

Contents: 2 Fix&Go AntiFlap, additionally needed: 2 rafters of awning manufacturer.

94851 **39,90**

Patio-Mat and Patio Mat Light- The ideal addition for awnings and awnings

- **With loops for pegs**
- **Continuous hem**

The Fiamma Patio-Mat, the reliable companion on the road. The beautifully shaped & easy to repair polypropylene mesh is 100% breathable & feels very comfortable to walk on, especially barefoot.
The Patio-Mat is fire-retardant & resistant to UV rays, easy to repair if damaged & retains its color & structure.

The mesh is printed on both sides and can therefore be used on both sides. There are also practical loops at the corners for fastening with pegs.

Patio Mat Light:

- **Lighter material**
- **Bag included**
- **Without border**
- **Unicolored**

Isabella Carpet - Environmentally conscious and without harmful substances

Isabella Carpet is produced in Sweden without harmful substances under highest environmental standards using 100% renewable energy.

It can be cut to size in all directions (without fraying), is hard-wearing, UV-resistant, flame-retardant, waterproof & packs up small. In terms of weight, attention was paid to achieving good balance between weaving weight & the lowest possible transport weight.

In 99% of all cases, this tent carpet can only be cleaned with clear water and a brush. A pleasant feeling under your feet is of course a matter of course!

TENT CARPETS/ALL-PURPOSE TARPAULINS

Water protection tarpaulin

- **Material: 100% PVC**
- **Dry awning in heavy rain**

This practical groundsheet prevents water from entering the tent. 4 separately inflatable air tubes at the edges allow the water to simply flow past and the inside of the tent remains dry.

Water protection tarpaulin, color grey

Ikafloor - The easy-care floor for permanent tents

A hit for seasonal and permanent campers: A level floor, a flat-lying carpet and no rising cold in the spring and fall.

Installation is very simple! No tools are required as the elements have locking pins and can be connected like building blocks.
The individual element measures 50 x 50 x 3,5 cm. Low weight, size adjustment possible with a saw.
IsabellaFloor can be used with or without a carpet overlay.

MOSQUITO NET TENTS FOR AWNINGS, GLARE & PRIVACY PROTECTION

Moskito Free Premium - Mosquito net tents for awnings

- **Fastening under the awning arms**
- **Available in 2 widths**
- **Keeps mosquitoes, wasps and other insects away**
- **Small pack size**
- **Suitable for many awnings**
- **With sewn-in floor**

The mosquito net tent is simply attached to the awning arms with hooks and protects you from annoying mosquitoes, flies, wasps and other insects.
The Premium version is equipped with a sewn-in bottom.
The tent is suitable for many awning sizes, as hooks are attached to adjustable straps that can be set flexibly. It is secured to the ground with pegs.
The mosquito net tent has 2 side entrances and a large door to the vehicle. (zipper)

Dims.: Width 240 cm or 300 cm, depth approx. 230 cm,
Height approx. 180 cm - 240 cm. Weight approx. 4.0 kg. Pack size L60 cm Ø30 cm

Scope of delivery: Mosquito net tent, pegs, packing bag.

Mosquito Free Premium 240, width 240 cm
900164 **109,--**

Mosquito Free Premium 300, width 300 cm
900165 **129,–**

SunBreak - Glare & privacy protection for awnings

- **Fine-meshed, air-permeable mesh**
- **Can be adjusted quickly and easily**
- **Suitable for all standard awnings**

Modular protection, exactly where it is needed:
The SunBreak is inserted directly into the piping (Ø5mm) of the awning rail like a bag awning, the zipper is opened and the panel is pulled out continuously. The finely woven, air-permeable mesh creates exactly the privacy or sun protection you want. Thanks to the clever design, the SunBreak panel can be adjusted quickly and easily if, for example, the position of the sun changes. The SunBreak can be tensioned with tensioning device included in scope of delivery so that it does not flap in light winds. The easy-to-handle suspension system allows the panel to slide easily into any desired position. Note: To avoid damage, stow the SunBreak back in the bag in stronger winds. If more sun protection is required, additional SunBreaks can be attached next to each other in the awning rail using a magnetic fastener. The SunBreak is available in black and gray-white. Suitable for all standard awnings.
Can be rolled out to a max. of 2 m.
Weight: 2.85 kg.

Tech. data: Module width 1.10 m, panel width 1.06 m, roll-out length 2.00 m max., product width 1.15 m app., piping 5 mm, line length 2.00 m max., Mini TieStrap 0.45 m incl. eyelets.

Fabric: 30% polyester 70% PVC
Cover material: 10% polyester 90% PVC
Profiles: Powder-coated aluminum

A utensil bag is sewn inside the cover, with the following contents:
2 x Peg&Stop screw peg S (blue) with lock nut 2.0 (orange)
2 x tent rope for tensioning 2 m (white)
2 x T-Connector (black)
2 x TieStrap mini (completely black)

SELECTION GUIDE AWNING ADAPTERS FOR PANEL VANS & MAXIVANS

Selection guide awnings and adapters

Which adapter fits my van with which awning?
You can see the answer from the tables. Select your vehicle length and height and you will see directly which adapter is possible with which awning type.
Adapters specified are for vehicles without additional attachments (e.g. roof rails).
For special solutions, you may need to use other adapters.

The company Fiamma is an Italian camping accessories manufacturer with a 75-year tradition.
As an innovative company Fiamma holds over 100 patents in Europe, USA, Japan, Taiwan and Australia.
The program includes awnings for wall, roof and keder rail mounting.
Rich accessories, such as awnings and other products for motorhomes and caravans, allow useful extensions.
Italian design is evident in all products and offers great looks in addition to functionality.

Scope of delivery: awning crank, support foot attachment to the wall and pegs.
For awning width 400 cm and 450 cm incl. aluminum tensioning rod Rafter.

Reinforced bracket of the support feet.

Rain gutter in the front panel diverts rainwater runoff to the sides.

Dual-shock absorbers on support arms absorb wind movements, e.g., and thus protect awning & vehicle.

Double keder rail to accommodate accessories such as hook set, Tiedown S storm bracing, Sun/Rain Blocker or Privacy Room.

Cable channels integrated into the support arms ensure perfect attachment of accessories such as LED lighting.

Fiamma F45L
Wall awning for compact vans

Awning mounting
Mounting plates are already included in the scope of delivery for the side wall awnings.
These are suitable for mounting awning on a smooth wall surface, e.g. on a motorhome with a sandwich body or on a high roof. However, some manufacturers equip their vehicles w/ raised profile edges or other attachments that make mounting w/ the supplied plates impossible. In this case, an appropriate vehicle adapter can help.

Large folding arm awnings with sturdy aluminum end caps and 2 keder rails

Fiamma awning PrivacyRoom Page 146
Fiamma tie rods Page 160

Scope of delivery of F45L
Awning crank, support foot attachment to the wall and by pegs. For awning width 450 cm to 550 cm, an aluminum tensioning rod Rafter is included.

Awning motors for F45S and F45L

- **Now new with smaller dimensions**
- **12 volt motors for retrofitting**
- **Emergency operation by hand is possible**
- **Control unit "Control System" for motor mounting included in scope of delivery**

The motor kits for F45S, F45L are mounted on the side of the awning instead of the existing awning gearbox. The Advanced version can be controlled via mobile.
This increases width of awning by 13 cm.
If no power is available, emergency operation by hand crank is still possible.

Adapter Kit Car
for roof racks.
2 holders à 8 cm
43398 71,40

Awning installation on Volkswagen Caddy & Co.

For mounting, there are universal adapters, e.g. for roof racks, or vehicle-specific adapters adapted to individual vehicles. You can find the adapters on the right side or ask your dealer.
Awning widths: For Volkswagen Caddy kR, Citroën Berlingo, Peugeot Partner and Ford Tourneo Connect up to YOC. in 2013, awning width 180 cm is recommended, for Volkswagen Caddy Maxi a width of 220 cm.

Compact awning

- **Mounting on the roof rack**
- **Practical roller blind pullout**
- **Support feet lie in the awning tube**

Suitable for: Volkswagen Caddy, Citroën Berlingo and Co.

FIAMMA F35 Pro with a width of 180 cm is ideal for small vehicles. Weighing only 8.5 kg and extending 180 cm, it provides a shaded area of 2.9 m².
The assembly can be mounted on almost all roof racks with the specified adapter.
Housing color: Titanium.

Scope of delivery: Awning, pegs and guy lines.

Motor kit for Thule Omnistor 8000

Thule Omnistor 4200
Lightweight awning for compact vans

Patented cloth roll support: The cloth roll support improves the fabric tension and reduces the risk of wrinkling in the cloth.

Improved support: The support feet are held in position so that they do not fall out of the front panel when the awning is opened.

Intelligent innovation: The support feet swivel vertically out of the front bar: no risk of damage to the vehicle wall.

Perfect fixation: Strong clamping force of the support feet to cope with the high loads of mark- tents and guy ropes.

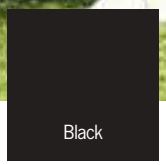
Thule Residence G3

Exclusive awning awning

- **High quality cloth material made of PVC**
  Excellent PVC cloth quality for optimal wind and water resistance in the colors black, Grey and white.
- **Robust sealing**
  A profile with double rubber lips creates a perfect seal between the vehicle wall and the tent walls. Thanks to connecting profiles, front and side walls can be combined to form a closed tent.
- **Installation**
  A clamping profile ensures the connection of the side wall with the awning cloth for a perfect roof seal. The side panels slide into the clamping profile, the front panel is pulled into the front profile of the awning. From a width of 350 cm, the door can be used on the left or right.
- **Protection**
  Side windows are fitted w/ a window film that can be opened w/ a zipper from the outside. For insect protection, a fly gauze is standard on both side walls.

Incl. Packing bags for tent skin, poles & accessories

Color combination



1. Incl. Windshield and Wheel cover
2. Side windows w/ mosquito nets and foil cover
3. Front wall w/ door right or left from width 350 cm
4. Windows in front and door can be rolled up
5. Piping on front to accommodate accessories, such as Sun Blocker

Thule Panorama

Premium awning blind

- **High quality cloth material AIRTEX®** made of 100% polyester, coated on one side with acrylate and teflon based impregnation. A fungicide coating prevents mold. It absorbs virtually no moisture and is water resistant and washable.
- **Easy assembly, high stability** and neatly stowed away in 2 panniers. The front wall is pulled into the front profile of the awning. Side wall attachment is done with a clamping profile. With large window areas, the outdoor feeling is created. All sides are fully removable with zippers.
- **Intelligent ventilation** via openings on both sides that allow perfect air circulation. Both side windows have mosquito nets.

Inflatable windbreak

Just put under the car and inflate. Supplied without pump. Material: HD PVC.
L 250 cm, Ø 30 cm, approx. 3.2 kg.
Pack size: approx. 45 x 14 x 12 cm.
905991 **129,--**

Further windshields can be found on page 69

Awning security

Signal storm band

Band is easily visible in the twilight. Suitable for awnings & tents for storm protection.
Scope of deliverytwo-piece strap, 13 m, adjustable, 2 relief springs
94832 **21,95**

Peggy Peg Fix&Go AntiFlap

This awning clamp reduces the annoying "flapping noise" almost completely. Widely projecting awnings can be tightened even better with several AntiFlap's per side. Fix&Go AntiFlap is compatible with almost all awning systems, whether with round, oval or square rafter poles.
Contents: 2 Fix&Go AntiFlap, additionally needed: 2 rafters of awning manufacturer.
94851 **39,90**

Peggy Peg TieStraps

For additional tensioning of awnings and bag awnings in bad weather to take strain off the folding arms.
Per piece **94846** **13,50**

Peggy Peg Fix&Go Bridge

The optional use of Fix&Go Bridge increases distance between the anchor plate and the floor by 2 cm. The bridge-like design allows water to flow largely unimpeded and dirt particles are simply flushed out. If required, Fix&Go Bridges can also be stacked inside each other and the ground clearance increased, of course also on fine sandy surfaces. Attention should be paid to the length of the Peggys used. Content: 2 Fix&Go Bridges.
94850 **8,40**

Peggy Peg Fix&Go Anchor Plate 2.0

Secure fixing of awning feet and tent poles, no sinking into soft ground or lifting off. The retraction of awnings is possible. For all screw pegs from Peggy Peg.
94828 **14,–**

Peggy Peg Fix&Go adapter buffer

- **Fixing of pole awnings, sun sails etc. with Ø 18-27 mm**
- **Secure fastening on almost all floors**
- **Fits perfectly with Anker plate 2.0**
- **Insert buffer at the end of the bar**

94858 **9,95**

Fix&Go Tube - Flexible 10 l ballast tank

As an extension to the Fix&Go anchor plate for mounting on paving, concrete or asphalt. Fix&Go Tube is light and compact and becomes a 10 kg additional weight.
Application: Adapter plug-in shoe onto the anchor plate. Hose fill with water and place in the basket then attach to the awning base with Velcro.
Attention: Fix&Go Tube does not replace an awning attachment to the ground!
Fix&Go Tube, 1 piece **94853** **19,90**

Set of 2 Tube Pavilion: Design like Fix&Go Tube, but without adapter shoe. Simply attach to the pavilion leg with Velcro. **948531** **31,50**

Anchor plate 6 pcs

Universal mounting plates
Scope of delivery2 anchor plates, 2 storm hooks, 2 Uni plates
94831 **19,–**

Croc adapter set of 4

Insert into piping rail and can be used for hanging clothes hangers or other items. Together with Crocodile Peggy can also be attached a tension belt. 4 pcs.
94845 **7,50**

Amulet 100 & 120 - Table in modern design

- **With patented frame system**
- **All 4 legs are height-adjustable**
- **With "Adjustar" leveling system on one leg**
- **Ultralight Severin table top**
- **Includes storage net and carrying bag**

Optimized for versatility and easy set-up, the table has height-adjustable legs and an "Adjustar" levelling system on one leg, which ensures a stable and level surface even on uneven terrain. Made from an ultra-lightweight Severin board, the table top offers a modern and stylish look that complements any outdoor space. Included is a practical storage net and carry bag for easy transportation and storage.

Tjörn 80 + 100 - lightweight camping tables

- **Loadable up to 50 kg**
- **Passenger capacity: 2-4 persons**
- **Large plate feet for stability**
- **Infinitely height adjustable**

The lightweight Camp4 Tjörn camping table scores with a weather-proof table top in bamboo decor. The large plate feet prevent the table from sinking in and ensure a stable stand. The matt black lacquered table legs are infinitely height-adjustable from 51-71 cm with a handle. The table has an above-average load capacity of 50 kg and offers space for 2-4 people.
Material: Table top: PP honeycomb/fiberglass/resin, frame: aluminium, black.

Suitable roof racks can be found on page 502
Suitable roof tent heaters on page 930

Mounting on vehicles equipped with base carriers. Please take the maximum roof load of the vehicle into account.

Tent: ca. 55 kg | ca. 300 kg | Rip Stop Canvas 280 g/m²

Hood: 200 D Polyester

Tarpaulin: 100 D PVC | 4.000 mm

WALLABY 2 - Softcover roof tent

- **Practical roof tent for cars, vans and SUVs**
- **With weatherproof roof**
- **Includes mattress, breathable mesh base and aluminum ladder**
- **2-3 sleeping places**
- **Utensil pockets on the side**
- **PVC tarpaulin protects during the journey**

The classic roof tent for 2-3 people is suitable for cars, vans or SUVs. The equipment includes openings on all 4 sides with mosquito net inserts to protect against mosquitoes and other insects and for optimum ventilation. All openings can be set up with 2 tension rods each. The underbody is made of insulated aluminum plates and can be folded in the middle. A telescopic ladder is also incl. in scope of delivery. The roof is weatherproof and protects against rain and moisture, the comfortable 7 cm thick mattress lies on a 3D mesh base, which provides ventilation and prevents mold growth, for example. Inside there are several side pockets for storing items such as cell phones, glasses, etc.

Material: Tent: 280 g/m² Rip stop canvas / canopy: 200D polyester (weatherproof), tarpaulin: 1000 D PVC (waterproof)

Dimensions:
Open L 240 x W 140 x H 130 cm / Closed L 120 x W 140 x H 30 cm
Sleeping surface: 230 x 135 cm / Weight: ca. 55 kg
Load capacity: roof tent: 300 kg / ladder: 150 kg
Scope of delivery: Roof tent, telescopic ladder 200 cm (aluminum), mattress (cover removable and washable), 3D mattress pad, fastening material, 8 tensioning poles, tarpaulin
(Note: distance between the mounting rails is 80 cm)

BENDIGO AIR -
Air roof tent including platform

- **Large sleeping area for 2 people (L 220 x W 140 cm)**
- **2 doors and 2 windows with canopy**
- **Mosquito net on all openings**
- **For cars, vans, SUV's**
- **Tarpaulin protects during the journey**
- **Roof lining for more comfort**
- **Small pack size**

The roof tent with inflatable mattress and 1 air tube is supplied with an aluminum roof platform. This is mounted on the vehicle in order tothe inflated mattress into the rail of the platform using piping ❶. The tent skin is fixed to the mattress and can then simply be inflated using the pump supplied. This is done very quickly thanks to one-point inflation system ❸ After fixing the ladder, the roof tent is ready for use. Deflation is very quick thanks to the 2 valves, the tent and inflated mattress can remain on the platform and are protected by a tarpaulin during the journey. The roof tent and mattress can be quickly and easily removed from the platform and stowed in the carrying bag (ca. 90 x 55 x 43 cm), giving you the choice of leaving the roof tent on the roof while driving or stowing it in the vehicle. All windows and doors are fitted with mosquito nets and have a canopy that can be set up quickly. The scope of delivery includes tension rods for all windows/doors, a headliner that creates a cozy atmosphere and reduces condensation ❷ as well as a mattress topper for more comfort. Additional guy loops are provided at the corners of the roof tent. The roof tent can also be used without a platform and vehicle on the ground.

Load capacity Ladder: max.150 kg / platform: 250 kg **Material tarpaulin:** 600D Oxford + coated PVC (weatherproof)

AUTOHOME 1.0 - Hard shell roof tent

- **Crank opening**
- **Weight-saving design**
- **Large interior volume even when closed**
- **Doors are turned into windows or variable openings with curved hinges**
- **Aerodynamic design**

The Autohome roof tent 1.0 is a classic model with an elegant, aerodynamic design and can also be fitted perfectly on small cars and all-wheel drive vehicles (4 x 4). The "double" roof consists of a fiberglass shell and a synergistically adapted honeycomb-like panel perforated with a special laser. Fiberglass roof does not attract lightning during thunderstorms. The roof shells do not deform in the heat, are UV-resistant and color-stable. Tent material is waterproof, durable & breathable, & protects against heat and cold.

Scope of delivery: Roof tent with 4 clamps for attachment to the roof rack, 1 crank handle, condensation-repellent & sound-absorbing interior roof lining, practical storage net, 2 removable hanging bags, 1 mattress, 2 pillows, ceiling lamp for interior lighting, height-adjustable aluminum ladder, carrying bag for ladder.

The X-Long version is suitable for medium and large vehicles (4 x 4, minivans, vans, SUVs and estate cars)

	Fabric: Gray/Shell: White		Fabric: Carbon/Shell: Black		Weight	Volume	Sleeping surface dimensions

AUTOHOME 2.0 - Hard shell roof tent

- **Automatic opening**
- **Easy to open, convenient to close**
- **ventilated roof as anti-condensation**
- **Interior height of ca. 150 cm (open)**
- **Mosquito net on all openings**
- **High-quality fabric, resistance to extreme temperatures**
- **Large variable entrance at the back**

The Autohome 2.0 series is equipped with a self-opening automatic gas spring system. The shells have a clear, flowing, aerodynamic and aesthetically perfect line - even on small vehicles. The tent fabric is a high-quality waterproof fabric, resistant to extreme temperatures (-40°C/+70°C). The roof tent has a suspended ceiling whose air cushions provide excellent thermal and acoustic insulation for a quieter environment. The roof shells do not deform in the heat, are UV-resistant and color-stable. Fiberglass roof does not attract lightning during thunderstorms. The X-Long version is suitable for medium and large vehicles.

Scope of delivery: Hard-shell roof tent with 2 gas springs, 4 clamps for attachment to the roof rack, 2 entrances with mosquito net on the side and 1 entrance with mosquito net on the front, mosquito net on all openings, condensation-repellent and sound-absorbing inner canopy, practical storage net, 1 foam mattress, 2 pillows, 1 ceiling lamp, height-adjustable aluminum ladder, carrying bag for ladder, elastic cords.

AUTOHOME 3.0 & OVERLAND

Autohome 3.0 and Overland

Soft-top roof tent w/ folding system

- **Set up in a flash**
- **Suitable for all vehicles**
- **Transport cover protects against rain and dirt during the journey**
- **Equipped with 2 comfortable pockets**

Roof tent is a fabric tent with a folding system. The ladder on the base plate allows the tent to be opened quickly and easily. Ladder sliding is prevented by the Automatic Ladder Security System (ALSS). The reinforced aluminum ladder is easy to use and can be extended to a length of 225 cm. Their steel rails allow them to function perfectly even in sand.
The entrances can be opened out and used as awnings. The windows are fitted with eaves, mosquito netting and double rollers and are therefore wind and rain resistant.
The special fabric has properties that also meet strict military requirements. Fabric is thick, hard-wearing and breathable. It doesn't flap or make a noise in the wind or morning breeze, ensuring undisturbed nights and a peaceful awakening. The fabric offers excellent blackout.

Scope of delivery: Fabric roof tent incl. 4 clamps for attachment to the roof rack, 2 closable side triangular windows with mosquito net and 2 entrances with mosquito net, 1 foam mattress, 2 pillows, telescopic poles for the open entrances, 1 vinyl transport hood, 1 height-adjustable telescopic aluminum ladder

Camp4 OUTDOOR FASCINATION — Maximum barbeque fun in smallest space – Made in Germany

- **Very small pack size**
- **Grill & grate made of high-quality VA stainless steel**
- **Incl. practical packing bag with zipper**
- **Easy to clean andand dishwasher safe**

Ideal for anyone with little space or small storage space, e.g. motorcyclists, mini campers, etc. Easy to transport - can be set up and ready for use in a few simple steps and just as quickly folded up or taken apart again to save space. Optimum preparation of grilled food thanks to the triple height-adjustable grill grid or by inserting up to three grill skewers. Long burning time due to large coal container with ventilation plate. All parts can be easily cleaned with standard household cleaners and, if necessary, with a high-pressure cleaner. The grill grates are also dishwasher safe.

① **Grill small, for 2 to 4 people, dims.: W x D x H 25 x 25 x 22 cm** **Foldable:** Pack size: 47 x 28 x 2.5 cm	**91667**	**95,–**
② **Large Barbeque, for 4 to 8 people, dims.: W x D x H 40 x 25 x 22 cm** **Foldable:** Pack size: 65 x 28 x 2.5 cm	**916672**	**129,–**

Material properties PLA:

PLA tableware is made by polymerizing lactic acid obtained from plants (corn, sugar cane --> renewable raw materials) instead of petroleum and is also biodegradable and compostable. Compared to conventional plastic, it causes ca. 60% less CO2 emissions.

The advantages of PLA tableware overview:

- Completely biodegradable
- Compostable
- Odorless and tasteless
- Suitable for hot and cold dishes
- Temperature resistant from -20°C to 120°C (maximum 60 minutes)
- Microwave and dishwasher safe
- BPA-free

Koziol has been using biocircular plastic since 2021.
This is recycled from discarded sunflower and rapeseed oil from industry and the catering sector. The oils are collected and converted into plastic in a special recycling process. This is the first time that these materials have been put to good use, previously they could only be thermally recycled. Furthermore, no additional farmland is required. The material is dishwasher-safe, food-safe and fully recyclable.

All items are delivered without decoration.

silwy® MAGNETIC HARNESS

silwy® MAGNETIC SYSTEM

There is a magnet in the bottom of the tableware, which has a metal coaster as a counter pole. Thanks to a gel layer, the coasters adhere to almost all surfaces and therefore guarantee a firm hold. They can be removed without leaving any residue and can be reused as often as required.

Robust magnetic plastic glasses

- **Magnet integrated in the base**

VEHICLE TECHNOLOGY

CARBEST

Hydraulic jack supports - automatic 12V leveling system for Fiat Ducato, Peugeot Boxer, Citroën Jumper

- **Hydraulic jack supports for vans and motorhomes**
- **Suitable for vehicles up to 5 tons**
- **12V power supply via on-board network**
- **Automatic leveling of your vehicle by remote control or by pressing a button on the display**
- **Load capacity per telescopic support approx. 1900kg**
- **Saves space under the vehicle thanks to large lifting distance of 280-480mm**
- **Movable plates: adapts to the terrain and surface**

Handy wireless remote control with 20m range. The leveling sensor can be placed in or under the vehicle.
Digital display for monitoring and manual control of the system. It is also possible to level the axles or the sides of the vehicle.
Additional parking and weighing function (orientation value with +-25kg deviation) at the touch of a button on the display. Vehicle is weighed and stabilized (parking function) without lifting it completely. Lift supports retract in approx. 38 seconds. The 12V system is password-protected and has an emergency button that stops the system immediately.
Vehicle-specific adapters for both the front and rear axle are required to install the system.
Scope of delivery:
4 telescopic supports, mini controller, remote control, display for manual alignment and monitoring of the system, leveling sensor, cable set, oil pan. Weight: approx. 60kg

easydriver AUTO SOFT START SOFT STOPP

MADE IN GERMANY

KÖNIG KUNDE AWARD 2022 1. PLATZ

reddot winner 2021

Fully automatic shunting system Easydriver Infinity 2.5 & 3.5

- **Faster, stronger and smarter**
- **With 30% more efficient gearbox**
- **Optimally sealed and protected from water**
- **Easy assembly in the shortest time**
- **Also mangeable via smartphone with app (Apple iOS or Android)**
- **Softstart and Softstop for smooth starting and stopping**
- **Best traction for safety on slopes, wet grass, mud and rough terrain**
- **Electric swiveling on and off (automatic)**

The most powerful and lightest shunting drive developed by Reich to date is equipped with a 30% more efficient gearbox and an optimized engine. The entire technology is also optimally sealed and thus protected against water. The Tyrefree concept and the largest swivel path to date allow the roller to be positioned freely on the tire. This ensures even easier installation in the shortest possible time. Thanks to the clever interface to the Easydriver app, the caravan reaches its destination at the touch of a button.

For single axle:

2 x

Infinity 2.5 Tare weight. approx. 29kg, climbing ability 15% at 2.500kg, 33% at 1.200kg. Power consumption on level ground approx. 18A

912200 **2499,–**

For double axles (four-wheel drive):

4 x

Infinity 3.5 Tare weight. approx. 58kg, climbing ability 12% at 3.500kg, 27% at 1.800kg. Current consumption in level approx. 30A **912201** **4599,–**

easydriver App Controller for myCaravaning

- **Additional app controller is required for app control of easydriver shunting drives App controller is required (standard w/ infinity)**
- **Multiple vehicle profiles selectable, whether caravan or motorhome**
- **Connection to the electronic stabilization system (ETS Plus) against rolling motion**
- **Software update necessary for Easydriver shunting models until 2015**

Whether it's checking the tire pressure, difficult maneuvers or the direction of the sun - all this can now be done simply by swiping your finger on your smartphone. All important control and monitoring functions and many other features of our vehicle and weather world at your fingertips in your pocket.

Mover smart M

Mover smart A

Mover smart A4

Truma Mover smart M, A and A4

- **Universal: fit all common frames**
- **Controlled: Start up gently, stop precisely**
- **Intuitive: maneuvering is child's play with the handy remote control**
- **Powerful: Master gradients of up to 13 percent**

The Mover smart is the mid-range model among maneuvering aids. It scores with its convincing price/performance ratio - with proven Truma quality.

Mover smart M & Truma Mover smart A. M for manual, A for automatic: that explains main difference between the two maneuvering systems.
While the Mover smart M can be raised and lowered by hand using a lever movement, the Mover smart A can be raised and lowered conveniently at the touch of a button. The new revised Mover smart M now with even more power in maneuvering mode.

The Mover smart A4 - Swivel on and off for double-axle caravans is now also very easy at the touch of a button on the remote control!

Mover XT / XT2 / XT4

Extremely superior: With the Mover XT, caravans can be maneuvered confidently, safely and precisely - even around corners and bends. Even in narrow parking spaces in the tightest areas. Depending on the model, the powerful engines can master inclines of up to 13 percent.

- **Lightweight: Up to 20kg weight savings**
- **Precise: 100% straight running as if on rails**
- **Exact: Coupling to the towing vehicle with millimeter precision. Parking in the tightest of spaces**
- **Powerful: Seamless acceleration thanks to Truma Dynamic Move Technology**

Mover XT

AUTO 2 x

Maneuvers single-axle caravans with a permissible total weight of 2.300 kg reliably over 13% slopes.

At an unbeatable 28 kg, the lightest marshalling system of its kind.

92870 **2779,–**

Mover XT2

AUTO 2 x

Moves double-axle caravans up to 2400 kg confidently over 10% slopes.

At an unbeatable 28 kg, the lightest marshalling system of its kind.

92872 **2949,–**

Mover XT4

AUTO 4 x

For double-axle caravans up to 3100 kg, 4-motor up to 10% slopes.

At an unbeatable 60 kg, the lightest marshalling system of its kind.

Its four powerful motors move your premium caravan smoothly and safely around every corner, conveniently by remote control.

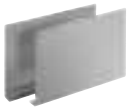
Mounting accessories

Flat frame set
for Mover XT, XT2, XT4, SX, smart.
To compensate for a frame height of less than 80mm (Mover XT, XT 2, XT 4) or 110mm (Mover SX, smart). Incl. mounting plates (each 240mm high), bolts and nuts*
92093 **148,90**



Flat frame set short
for Mover XT, XT2, XT4, SX, smart. To compensate for a frame height of less than 80mm (Mover XT, XT 2, XT 4) or 110 mm (Mover SX, smart). Incl. mounting plates (each 170mm high), bolts and nuts*
920982 **149,–**

Adapter set AL-KO Vario III/AV
For Mover XT, SX, smart
Mandatory for frame reinforcement for caravans w/ frame thicknesses smaller than 2.8mm!
92098 **114,–**

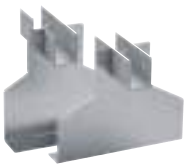
Adapter set M for Mover XT, SX, smart. For leveling frame edges. For AL-KO frameswith axle displacement up to 1.800kg permissible total weight.
920981 **103,95**

Do not drill or weld on the vehicle frame.

Adapter set M short
For Mover XT, SX, smart. For AL-KO frames (up to 1.800kg permissible total weight) with axle offset, pushed together to minimum length, to compensate for frame edges. Incl. bolts and nuts.
920984 **109,95**

Adapter set M
for Mover XT, SX, smart. For leveling frame edges for AL-KO with continuous frame and 1.900-2.000kg permissible total weight.
920983 **109,95**

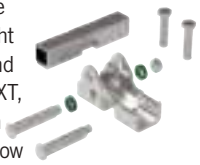
Adapter set Eriba Touring
for Mover XT, SX, smart. For mounting on a chassis with rectangular profile / installation kit to supplement the rectangular profile.
920931 **224,95**



*Spacer sets for mounting system from YOC. 05/2012.

Adapter kit Eriba Touring Troll
For Mover XT, SX, smart.
For mounting behind the axle. Installation kit to supplement the rectangular profile.
920932 **279,--**

Spacer set 30 mm*
For Mover XT, XT2, XT4, SX, smart. To compensate for the height of 30mm. Frame height from <140mm to 110mm and below the entry step (Mover XT, XT2, XT4) Frame height from <170mm to 140mm and below the entry step (Mover SX, smart)
920941 **124,–**



Spacer set 60mm*
For Mover XT, XT2, XT4, SX, smart. To compensate for the height of 60mm. Frame height from <140mm to 110mm and under the entrance step (Mover XT, XT2, XT4). Frame height from <170mm to 140mm a nd under the access step (Mover SX, smart).
920942 **124,–**

Further mounting frames on request.

GO2 - semi-automatic maneuvering aid

- **Compact maneuvering aid**
- **Smooth starting, precise maneuvering & accurate stopping**
- **Control with ergonomic and intuitive remote control**
- **Uncomplicated assembly with proven quick fastening system**
- **A lightweight at 33kg**

Move your caravan effortlessly to the desired position: the GO2 maneuvering aid enables exact maneuvering and precise coupling. You can simply swivel GO2 on and off from one side. Thanks to the ingenious mechanism, this is possible without great effort.
The remote control is ergonomic and can be operated intuitively.

Installation:
With the fastening set included in scope of delivery, the GO2 maneuvering aid is mounted on all common frames w/ L- or U-profile.

Additional accessories are not required in most cases. Extensive mounting accessories are available for all other chassis (e.g. for AL-KO, BPW, Knott and Eriba Touring chassis).

Maximum climbing ability:	13% for a caravan weighing 1.800kg
Power supply:	12 V
Maximum current consumption:	100 A
Average power consumption: (on level ground with a permissible total weight of 1.800kg)	approx. 28A
Weight:	33 kg
Maximum speed:	9 m/min

CARBEST

Cara-Move II - fully automatic caravan maneuvering system

AUTO | 2 x | SOFT START | SOFT STOPP

- **Automatic engagement drive**
- **Move the caravan effortlessly up to 2.250kg**
- **Lightweight due to plastic cover**
- **Simple and stress-free maneuvering with the Smart Handset**
- **Suitable for single and double axle caravans with two axles 4 motors are required for all-wheel drive** (2 x 920209)

With the automatic maneuvering system, you can move your caravan effortlessly up to 2.250kg. The Smart remote control makes maneuvering easy and stress-free. Suitable for single and twin-axle caravans.

Smart Handset & control system
Simple and intuitive operation. Precise maneuvering thanks to the unique roller ball design. Variable speed control and 360° fluid movement, giving you truly effortless control of your caravan.

Speed: 12cm/sec, Operating voltage: 12V DC Weight (2 motors): 23kg, Combined weight (incl. installation kit etc.): approx. 34kg

Max. climbing capacity according to total weight:
15% - 2.500kg, 20% - 2.250kg, 25% - 2.000kg

Scope of delivery: 2 motors, mounting bracket, remote control, battery disconnect switch (100A), swivel arm, mounting hardware, operating instructions

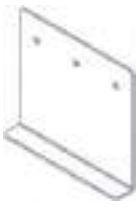
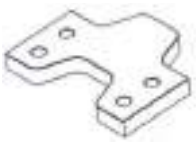
Mounting accessories

Low profile housing adapter plates
If your chassis frame height is less than 140mm, these plates must be fitted to lower the assembly to the correct height of 185mm.
Pair **E6205** **36,30**



16mm spacers
Use spacers to lower the maneuvering aid assembly if your chassis has a frame height between 140 and 185mm.
Pair **E6204** **47,40**



Narrow gauge chassis adapter
These plates must be used if you have an AL-KO Vario III/AV chassis with a frame thickness of less than 2.8mm.
Pair **E6206** **38,30**

Set of 8 screws M 10 x 100
Set of 8 extended clamping bolts for use with 16 mm spacers (E6204).
E6207 **12,95**

In some countries, the installation must be checked by a professional technician to comply with local regulations.

Semi-automatic - AL-KO RANGER maneuvering aid

- **Quality and design at a reasonable price**
- **The Ranger masters obstacles up to two centimeters high & that w/ a maximum climbing capacity of 18%**
- **AL-KO quality and design**
- **Optimum ground clearance**
- **Remote control with lanyard**
- **Fits almost any caravan up to 1.8t**
- **Soft start & soft stop for precise & shock-free maneuvers**
- **Perfect & tested AL-KO chassis connection**
- **Protected mechanics**
- **LED indication on the control box and remote control in case of overload and malfunctions**

TIP

½ AUTO · SOFT START · SOFT STOPP

The new maneuvering system from AL-KO for caravans up to 1.8t steers and maneuvers your caravan exactly where you want it. Even in the tightest of spaces and on steep terrain. Precise to the millimeter and completely effortless thanks to the easy-to-operate remote control. It is even possible to turn the caravan 360° around its own axis

Semi- or fully automatic maneuvering aids from Enduro

2 x | SOFT START | SOFT STOPP

Maneuvering in all directions and 360° turns
No power loss on inclines for models ② - ⑤

① Enduro maneuvering aid EM203

Maneuvering aid for single-axis caravans and trailers up to 1.800kg gross vehicle weight. The drive rollers are moved on and off manually using the hand crank. The sturdy gear drive in conjunction with the non-slip drive rollers ensures safe power transmission to the wheels.

② Enduro maneuvering aid EM313

Semi-automatic maneuvering aid for single and double-axis caravans and trailers with a permissible total weight of up to 1.900kg.
The drive rollers are moved on and off manually using the hand crank. The sturdy gear drive in conjunction with the non-slip aluminum rollers ensures safe power transmission to the wheels.
Single-axis trailers can turn on their own axis without any problems. Tandem-axis caravans or trailers make a minimal turn.

③ Enduro maneuvering aid EM313A

Fully automatic maneuvering aid for single and double-axis caravans and trailers with a gross vehicle weight of up to 1.900kg.
The drive rollers are moved on and off electrically. The sturdy gear drive ensures safe power transmission to the wheels in conjunction with the non-slip aluminum rollers.

④ Enduro maneuvering aid EM315

Fully automatic maneuvering aid for caravans and trailers up to 2.100kg gross vehicle weight. The drive rollers are simply connected to or disconnected from the wheel using the supplied remote control. Thanks to the solid aluminum drive rollers and the Softstart-stop system, the caravan is maneuvered precisely and smoothly.

⑤ Enduro maneuvering aid EM515FL

Fully automatic maneuvering aid for caravans and trailers up to 2.300kg gross vehicle weight. Control via the supplied remote control. It can be used to easily move the caravan and automatically level it on the axis using the Finding Level button.
If the caravan is equipped with the Enduro AutoSteady, it can also be leveled longitudinally. The drive rollers are moved on and off electrically.

CARBEST

Lithiumbatteries w/ bluetooth technology

12V | BLUE TOOTH | BMS | VERY LONG LASTING | HORIZONTAL INSTALLATION POSSIBLE | FREE CARBEST APP

- Battery status readable via mobile/tablet
- Series connection possible: up to 4 batteries
- Parallel connection possible: up to 2 batteries
- Battery protection through integrated battery management
- Cycle life ≥ 3000 at 90% DOD or max. 7 years warranty*
- Only approx. 1/3 of the weight of a conventional lead-acid battery
- Lithium batteries marked BT-H with integrated heating function for effective charging even at sub-zero temperatures
- Integrated display with charge level indicator

The fully automatic heating function kicks in as soon as the temperature drops below 0°C. The battery is then heated in a targeted manner, thus avoiding any loss of performance.

Li50BT-H: Fits perfectly in compartment of rear right side wall of Volkswagen Multivan from YOC 2022.

VEHICLE SMART TECHNOLOGY FOR MOTORHOMES AND CARAVANS

E-TRAILER vehicle smart technology for retrofitting in motorhomes and caravans

- **Smart technology for retrofitting**
- **All applications can be conveniently viewed and controlled via smartphone**
- **Expandable - assemble and combine smart modules as required**

With the E-Trailer system, a wide range of smart applications in the motorhome or caravan can be called up and controlled via smartphone.
The system can be easily retrofitted in any motorhome or caravan. Combine and expand the E-Trailer Starter Package Basic or the E-Trailer Starter Package Plus as required with the optional Smart modules. The E-Trailer app can be downloaded free of charge from the Apple App Store and Google Play Store.

Scan QR code and download Revotion app free of charge

App Store Google Play

First select an E-Trailer starter package:

Basic starter package
Consists of the **base station**, the **E-Volt** (battery voltage) and **E-Level** (level) modules. The data is transferred to the smartphone via Bluetooth.
47530 **219,--**

Starter package Plus
Scope of delivery identical to Basic starter package with additional **E-Track&Trace** function (GPS positioning) and integrated E-Sim card in the base station.
The data is transferred to the smartphone via the internet (additional costs apply) and bluetooth. **47531** **349,–**

Sensor modules to expand the starter packs. The sensor modules only work in conjunction with a starter pack!

E-Movement motion sensor

As soon as the sensor detects movement in your camping vehicle, you will immediately receive an alarm on your smartphone.
Please note: Only works with Starter Package Plus.
47544 **109,95**

E-Waterlevel water level sensor

Checking the fresh water tank in percentage and liters.

Sensor length 40cm. **47536** **109,--**
Sensor length 80cm. **47543** **129,--**

E-gas level gas level sensor

Level indicator for steel or aluminum gas bottles. An adapter is available for aluminum gas bottles.
47537 **109,90**
E-Gas level adapter **47542** **39,95**

E-Load support load sensor

New jockey wheel with digital weighing system for reliable determination of the drawbar load.
47534 **289,--**

E-Switch door/window sensor

Check that all doors, windows and roof hoods are closed.
2pcs. **47533** **69,95**

E-Temperature temperature sensor

Determination of temperature and humidity inside and outside the vehicle.
47535 **59,95**

E-Pressure tire pressure sensor

For checking the correct tire pressure and tire temperature. 2pcs. **47532** **109,--**

E-Trailer combination packages with price advantage

To use the packages, you need a starter package beforehand

Motorhome safety package

Measurement of tire pressure for four tires and detection of open doors/roof hatches.
2x E-Pressure, 1x E-Switch

47539 **269,--**

Caravan security package

Measurement of tire pressure for two tires and drawbar load as well as detection of open doors/roof hatches.
1x E-Pressure, 1x E-Load, 1x E-Gaslevel

47538 **449,--**

Comfort package

Contents of gas cylinder and water tank and wireless temperature measurement. For checking the temperature and humidity.

47541 **259,--**

REICH
THE QUALITY EXPERIENCE

NEW

easydriver
MADE BY REICH . MADE IN GERMANY

Stay in control everywhere

easydriver connect - the smart control system for your home on wheels

- **GPS tracking system: You can call up the exact position of your mobile home in real time at any time using the free easydriver apps myCaravaning and connect**
- **Theft protection: If the vehicle leaves a previously defined, individually definable security zone unscheduled, you will be warned immediately via your smartphone**
- **Assistance service: In close cooperation with the police, the trace of the stolen vehicle is determined**
- **Connected with you everywhere: Important information about the vehicle (e.g. temperature, fuel level, etc.) can be easily accessed and monitored via the app, even from a great distance**
- **Clever sensors for monitoring individual vehicle components can be expanded as required and ensure even more peace of mind on tour**

Feeling free means being carefree - with our control system for caravans and motorhomes, you can experience carefree vacation moments. Easily connect your mobile living space and keep an eye on your home on wheels wherever you are - without having to be there yourself.

easydriver connect starter set 1
Scope of delivery: 1 x basic device, 1 x temperature sensor, 1 x door/window sensor, 1 x gas cylinder content sensor **490561** **799,--**

easydriver connect basic unit **490560** **699,--**

Sensors to expand your individual easydriver connect system*:

easydriver connect move motion sensor **490562** **59,--**

easydriver connect switch door/window sensor **490563** **39,--**

easydriver connect lpg gas cylinder content sensor **490564** **89,--**

easydriver connect temp temperature sensor **490565** **49,--**

***Note:** You need a starter set 1 or a basic device to be able to use the sensors.

Winterhoff WS 3000 safety clutch

- **Stabilization system**
- **Now with coupling display**
- **More accurate wear indicator for the friction linings**
- **Reinforced handle**
- **Optimized fit of the Maxi-Soft buffer**
- **Unrestricted ball neck clearance due to slim design**
- **Approved for 100km/h in accordance with ISO 11555-1**
- **Front bumper**

Up to 3.000kg gross trailer weight, drawbar load 150kg. Dead weight 5.8kg. Can be retrofitted for all trailers, cross or parallel bolting, Ø 35/50mm.

91355 **509,--**

Anti-theft protection for Winterhoff WS 3000 safety coupling

Robstop WS 3000
Ø 15 mm
Version for Germany
91356 **126,50**

Approval for NL and GB

Robstop WS 3000 Plus
Reinforced, hardened version with special locking cylinder Ø 19mm, with TNO approval for NL, Sold Secure Gold for GB.
91358 **219,--**

Safety Ball
Additional protection against unauthorized coupling in conjunction with anti-theft device, also suitable for other ball couplings.
913585 **12,75**

Replacement clip lining up to model year 07/2002
913561 **60,95**

Replacement clip lining from model year 08/2002 from 31-51mm Ø.
set of 2 **913583** **66,70**

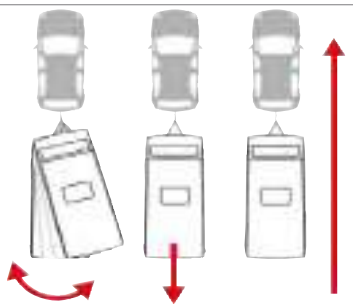
Conversion package RB 2051

Conversion package RB 2051 premium brake

- **Greater driving safety thanks to up to 5m shorter braking distance**
- **Smooth braking without jerky acceleration**
- **Lower maintenance costs thanks to extended service intervals and elimination of the first workshop interval after 1.000 kilometers**
- **Lower maintenance costs due to elimination of initial inspection after 500 kilometers**
- **No new TÜV demonstration necessary after installation**

An automatic adjustment function supports the wheel brake. Adjustment is automatically deactivated when reversing.
Suitable for most caravans with AL-KO axles in the weight range up to 1.500kg, single axis or up to 2.800kg, tandem axis.

920937 **339,95**



Anti-skid systems ATC for caravan and trailer

- **Keeps the trailer on track**
- **Improved early detection of skidding risk**
- **Optimized weight and design**
- **Horizontal installation provides more ground clearance**
- **Easy installation: retrofitting in approx. 2-4 hours (according to manufacturer)**
- **With ABE - no entry in the vehicle documents necessary**
- **Already integrated in the 2LINK system (ATC signal on smartphone)**

The driving behavior of the trailer is permanently monitored by the ATC. Sensors detect dangerous lateral movements even before a trailer stabilization program in the car can register the swaying movement. The trailer is gently braked immediately - without any influence from the driver. The ATC is connected to the distributor box of the trailer. Operation is indicated by an LED in the area of the overrun coupling.

⑤	**Brake pads AKS 2000, 2004, 3004** lateral, 1 pair	**913589**	**63,90**

Reliable theft and hitching protection for your caravan drawbar.
Scope of delivery: Cylinder lock, 2 keys and anti-drill protection. Can be used with locked AKS 3004 while driving.

⑥ **Safety Compact silver for AKS 2004, 3004**
A trailer lock from the "Safety Compact" class secures the trailer against quick access by unauthorized persons when stationary or in motion. The easy-to-use plug-in lock with cylinder is integrated into the standard openings of the AL-KO couplings. The cylinder lock remains in the handle and thus prevents unauthorized persons from coupling or uncoupling. Plug in, lock, enjoy the security!
High quality sheet steel housing **91369** **113,90**

⑦ **Safety Premium black and Safety Plus red for AKS 2004, 3004**
High-strength steel, additional reinforcements and locks with anti-drill protection provide very effective protection for the trailer in the "Safety Plus" and "Premium" models. All trailer locks in these protection classes have a sheet steel housing.

Dim. X to determine the max. possible tires

Locating holes for spare wheel holder

AL-KO spare wheel holder

Creates space in the storage compartment and leads to optimum handling by shifting the center of gravity under the vehicle. The spare wheel holder is very light, requires no storage space and the spare tire can be removed safely and easily on the side facing away from the road. Easy to operate thanks to telescopic arms. Fits AL-KO chassis from 1985 onwards. The holes for mounting the spare wheel holder are provided as standard. The holes in the longitudinal frame are positioned so that the tires intended for this vehicle can be accommodated there (frame spacing).

AL-KO jack

Specially for AL-KO chassis
Mounting holes are > 1991 as standard. For all other vehicles > 1980, you may drill the holes yourself in accordance with the operating instructions. Scope of delivery: Jack, attachment parts for the chassis, screws and operating instructions. Lifting height min. 85 mm - maximum 375/383 mm.

Kit: up to 1.000 kg. Load capacity up to 1.000 kg, suitable for trailers up to max. 2.000 kg total weight. **913701** **212,–**

4 TEILIG

Stabil foot set

- **Safe stand for retrofitting**

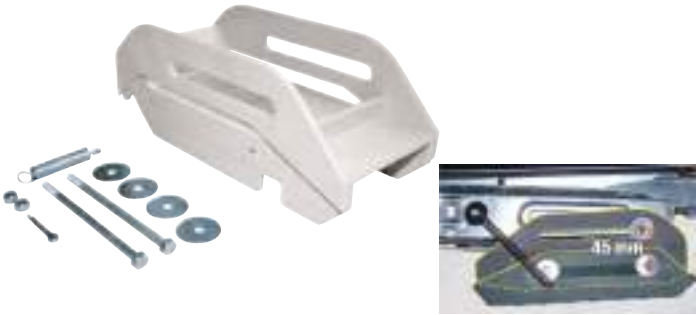
Stabilizer Stabilform complete with mounted AL-KO "Big Foot" heel feet at a sensational package price.
Weight 19.3 kg.
set of 4 **913591** **539,–**

Big Foot

- **The support slides onto the Big Foot with little effort and ensures a secure stand**
- **Large support surface of 20 x 18 cm**
- **Load capacity max. 1250 kg**

Material: PA plastic, weight: 2.5 kg
Mounting holes from 2001 series

Scope of delivery: 4 AL-KO Big Foot with mounting axles, washers, springs and nuts, installation / operating instructions.
Suitable for AL-KO Stabilform and Premium plug-in supports.
set of 4 **91359** **149,95**



Adapter for support foot big foot™

- **Additional 45 mm height for the AL-KO Stabilform and Premium plug-in supports**

The adapter moves the AL-KO big foot™ 45 mm closer to the ground. To prevent the AL-KO big foot™ from touching the ground, it must be checked for each vehicle whether the ground clearance is still sufficient. From model year 2001, the corresponding mounting holes are already present on AL-KO Stabilform plug-in supports and AL-KO premium plug-in supports. Up to model year 2000, the mounting holes must be drilled in accordance with the operating instructions. Material: PA plastic. Color: Grey.

Scope of delivery: 4 adapters 45 mm, 4 sets of fastening material on the support, assembly instructions
set of 4 **92760** **118,–**

UP4 electric support system

- **Ideal combination with AL-KO RANGER due to combination remote control!**

With the UP4 from AL-KO, you can raise the supports of your caravan by
remote control and adjust them to the point.
One step faster No matter how fast you can crank: The UP4 electric support system makes it faster. And more relaxed.
One step more comfortable Simply extend and adjust the supports by remote control. Easy on the intervertebral discs. And your nerves.
One step more stable With UP4 you can compensate for unevenness electrically and the BIG FOOT is already included. For a secure stand and more stability off-road.
One step smarter Combine the UP4 support system with AL-KO RANGER: In future, you can park & maneuver elegantly w/ a single remote control.
One step safer
Easily extended at the touch of a button and thus ideally secured against theft. A special adapter prevents unauthorized manual resetting.

- **Significant increase in driving comfort & safety**
- **Reduction of crosswind sensitivity**
- **Additional ground clearance on rear axle**
- **2-circuit system for separate filling of bellows**

The Linnepe additional air suspension system ensures more driving comfort and greater safety. The uncomplicated installation of the compressor-controlled AirLift Maxi is carried out on the rear axle while retaining the existing leaf springs. The air bellows are easily inflated using the control panel in the cockpit. The AirLift Maxi is supplied as a 2-circuit system with compressor.

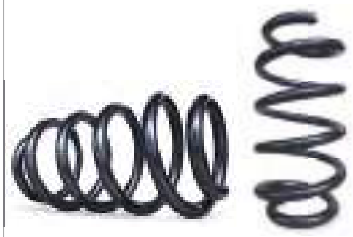
Reinforced coil spring Coilspring LCS4.0

Reinforced coil spring for the front axle for Ducato/Peugeot/Citroën 250/290 from 2006 for front axle load from 1.850 kg.
466870



For Ducato/Peugeot/Citroën from 2006 with light chassis, in combination with an AirLift Maxi auxiliary air suspension, the load can be increased to up to 4.150 kg (suitable wheel/tire combination required).

AL-KO

QUALITY FOR LIFE

ACS-Comfort Suspension system - for front axle Fiat Ducato X250, Peugeot Boxer, Citroën Jumper from 2006 onwards

- **Confident driving stability & increased driving safety**
- **Reduced noise in vehicle interior**
- **No change in vehicle height**
- **Smooth running, no vibrations - Easy on driver & vehicle**
- **Assembly in 10 steps**

Scope of delivery: 2 air springs (right & left), 2 locking plates, Mounting screws, 2 grommets, sealing rings, 2x 6m Rilsan tubes (red & black), 20 plastic clips, 1 pressure label, 1 assembly instruction.

Retrofit kit ACS for Fiat Ducato X250 panel van Replace original struts on front axle.

FOR THE FRONT AXLE

ACS retrofit kit for Fiat Ducato X250 with AL-KO chassis Suitable for both 2-axle and 3-axle vehicles. Replace the original struts on the front axle.

Type and model year	Perm. front axle load	Perm. total weight		
For 33 Light > year 2006	1750 kg	3300 kg	**466865**	**1867,72**
For 40 Heavy > year 2006	2100 kg	4000-5000 kg	**466868**	**1769,–**

Axle loads

The permissible axle loads and the total weight are used as a reference value for overloading, which means: If there is too much load on the rear or front axle, it is not the total weight that is decisive, but the overweight on the respective axle. If the total weight is exceeded, the weight is also considered to be exceeded.

CARBEST by ESI

Basic and Premium air suspension system for Fiat Ducato/PeugeotBoxer and Citroën Jumper > 2014, also for Ducato 8(> 09/2021) and for Opel Movano > 2021

- **2-circuit system w/ compressor & separately adjustable air bellows**
- **Significant increase in driving comfort**
- **Increased lateral stability & better road position**
- **Custom-fit control element for Fiat Ducato**
- **Mounting takes place on rear axle**

Air suspension system with 2-circuit system with separately inflatable air bellows. The air pressure is individually adjustable per side. This allows wheel load differences to be quickly recognized and compensated for. The air pressure can be monitored using the two pressure gauges in the interior. This not only increases your driving comfort, but also significantly improves your safety while driving. Even with a higher load, your motorhome can be steered safely and comfortably - thanks to increased suspension travel and reduced lateral tilt. The air pressure is controlled via the special Ducato control element.
System is only suitable for models without electronic handbrake.

Scope of delivery: Auxiliary air springs left & right w/ vehicle specific connectors, vehicle specific control panel w/ safety valves, 2 pressure gauges & switches, 12V compressor kit, Rilsan pipes, small hardware set for installation, specific & detailed installation instructions w/ illustrations for each step.

Basic 6" air suspension system

2-circuit system with central filling of both air bellows and subsequent independent reduction of the air pressure in the left and right air bellows. Recommended for vans or motorhomes with wheelbase 300 cm and 345 cm without motorcycle carrier. **467631** **665,–**

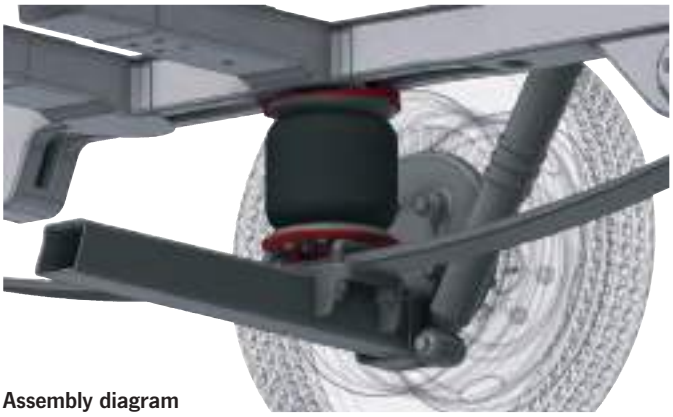
Air suspension system Basic 8"

2-circuit system with central filling of both air bellows and subsequent independent reduction of the air pressure in the left and right air bellows. Recommended for motorhomes with wheelbase 345 cm and 403 cm. Also for vehicles with rear garage or rear/motorcycle carrier and for heavier loads.
467632 **815,–**

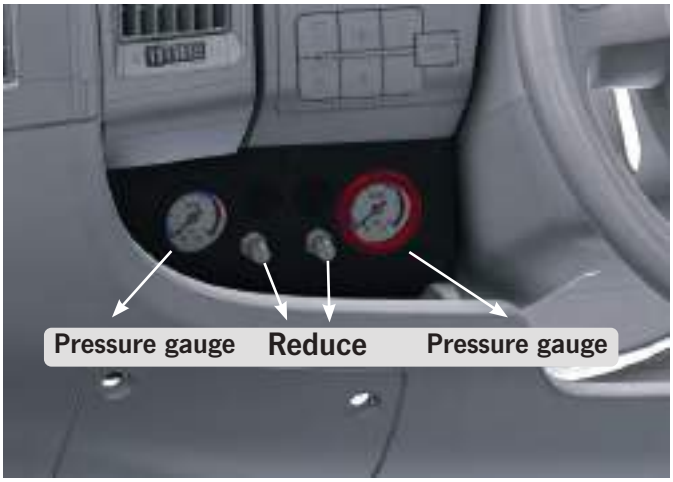
Air suspension system Premium 7.3"

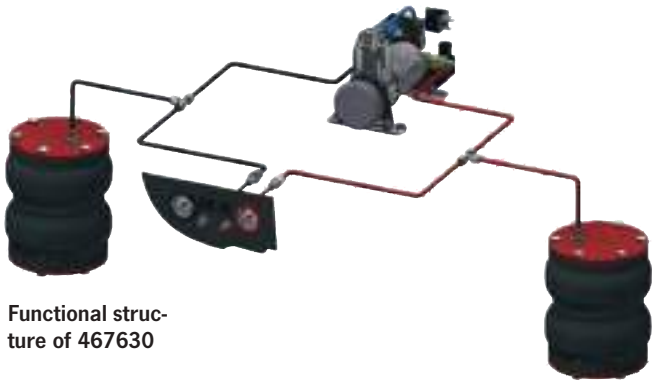
2-circuit system with individually adjustable inflation of the individual air bags and independent adjustment of the left and right sides. Recommended for motorhomes with wheelbase 300 cm and 345 cm with rear garage or rear carrier. Also suitable for wheelbase 403 cm with low load.
467630 **1146,–**

With immediate effect on load assessment



Assembly diagram





Functional structure of 467630

We recommend installation by specialized workshop.

ADDITIONAL AIR SPRINGS

Controls adapted to vehicles are included in scope of delivery
Controls are mounted in dashboard or center console.

★★★★ COMFORT SET

NEW

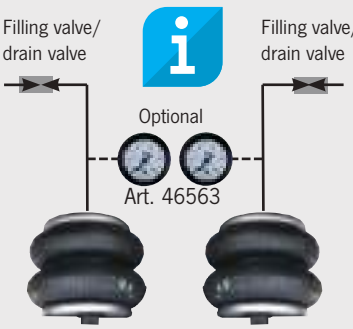
① Fiat Ducato 8 with digital control element

FIAT DUCATO WITH 8" AIR BELLOWS

② Fiat Ducato 250 year 2006-2021
Fiat Ducato 8 ≥ 9/2021

③ MB Sprinter / VW Crafter ≥ 2006

④ Renault Master / Opel Movano ≥ 2010



How the dual-circuit system works
The air bellows on the left and right are separate and can therefore be filled with different pressures. Two pressure gauges are required to monitor the pressure.
The ability to vary the pressure separately makes it easy to compensate for load-dependent wheel load differences in 2-circuit systems. Misalignments can be compensated.

Drive comfortably and safely:

- **Increases spring deflection, avoids lateral tilt**
- **Improves traction on front-wheel drive vehicles**
- **Significantly better road holding and wind resistance**
- **Pre-assembled, vehicle-specific complete sets**
- **Controls adapted to the vehicle**
- **With pressure gauges and pressure control regulation**
- **Dual-circuit system and quality compressor**

VB-SemiAir - 2-circuit auxiliary air spring comfort set

The comfort set for motorhomes basically consists of the same components as the basic set, including the compressor set. However, it is specially pre-assembled for the various vehicle types and contains vehicle-specific operating elements that significantly increase the ease of use of the system.
Scope of delivery comfort system:
VB-SemiAir basic set plus: High-performance compressor (cable & valves pre-assembled) w/ 2 pressure gauges & 2 pneumatic control switches (pre-assembled), control panel to match dashboard or seat box, all mounting materials.

NEW **With digital control unit**

Rear-wheel drive, single tires	**467125**	**1139,–**

VB - Reinforced coil springs - more comfort, more safety

The reinforced VB-CoilSpring coil springs ensure that the original vehicle level is reached again. In mathematical terms, you get "residual spring travel" again. In most cases, the frame is almost at the bump stop; by increasing the residual spring travel, the vehicle no longer bounces so quickly and becomes more comfortable.

VB-CoilSpring front axle spring (also suitable for Ducato 8 from model year 09/2021)		
Fiat Ducato 250, from 06/2006

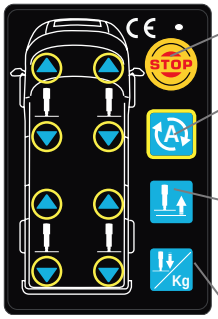
CARBEST

Hydraulic jack supports - automatic 12V leveling system for Fiat Ducato, Peugeot Boxer, Citroën Jumper

- **Hydraulic jack supports for vans and motorhomes**
- **Suitable for vehicles up to 5 tons**
- **12V power supply via on-board network**
- **Automatic leveling of your vehicle by remote control or by pressing a button on the display**
- **Load capacity per telescopic support approx. 1.900 kg**
- **Saves space under the vehicle thanks to large lifting distance of 280-480 mm**
- **Movable plates: adapts to the terrain and surface**

Handy wireless remote control with 20m range. The leveling sensor can be placed in or under the vehicle.
Digital display for monitoring and manual control of the system. It is also possible to level the axles or the sides of the vehicle.
Additional parking and weighing function (orientation value with +-25kg deviation) at the touch of a button on the display. Vehicle is weighed and stabilized (parking function) without lifting it completely. Lift supports retract in approx. 38 seconds. The 12V system is password-protected and has an emergency button that stops the system immediately.
Vehicle-specific adapters for both the front and rear axle are required to install the system.
Scope of delivery:
4 telescopic supports, mini controller, remote control, display for manual alignment and monitoring of the system, leveling sensor, cable set, oil pan.
Weight: approx. 60kg

465770 **5299,--**



EMERGENCY KEY
Stops the system immediately

SELF-LEVELING
The jack supports automatically level the vehicle

AUTOMATIC RETRACTION
The stabilizers are retracted in around 38 seconds

OPTIONAL SCALES
(When activated, the vehicle is weighed)
Alternatively, the vehicle is stabilized (parking function)

Vehicle-specific adapter for installing the lifting supports

Scope of delivery 2 pieces, you need one set each for front and rear axle.

Portable compressor w/ high performance

- **Ideal for off-road or camping use**
- **Powerful air compressor w/ enough power even for larger tires**

Premium mini compressor fortires, buoyancy aids and inflatable boats. Features: 12 volt, 360 watt, pressure 10 bar/150 PSI, delivery volume 90 liters/min. Integrated thermal protection switch and robust metal housing. Scope of delivery: Compressor with carrying bag, valve attachments, battery clamps for direct connection to the battery (cable length 3 m) and 8 m long tire inflation hose.

474081 **99,90**

Universal TREKFINDER mudguard extensions

- **Made from flexible, high-quality black plastic**
- **Available in 25 mm or 50 mm width**
- **Ideal when using wheel spacers or large rims**
- **Incl. TÜV test report and fitting instructions**

The fender flares have a length of 3 m and can be cut to size. Adhesive mounting under the web edge in the wheel arch.

① **25 mm width**	**912165**	**58,90**
② **50 mm width**	**912166**	**58,90**

Tire pressure monitoring

- **Wireless mounting**
- **Permanently controls tire pressure**
- **Increases tire mileage**
- **Warning thresholds separately adjustable for each axis**
- **Anti-theft device**
- **System expandable to 6 or 8 sensors**

With the TireMoni tire pressure monitoring system, you can permanently check the air pressure of your tires. This effectively prevents accidents. In addition, the optimum tire pressure saves you valuable fuel and significantly increases tire mileage. **Technical data:** Measuring range 0 - 11 bar, measuring accuracy 0.14 bar.

Scope of delivery: 1 xTireMoni display unit incl. batt. AAA, 4 (6) x Checkair tire pressure sensors incl. batt. CR1632, 12 volt connection cable, mounting frame, operating instructions.

Hercules top mirror

Installation: Is placed on the mirror. Mirror glass is removed and clamped with screws.

① **Hercules mirror small** (W15 x H7 x D6 cm)	**47159**	**13,50**
② **Hercules mirror large** (W15 x H12 x D7.5 cm)	**47160**	**16,50**

For Mercedes-Benz Sprinter >2006 (NCV3, VS 30) length 593mm and Volkswagen Crafter 1 and 2 / MAN TGE, length 593cm or 599cm

Fitting a car body extension to the Sprinter and Crafter increases the width in the rear of the vehicle by approx. 110mm on the driver's side (left) and approx. 60mm on the passenger's side (right).

The increased space makes it easy to fit a transverse bed in the rear of your maxi camper. Increase sleeping comfort by fitting both sides of the vehicle with a car body extension.
The aerodynamic GRP shapes adapt very well to the vehicle contours and increase the vehicle width by only a few centimeters.

Installation: The extensions are firmly glued to the bodywork and firmly attached to the vehicle wall using additional rivets. Available for driver's side (MB Sprinter, VW Crafter, MAN) and passenger's side (VW Crafter, MAN).

Illustration shows widening left, MAN

Car body extensions:

For Volkswagen Crafter > 2016 / MAN TGE

For Volkswagen Crafter 2 / MAN TGE >2016, vehicle length: 593cm or 599cm. Material: GRP, surface: black gelcoat, paintable.
Position: left, extends the interior space by app. 110mm.

15095 **529,–**

Position: right behind the sliding door. Extends the interior by approx. 60mm.

150951 **529,–**

Illustration shows Volkswagen Crafter 2 widening, right

For Volkswagen Crafter 2006 - 2016 / Mercedes-Benz Sprinter > 2006

For Volkswagen Crafter 1 / Mercedes-Benz Sprinter 2 >2006 (NCV3, VS 30), vehicle length: 593cm. Material: GRP, surface: gelcoat. Color: black (VW Crafter 1), color: white (MB Sprinter), paintable. **Position: left**, extends the interior by approx. 80mm.

15096 **499,–**

Illustration shows Mercedes-Benz Sprinter 2 widening, left

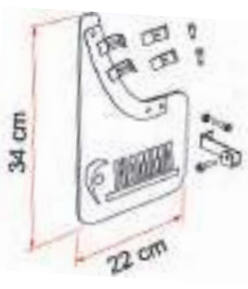
Optional accessories: Sliding door spacer kit for Volkswagen Crafter > 2016 / MAN TGE

The sliding door spacer kit is required if a car body extension is fitted on the right-hand side. The kit extends the distance between the open sliding door and the vehicle body. This allows the sliding door to be opened completely even when the car body extension is fitted.

28500 **139,–**

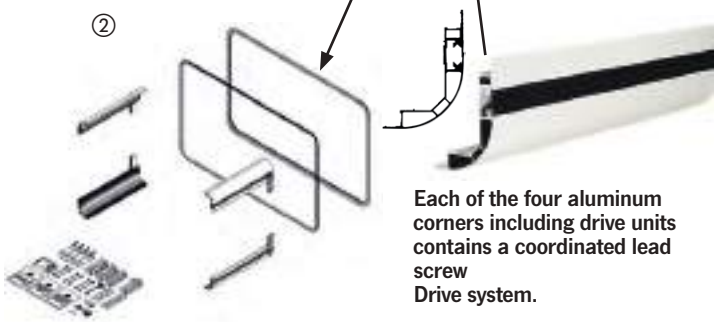
Mud Flap Rear - mud flap for rear end of the motorhome

Easy to fit to the rear of the vehicle. Made of solid but flexible rubber. It is possible to connect several Mud Flap Rear units to create a continuous "wall". Complete with painted steel brackets.
Weight 1.2 kg, 2 pieces **912152** **57,50**



Mud Flap Front - front wheel mud flaps for Fiat Ducato > year 06/2006

Practical and easy to fit using the painted steel brackets supplied. Made of solid but flexible rubber foam.
Weight 1.2 kg, 2 pieces **912151** **62,20**



Each of the four aluminum corners including drive units contains a coordinated lead screw
Drive system.

Complete SMART ROOM kit

SMART ROOM - Widen or extend your vehicle

- **Premium slide-out specially developed for Europe**
- **Manufactured by the world leader in slide-outs**
- **Modular system available from stock**
- **Other dimensions possible upon request**
- **Special waterproofing for rain etc. available.**
- **Select: 1st slide-out length, 2nd size slide-out cabin**

Patented, space-saving design. The compact sliding mechanism integrated into the wall is the most effective sliding system in the world. The mechanism is fully integrated into the wall and offers more living space than other sliding systems on the market.

① Select desired extension length of aluminum profiles:

Extension length 700 mm	**41062**	**3620,–**

- **For drive-on wedges with max. size 61x21.5x12 cm**
- **Material: black polyester**

① Wall pocket for hanging 2 drive-on wedges, e.g. in the rear garage. With 4 eyelets for wall mounting. **912556** **12,95**

② Carrier bag with long carrying handle and Velcro fastener. **912555** **7,99**

CARBEST

NEW

Sand plates incl. bag

Made from durable, hard-wearing plastic. Maximum grip, maximum load capacity: 10 tons. With side slots for fastening with straps. Incl. transport bag.
Dims.: 105.8 x 30.00 x 5.5 cm, color: black.
Set of 2 **915122** **95,--**
Available from Q2 2025

THULE

TOP SELLER

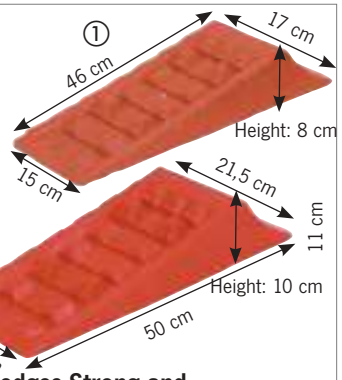
2 PIECE

Compensating wedge set

Load capacity up to 5 t per axle. Set with 2 wheel chocks and sturdy carrying bag. Three different height levels for easy leveling of the motorhome.
Set of 2 **912521** **51,–**

Premium Quality

2 PIECE



Levelling wedges Strong and Superstrong

- **Premium quality w/ anti-slip profile**
- **Weatherproof, resistant & robust**

① **Strong: Load capacity up to 3 t per axle**
For smaller vehicles, e.g. camper vans.
Set of 2 **91252** **49,99**

② **Super Strong: Load cap. up to 4 t per axle**
For alcove- and integrated motorhomes
Set of 2 **91253** **39,90**

177,–

94,50

① Uniko 6 in 1 drive-on aid/folding ramp

- **Various applications**
- **As wheel chock, 3-fold height adjustable**
- **As a starting aid or ramp for height compensation**
- **As a stool, trestle or step**

Fiberglass-reinforced folding ramp with various possible uses. The surface is very non-slip and easy to drive on thanks to the wedge shape. Incl. carrying handles. Height adjustable: 4.4/9/13 cm, length when unfolded: 145 cm, width: 25 cm, load cap.: 3.5 tons **915120** **177,--**

② Aluminum rail set for Uniko 6 in 1 folding ramp

- **Transforms flexible folding ramp into access ramp**
- **Allows the loading of trailers and motor homes**

By mounting the two aluminum rails, the Uniko 6 in 1 folding ramp becomes a rigid access ramp. This makes it easier to load the rear garage of your motorhome or a trailer. Load capacity up to 200 kg (max. 400 kg when used in pairs) **915121** **94,50**

Equalizer XL Black step wedge

High-quality equalizer step wedge with 3 height levels. Includes a practical carrying and storage bag.
Dimensions (WxDxH): 56.2 x 20.2 x 15 cm, weight: 3.7 kg, color: black

Set of 2	**912558**	**41,90**

Smart drive-on wedges - LEVEL9

The ideal solution for precise and convenient leveling of your motorhome. With the free app for your smartphone, you can measure the inclination and receive step-by-step instructions with which you can adapt the nine adjustable levels exactly to your situation - up to 18 cm.
Load cap.: motorhomes with up to 5 t.
Scope of delivery: Set of 2, incl. storage bag.
Dims.: L 55 x W 23 x H 20 cm, weight: 2.1 kg each.

	931001	**124,95**

Flat Jack Level compensation cushion

- **Simple level compensation & effective protection of tires against damage caused by standing**
- **Suitable for vehicles up to 6 t total weight**
- **PU membrane inside, reinforced PU/nylon fabric outside**
- **Inflatable with compressor or air pump**
- **Filling pressure from 0.8 - 1.3 bar**

With the Flat-Jack Camper and the Flat-Jack Camper 2.0, leveling on uneven ground is child's play. Vehicles up to 6 tons can be stabilized without any problems.

① **Flat Jack Camper** For tire widths up to 255 mm. Level compensation up to 6 cm.

92546	**119,–**

② **Flat Jack Camper 2.0** For tire widths up to 305 mm. Level compensation up to 20 cm.

92538	**149,–**

Emuk Air-Lift

The Emuk Air-Lift is a heavy-duty, wear-resistant, petrol, oil and acid-proof compressed air lifting bag that has been specially developed for motorhomes and caravans. All unevenness and height differences in the ground can be continuously compensated from 1.5 cm to 20 cm. The load capacity of the Emuk Air-Lift is 11 tons and beats all previous best values in comparison with conventional levelling wedges.

Technical data:
Dims.: 48 x 43 x 2 cm, Weight: 3,6 kg, Load cap.: 11 t at 6 bar, Max. Height: 20 cm, Min. height uninflated: 1.5 cm, Volume uninflated: 3.6 L, Inflate & deflate: 1 auto valve, Pressure test tested: 24 h at 6 bar, Temp. range: -20 °C to +60 °C.
Scope of delivery: 1 Air-Lift lifting cushion, 1 drain valve, storage bag.

Emuk Air-Lift	**92542**	**269,–**
Emuk Air-Lift set of 2	**92544**	**499,–**

Pretreatment for high adhesion

① Sika Primer-507 (Purform® Technology)
Black primer for the all-black process in car replacement glazing
Improves adhesion in bonding applications on flat glass and ceramic-coated glass, plastics, primers, painted surfaces, KTL and metals. Fast drying: only 3 minutes all year round. The new Sika Primer 507 contains less than 0.1 % monomeric diisocyanates and is therefore harmless to health according to REACH regulations.

Can 30 ml	GP* 760,00 / 1Liter	**294478**	**22,80**
Can 100 ml	GP* 376,00 / 1Liter	**294479**	**37,60**

Danger: H225, H317

② Sika Primer-210 for aluminum (raw), glass fiber reinforced plastics, ABS and others. For the preparation of bonding surfaces.

Can 30 ml	GP* 56,50 / 1 Lite	**294453**	**16,95**
Can 250 ml	GP* 195,80 / 1 liter	**294451**	**48,95**

Hazard: H225, H317, H319, H336, H412, EUH066, EUH208

③ Sika Activator-100 is a solvent-based, colorless adhesive cleaner for the pre-treatment of bonding surfaces in combination with Sikaflex® Adhesives.

Can 250 ml	GP* 119,80 / 1 Liter	**29477**	**29,95**

Hazard: H225, H315, H317, H318, H336, H304, H411

④ Sika Activator-205 is a solvent-based, colorless adhesive cleaner that reacts with moisture and leaves adhesive compounds on the surface. These act as a link between the substrate and primer or adhesive. Specially developed for the pre-treatment of bonding surfaces in combination with Sikaflex® and Sikasil® adhesives/sealants.

Can 30 ml	GP* 43,17 / 1 liter	**294100**	**12,95**
Can 250 ml only for specialized trade	GP* 102,80 / 1 Liter	**29415**	**25,70**

Danger: H225, H319, H336

Bonding + sealing without primer*

Adhesive sealant Sikaflex-522

- **Universal STP adhesive sealant with high ageing, mold and UV resistance**
- **Indoor and outdoor application**
- **Suitable for mounting high roofs**
- **Can be used on many substrates without primer**

① Sikaflex-522 cartridge

White, 300 ml	GP* 42,67 / 1 Liter	**294104**	**12,80**
Black, 300 ml	GP* 42,67 / 1 Liter	**294105**	**12,80**
Gray, 300 ml	GP* 42,67 / 1 Liter	**294106**	**12,80**

② Sikaflex-522 mini bag with grommet

White, 100 ml	GP* 128,00 / 1 liter	**294107**	**12,80**

Warning: H317, H412, EUH211, EUH 210

Sikaflex-554 assembly adhesive

- **For mounting solar modules, satellite systems, awnings with adhesive adapters and the REIMO Multirail**
- **Suitable for bonding aluminum sheets to steel or sandwich panels in frame profiles**

PROFI TIP
For bonding solar-modules and satellite systems

Paintable, UV and ageing-resistant mounting adhesive. Can be used on many substrates without primer.

White 300 ml	GP* 68,67 / 1 liter	**294111**	**20,60**
Black 300 ml	GP* 74,33 / 1 liter	**294113**	**22,30**

Danger: EUH240, H211, H208

*We recommend painting the additive without primer, as pre-treatment may be necessary depending on the substrate. You can find a preparation table at www.sika.de

Auxiliary means

① Sika Smoothing agent N
for smoothing fresh Sikaflex joints.

1000 ml	**29422**	**13,95**

② Sika Remover-208
Sika Remover-208 is a colorless, clear, solvent-based cleaning agent for e.g. painted surfaces

400 ml	**294161** GP* 68,75/1 Liter	**27,50**
1000 ml	**294163**	**31,90**

Hazard: H412, H336, H222, H229, EUH066

③ Sika MultiSeal BT
Self-adhesive multipurpose butyl-based sealing tape
For sealing and quick repairs against moisture and draughts. Can also be used in visible areas.

10 x 300 cm	**294708** GP* 61,67/ 1 qm	**18,50**

④ Sika Cleaner G+P
Aqueous cleaning agent for glass & plastics
Removes fingerprints, Residues and general soiling.

500 ml	**294709** GP* 12,60 / 1 liter	**6,30**

⑤ Sika PowerClean
Moist cleaning wipes
For indoor and outdoor joints, developed for daily use in the workshop or on the construction site.

100 wipes	**294710**	**18,70**

PROFI TIP
Cleans quickly Hands and tools

Bonding & Repair from plastics

SikaForce-302 Purform
EasyBox plastic repair kit

Repair plastic, glue brackets, close holes, reproduce clips, fix sensor brackets.
Scope of delivery:
3x 50 ml SikaForce-302 + 9 mixers
1x 50 ml SikaForce-301 + 3 mixers
1x 100 ml Sika Cleaner G+P
1x 200 ml SikaForce-300 Primer
1x Sika reinforcing film, contour film, plastic spatula, instructions.

Danger: H222, H229, H319, H336, H412

DEKAPHON 958

Paintable underbody protection

Robust, corrosion-resistant underbody protection, ideal for wooden floors, GRP & metal in caravans and motorhomes. Effectively dampens noise and protects vehicle underbodies of all kinds. Remains semi-permeable. 500 ml.

Black **50074** **33,95**
GP* 67,90 / 1 Liter

DEKAPHON Pro-Wax

Cavity and UBS wax

Underbody protection, transparent. Protects new and old parts and reduces corrosion. Can also be used as a cavity sealant. High penetrating ability, low odor. Does not attack paintwork. Application without special pre-treatment. 500 ml.

Transparent **50106** **20,70**
GP* 41,40 / 1 Liter

Danger

Danger: H222, H229, H336, H412

Differences between the various sealants and adhesives

PU adhesives

Polyurethane-based sealants and adhesives cure in moist air by releasing carbon dioxide. They are used for sealing in the vehicle industry, in motorhome and caravan repairs and in metal construction. In addition to their sealing effect, they can also be used as permanently elastic adhesives, for example to bond solar panels to caravan roofs. Unfortunately, yellowing is possible with light-colored PU adhesives due to exposure to sunlight. It may be necessary to pre-treat the sealing surfaces with primer.

SMP or MS polymer adhesives

These adhesives based on silane-modified polymers are available in cartridge form. They are frequently used in vehicle and caravan construction. The elastic adhesive hardens with the humidity in the air, releasing alcohol. These adhesives generally adhere to clean, grease-free and dry substrates without a primer. They are UV-resistant and do not tend to yellow.

Butyl sealants

They are based on butyl rubber and are more or less permanently elastic or permanently tacky. Butyl sealants are available in cartridges or as tapes and cords. These products are also used in metal construction, ventilation and heating systems. In the motorhome and caravan sector, they are used in the installation of roof hoods and windows, for sealing edge strips and in all applications where a sealing surface offers the possibility of sealing. As butyl sealants are permanently elastic and not adhesive, the two sealing surfaces must be pressed together mechanically. Different materials of the sealing surfaces hardly play a role here, as on the one hand no firm bond is formed and on the other hand different thermal and cold expansions hardly play a role due to the permanent elasticity. Pre-treatment of the sealing surfaces is usually not necessary.

GP* = base price per specified unit

Solvent-free 1-component PUR adhesive especially for motorhome and caravan repairs

- **Thixotrope (non-expiring)**
- **For work on vertical caravan walls**
- **Filling joints, does not foam up**
- **Moisture curing**

For bonding aluminum sheets to rigid foam and wood. Ready to use in cartridge. Working time without/with water app. 30/5 minutes. Curing time: Initial strength after app. 3 hours, final strength after a few days. Consumption app. 250 - 350 g/m² (strongly dependent on the substrate). 310 ml cartridge **500291** GP* 98,71 / 1 Liter **30,60**

BONDERITE M-NT 1455 W

Quick and easy method for the pre-treatment of metals

- **For all metals:** For use on bare metal surfaces including aluminium, hot and cold rolled steel, zinc & zinc alloys, galvanized surfaces, brass and copper
- **Saves time:** Replaces all other complex and time consuming methods. Fast conversion of surfaces. Painting process can begin within minutes.
- **High performance:** Improves adhesion and corrosion protection prior to the application of e.g. paints, coatings or adhesives
- **Simpler process:** No tools required. No rinsing, no cleaning of equipment. No spray mist.
- **Sustainable:** Low VOC content, chrome-free. Easy disposal

The product is quick and easy to apply by wiping and, due to its excellent anti-corrosion properties, is ideal as a conversion coating on bare metal surfaces in combination with another coating.

Contents: 3 air filters (long) + 3 air filters (short) **924293** **89,95**

AIRTUNE AIR Refill pack 3:3
Contents: 3 air filters (long) + 3 air filters (short). Important: without adapter ring for attachment to air outlet of Truma heater **924294** **69,95**

AIRTUNE AIR Refill pack 5:1
Contents: 5 air filters (long) + 1 air filter (short) Important: w/o adapter ring for attachment to the Truma heater air vent **924291** **69,95**

NEW

Air One dehumidifier with refill pack

- **With water level indicator and spout for easier handling**
- **Ideal for dehumidifying rooms up to 23 square meters**
- **Optimum ventilation: air circulates through the container**
- **Electroless: no cables or batteries required**

The dehumidifier helps you to breathe better, avoid unpleasant odors and reduce moisture damage to windows, walls, furniture, textiles and electrical appliances Suitable for room sizes < 25 square meters.
The crystals in the granules of the Air One combine with the moisture in the air and condense it to collect it in the device's collection container.
The granulate consists of biodegradable calcium chloride and can simply be disposed of with household waste.
Scope of delivery:
Dehumidifier consisting of container, lid and inner frame + 2x 680 g granulate bags. Capacity: 1 liter of moisture
Weight: 1670 g (310 g container 2x 680 g granules)
Dims.: 14.5 x 14.5 x 21.0 cm **924296** **23,95**

set of 4 Air One refills

- **Quadruple power: set of 4 for maximum moisture control**
- **Long-lasting: One bag lasts up to 3 months**
- **Efficient: Protects against mold and unpleasant odours**

4x 680 g granulate bags, dims.: app. 15 x 15 x 21 cm,
Weight: app. 2720 g (4x 680 g granules) **924297** **17,95**
GP* 6,50/1 kg

Multy Dry Room dehumidifier

1 kg for app. 35 m²

Protects fabrics, leather, clothing, electronic devices and household accessories against corrosion, rotting, mold, mildew and odors. Absorbs up to 600 g of water. Can be regenerated in the oven. 1 kg for a room size of approx. 35 m² for approx. 2-4 months.
92406 **16,95**

Yachticon

Dehumidifier Antihumedad

Practical dehumidifier with tablet, provides reliable protection against moisture damage. 450 g for app. 20 m², durable for 3-4 months.
92410 **9,70**

Replacement tablet for 92410

Bicycle carrier tailgate Thule WanderWay Black for Volkswagen Transporter 6

- **Fully assembled and with an exact fit for the Volkswagen T6 for quick and easy installation**
- **Load capacity can be increased to up to four bikes with adapters (adapters sold separately)**
- **Easy loading of bikes thanks to easily adjustable rails that slide from left to right**
- **When the platform is not in use, it can be folded up vertically against the trunk**
- **The raised position of the carrier maintains the view of the rear lights and license plate**
- **Trunk can be opened without loaded bikes**

Thanks to the precise fit of Thule WanderWay Black, it can be quickly and easily mounted on the Volkswagen Transporter 6. The load capacity is two bikes and can be increased to 4 bikes using adapters. Alternatively, the robust construction can carry two e-bikes w/ a total weight of up to 60 kg.

Max. load per rail: 30 kg (2 bikes) - 20 kg (3 bikes) - 15 kg (4 bikes)
Dimensions: open W 152 x L 111 x H 91 cm, folded W 152 x L 47 x H 91 cm.
Weight: 12,4 kg

Mounting example

Bike rack rear doors Thule Elite Van XT

Approved by the manufacturer for e.g:
Fiat Ducato / Citroën Jumper / Peugeot Boxer ≥ 2007 / Volkswagen Crafter / Mercedes-Benz Sprinter ≥ 2006 / Ford Transit H3 ≥ 2014

- **Door can be opened with loaded bicycles**
- **Easy and safe loading of bicycles**
- **Quick to install and easy to remove when not in use**
- **For 2 bikes, not expandable**

The bike rack is attached to the vehicle with clamps and PU adhesive, no drilling required. Spacing between the rails for easier loading of the bikes. Rim straps with ratchet function for convenient fastening of the bikes. Easy attachment of bikes with removable bike retaining arms with lockable Thule AcuTight torque limiter knobs that click when optimum torque is reached. Bicycle platform in 3 height positions. Height-adjustable base frame.
Length of bicycle rails: 126 cm.
For 2 bikes, max. load capacity: 35 kg, max. weight per bike: 19 kg.
Weight: 10,5 kg

Thule VeloSwing
A swivel-mounted e-bike towbar carrier solution

Specially developed for the Fiat Ducato / Peugeot Boxer / Citroën Jumper > 2006 / Opel Movano > 2022 and Toyota Proace Max > 2024

- **Rack for chassis mounting**
- **Complete access to the rear door even with loaded wheels**
- **Load any desired coupling rack**
- **Tow heavier trailers, boats and more**
- **Intuitive operation of the safety interlock**

The VeloSwing simply swings to the side so you can reach the rear of your van without having to remove bicycles or other accessories.
The easy handling with color indicator on the permanent safety lock shows you when everything is locked in place.
With this solution for the trailer coupling, you can use the same bike rack or rear box on your leisure vehicle and on your normal car.
The Thule VeloSwing is a certified towbar that allows you to tow trailers or other towbar accessories up to 3.000 kg*.
A pre-cut bumper (sold separately) ensures that everything blends in with the look of your van. Opening range: 95°, max. drawbar load: 150 kg.
Dimensions: 157 x 60 x 27 cm, weight: approx. 45 kg (after assembly)

Black color	**443417**	**1999,--**

* Note: Please check the towing capacity of your vehicle beforehand

Thule Sport G2 Compact - for 2 bikes

Compact bike rack, suitable for vans with split rear door & vehicles with curved surfaces. Maximum number of bikes 2, e-bikes not possible, mounting on right or left rear door.
Doors can be opened without removing bikes.
Load capacity: 35 kg, weight: 7,2 kg, mounting height: 80 - 150 cm,

441982 **324,–**

Thule VeloTrack
The e-bike rack developed for your van

Specially developed for: Fiat Ducato / Peugeot Boxer / Citroën Jumper > 2006 / Opel Movano > 2022 / Toyota Proace Max > 2024

- **Hinge-mounted bike rack**
- **For 2-3 bicycles**
- **Opening the tailgate even with loaded e-bikes**
- **Easier loading of bikes due to the lower position on your van**
- **Long, robust rails for tires up to 3 inches**
- **Space for larger bike models and heavy e-bikes**

The Thule VeloTrack Frame offers safe transportation of 2 e-bikes, or with extension 3 bikes up to 60 kg (adapter for 3rd bike sold separately).
No drilling required: the bike rack is glued, clamped onto the rear door and attached to the hinges.
The platform can be mounted at 3 heights. Very practical if you need to load heavy bikes at a lower height.
The stronger, longer rails with a length of 150 cm and a distance of 23 cm between the rails allow larger bikes to be transported.
With the optional Lightboard, you can mount the Thule VeloTrack on your van at the lowest position, making it easier to load heavy bikes. Thule VeloTrack frame, rails and Lightboard are sold separately, so owners of the Thule Elite Van XT can easily upgrade to the Thule VeloTrack.

Dimensions: 68,5 x 165 x 137,5 cm, weight: approx. 24 kg.
Maximum load 60 kg.

Thule Sport G2 for motorhome and caravan rear wall - for a maximum of 3 bikes

Designed for stable and durable attachment to the rear wall of a motorhome or caravan. Lockable rail bracket: This prevents the bikes from moving during transportation and is fixed manually.
Fits all existing attachment points and rails (except Hymer). With the optional third rail and bicycle clamp, the carrier can hold up to 3 bicycles.
The Sport G2 Short has a shorter distance between the attachment points.

Load carrier including mounting elements and fastening material.
Rail width: Inside 60 mm/outside 80 mm. Rail length: 1.350 mm

GiroVan short overhang (L1, L2 + L3)	**466501**	**2299,--**
GiroVan long overhang (L4)	**466502**	**2299,--**

Basic bike rack

Slide-Port & Trigger - duo for panel vans

- **The ideal carrier for Fiat Ducato panel vans and similar models**
- **Slideport: platform can be slid to the left for access to the rear door with roller**
- **Equipped with quick-release fasteners for tool-free assembly and disassembly**
- **Can be combined with detachable Linnepe trailer coupling**
- **With EC type approval - no entry in the vehicle documents**

Easy to load ...

The load carriers are supplied w/ an access rail for loading. The rail disappears into a drawer under the carrier when not in use & is therefore out of the way when rear door is opened.

... simply remove

Like all Linnepe load carriers, Trigger & SlidePort are also removable. The platform carriers can be removed without tools & in just a few moments thanks to the special quick-release fastening on the vehicle.

Technical datapayload: 170 kg, (trigger w/ expert opinion 200 kg possible).
Weight: Trigger approx. 51 kg, SlidePort approx. 59 kg, D: 650 mm, L: 2.000 mm.
Rail dimensions: L 1.900 x W 190 mm

Scope of delivery: Load carrier including mounting elements and fastening material.

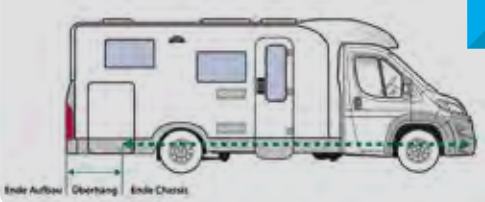
Detachable ball head

Electric cable sets 13-pin for vehicles

Required for both trailer couplings and Linnepe load carriers

with mechanical flasher relay **465787** **99,90**
with Can-Bus Connection **465789** **229,--**
for Citroën/Peugeot/Fiat Jumper/Boxer/Ducato > 02/11, also for Ducato 8 **466993** **229,--**

Motorhome without frame extension



With frame extension and Trailer hitch

Ordering information for trailer coupling

Please always specify points 1 - 6 when ordering towbars or frame extensions, otherwise correct delivery is not possible:

1. **FIN = chassis number**
2. **Base vehicle**
3. **Body manufacturer**
4. **Model/type designation**
5. **Year of construction**
6. **Item number**

VELO & VARIO - high quality, flexible and functional

NEW

- **Load capacity up to: VARIO 150 kg / VELO 80 kg**
- **Telescopic as standard: VARIO: from 620 - 800 mm**
- **VARIO transport platform: foldable; light carrier folds up automatically**
- **Bicycle rails and support arms with ratchet quick-release fastener**
- **With EC type approval**
- **Many transport options**
- **Can be removed without tools**
- **Incl. standard mounting elements**

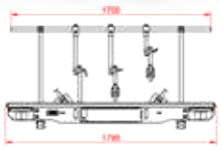
Developed for discerning campers, the VELO and VARIO models offer numerous advantages for more comfortable travel. They impress with their sleek, contemporary design. The black-coated elements give them a modern and appealing look that is not only practical but also aesthetically pleasing. The new carrier systems are the ideal choice for anyone who values functionality, design and flexibility.

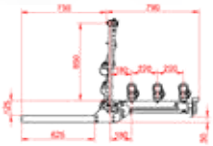
VELO

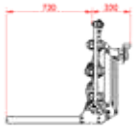
Maximum comfort - modern design

ca. 80 kg

LIGHTWEIGHT COMBINED WITH STABILITY
Despite its lightweight design, the VELO is very stable. The high load capacity of max. 80 kg is sufficient to safely transport up to 3 bicycles or e-bikes. Experience maximum comfort, lightness, quality and modern design with the VELO bike carrier.







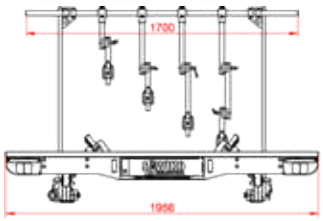
Complete system VELO	Weight	Art. no.	Price
2 bicycles or 2 e-bikes	24 kg	440063	1279,--
3 bicycles	26 kg	440064	1369,--
2 bicycles or 2 e-bikes with LED lighting	24 kg	440065	1399,--
3 bikes with LED lighting	26 kg	440066	1489,--
Access ramp for bicycles incl. 3 x holders		440067	99,--

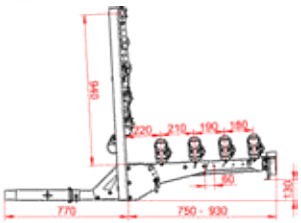
VARIO

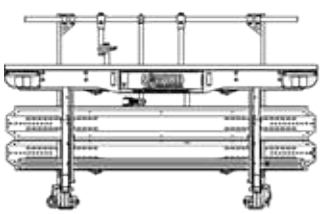
Compact, foldable and variable

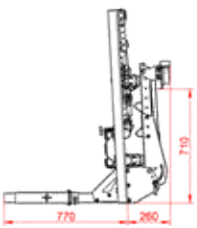
ca. 150 kg

FLEXIBLE & FUNCTIONAL
The VARIO - the perfect combination of modern design, simple operation and maximum flexibility. It impresses with its variable loading depth, which can be extended from 620 mm to up to 800 mm, thus offering even more options. In addition to the tried-and-tested rack kits for bicycles and scooters, special rack kits for fat bikes and tricycles are also available.









Max. 4 bicycles

Max. 2 fat bikes

Max. 1 scooter + 2 bicycles

Complete systems VARIO	Weight	Art. no.	Price

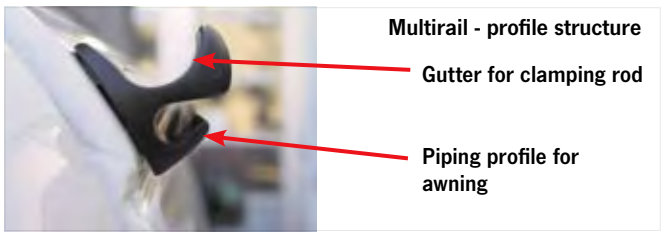
Multirail - rain gutter, sun sail and roof rack attachment in one

Water drainage via spoiler profile



Awning mounting with clamping rod & retractable piping

NOTE: The matching spoiler set with screws and installation instructions must be ordered separately.

Spoiler set for Multirail VW/Mercedes/Citroën(90155)

- **Rain gutter for canopy and roof rack**
- **Easy attachment of awning and awning with clamping rod or pull-in keder**
- **Easy installation of self-adhesive spoiler profiles**
- **The aluminum rail is already pre-drilled**
- **Support of roof loads up to 100 kg**
- **For piping thickness 7-8,5 mm**

In conjunction with a conventional roof rack, you can use it to transport bulky goods such as kayaks, bicycles or surfboards. The **Multirail** can also be fitted to vehicles w/ sleeper or pop-up roofs. Max. roof load here is 50 kg, approved by VW. The **Multirail** protects you from rainwater run-off when the side windows and doors are open thanks to the spoiler profile (please order separately).

The Multirail is attached to the vehicle with a special adhesive (Sikaflex 554, see page 436).

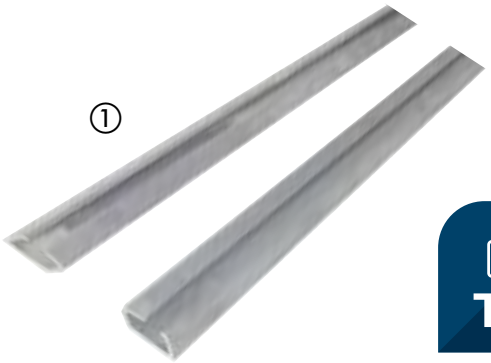
REIMO active support systems for pitched roofs and flat roofs



TIP

- **Flat aluminum profile**
- **Harmoniously adapted to the roof contour**
- **Minimal change in overall height**
- **Serves as a mount for roof racks**
- **For retrofitting on REIMO pitched roofs**
- **Base support barely visible**
- **Is screwed and glued with stable counter profile**

① **Active support profile 198 cm long** For mounting on sleeping / high roofs. Bar undrilled. 1 piece **41300** **59,10**

② **Active support profile 40 cm, set of 4**
For mounting on REIMO sleeper/high roofs, e.g. T4/T5 Superflat. Drilled and countersunk, with counter plate and stainless steel screws
Set: 4 rails, 4 plates, screws **41303** **290,–**

Basic equipment for all vehicle types with REIMO Active rail profile

③ **Atera Signo fixed carrier ASF - basic carrier for the vehicle roof:**

Highly stable roof support system for mounting in the REIMO active carrier profile. Material: glass fiber reinforced plastic / aluminum / rubber lips.
Maximum load: 100 kg
Fixed point support ASF **41283** **316,–**

For further information see page 502

④ **Matching adapter kit for mounting the fixed carrier in the REIMO Active rail** **41308** **72,--**

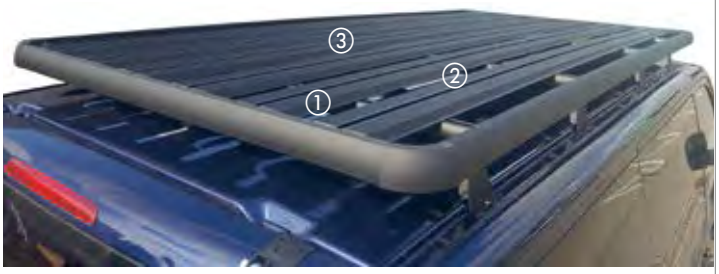
Roof rack for REIMO Multirail

Support feet (2 pieces) especially suitable for REIMO Multirail rail, REIMO Active rail and for rain gutter attachment. Max. load capacity 100 kg. Pair of support feet: Height 20 cm
41180 **117,--**

Support tube: Length 165 cm for above support leg. Square tube 32 x 22 mm, black plastic coating. TÜV-tested. Roof rack must be removed before opening sleeping roof.
per piece **41125** **48,--**

Roof rails for Fiat Ducato, Citroën Jumper, Peugeot Boxer from 07/2006 onwards

Simple installation on existing mounting points on vehicle, so no drilling work on roof is necessary. Universally expandable w/ optional accessories such as crossbars, planks, roof box, spare wheel holder, kayak & surf kit, work lights. Powder-coated aluminum tube in semi-gloss black. Weight approx. 12 kg, load cap.: 200 kg distributed over 4 crossbars.



① **Roof rails, width approx. 1.670 mm**		
Length 3.000 mm	**42169**	**1262,--**
Length 3.600 mm	**421691**	**1578,--**
② **Crossbar, 1.600 mm**, price per pair	**421692**	**253,--**
③ **Plank**, length 2.930 mm for 42169	**421693**	**137,--**
Plank, Length 3.530 mm for 421691	**421694**	**149,--**

Roof rails Style for Ducato panel van from 2007 onwards

- **Aerodynamic shape**
- **Without drilling**
- **Any number of crossbars (optional)**
- **Awning installation Thule Series 5 & Fiamma F45 possible**
- **Aluminum**
- **100 kg load cap. per pair of cross members**
- **Max. load capacity 200 kg**

① **Roof rails**
Wheelbase: 4.035 mm **42151** **1355,–**
Wheelbase: 3.450 mm **42152** **1355,–**

② **Crossbar, 2 pieces**
Aluminum, incl. mounting material
421521 **195,50**

③ **Adapter** for mounting Thule 5 series wall awning & Fiamma F45 (please order Thule & Fiamma awning adapters separately) **421522** **119,--**

④ **Raise crossbar** Height: 60 mm
1 set **42159** **66,70**

Roof rails for Fiat Ducato, Citroën Jumper and Peugeot Boxer vans

Mounting option for Omnistor awning Series 6

- **Mounting on standard mounting points of the vehicle roof - without drilling**
- **With 3 or 4 support legs and 4 crossbars**
- **Load capacity (distributed) 100 kg**
- **Aluminum**
- **Suitable for awning mounting Omnistor Series 6 without adapter**

① **Railing for Fiat Ducato from 2006 onwards**
Vehicle length: 5.990mm. **42155** **1019,--**

② **Extension for roof rails**
From vehicle length 5.990mm to 6.360mm **42158** **44,90**

Walkway plank

- **Made from non-slip checker plate**
- **Length: 250 cm Width: 25 cm**
- **Load capacity 100 kg**

Sturdy aluminum walk-on guardrail. For roof rails with crossbars. Complete with fastening material. Load capacity 100 kg, weight 5 kg
42145 **277,–**

Accessories for roof rails

① **Surfboard carrier kit** For existing roof rails w/ crossbars.
Scope of delivery: 2 surfboard holders, 2 mast holders w/ tensioning straps, mounting material
42139 **244,--**

② **Kayak carrier kit** Rubber-coated steel with steel mast holder. Suitable for roof rail crossbars.
Scope of delivery: 2 kayak holders, 2 tensioning straps, 2 mast holders with tensioning straps, mounting material
42143 **231,--**

Universal roof rails for motorhomes

- **Easy to shorten**
- **Load capacity 70 kg**
- **Anodized in aluminium**

① **Roof rails** with oval profiles
Standard length: 3 meters.
A White **41116** **239,--**
B Grey **41117** **239,--**

② **Cross rack**
For roof rails ① made of aluminum. Length 2,25 meters. Easy to shorten.
2 pieces **41118** **239,--**

Support bars Fixing Bar Pro L

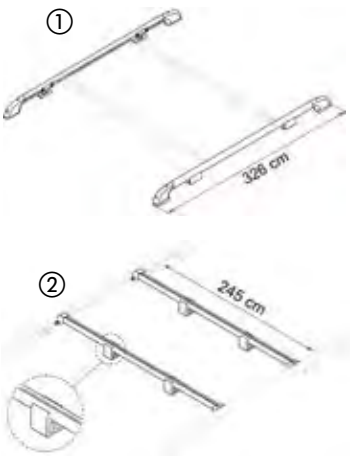
- **Ideal for solar cells or roof boxes**
- **Length 240 cm, can be shortened as required**
- **Made of extruded aluminum**
- **Mounting directly on the vehicle**
- **Load capacity: 80 kg per pair**

Suitable for mounting awning F65. See kit for fixing bar no. 43470 in the awnings section

Scope of delivery: Profile with 2 fastening elements, painted white.

41114 **79,--**

Roof rails for caravans & motorhomes



① Roof rail

- **Elegant railing poles, 300 cm, can be shortened as required**
- **Incl. plastic end pieces**

Scope of delivery: 2 railing parts (300 cm long) with end pieces and mounting material

Grey **41100** **293,–**

② Matching accessories: Fixing Bar Rail

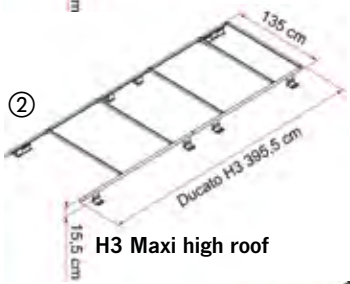
- **Length 245 cm, can be shortened as required**
- **Load capacity: 50 kg per pair**
- **Also suitable for Roof Rail Pro 3 and 4**

Scope of delivery: 2 support bars with 2 mounting blocks each and mounting material.

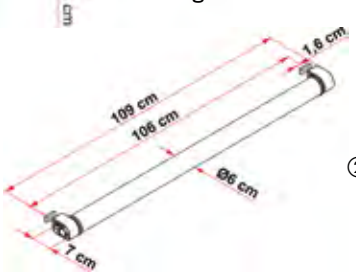
Grey **41101** **212,–**

Roof rack incl. adapter for awning F65 on panel van

H2 series high roof



H3 Maxi high roof



- **For short and long wheelbase**
- **Railing can be shortened**
- **Mounting on the original points**
- **Mounting without drilling**
- **For roof awning F65 right side**
- **With 4 crossbars**
- **Load capacity 100 kg**

For Fiat Ducato, Peugeot Boxer and CitroënJumper from 2006 onwards

① Roof Rail Ducato for roof height H2, length L1/L2/L3

Silver **41099** **802,--**

This protects your vehicle and provides safety when climbing the ladder.
Organizers can be attached to the bracket.
Packing bag included
45099 **154,–**

THITRONIK

T.S.A. wireless smoke detector

The T.S.A. wireless smoke detector can be integrated into the THITRONIK® security system and does not only warn of break-ins, theft and gases, but also of smoke and fire – a safety advantage, especially at night, as the sense of smell is impaired when you sleep. The alarm is not only triggered by the 85dB signal of the TSA, but also by vehicle indicators and horn. With Pro-finder, the vehicle owner and up to ten other people also receive an SMS notification. The TSA can also be used without the THITRONIK® system and is ideal for installation in rear garages when charging e-bikes.

Scope of delivery: TSA wireless smoke detector, operating instructions, mounting material, warning sticker

Technical data: Power supply 3V (1.6Ah) lithium battery, current consumption 13.2µA at 2.9V, alarm 85dB at a distance of 3 meters, temperature range -10 to +55 °C, dimensions (W x H x D) 50.8 x 42.5mm, weight 59g.

CAN bus wireless alarm systemfor Volkswagen Transporter 6.1/6, Fiat Ducato, Volkswagen Crafter/MAN TGE

- **Easy installation through vehicle-specific basic alarm kits**
- **No complex cabling required thanks to wireless sensors**
- **Combine optional wireless sensors, up to 55 sensors can be connected**

The basic alarm kits are optimally matched to respective vehicle type. Combine basic alarm kit with up to 55 wireless alarm sensors as required. Sensors send permanent radio signal to CAN bus adapter and thus ensure constant vehicle monitoring. Operate the alarm system with the remote control in your original vehicle key or via the
optionally available radio remote control. Secure windows, doors and backflow flaps of your motorhome or camper with the optional wireless alarm sensors.

Download assembly instructions here

VW T6.1/T6 | VW Crafter/MAN TGE | Ducato (2011-2020) | Ducato (>2021)

Vehicle-specific CAN bus basic alarm kits

- **For Volkswagen Transporter 6.1/6, Volkswagen Crafter/MAN TGE, Fiat Ducato**
- **Can be combined with up to 55 wireless alarm sensors (optionally available)**

Suitable for: Volkswagen Transporter 6.1/6, Volkswagen Crafter/MAN TGE, Fiat Ducato
Technical data: Power supply: 12V, frequency: 433.92MHz, current consumption when alarm is switched on <15mA, operating temperature -30° C to +70° C, volume 118dB.
Scope of delivery: CAN bus basic alarm kit, vehicle specific cabling set, siren, mounting material, operating instructions.
Assembly: The external siren is mounted in the engine compartment using a vehicle specific bracket. The basic alarm kit is mounted in the dashboard, the wiring is connected to existing vehicle cables (in various locations).

Accessories for WiPro III + WiPro III safe.lock:

① **NFC module – keyless entry for retrofitting**
NFC module serves as virtual key for arming/disarming your alarm system using transponder card or with NFC tag accessory (key hanger), the bracelet or a compatible credit card. The perfect control solution for WiPro III and WiPro III safe.lock. WiPro III safe.lock owners can also access their central locking system and unlock/lock their vehicle without a key. Scope of delivery: NFC module, batteries, transponder card. **470920 167,–**

KeyCard (transponder card) **470921 19,–**
KeyTag (tag) **470922 19,–**
KeyStrap (silicone bracelet)
size M, color black **470923 25,–**
size L, color black **470924 25,–**

② **Wireless hand-held transmitter 868** **470909 69,–**

③ **Wireless magnetic contact 868:** Self-adhesive wireless magnetic contact w/ tamper protection for securing windows, doors, backflow flaps, roof boxes, roof hatches, etc. **Black 47093 69,–** **White 470930 69,–**

④ **Wireless cable loop 868:** Secures your mobile goods outside the vehicle. Wireless cable loop alarms in case of cutting or sabotage.
White, length 2.5m 47089 91,–
White, length 5.0m 470900 97,–
Black, length 2.5m 47083 91,–
Black, length 5.0m 47084 97,–

⑤ **Wireless gas detector 868:** For connection to 12/24V. Wirelessly reports anesthetic gas attacks and gas leaks (propane/butane). **47096 125,–**

⑥ **G.A.S. connect:** As an extension of WiPro III (safe.lock). Alerts in the event of anesthetic gas attacks and leaks in the on-board gas system. The intelligent, dynamic temperature adjustment and the constant sensor self-check ensures flawless function under a wide range of climate conditions. **80307 125,–**

⑦ **Additional siren, 12V** **80222 39,–**
Ext. back up siren, 12V, battery buffered. Warns in case of power supply failure or sabotage. (w/o. fig.) **80219 49,–**

⑧ **Mounting adapter:** For optimal installation of the wireless magnetic contacts on the door sealings of the backflow flaps.
White 472269 17,–
Black 472262 17,–

Network module for WiPro III

- **Controlling the WiPro III via Bluetooth®**
- **Control central locking via smartwatch/smartphone (only together w/ WiPro III safe.lock)**
- **Easy add 3.0: Subsequent pairing of wireless accessories via app**

This module couples the smartphone with WiPro III alarm system via app and Bluetooth in vicinity of motorhome, the authorized user can conveniently arm or disarm system at any time. With a WiPro III safe.lock, which also accesses the existing central locking system, vehicle can be opened and closed without vehicle key or hand-held transmitter. Network module can also be integrated if Pro-finder locating system is already installed.

Technical data:
Nominal voltage: 12/24V, BLUETOOTH® 5.0 low energy, temp. range: -20 °C to +80 °C, wireless range (open field): app. 10m Operating voltage: 12/24V, dim.: (W x H x D) 52 x 25 x 56mm, weight: 72g.

470910 **129,--**

Pro-finder: Location solution for WiPro III / WiPro III safe.lock & as "stand alone" location detection system

2G/3G/4G

- **For remote immobilization of vehicle in combination w/ shut-down device**
- **Receive alarm messages via SMS or phone call**
- **Locate stolen vehicle**
- **Can also be used without alarm system**
- **Control alarm system remotely via SMS or call**
- **Geofencing (virtual fence) through WiPro**
- **Easy add 3.0: Subsequent pairing of wireless acc. via app**
- **SMS costs only incurs in emergency (SIM card must be SMS, telephony and data-capable)**
- **Integrated GPS receiver & GSM antenna**
- **Voltage monitoring**
- **Special caravan mode**
- **Load switch-off in event of deep discharge, battery monitoring w/ undervoltage alarm**

Technical data: Power supply: 12/24V, current consumption transmit: approx. 37mA, current consumption stand-by: approx. 16 - 21mA, nr. of destination no's.: up to 10, interface: RJ10 (input for WiPro), outputs: 2 x open collector (max. 0.5A), weight: approx. 129g, temp. range: -10 °C to +80 °C, dim.: (W x H x D) 125 x 27 x 135mm **472176** **479,–**

Compatible with the Thitronik app

App Store

Accessories for Pro-finder:

① **Shutdown relay** to decommission the vehicle. **80259** **35,--**
Shutdown relay for Ducato (facelift 08/2024) **802591** **59,--**

② **GSM antenna (2m cable))**: Ensures a secure mobile phone connection in areas with poor reception. Is screwed onto antenna socket instead of antenna rod.
472178 **66,--**

③ **GPS-pro (external GPS)**
Used when internal GPS receiver of Pro-finder is covered by metal parts e.g., and therefore has no reception. Cable length: 2m
472177 **129,–**

TSA wireless smoke detector

The TSA wireless smoke detector can be integrated into the THITRONIK® security system and does not only warn of break-ins, theft and gases, but also of smoke and fire – a safety advantage, especially at night, as the sense of smell is impaired when you sleep. The alarm is not only triggered by the 85dB signal of the TSA, but also by vehicle indicators and horn. With Pro-finder, the vehicle owner and up to ten other people also receive an SMS notification. The TSA can also be used without the THITRONIK® system and is ideal for installation in rear garages when charging e-bikes.

Scope of delivery: TSA wireless smoke detector, operating instructions, mounting material, warning sticker

Technical data: Power supply 3V (1.6Ah) lithium battery, current consumption 13.2µA at 2.9V, alarm 85dB at a distance of 3 meters, temperature range -10 to +55 °C, dimensions (W x H x D) 50.8 x 42.5mm, weight 59g.

① TSA wireless smoke detector, white **80308** **89,–**
② TSA wireless smoke detector, gray **80309** **89,–**
③ Adapter for wall mounting, white **803080** **7,–**
④ adapter for wall mounting, grey **803090** **7,–**

Please note the following when installing the gas detectors: Carbon monoxide (CO) is lighter than air, so install sensors above sleeping height. Butane/propane gas and anesthetic gases are heavier than air, so mount the sensors close to the ground.

THITRONIK

GBA-I

- Detects KO/anesthetic gas, propane& butane
- Integrated sensor and buzzer
- Operation also on 230V (optional)
- Automatic sensor self check
- Temperature compensation
- E1 type approval

Technical data: Power supply: 12/24V, current consumption: approx. 70mA, sensitivity: 50ppm, sound pressure: 85dB (internal siren), temperature range: -20 °C to +80 °C, dimensions: 38 x 100 x 27mm (W x H x D), weight: 60g

G.A.S. plug "all in one"

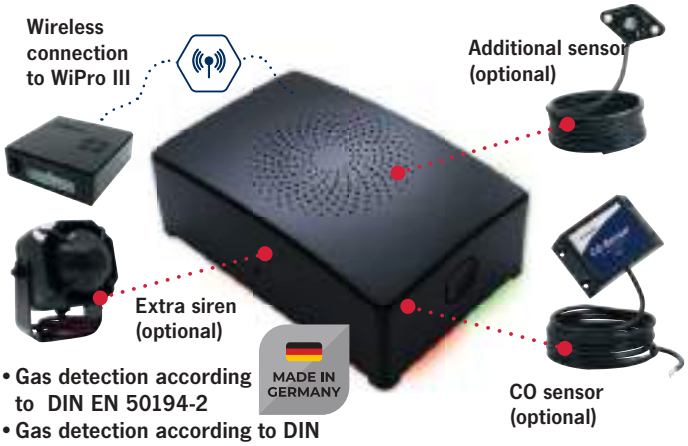
- Detects KO/anesthetic gases, propane and butane
- Integrated sensor and buzzer
- Operation in cigarette lighter
- Automatic sensor self check
- Temperature compensation
- E1 type approval

Technical data: Current consumption: approx. 70mA, sensitivity: from 50ppm, alarm tone: approx. 85dB (int. siren), temperature range: -20 °C to +80 °C

Scope of delivery: GAS plug, manual, alarm sticker

	80200	**97,–**

STAND ALONE · PROPAN · K.O. · CO · BUTAN



- Gas detection according to DIN EN 50194-2
- Gas detection according to DIN EN 50291-2 (CO version)
- CI bus capable
- Detects propane and butane, anesthetic gases / carbon monoxide (depending on equipment)
- Permanent compensation for temperature and humidity

- Internal siren 94dB
- Continous self check to determine functionality
- Alarmoutput/siren output
- Auto Sense input
- LED display for both sensors

Thitronik G.A.S.-pro III - CI bus compatible

REISE MOBIL Testsieger

The G.A.S.-pro III is a modular gas warning system for permanent installation in your vehicle and reliably warns you of gas poisoning and anesthetic gas attacks, with integrated siren and wireless unit. The G.A.S.-pro III is available in two basic setups: w/ integrated liquid gas/anesthetic gas sensor or w/ integrated CO sensor. Both versions can be combined with an additional gas or CO sensor. Internal siren sounds at a piercing 94dB, and an integrated humidity sensor optimizes the already accurate measuring in the event of high humidity in vehicle or breathing in direct vicinity of sensor. Accurate temperature adjustment is mandatory. In addition, an alcohol filter function eliminates false alarms caused by alcohol in the air. Thanks to integrated wireless unit, the G.A.S.-pro III communicates w/ the WiPro III alarm system without additional wiring.

Technical data:
Power supply: 12/24V, current consumption: 9mA (CO)/26mA (liquid/CO gas), sensor inputs: 1 internal, 1 external, sensitivity: 50ppm (CO) 700/1400ppm (butane), sound pressure: 94db (internal siren), temp. range: -20°C to +60 °C, dim.: (W x H x D): 61 x 97 x 35mm, weight: 74g.

NEW

G.A.S.

Wall-mounted gas detector for propane, butane and anesthetic gases. The intelligent, dynamic temperature adjustment and the constant sensor self check ensures flawless function under a wide range of climate conditions. Easily and quickly connected to the vehicle electrical system, G.A.S. warns you in an emergency with its 82dB loud alarm.

Technical data: Power supply: 12/24V DC, current consumption: approx. 28/15mA, volume: 82dB at 1m, temperature range: -20 to +80 °C, dimensions: 30 x 88 x 26mm (W x H x D), weight: approx. 35g

Scope of delivery: G.A.S. with integrated siren, connection cable 12/24V, operating instructions, warning sticker, mounting material.

G.A.S.	**80306**	**109,–**

CARBEST

① GasStick - USB gas detector

- **Warns of propane/butane gas (LPG) and anesthetic gases**
- **Easy installation via USB port in the vehicle**
- **Very low power consumption: Standby: 20mA / alarm: 22mA**

The extra compact GasStick is supplied w/ power via USB port (USB 2.0) in vehicle and reliably warns of propane, butane gas (LPG), anesthetic gas thanks to extremely high quality and small MEMS technology (Micro Electro Mechanical Systems). An integrated LED indicates the device status. Acoustic warning signal: approx. 70dB. Minimalistic design and uncomplicated installation make the GasStick a mobile gas alarm for most energy sources with a USB connection. Insensitive to temperature fluctuations and humidity. Dim.: L x W x H approx. 77 x 28 x 10mm.

80267 **74,95**

② GasCube - Gas alarm with fine design

- **Warns of propane/butane gas (LPG) and anesthetic gases**
- **Visual and audible indication of operational readiness, calibration phase and alarm**

Fixed connection to 12V on-board power supply. Pressure switch. Ready for operation after app. 3mins. With high sensitivity sensor and 80dB loud siren. Temperature controlled sensor that works reliably even above 25°C. Power consumption in standby: 100mA, power consumption in alarm: 180mA. Mounting: approx. 100cm above the ground. Dim.: 55.6 x 86.7 x 24mm.

Color: matte white **802482** **64,95**

③ **Counter display** w/ 10 x GasCube matte white **802480** **633,--**

④ GasCubeTwin

Equipment identical to above mentioned GasCube, but w/ connection possibilities for 2 opt. additional sensors. These detect gas concentration in the air just as effectively as the main sensor and offer additional safety in case of rising and falling gases. Cable length is 2.7m. There are 3 possible combinations of additional sensors:

1. 2 x sensor for detection of CO gas (carbon monoxide)
2. 2 x sensorfor detection of LPGgas/anesthetic gas
3. 1 x CO gas sensor + 1 x sensor LPG gas/anesthetic gas

Color: Matte anthracite **802483** **69,95**

⑤ **Additional sensor CO gas (carbon monoxide)** **802484** **29,90**
Cable length: 2.7m

⑥ **Additional sensor propane/butane gas (LPG)** **802485** **29,95**
Cable length: 2.7m

⑦ LPG gas detector at a TOP price

Reliably warns of gas leaks. Acoustic alarm: 85dB, installation height for butane/propane gas detection: approx. 20 to 40 cm above floor. 12V, power consumption: 100mA. Temp. range: -10/+50°C. Dim.: 115 x 70 x 60mm. Scope of delivery: LPG gas detector, mounting material

80216 **29,95**

⑧ 2 in 1 combi gas detector

- **Detects natural gas / LPG / CO gas**
- **2 integrated sensors**
- **Self check function, audible and visual alarm**
- **Includes wall bracket for easy installation**

Operating voltage: 12V, temp. range: -10°C ~ +50°C
Alarm volume: 85dB, power consumption: standby 90mA / with alarm 120mA, dim.: 125 x 80 x 40mm **802180** **39,90**

BRUNER OUTDOOR IN MOTION

3-Sicur gas alarm

Gas alarm for recreational vehicles with a highly sensitive sensor that can detect propane/butane, carbon monoxide and anesthetic gases. The device automatically calibrates itself and emits an acoustic signal in the event of an alarm. A buffer battery (not included) guarantees functionality even in the event of a power failure on board. 3-Sicur can be used mobile or with a permanently installed device. It is equipped with a single button for power on, power off, test and reset, LED indicator lights and a 12V plug. **802010** **99,90**

GAS ALARMS / SMOKE DETECTORS

CBE

12V

Gas alarm "BMTG"

12V LPG and anesthetic gas alarm

Reliably and quickly detects LPG and anesthetic gas and triggers an audible alarm (85dB) even at low gas concentrations. Also fits into mounting frame "Berker Integro". The average sensor lifetime is 10 years. Voltage 12V DC, consumption: 75mA. Audible alarm signal approx. 85dB. Supplied w/ mounting frame. Dims. 119 x 60mm.

Grey	**802030**	**106,–**
Brown	**802040**	**106,–**

CBE

12V

Gas alarm "BMTCO"

12V carbon monoxide detector, warns of exhaust fumes in vehicle

Reliably and quickly detects carbon monoxide and triggers an audible alarm (85dB) even at low gas concentrations.
Also fits into mounting frame "Berker Integro". Voltage 12V DC; Consumption: 15mA. Acoustic signal at alarm approx. 85dB.
Supplied w/ mounting frame. Dims. 119 x 60mm.

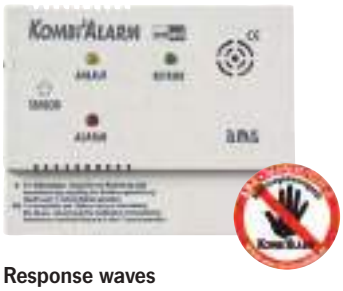
Brown	**802060**	**146,–**

ams

12V

MADE IN GERMANY



AMS gas combination alarm device compact

- **Ideal for use in caravans, motorhomes or truck cabs with small room volume**
- **Warns for liquid and anesthetic gas**
- **For detection of propane, butane, methane and anesthetic gases (KO gas attack)**
- **Dangerous anesthetic gases are detected even at lowest concentrations, well before they develop their anesthetic effect**
- **Low power consumption in normal operation of app. 90mA, 12V**

Response waves
Butane approx. 0.4% / propane approx. 0.5% / methane approx. 0.8% / anesthetic gas from approx. 100ppm.

Display: Yellow LED = start-up phase / green LED = operating display / red LED = (3 x) for alarm message, acoustic warning signal via electric siren with a volume of 85dB (A)
Dimensions: W 115 x H 90 x D 30mm. **80210** **132,--**

CARBEST

Battery-operated smoke detectors

9V Battery block | OPTICAL WARNING | ACOUSTIC WARNING

24,90

- **Monitoring area <6m Height: 60m²**
- **Battery operation with 9V battery block (not included)**
- **With test button for function test**

Alarm as sound and light signal, alarm volume: 85dB, dimensions: Ø 130 x 40mm, including ceiling bracket for mounting.

80300 **24,90**

LINNEPE

12V

TriGas alarm for propane/butane/KO gas

- **Warns for anesthetic gases**
- **Visual and audible indication of operational readiness, calibration phase and alarm**

Fixed directly to surface-mounted battery. Pressure switch. Ready for operation after approx. 1min. With high-sensitivity sensor and approx. 80dB loud siren. The TriGas alarm checks sensor function each time it is switched on and automatically calibrates itself to ambient air and temperature. Intelligent electronics carries out following steps every 40sec. performs calibration check and adjusts it if necessary. TriGas alarm has temp. control and compensates for differences so detection of dangerous gases also works reliably at temperatures above 25°C. LED display: Green (flashing) = calibration phase, green (continuous) = everything OK, red (flashing) = 20sec. Pre-alarm without sound, red (continuous) = alarm + continuous alarm sound (approx. 80dB)

Inconspicuous storage of valuables

- **Perfect hiding place for cash, jewelry, etc.**
- **High quality & precisely produced according to original products**
- **Invisible twist locks, effortless to open**
- **Perfect for vacation, travel & home**

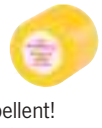
Tin value deposit: The lid can be easily opened using an invisible twist lock. The splash-proof can has a volume of 850g. Ø 100mm, height 120mm. Weight: 123g.

① **Erasco lentil stew** **474731** **14,95**
② **Erasco chicken rice pot** **474741** **14,95**
③ **Screwdriver**
Handle can be screwed on effortlessly. Can be used as a real screwdriver. Length approx. 18cm. **47470** **14,95**
④ **Ballistol universal oil**
Equal to an original Ballistol can. Base of can can be opened using invisible screw cap. Ø 65mm, height: 240mm. Weight 156g
47476 **20,95**

⑤ **Safe can San Pellegrino Orange** Inconspicuous: Made from real beverage can (0.33l). The weight is also amazingly close to a filled can. Recessed safe container with 100ml capacity, splash-proof.
Dimensions: Approx. H 11.5 x Ø 6cm
474712 **19,95**

Scent remover special cleaning foam – For pretreatment

Danger
H222, H229



- **Very adhesive effect foam**
- **Simplest handling**
- **Safe for electronics, plastic, rubber and paint**

Strongly recommended before using any marten repellent! Removes scents of the marten. This means that a risky engine wash can be avoided. When engine is cold, spray entire engine compartment and inside of hood and fenders with entire contents and allow to react briefly. Simply rinse with water.

Spray can, 300ml, GP* 37,33 / 1 Liter **903945** **11,20**

Antimarten spray intense active ingredient - fragrance concentrate*

Danger
H222, H229

- **Long-term effect, lasts up to 2 years**
- **Monthly scale for marking the next re-spraying date**
- **Clean engine compartment thanks to fragrance reservoir**

Marten repellent for spraying. Concentrate w/ long-term effect, smells "dangerous enemy" to martens. Regular, targeted application to the enclosed self-adhesive "fragrance storage devices" is sufficient.

Spray can, 200ml, GP* 98,00 / 1 Liter **9039452** **19,60**

2-speaker ultrasound machine

- **2 waterproof Piezo speakers**
- **Ultrasound w/ frequency modulation**
- **Simplest installation (already wired)**
- **On-board power supply, maintenance-free**
- **Function indicator light, flashing or steady LED**
- **CAN data bus suitable, E1 marking of the KBA**

With 12 V on-board power supply. Frequency-modulated ultrasonic sounds that signal "maximum danger" to marten through animal cries of fear and warning. Avoidance of sound shadows due to two loudspeakers. Ideal for narrow & compactly installed engine compartments. Note: Ultrasound does not penetrate matter. **Technical data:** Radius of radiation: 360°, angle of radiation: 2 x 160°, sound pressure: approx. 105dB **9039453** **116,--**

STOP&GO Accessories:

Mounting bracket:

- **For all STOP&GO marten repellent devices**
- **Simplified installation of all STOP&GO devices**
- **Mounting of marten repellent device in engine compartment w/ only one screw**
- **Individual alignment of ultrasound**
- **Mounting material included**

9039459 **9,70**

High-temperature protective hose

- **inner diameter 12.50mm**
- **Packed in tubes of 4 x 0.50** Universally applicable fiberglass aluminum flex hose for cables on catalytic converters, lambda sensors and soot particle filters. Extremely heat-resistant protective hose, effectively shields heat from up to 800 °C hot radiation sources, w/o internal heat build-up.

9039457 **32,95**

Fragrance disc — Intense active ingredient — fragrance concentrate*

Attention

- **Efficient for at least 6 months**
- **Tab for expiration date**
- **Can be stored unopened for approx. 3 years**
- **Without assembly**

Scented disc with long-lasting effect, smells like a "dangerous enemy" to the marten. The simple fastening device with practical hook allows individual attachment. Can be used in car, house, garden or carport. Large evaporation surface provides intense release of fragrance. With only one fragrance disc it is possible to protect the entire engine compartment. Lasts for at least six months.

Danger: H317, H319 **9039451** **17,40**

4B battery ultrasonic device

- **Battery driven**
- **Lasts up to 24 months**
- **2 waterproof Piezo speakers**
- **Super slim design**
- **Frequency modulation against habituation**
- **Function control lamp, flashing LED**
- **Waterproof according to IP65, E1 marking of the KBA**

Highly effective ultrasonic device w/ battery operation. Frequency-modulated ultrasonic sounds that signal "maximum danger" to marten through animal cries of fear & warning. No habituation effect.
Independent of on-board power supply due to operation w/ two 3-volt button cells (CR2477), long lasting approx. 24 months per battery set. Ideal for long-term parkers like classic cars, motor homes, exhibition vehicles or for carport.
Technical data: Radiation radius: 360°, angle of radiation: > 170°, sound pressure: approx. 110dB

9039454 **82,–**

Ultrasonic high-voltage device with six PLUS-MINUS CLIP stainless steel contact plates

- **Sensor technology**
- **12 Volt connection or battery operation**
- **2 waterproof Piezo speakers (IP65)**
- **Frequency modulation against habituation**
- **Function control lamp, flashing LED**
- **Stainless steel contact plates in super flat slimline design**
- **E1 marking of the KBA**

Clip fastening option of double-pole stainless steel contact plates makes installation easy & offers even more flexibility, especially for increasingly compact engine compartments. Connection to terminal 15 is omitted due to sensor technology. Thanks to a contact slide attached directly to the unit, the installation of a hood contact switch is also unnecessary.

Technical data: Radiation radius: 360°, angle of radiation: > 170°, sound pressure: approx. 110dB

7 PLUS-MINUS CLIP, with 12V connection	**9039455**	**242,–**
8 PLUS-MINUS CLIP, battery-operated	**903946**	**242,90**

Protection against martens by ultrasonic sounds

Marder-Frei Plus (12V power supply
Efficient and long-lasting protection against marten bites approx. 80dB sound pressure, 12-23kHz frequency in intervals. With function control LED. 12V DC, protection class IP 54

903943 **20,95**

Marder-Frei Mobil (battery-driven)
approx. 80dB sound pressure, 23kHz frequency in intervals. Effective radius approx. 40sqm. With function control LED battery operation, 6 x AAA/Micro (not included).

903944 **31,95**

*Handle biocides with care. Always read label & product information before use.

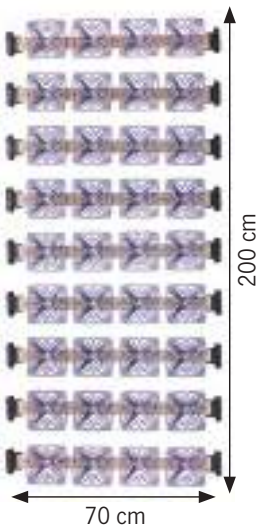
Retrofit sleeping set for Volkswagen Transporter 6 / 5 California

- **Sleeping set consists of mattress, slat base & support grid**
- **Higher sleeping comfort due to comfort slatted base**
- **Quality mattress w/ 48 kg /cbm density**
- **Has a pressure-relieving effect & prevents tension**
- **Mattress cover: upper side made of double cloth, bottom side made of breathable Airmesh fabric, washable at 30°C**

The slatted frame in your vehicle serves as the base for the new bed system and does not need to be removed. Simply remove the old mattress, unroll the support grid and the slat base, attach, put the new mattress on it. Ready! The support grid prevents the springs from slipping through the slatted frame. The spring mat provides pressure-relieving support. This can prevent tension and one-sided strain. The open, air-permeable cells provide perfect ventilation and an ideal sleeping climate. Total height only 7cm. High quality PUR cold foam core mattress, firmness level: medium firm. Scope of delivery: 1 support grid, 1 spring mat (height 3cm), 1 mattress (thickness 4cm), 25 Velcro connectors, weight: 10.9kg. **93083** **619,–**



Stepped design possible

High quality suspension elements

DIY Travelfix Camper - the bed kit for DIYers

- **Complete bed kit for DIYers**
- **Delivery includes 44 comfortable spring elements**
- **Maximum bed size: 70x200cm**

The set contains all the components needed to make a slatted frame with spring elements.
Scope of delivery: 44 spring elements, 22 slat mounts, 11 curved spring slats, mounting material, mounting instructions and mounting video.

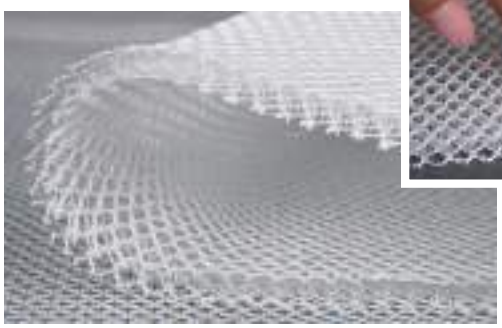
Sleep padding for Ford Nugget

- **For lower sleeping area of following models: Ford Nugget, Nugget Plus, Nugget Active and Nugget Trail**
- **Breathable, ventilated underside thanks to air mesh**
- **Cover is removable (zipper) & washable at 30 °C**
- **Easy to stow in the vehicle, dust protection w/ duffel bag**

The ideal fit, high-quality appearance and workmanship adapt perfectly to your vehicle. Unfolded in a few seconds, the lower sleeping area of the Ford Nugget motorhome (not for Big Nugget XL (LR)) becomes a comfortable place to sleep. Material polyester cover, top + sides: double fabric, unquilted, underside: Air-Mesh fabric. Dimensions: approx. H 4.5 x L 90 x W 102/124cm, pack size: approx. L 102 x Ø 40cm
Weight: approx. 5.6kg with duffel bag, volume weight 40kg/m³, compression hardness: 4.0kPa. **590245** **439,--**

CARBEST



Mattress padding

- **Avoids condensation**
- **Highly elastic PE thread fabric**
- **Provides good air conditioning under mattress**

The pressure-elastic and breathable fabric made of PE threads acts like an invisible climate zone. The mattress base provides pressure relief and the support of the intervertebral disc. Can be individually cut to size. Available in thicknesses of 10 and 15mm.

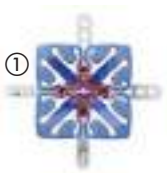
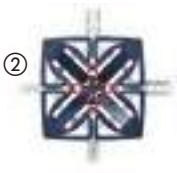
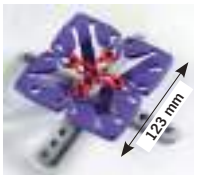
Dreams come true in the smallest space

Froli sleep systems promote healthy sleep while saving an enormous amount of space and weight.
The degree of hardness can be increased in various areas if desired, e.g. for lumbar support, by subsequently clipping in tensioning crosses.
The support is a standard mattress, preferably cold foam or latex.

- In a handy **basic package** is a complete kit for the standard dimensions of berths in touring vehicles.
- Froli **extension package** adds missing elements in case of deviations from standard dimensions.







Description	Star ①	Travel ②	Scor ③	Zona ④
Feature	Allrounder	Ultra flat	Triple adjustable lumbar area	Particularly strong
Description	High cushioning provides optimum pressure relief. Ensures healthy ventilation and prevents moisture in the mattress.	Ideal for space problems, low ceilings, slopes, curves and angles. Well suited for boats, alcoves and special dimensions.	Ideal ventilation thanks to innovative ventilation slats. Triple adjustable lumbar area. Ideal pressure distribution.	Ideal for heavy sleepers. High spring deflection ensures maximum comfort. Adapts to the contours of the body in a pleasant way.

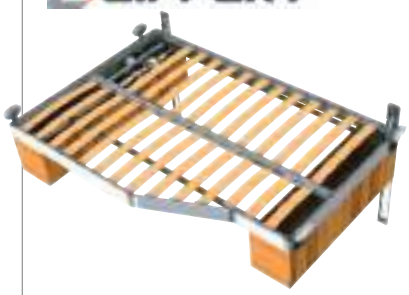
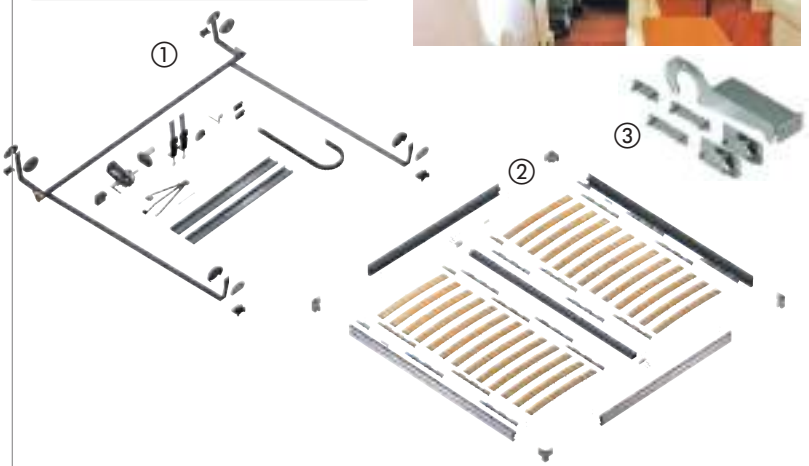
LIPPERT



2 mounting options:
Height adjustment of the rear bed or lifting bed above kitchenette or driver's seat



Electric lifting bed MODULAR SMART BED

- **Powerful gear motor**
- **Heavy-duty steel and aluminum construction**
- **Manual operation for emergency**
- **Load capacity: 400kg (static)**
- **Maximum customization flexibility**
- **Patented device**

With this system, the bed frame can be raised and lowered over the rear garage and over the kitchenette, as well as in the front area. The device is controlled by an electronic, programmed control unit up to 5 levels (ProBed and TopLine) or by an electromechanical control unit (E-Line).

Unlimited running, technically advanced gearmotor with mechanical resistance with integrated encoder. Belt anchoring to brackets provided for this purpose with wall mounting.

Maximum flexibility during assembly. Supplied complete with installation wiring. Movable load: max. 60 kg (increase possible). Load capacity: 400kg static. Power supply 12-20A Operating speed: approx. 60 mm/sec. Dimensions: 1865 x 1500mm. (Design can be changed as desired) Must be measured by your dealer before installation. Instructions for correct dimensioning can be found at wwww.reimo.com

① **Lifting system with motor unit** (without bed frame and slatted frame), scope of delivery: motor unit, stabilizing rails, shafts, mounting plates and 4 m long straps. Weight: 8.6kg.
93951 **1199,–**

② **Matching bed frame w/ slatted frame**
Can be cut to size, weight app. 15kg **93954** **849,–**

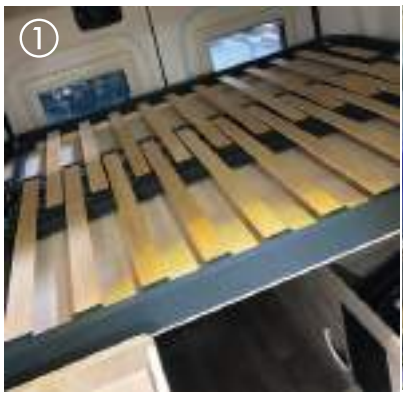
③ **Assembly kit**
(for connecting lifting system (1) & bed frame (2))
93955 **129,–**

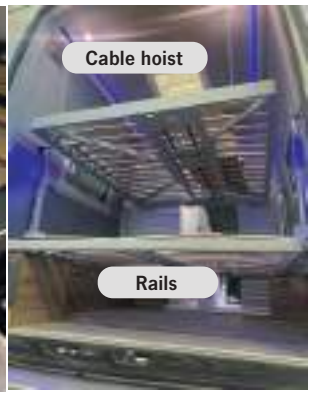
Please contact your specialist dealer to order your dream bed w/ frame including slatted frame, motor unit & belts.

CARBEST

Electric lifting beds for Fiat Ducato, Peugeot Boxer, Citroën Jumper & Mercedes-Benz Sprinter

- **Complete set**
- **Space saving sleeping option**
- **Extra light alu profiles (weight app. 35kg)**
- **Loadable up to max. 400kg**
- **Max. 6-7 amps, operational consumption 12V**
- **No adjustment necessary, lengths compensate themselves independently**
- **Infinitely height adjustable**
- **Mechanism under slatted frame integrated in frame**
- **Maintenance-free**
- **Slatted frame w/ slat caps, minimizes noise while driving**





The new electric lifting bed from Carbest is characterized by its high-quality craftsmanship and intuitive assembly. It is infinitely height-adjustable. The extra lightweight (approx. 35kg) is achieved using sturdy aluminum profiles. The static load capacity is 400kg. The operating speed is 33mm/second, with a consumption of only 7A, input 12V.
The maximum stroke (barrel) is 900mm.
The product is maintenance-free. Including slatted caps for the slatted frame for optimum reduction of mechanical noise while driving.

For the installation of safety glass windows we recommend:

① Activator 205, colorless adhesive cleaner for cleaning adhesive surface
Solvent-based, application in combination with Sika adhesives/sealants. 30 ml
Danger: H225, H319, H336 GP 43,17/100 ml **294100** **12,95**

② SikaTack DRIVE Purform adhesive set, for Bonding of safety glass panes
1-2 sets are needed for the installation of a vehicle window. Set cont.: 1x SikaTack DRIVE Purform (300 ml cartridge), 1x can of Sika Primer-507 (30 ml), 2x Sika Cleaner PCA Pad, 1x appl. nozzle.
Danger: H334 **294842** **42,90**

② Edge cover profile, for covering unsightly cut edges on sheet metal.

Small clamping range: 0.5-1.5 mm
5 m, black GP* 2,98/ 1 m **294559** **14,90**
10 m, schwarz GP* 2,99/ 1 m **294551** **29,90**
Large clamping range: 1.5-4.0 mm
10 m, black GP* 7,99/ 1 m **294560** **79,90**

ATTENTION: ****Does not fit vehicles with left-hand sliding door.**

Blackout system w/ privacy & mosquito protection blind w/ magnetic closure.
NEW: With matt black frame and black pleated blinds in a very high-quality look.

RW Fusion

The innovation in vehicle window segment!
The RW Fusion window combines a real glass pane on the outside with an acrylic glass inner pane.

- Scratch-resistant real glass on the outside
- Highly insulating acrylic glass pane on the inside
- Best heat / cold insulation
- High-quality appearance thanks to concealed hinges
- Black aluminum frame with integrated struts offers low thermal conductivity, reduces moisture condensation, reduces energy losses, has a noise-reducing effect

Combination of Real glass and Acrylic glass pane:

NEW

UniFrame - Window inner frame with blackout and mosquito blind

DARKENING PLISSEE | MOSKITO-NET ROLLER BLACK | MATERIAL FRAMEWORK: ALUMINIUM | COLOR: BLACK MATT

Blackout system with privacy and Mosquito blind with magnetic closure

The UniFrame window inner frame is available in 5 different sizes and can be used for almost all vehicle windows of the same size.
Equipped with a pleated blackout blind and mosquito blind, it offers privacy in the vehicle and protects against annoying insects.
The frame is screwed to all four corners of the vehicle using suitable screws (included in the scope of delivery).
Aluminum profiles in matt black conceal the mounting holes and create a high-quality look without visible screws.
Four spacer profiles are included in the scope of delivery.

Fastened using four screws in the inner frame

Aluminum profiles with click fastener conceal the mounting screws

NEW

UnderCover - Universal window inner frame with pleated blackout blind and mosquito blind for concealed mounting

DARKENING PLISSEE | MOSKITO-PROTECTION NETWORK ROLLO | MATERIAL FRAME: ALUMINI-UM

Blackout system with privacy and Mosquito blind with magnetic closure

The UnderCover window inner frame was specially developed for concealed installation behind a vehicle interior panel or a self-made inner frame. This means that the UnderCover inner frame can be installed almost invisibly in the vehicle and can be individually clad as desired. The height of the system can be adjusted as required (Reimo recommends adjustment by a specialist dealer).
The pleated blackout blind and the mosquito net blind offer privacy in the vehicle and protect against insects. Color aluminum frame: Silver, color blackout pleated blind: White.

Assembly example:
The illustration shows the undercover window inner frame behind an interior panel.
The panel is not included in the scope of delivery.

Acrylic glass window Acrylight

NEW

ACRYLIC GLASS | DOUBLE GLAZED | LIGHTTHROUGH-TRANSMISSION: 17% | DISK TO INSIDE CURVED | UV RE-SISTANT

WITH VENTILATI-ON-POSITION | MATERIAL FRAME: ASA | FOR WALL-THICKNESS FROM 24 mm UNTIL 34 mm | CORNER RADI-US WINDOW-FRAME: 15 mm | E ECE R43

- Elegant design thanks to hidden window hinge
- Pane closes flush with the frame on the outside
- Tinted window for more privacy
- For wall thicknesses from 24 mm to 34 mm
- Including inner frame with pleated blackout blind and mosquito net
- Mounting clamps included in the scope of delivery
- Cover frame (inside) optionally available in cream white and black

With a unique concealed hinge and flat outer glass, the Acrylight acrylic window from Acryform fits perfectly into your vehicle.

Elegant and aerodynamic, the gray-tinted acrylic glass pane is flush with the window frame. The inner frame with pleated blackout blind offers maximum privacy and the mosquito net provides reliable protection.

The Windows are supplied without cover frames.

Pane is flush with the outer frame

UCS Excellent" blackout system (Resizable Kit)
Can be individually shortened in length and height

- **Blinds can be cut to size[1]**
- **Sturdy aluminum construction**
- **Fly protection and blackout pleated blinds**
- **Smooth Softline operation**
- **Infinitely adjustable**
- **With aluminum handle strip**
- **Upper and lower profile with ventilation slits**
- **Supplied in a kit**
- **Available in two colors (black and RAL 9001) in one package[2]**

The UCS can easily change its color and adapt to different window fixings, the resizable DIY kit also makes it possible to make a blind for any window size available on the market. Can be converted for any type of window available on the market.

[1] Please note that you must add following installation areas to your window dims. in order to find right roller blind size: DC (window from Horrex)/RK (window w/ rubber frame): Width + 78 mm / Height + 78 mm, PV (aluminum windows): Width + 46 mm / Height + 46 mm, S7 (window from Dometic): Width + 36 mm / Height + 36 mm. Example: DC: Window dims.: 700 x 500 mm > 778 x 578 mm > Roller blind 872 x 808 mm

CARBEST

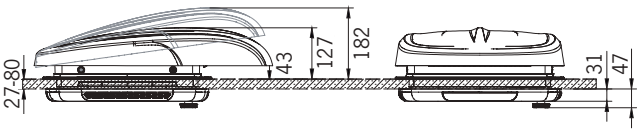
VanVent roof ventilation system, 40x40 cm

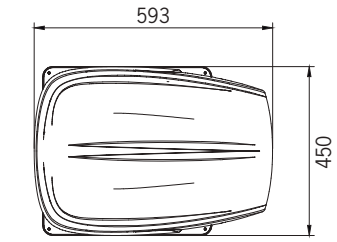
- **For roof cut-outs of 40x40 cm**
- **Ventilation (with open external hood)**
- **Roof fan (with closed external hood)**
- **Integrated pleated blind**
- **Metal insect screens**
- **Impact-resistant and UV-resistant**
- **Includes remote control with illuminated display and wall bracket**
- **ECE-approved**

The VanVent roof ventilation system ensures a pleasant climate in the vehicle interior. The integrated 12V Fan conveys fresh air into the vehicle when the external hood is open or extracts the internal air when it is switched over. The robust metal insect screen provides reliable protection against flies and mosquitoes in the vehicle.
When the hood is closed, the VanVent turns into a roof ventilator and circulates the air inside.
The special aerodynamic design of the acrylic glass dome prevents the ingress of rainwater. Control the VanVent conveniently using the remote control supplied or via the LED operating display on the inner frame.

Technical data:
max. air flow rate: 3000m³/h
max. power20W + 4W
Operating voltage: min. 9V - max. 16V
LED lighting, warm white: 3000K
Cutout size: 400x400 mm
For roof thicknesses from: 27-80 mm Weight: 4.5 kg

VanVent smoked glass	**318028**	**379,--**
VanVent Black	**318029**	**379,--**





UV RESISTANT | DARKENING | MOSQUITO PROTECTION | 12V LEDS | max. 130 km/h | E ECE R43

Improved version:
- **Display lighting can be switched off**
- **Lvolume of the operating signal tones reduced**

Smoked glass

MAXXFAN Mini

Under a fixed, rainproof cover, the MAXXFAN Mini with its 6-inch exhaust fan and simple speed control ensures quiet, energy-efficient ventilation of bathrooms or kitchens. The integrated LED lighting also provides pleasant lighting. The MAXXFAN Mini is suitable for roof openings measuring 360 x 360 mm and is available in several colors. It is particularly suitable for compact vehicles and offers a clever, space-saving solution. Enjoy the comfort of optimum ventilation at all times.

Cut-out: 360 x 360 mm

roofSTAR roof hood 4 and 7

- **Size roofSTAR 4 = 400x400 mm**
- **Size roofSTAR 7 = 700x500 mm**
- **Including inner frame with effective blackout and flyscreen blind**
- **Extremely flat design, the external height is only 72 mm**
- **3 opening positions with a maximum opening angle of 60**
- **For roof thicknesses from 25-32 mm**
- **Optional accessory kit for roof thicknesses from 33-45 mm (362001)**
- **Low noise development while driving**
- **Effective water drainage system**
- **Particularly durable thanks to UV-resistant ASA and PMMA material**
- **ECE R43 tested**

The roofSTAR 4 (400x400 mm) and the roofSTAR roof hood 7 (700x500 mm) roof hoods have been specially developed to meet the highest demands. They combine a completely new, innovative design with simultaneous weight savings.
The extremely flat design also significantly improves aerodynamics, wind resistance and noise levels while driving.

Technical data for TurboVent Premium + TurboVent:

Cut-out size: 39 x 39 cm
Roof thickness: 3 - 4.5 cm.
Inner frame dimensions: 43 x 43 cm,
Power consumption; 36 W.
Min. current consumption: 0.3/0.2 A,
Ventilation diameter: 300 mm
Variable ventilation speed.
Outer frame white

External dimensions: 45.5 x 45.5 cm
Height above roof: 8.5 cm,
Weight: 4.6 kg,

Max. Current draw: 3 A,
max: Air flow rate:35 m^3/min
max. ventilation: 80 cm^2
Ivory white inner frame

① TurboVent Premium with touch control unit

② TurboVent with "Polar Control" thermostat

VENT 28 F with aerodynamic shape

- **Fresh air for bathroom & kitchen of your motorhome**
- **Ideal for small rooms**
- **Aerodynamically shaped outer dome**
- **High quality, impact-resistant & UV-resistant**
- **Continuous ventilation**
- **Including aluminum mosquito net**

Technical data: Cut-out dims.: 28x28 cm, outer dims.: 32x34 cm, roof thickness: 2.8 - 6 cm, height above roof 9 cm, inner frame dims.: 31x34 cm.Installation according to the sandwich principle: no drilling on the roof, inner frame is screwed directly to the outer frame. Weight: 2.1 kg. Optional Turbo Vent F kit for motorization possible.

① **White**	**36033**	**97,90**
② **Crystal** (slightly translucent)	**36038**	**81,90**
③ **Kit-Turbo-Vent 28F** For retrofitting the fan to the Vent 28F roof hood	**36004**	**106,–**
④ **Kit-Frame 28 Ducato** Kit-Frame Ducato enables the VENT 28 F roof hood to be installed on the Fiat Ducato vehicle roof. Frame shape specially adapted to roof shape of the Fiat Ducato and can be fitted precisely. Made from durable ASA material. Weight 0.3 kg.	**440469**	**18,90**

Turbo Kit on Hymer roof hood, 50x70 cm

TURBO-KIT - The 12 volt fan for Retrofitting for almost all roof hoods

- **With adjustable clamping system for hanging**
- **Can be retrofitted without great effort**
- **Suitable for large roof hoods**
- **Fan can also be used standing or hanging**
- **Direction of rotation can be reversed at the connector plug**
- **can also be operated with batteries**

Fits Seitz Mini/Midi, Heki Remi-Top 400, Omni-Vent, Fiamma Vent 50 x 50.
Can be attached to all roof hoods from 40 x 40 - 50 x 70 cm w/ telescopic clamping system. (Operation when the vehicle is stationary and the roof hatch is open). Supplied with 12 volt power cable for the cigarette lighter (can also be operated with 8 1.5 volt batteries).

Technical data:

12 Volt/3 Watt Min/Max. current draw: 0.22/0.26 Amp. Max. Air flow rate: 7.2m³/min. Fan diameter 24 cm. Weight: 1.3 kg.

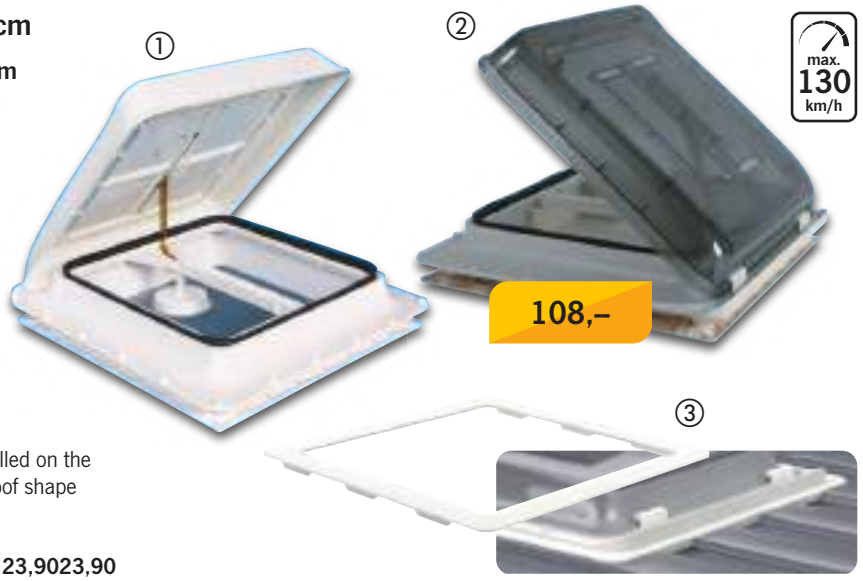
③ **Kit frame 40 Ducato**
Kit-Frame Ducato enables the VENT 40 roof hood to be installed on the Fiat Ducato vehicle roof. Frame shape specially adapted to roof shape of the Fiat Ducato and can be fitted precisely.
Made from durable ASA material. Weight 0.4 kg.
440470 **23,9023,90**



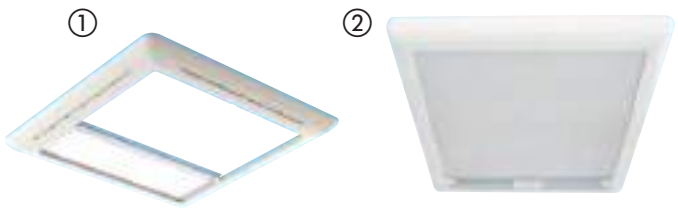
Vent 40F Pro roof hood 40 x 40 cm with modern pleated blind

- **Aerodynamic shape with large roof overhang**
- **2 openers for safe, even opening**
- **Retractable crank handle - opening w/ just one movement**
- **Removable mosquito net (easy cleaning)**
- **Pleated blackout blind - stylish and elegant**

Technical data:
Cut-out dims.: 40 x 40 cm, outer dims.: 57 x 53 cm
Height above roof: 9 cm, inner frame: 49 x 49 cm,
Roof thickness: 2.8 - 5.5 cm,
Assembly according to the sandwich principle, no drilling on the roof, inner frame is screwed directly to the outer frame.
Weight: 4.7 kg **360832** **261,–**

Fresh air for the Vent F Pro roof hood for retrofitting
Effective ventilation with the retrofit kit for the above roof hood
Fan diameter 300mm, power: 36Watt/3Amp
Max. Air flow rate: 35m³/min.

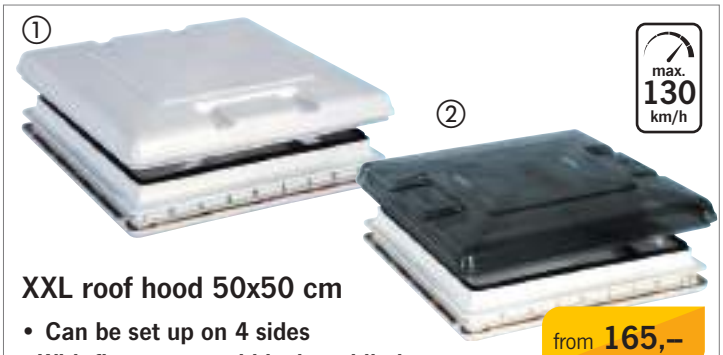
① **Kit-Turbo-Vent F Premium**
With user-friendly touch control unit and thermostat
360833 **259,–**
② **Kit-Turbo-Vent F with thermostat** **360834** **234,–**



Blackout blind for roof hoods

① **Vent blackout roller blind 40x40 cm**. For retrofitting to Fiamma Crank roof hoods 40 cm. Side grilles for continuous ventilation, housing dims. outside: 44.5x44.5 cm.
White **360271** **46,90**

② **Vent 50 flyscreen and blackout roller blind**
For retrofitting to roof hoods 50 cm. External roller blind with reflective Aluminum foil. Cold in winter and heat in summer stay outside.
External dimensions: 52x52 cm. **360911** **141,–**



XXL roof hood 50x50 cm

- **Can be set up on 4 sides**
- **With fly screen and blackout blind**
- **Made of high-quality and UV-resistant plastic.**
- **Wide overhang, therefore largely storm and rain-proof.**

from **165,–**

Technical data: Cut-out dims.: 50x50cm, external dims.: 57x57cm, roof thickness: 3-7cm, height above roof: 8.5 cm,
Inner frame dimensions: 55x55cm
Hood glass:

WINDSHIELD AND INSECT SCREEN FOR VEHICLE DOORS

Wind protection when the window is open - fresh breeze without draughts

- Ventilation even in the rain
- Material: plastic
- No whistling when the window is open
- Transparent, in smoke gray (standard) or clear
- TÜV approved/with KBA test number
- One set for driver and passenger door

Lower the window pane, insert the wind deflector diagonally and push it up. Carefully raise the windshield and check whether the fit is correct. Some vehicle types require installation with additional clamps. Also fits power windows.

REMIcare Van insect screen for sliding door and rear door

NEW

Fiat Ducato, Ford V363, Mercedes VS30

- **All around insect protection**
- **A rain deflector ensures a dry entrance area for the Fiat Ducato**
- **Ventilated camping trips, without mosquito or gnat visitation**
- **Light and air are provided**
- **Perfect closure**

To complete the all-round comfort package, door must also be protected from insects in addition to insect protection on windows. So you can enjoy pleasant, ventilated camping trips, without mosquito or gnat visitation. Even at night, you can simply open vehicle door & close insect screen door directly and nothing will stand in the way of a restful night - w/ fresh air & without annoying mosquitoes.

CARBEST

Volkswagen Caddy

CitroënSpacetourer

Mosquito nets for Volkswagen Caddy and CitroënSpacetourer

- **Easy attachment w/ elastic band or magnets**
- **Fine mesh flexible insect screen net**
- **No modification to the vehicle necessary**
- **Center door opening**
- **Zipper opening operable from inside & outside**

For right or left sliding door w/ & without glazing. Easy to attach thanks to the integrated elastic band or magnets. The tailgate net with 2 zippers can be rolled up & fixed. Net closes reliably at the bottom of the sill w/ a lead tape.

For Volkswagen Caddy

2003-2020 (short wheelbase) **2008-2020** (long wheelbase)

Sliding door opening (w/ elastic band)	**46283**	**179,–**
Backdoor	**46284**	**179,–**

Caddy Maxi 5 > 2021 (also suitable for Ford Connect 3)

Sliding door opening (with magnets)	**461336**	**219,–**
Backdoor (w/ elastic band and blind)	**461335**	**244,–**

For Citroën Spactourer/Jumper & identical vehicle types

Peugeot Traveller/Expert, Toyota Proace Verso (all > 2016), Opel Zafira Life/Vivaro C (> 2019)

Sliding door opening (with magnets)	**461334**	**186,--**
Backdoor (w/ elastic band)	**461333**	**226,--**

Mosquito nets for sliding doors, rear doors/flaps & driver's cab ffor Volkswagen Transporter

- **Fastening with elastic or Velcro and press studs, depending on type**
- **Close-meshed mosquito net**
- **UV resistant polyester fabric**
- **Flexible and soft falling**
- **With zipper and lead tape**

TIP

The mosquito net is stretched around tailgate or sliding door seal using a rubber cord or Velcro fastener or press studs & is tightly fitted at the bottom w/ lead tape. A large door with two-way zipper allows passage from the inside and outside without removing the net. The tailgate/sliding door can be closed easily. For the ride we recommend to remove the net.

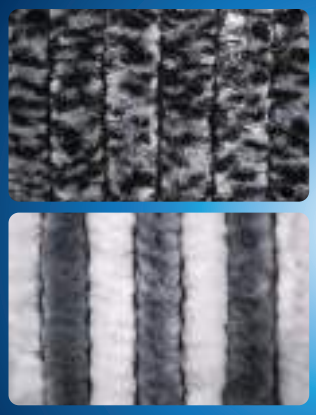
SIGHT AND INSECT PROTECTION CURTAINS

CARBEST



Extra dense chenille fleece curtains

- **Narrow fleece tapes, therefore higher density**
- **Even better protection against insects & draughts**
- **Even better protection from prying eyes**

Fleece tapes of the new fleece curtains from Carbest have a narrow diameter of 26 mm per strand. Due to higher density, they provide better protection against insects & draughts. They also ensure pleasant level of privacy & reliably prevent people from looking into vehicle.

PREM tec

darkSTAR darkening systems for Fiat Ducato X250/X290 and identical models from Citroën and Peugeot

- **Double pleated polyester with aluminum coating**
- **Infinitely adjustable**
- **Suitable for vehicles w/ & without sensor**
- **Can be used in left- and right-hand drive vehicles**
- **Frame parts made of plastic (PP) and aluminum**

This innovative blackout system protects your private area in vehicle from unwanted glances and at the same time ensures pleasant temperatures through cold & heat insulation.
The double-pleated honeycomb material ensures optimum insulation & high durability. Continuous adjustment from bottom to top enables individual lighting conditions. Suitable for vehicles with and without sensor. Can be used in both left- and right-hand drive vehicles.

HINDERMANN

Travel interior insulation mats for Volkswagen Transporter 5/6, Ford Transit, Fiat Ducato

- Protects against heat in summer & cold in winter
- Fastening with large-area quality suction cups

The travel mats are made of thermal foil coated on both sides with an aluminized polyester film. The edges are neatly edged all around. There are pull loops along the upper edges.
Incl. Suction cups with knurled screws. The insulating mats for the cab side windows are dimensioned in such a way that the outer contours are clamped by the door rubber, creating an insulating air cushion between the window mat and the window glass.

Thermal curtains Cold protection / heat protection for Fiat Ducato H2 from 2007

NEW

- Insulating Isoflex material (PVC)
- Reflection of solar radiation
- Insulation against heat and cold
- Attachment with Velcro tape on the side and top

Rear door thermal insulation with central access, H2, 1-piece	**374700**	**249,–**
Sliding door insulation with right-hand access, H2, 1-piece	**374701**	**219,–**

① One-piece rear door insulation

② One-piece rear door insulation with window cut-out

③ Two-part rear door insulation

Rear door insulation Premio

- **Effective thermal insulation in the sleeping area**
- **Protects the interior from draughts**

Material: Sandwich construction with 8 mm thick, 3-layer insulating material and a polyester velour identical to the material for the sliding door insulation and the thermal curtains for the cab.

① **One-piece rear door insulation** (high door cut-out), which is fastened from the inside along the top edge using a double row of press studs (if a wall cupboard is fitted, it is fastened from the outside). Access to the storage space underneath the bed and to the gas cylinder cabinet can be easily reached by opening 2 zippers. The open surface is held in place by a Velcro connection and the insulating effect above the bed is maintained.

No obstacle during passage despite the fly screen door being fitted

399,–

Thermal curtain/cold protection for Fiat Ducato sliding door type 250/290 >2007

- **Efficient thermal insulation and comfortable passage**
- **Perfect fit for the door cut-out**
- **Thermal curtain has a shoulder-width passageway**
- **The "flexible door" nestles up against the B-pillar**
- **Foldable, easy to stow away**

This thermal curtain is a perfect fit for the door cut-out of the Ducato, type 250/290 (model from 2007, high door cut-out and identical Peugeot andCitro-ënmodels) - universally suitable for most versions and fittings from the various vehicle manufacturers. The fly screen door can remain installed even when the sliding door is closed. The thermal curtain has shoulder-width access. The "flexible door" hugs the edge of the B-pillar, while flaps at the top and bottom ensure a tight seal.

Material: The sandwich construction is composed in exactly the same way as the thermal curtain for the driver's cab. The outward-facing aluminized polyester film does not absorb moisture, e.g. if moisture/snow falls when the sliding door is open.

Fasten along the top edge and in front of the kitchen block with a few pre-assembled press studs. A flap attached with Velcro tape ensures a tight seal between the kitchen worktop and wall unit. Fastening material and assembly instructions are included in the scope of delivery.

Color: Light grey	**373211**	**399,–**

CARBEST

Outdoor thermal cover

- **3-layer insulated PVC material with UV protection and water resistance**
- **10 mm thick insulating foam**

Luxurious window cover for the cab window. Also covers the side windows. Is hung on the side doors. A viewing window is closed with Velcro and can be opened if required. Delivery Includes packing bag.

Individuelle Türen und Kofferklappen nach Maß

Flap and door system 2000

The flap/door system 2000 consists of a powder-coated aluminum frame and a filling consisting of white smooth sheet metal (outside),
Insulation made of blue Styrofoam foam & white decorative panel made of polystyrene 1.5 mm (inside).
The aluminum frame can be made in two different colors & finishes each: Color white or silver / corners round (radius 82.5 mm).
Installation is always carried out using adhesive technology & can also be carried out w/ screw claws for wall thicknesses between 28 mm & 43 mm. Standard locking system STS/ZADI, FAWO/HSC on request. If the cut-out material of the motorhome/caravan wall is to be used, only an aluminum frame (= frame work) w/o filling can be ordered.

EXCLUSIVE PRODUCT

REIMO TOP PRICE from 15,20

Thermal conductivity value: X-Trem isolator® 0,020–0,035

Reimo X-Trem® Isolator

- **Tried and tested by REIMO for over 30 years**
- **X-Trem insulation does not absorb moisture**
- **Extremely flexible (360°), hugs the car body perfectly**
- **Does not squeak, has a deadening effect, resistant to most solvents and high temperatures**
- **Easy to process**
- **Made of closed-cell foamed polyethylene**
- **High heat insulating**
- **Extremely light**

Extremely easy to process (e.g. with a blade knife). The insulation does not tear, does not fray and does not fibre either.

X-Trem-Isolator® Classic*, ideal for walls & roofs

Color: Black. Panel size approx. 1 x 2 m, price per panel:

Thickness 5 mm	GP* 7,60/1 qm	**500020**	**15,20**

X-Trem-Isolator® noise Regulator self-adhesive sound insulation

- **Odorless**
- **Aluminum butyl, 2 mm thick, aluminum-coated**
- **Without bitumen, not mixed with petroleum or asphalt**
- **Excellent noise insulation and soundproofing**
- **Heat reflective**
- **Self-adhesive with strong surface adhesion**
- **Processing possible from 5°C.**

Temperature resistant from -30°C to +80°C
Adhesive layer covered with protective film.

Tips and tricks for vehicle insulation and interior cladding

Preparation:
Your vehicle is ready for you to begin the first steps of the insulation process. Interior claddings have been dismantled, cut-outs for later installations such as windows, sockets etc. have been made. The sides of your vehicle must be clean, dry and free from grease.

Insulation:
We recommend our X-Trem insulator for insulation. Advantages over other insulation materials: it is excellent to cut with a sharp knife. It is also flexible and can be easily adapted to the curves of the vehicle body. Other advantages: very high insulation on even at low material thicknesses (saves space and weight), closed-pored (cannot absorb water) and also flame retardant from 15 mm thickness.

First, cut a few pieces of the X-Trem insulator to the desired size. Keep in mind that if the surface is difficult to access, the insulation piece including the adhesive will have to be attached later.
Now paint the cut parts of the X-Trem isolator with single-component adhesive (Art. No. 50036) using a brush or a fine toothed spatula. Then apply the adhesive to the sidewall or ceiling with a brush.
Both surfaces must always be coated. Furthermore, the bonding must be flat so that there is no air between the vehicle sheet and the X-Trem insulator. This shifts the dew point into the insulation and thus prevents condensation. Once the adhesive has been applied, the X-Trem insulator is fitted after a drying time.

Firmly press on the X-Trem insulator at all points, as it is not the duration of the contact pressure that is decisive for the adhesive strength, but the amount of contact pressure. Proceed with the wall and ceiling in the same way. When using the X-Trem insulator on the floor, the X-Trem insulator is not glued, but only placed under the floor plate.
If you follow this advice, you will have a cooler vehicle in the summer and a warmer one in the winter, as the principle for insulation is: a lot helps a lot!!!!

Interior cladding
The purpose of the interior cladding is to cover the jagged vehicle bodywork on the inside in a way that creates a cozy atmosphere in the vehicle and at the same time conceals the insulation material between the vehicle sheet metal and the interior cladding. The cladding material must therefore be able to adapt well to the curvature of the car body.

V-Flex plate

- **Sound-absorbing and breathable**
- **Light, pleasant feel**
- **Can be cut to size**
- **Flexible**

The wood-free alternative to previously used plywood panels in interior construction. Special polyester fibers form the base material and prevent rotting.
V-FLEX is breathable and can absorb and release moisture. The material is very light and also absorbs sound.
Areas of application: e.g. wall cladding, ceiling cladding, lining of e.g. storage spaces, rear garages.
Dimensions: 2.440 x 1.300 x 2,7 mm, 950g/sqm

① **Color grey**	**51044**	**49,90**

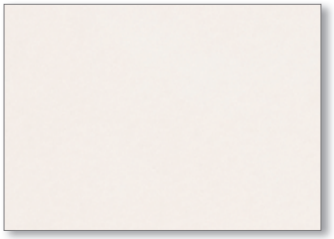
Flexaform Struktura

Dimensionally stable special fiberboard with matte grey surface, can be disposed of in an environmentally friendly manner. More suitable for vehicles than poplar plywood. Color: Pearl grey. Size 1,22 x 2,44 m **51010** **38,90**
GP* 13,07 / 1 sqm



Hybrid decor

Flexible plywood board, coated on one side, approx. 3 mm with insensitive textured surface, washable. Can be disposed of in an environmentally friendly way. Color: Rose-beige. Size 1,22 x 2,44 m **51012** **64,95**
GP* 21,82 / 1 sqm

Special 3 mm panels for interior cladding

- **Good looks**
- **Robust quality**
- **Easy care**

The purpose of the interior cladding is to cover the rugged vehicle bodywork on the inside in a way that creates a homey atmosphere in the vehicle and at the same time conceals the insulation material between the vehicle sheet metal and the interior cladding. The cladding material must therefore be able to adapt well to the curvature of the body.

ABS INTERIOR CLADDINGFiat/Ford/Mercedes/Peugeot/CitroËn/VOLKSWAGEN

Note: For Ducato/Boxer/Jumper/Movano also available in white high gloss.

Cover Plus ABS interior cladding panels - the simple construction alternative to wood or fabric

- Cladding panels adapted to the shape of the load compartment walls.
- Panelthickness:3-5mm
- Quick and easy installation
- Fastening with Easyfix tape, sealing with waterproof and food-safe sealant
- Food-safe sealant
- Ideally suited for the installation of wet rooms
- No interference with the load-bearing parts of the vehicle
- No TÜV approval necessary
- Maintenance of rear lights & vehicle parts possible without restriction
- Total load use and load volume remain the same
- Waterproof and disinfectant resistant
- Elegant interior design thanks to glossy white or grey textured ABS

SHIPPING OF WOODEN PLATES:
1/4 plates (60 x 120 cm) can be shipped without bulky goods surcharges. The shipping costs remain favorable. Whole plates (122 x 244 cm) are shipped by a forwarding agent from a minimum order quantity of 2 pieces (also mixed). This will incur increased shipping costs. It is easier and cheaper to collect whole boards from a specialist dealer. The edges of the furniture boards may show slight imperfections on delivery as a result of shipping. In this case, the customer will have to expect cutoffs on the edges in order to repair the furniture edges.

- **The tried and tested furniture system for self-builders**
- **With rounded, padded edges**
- **Protects the wooden edge, high stability**
- **Material: PVC**
- **Is hammered into the milled groove**

Padded edging 15 mm

The luggage butler for campers + panel vans

Luggage drawer for convenient loading

Luggage drawer in the California Ocean

Easy and convenient loading and unloading of your vehicle with the bed in place

- **Load capacity of 130 kg per pair**
- **Fastening covers all vehicle-specific rail spacings**
- **The frame is attached to the floor rails**
- **Special rear pull-outs for VW California Coast, VW Beach, VW Ocean, VW Multivan**

The rear pull-out makes it easier to load and unload your vehicle when the rear seat is converted into a bed and utilizes the entire remaining trunk space.
The frame of the rear pull-out is connected to the vehicle at four points. Supplied as a kit.

Scope of delivery: Including assembly and fastening material, belt eyelets, pull-out rails, base plate and assembly instructions.

Suitable for the following vehicles, for example:	Outer dimensions width x length	Standing area width x length	Art. no:	Price
VW Avantgarde VW TrioStyle with canister system	930 x 600 mm	875 x 557 mm	**50512**	**479,–**

extremely lightweight aluminum frame

Rigid single-column table frame

Sliding table top and backdrop for fold-out table top. Table rotation through360°. Longitudinal displacement approx. 215 mm, transverse displacement approx. 300 mm, weight approx. 5 kg. Color: old nickel, height 700 mm.

57161 **314,–**

Lifting table frame in black

- **Folding mechanism**
- **Simple height adjustment**
- **Fixing to the floor possible**
- **Length 60 cm, foot width 59,3 cm**
- **Load capacity up to 100 kg**

Lifting table frame in black, with folding mechanism by operating lever. Allows easy height adjustment from table to bed frame. Can also be fixed to the floor. Length: 60 cm, foot width 59,3 cm, height: 30,3 cm / 70,3 cm, weight 8,5 kg. Scope of delivery: lifting table frame (without table top), incl. floor fixation **57011** **139,–**

Height 33,5 - 71,0 cm

Two-column lifting table

Transverse and longitudinal displacement with central fixing, stroke 375 mm, adjustable from 335 mm - 710 mm, longitudinal displacement approx. 250 mm, transverse displacement approx. 230 mm

57110 **662,–**

662,–

Swivel-out table legs in 2 heights

- **Swivel-out mechanism for table extension through lower plate**
- **Subdivision of the foot for bed construction**
- **Color: silver + anthracite**

Height to lower edge of upper tabletop 700 mm, locking point at 0°, 135°, 180°, 225° Silver
57163 **118,50** Anthracite
57183 **118,50**

Height to lower edge of upper tabletop 756 mm, locking point at 0° Silver **57162** **118,50**
Anthracite **57184** **118,50**

① Lifting table frame

Folding mechanism. Height 30 - 70 cm. Simple height adjustment. Length: 60 cm, foot width: 60 cm.

Light grey	**57060**	**227,–**
Brown	**570600**	**227,–**

Length: 75 cm, foot width: 60 cm.

Light grey	**57062**	**228,50**
Brown	**570620**	**228,50**
Anthracite	**570621**	**228,50**

② Table extension fitting

The extendable fitting can be used to hold fold-out tabletops. When the tabletop is folded in, the fitting can be pushed back in. Aluminum, bronze anodized and black plastic,
length: 250 mm **57025** **10,95**

③ Height extension

Level compensation up to approx. 8 cm per set.
Brown **570650** **27,90**

④ Locking device for lifting table frame

Prevents the table from slipping.

Light grey	**57066**	**31,50**

⑥ Pressure spring for metal lift table frame Spare part **570690** **19,95**

LIFTING TABLE FRAMES

Small footplate
Large base plate
Stepless lowering
Height-adjustable, gas spring supported
Swivel base
Tabletop displacement
Can be screwed together

Height 35,0 - 71,0 cm

Single-column lifting table Primero Comfort HVD

Color: silver-grey Stepless height adjustment from 350-710 mm, with plate adjustment, swivel base, can be screwed together. Weight: 12,3 kg

570861 **539,50**

Height 34,5 - 70,5 cm

Single-column lifting table Primero Comfort HVK

Color: silver grey
Infinitely variable height adjustment from 345-705 mm, with panel - rigid sliding, can be screwed together.
Weight: 10,9 kg

570860 **463,50**

Height 32,5 - 68,5 cm

Single-column lifting table Primero Comfort HSK

Color: silver grey
Stepless height adjustment from 325-685 mm. Can be screwed to the base. Incl. swivel fitting.
Weight: approx. 9,5 kg

570862 **333,–**

Height 33,7 - 70 cm

Single-column lifting table Catch

Color: Anthracite
Stepless height adjustment from 337-700 mm. Freestanding. Incl. swivel fitting.
Weight: approx. 13,4 kg

57128 **499,–**

Single-column lifting table Primero Comfort HPK

Color: silver-grey Stepless height adjustment from 310-670 mm, can be screwed together. Weight: 7,7 kg

570850 **304,–**

Single-column lifting table Primero Comfort HPG

Color: silver grey
Stepless height adjustment from 315-675 mm, free-standing. Weight: 13,3 kg

570851 **377,–**

Single-column lifting table Catch

Color: Anthracite
Stepless height adjustment from 310-670 mm, free-standing. Weight: 13,6 kg

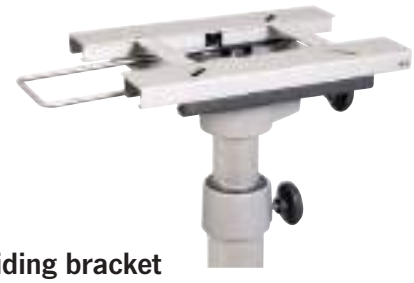
57127 **360,–**

① **VAN wall-mounted folding table**, height-adjustable
600x460 mm **57003** **358,–**

② **Foldable table leg** anodized aluminium,
height: 721 mm **57004** **47,–**

Sliding bracket

suitable for table column 57138, 57044, 57046.
57137 **66,50**



Sliding bracket

not suitable for table column 57191.One-handed operation, dimensions: 350 x 251 mm
57040 **119,–**

Table frame Peugeot /Citroënfloor rail or airline floor rail

- **Quick assembly by rotating the table column**
- **Freestanding**
- **With rotatable and separable plastic carrier**

Table frame for floor rail, height 700 mm, table column (Ø60 mm) made of aluminium, anodized, ribbed. With rotatable and separable plastic support (diameter 190 mm). The table column can be removed from the floor rail by rotating it. Consists of table frame with plastic support. Total height with airline adapter 695 mm. Optional wall mounting (item no. 571915) available.

Table frame for airline floor rail
57169 **208,–**

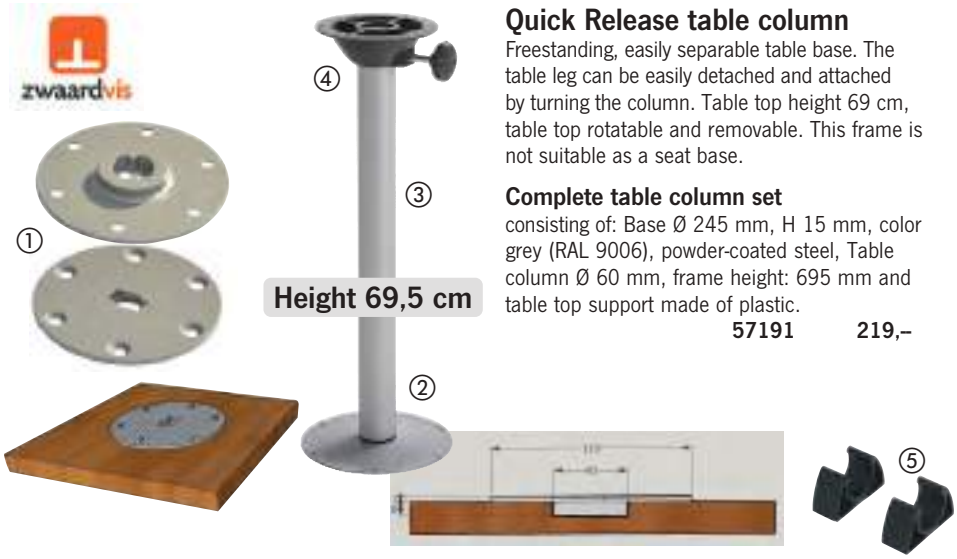
Table frame for Peugeot andCitroënfloor rail
57170 **195,–**

① Table column

for large table tops with swivel table support and anodized screw-on rosette on the base. Very stable, column Ø approx. 60 mm. Height approx. 67 cm
57044 **179,–**

② Retractable table column

Height adjustment by gas pressure damper from approx. 36,5 - 70,5 cm. Column Ø approx. 60 mm. Swivel table top support, for large table tops. Column goes approx. 12 cm through the floor
57046 **296,–**



Quick Release table column

Freestanding, easily separable table base. The table leg can be easily detached and attached by turning the column. Table top height 69 cm, table top rotatable and removable. This frame is not suitable as a seat base.

Complete table column set
consisting of: Base Ø 245 mm, H 15 mm, color grey (RAL 9006), powder-coated steel, Table column Ø 60 mm, frame height: 695 mm and table top support made of plastic.
57191 **219,–**

Freely configurable table column

① **Base** Ø110 mm, visible plate only 3 mm high. Closure Ø 40 mm. Total installation depth of only 8 mm. Powder-coated steel
571914 **31,30**

Base Ø 245 mm, H 15 mm, powder-coated steel

② Grey (RAL 9006) **571912** **59,–**
Black (RAL 9005) **571913** **59,–**

③ **Table column**, anodized aluminum, ribbed, Ø 60 mm, not height-adjustable, L 680 mm
571911 **77,50**

④ **Table top holder,** rotatable and removable, gray plastic. **571910** **71,–**

⑤ **Wall mounting clamp,** for Ø 60 mm column, plastic, black. Scope of delivery: 1 piece. Note: We recommend 2 pieces for mounting. **571915** **25,–**

System rails and accessories - a secure hold for your equipment

Professional, high security, system rails for walls, corners and on the floor, light and compact, easy handling, high lashing strength, versatile accessories.

FOR A LONG CAR LIFE - AUTOMOBILE UPHOLSTERY FABRICS

Original automotive upholstery fabrics

meet the highest automotive-specific requirements defined by vehicle manufacturers for passenger cars and commercial vehicles, e.g:
Extremely high abrasion resistance, high light resistance and low flammability.

Easy to clean. These properties make these materials particularly suitable for continuous use and high loads, such as those that occur in a motorhome for everyday use.

Standard upholstery fabrics for Volkswagen - for a long car life

Fleece disk Ø 35 mm, 50 pieces	GP* 0,60/ 1 piece	563254	29,90

Velcro tapes

Consisting of rough adhesive tape and soft fleece tape. For joining different materials. REIMO recommends heat-resistant Velcro tape on sheet metal in vehicles. Single adhesive tapes are good for holding somewhat rougher upholstery fabrics on seat boxes. Normally, Velcro tapes are stapled to the substrate. For metal sheets and hard surfaces, use self-adhesive Velcro tape. Curtains can be gathered with the special Velcro tape, for example.

⑥ Seat cushion (non-extendable) with 2-piece headrest cover **59707** **610,--**

Universal belt support for flex. installation

Modular belt trestle for 2 persons with integrated three-point belts and Isofix mounts, expandable with tested headrests. For better seating comfort, the backrest can be mounted at a slight angle. An elevation kit is included for vehicles with a height difference to the cab or platform.

The belt buck is installed in the vehicle by means of three aluminum rails and can therefore be easily removed again if necessary. The aluminum rails are glued to the vehicle floor and additionally bolted at the rear. Elevation kit and installation kit are incl. in scope of delivery.

An ECE R14.07 (seat belt anchorages), ECE R17 (seat strength) and ECE R16 test certificate is included. It documents the test in the Ford Transit and refers to the fact that the tests can be transferred to other vehicles. (''the results are representative also for other types of vehicles'').

We recommend prior clarification of the installation situation with responsible TÜV.

① 3-point belt trestle 900 mm, steel, with adjustable backrest in 3 positions

Scope of delivery: Seat belt support, 2 three-point seat belts, Isofix brackets, backrest with bracket for headrests, elevation kit for add. 120 mm height, installation kit with 3x aluminum profiles (length 1250 mm each), fastening material for profiles & adhesive

Mounting set for water tanks

Secure mounting.
Load capacity 150 kg per belt.
5 m steel tension belt,
Plastic coated.
With height adjustment, non-slip.

61202 **23,50**

Bottom outlet for water tanks

Drainage nozzle

for easy, quick emptying of the tank, e.g. in winter. Prevents frost damage. Plastic with silicone seals, is inserted through a hole in the tank and fastened with hexagon nuts on both sides. 1" thread.
H x W x D: app. 115 x 53 x 110 mm, 94 g.

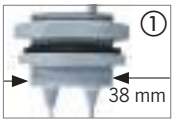
61188 **16,90**

Drain plug hinged bung for fresh water tanks

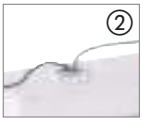
Bottom plug for many fresh water tanks.
Series at ADRIA. Is inserted into the drain hole and by tilting 90° the plug tightens and seals. Plug diameter unclamped: app. 18 mm. (Not suitable for 61188) **A0820160** **19,50**

Votronic Tank probes

Detail view Electrode K



Detail view Electrode K-FL



① Tank electrode 15-50K for fresh, waste and holding tanks

For tank heights from 15-50 cm. Electrode can be shortened. Insensitive to dirt and deposits. Capacitive measuring method. For plastic and metal tanks. Mounting Ø 38 mm. Screw-in connection w/ practical double thread. Only 3-wire cable required for connection between electrode & display.

IP 67 **801204** **70,60**

② Tank electrode 30-110K-FL for fresh & waste water tanks

flexible electrode for tank heights from 30 to 110 cm. Approved according to drinking water regulation DIN 2001-2. Capacitive measuring method. For plastic and metal tanks. Mounting possible from outside or inside the tank.

801205 **78,90**

③ Faeces tank electrode 20 K-WC

Tank electrode for WC cassette tanks with dirt-resistant measuring method. Including mounting ring for mounting hole Ø 38 mm, sealing ring, plug, socket & screws. Waterproof and particularly robust.

IP67 **801206** **118,40**

Rubber tank sensors for various display panels e.g. from REIMO, Votronic or Schaudt.

10 piece **80008** **24,10**

WASTEWATER TANK CLEANING, ANTIFREEZE & TANK HEATERS

Waste water tank cleaning

① **Pury Clean**

Very efficient concentrate: cleans & disinfects waste water tanks & hoses w/ active oxygen. Eliminates unpleasant odors. Independently removes most types of debris.

500 ml GP*45,80/ 1 Liter **61282** **22,90**
Warning: H319

② **Certinox SchleimEx cse 100 P, Powder for 100 l**

For sewage systems. Active oxygen & biodegradable grease solvent.

250 g GP* 64,00 / 1 kg **61322** **16,–**
Danger: H314, H290, H302

Antifreeze

① **MultiNox FrostEx 2500/5000** Protects against frost damage & re-germination of drinking water systems. Glycol-free.

5000 5.0 l for 15.0 l antifreeze GP *9,79 / 1 Liter **61289** **48,95**

② **Anti-freeze concentrate Aqua Frozt** Protects fresh water, drinking water & toilet systems from freezing. Saves draining. Reusable. Economical & easy to use (40% antifreeze & 60% water: results in antifreeze protection down to -21°C).

2 liters GP* 19,48 / 1 Liter **61280** **38,95**
5 Liter GP* 12,50 / 1 Liter **612801** **62,50**

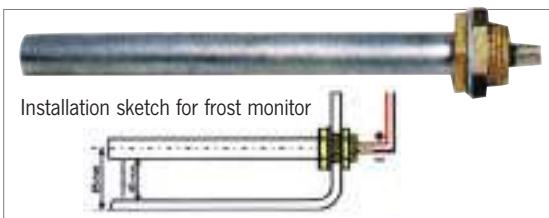
③ **Winter Ban Antifreeze** For drinking and fresh water systems. Also prevents corrosion and algae growth. For plastic, brass or copper lines. Non-toxic, odorless and tasteless. Protects undiluted down to -45 °C, can be diluted with water. Contains propylene glycol.

3.78 liters GP* 7,92 / 1 Liter **62410** **29,95**
Warning: H319

④ **Rabbafrost antifreeze concentrate** Highly effective antifreeze concentrate for all types of chemical toilet systems, water supply systems, for use in caravans, motorhomes, boats, coaches, large tanks, etc. Protects down to -30°C.

5 liters GP* 3,98 / 1 Liter **61272** **19,90**
Warning: H319

Tank heaters - prevents freezing of the water system during winter operation



Frost monitor

Prevents freezing of water tanks up to over 40 liters & down to -25°C. A thermostat switches on the electric tank heater when temp. falls below +5°C. 12 V, app. 4 A.
Technical data: 30 W when heating up, reverse polarity protection, built-in thermostat with dry and overheating protection, bore Ø 26 mm, thread length 16 mm, connection with 2 flat plugs, length 200 mm, Ø 18 mm, 290 g, E1 certified **61230** **79,90**

ASS heating tape

- **Ideal accessories for winter campers**
- **The solution for frozen pipes**
- **Low battery consumption (70W)**
- **Connection to the cigarette lighter**

The ASS heating tape is wrapped around the pipe or valve. For frozen pipes, thawing time can be between 5-60 minutes (depending on pipe length & diameter). Dimensions: WxL: 60x1700mm, weight 130g.
Technical data: Voltage 12V, current consumption 5.8A, Cigarette lighter plug with 8A fuse.

61231 **84,95**

Mobile heating cable for frost protection of pipes

- **Cold protection for non-insulated plastic pipe with a Ø of 32 mm up to -30 degrees**
- **Mobile heating cable w/ ready mounted plug**
- **Heating cable self-regulating, according to the ambient temperature**
- **Can not overheat**
- **Internal or external mounting possible for insulated pipes**
- **PVC-free, therefore well suited for drinking water pipes**

Danger: H412

Use biocidal products with care. Always read the label and product information before use. BAUA No. N-102002. Further information: www.reimo.com

For germs, your fresh water tank is like a big swimming pool - jump in and feel good. After just a few hours, bacteria & co. multiply many times over. You can usually recognize this by a slimy film on inside of your fresh water tank or in your pipes. This biofilm offers bacteria optimal living conditions to multiply and at the same time protects you from external influences. It is therefore advisable to prevent biofilm from forming in the first place, thus depriving bacteria & co. of any basis for life and effectively combating possible pathogens.

Silvertex for automatic water conservation

Attention

- Effective protection against germination of water - self-dosing
- Flexible material - fits through almost any tank opening
- Automatic dosing with every tank filling
- Preserves up to 50,000 L. through pure silver ions
- Suitable for plastic and stainless steel tanks
- Product change recommended 1x per year

BAUA-No. N-108213

Alb Filter Flextube filling hose

For refueling fresh water. Extendable up to 5m. Incl. Bag that protects the hose from soiling. The Flextube is also easy to stow away.

Flextube	**61529**	**91,50**

Alb MOBILE: The Portable

With the Alb Filter Mobil sets, you can turn even taps with unclear water quality into drinking water dispensers. The ideal companion for your trip. Filters your water directly from the source before it enters the tank. All mobile filters are supplied including the GEKA quick connector.

Mobil Active, color titanium	**61501**	**149,90**
Mobil Nano, color titanium	**61502**	**179,90**
Mob. Fusion*, color titanium	**61503**	**299,90**

*Mobil Fusion = Set consisting of two filter housings and Active & Nano cartridges. Mobil Fusion incl. case. Fig. shows Alb Mobil Active.

Alb PROTECT: Protection against coarse

The Alb Protect is a pre-filter for filtering large dirt particles that could possibly clog the subsequent filters. The Protect filter housing is screwed onto the existing housing. Incl. Filter pads.

Protect, color titanium	**61507**	**49,90**

Suitable for all Alb MOBIL and Alb TRAVEL

Alb TRAVEL: The fixed

By installing the Alb Filter Travel behind the (fixed) water tank, this solution offers best protection against contamination & germs directly before removal.

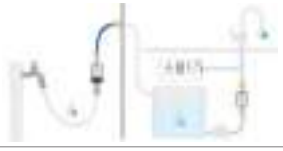
Travel Active, stainless steel	**61533**	**169,90**
Travel Nano, stainless steel	**61534**	**199,90**
Travel Fusion, stainless steel* incl. wall bracket	**61535**	**319,90**

*Travel Fusion stainless steel = Set consisting of 2 filter housings & Active & Nano cartridges. Fusion set incl. wall bracket. Fig. shows Alb Travel Active.

Alb PRO CAMPER: All in One Set

This set combines all 3 filter systems. Filter stage 1 & 2 consists of MOBIL ACTIVE filter and PROTECT pre-filter. Filter stage 2 consists of the TRAVEL NANO fixed filter.

Pro Camper Set, stainless steel	**61536**	**349,90**



Filter cartridge Active | Filter cartridge Nano | Filter cartridges Active + Nano = Fusion | Protect filter pad

The filter cartridges

Nano as a germ barrier protects against microorganisms. With a permeability of less than 0.1 µm, even germs & bacteria cannot get through.
Active with activated carbon core is able to filter chlorine, organic and medicinal pollutants, pesticides and solvents.
Protect retains fine particles from the water with a permeability of 40µm and protects the tank system and subsequent cartridges.

Replacement cartridges and filter pads

For the filters and filter sets here are the right cartridges.
Following replacement intervals are recommended:
Nano after app. 3000 - 5000 l or every 4 months.
Active after app. 3000 - 5000 l or every 4 months.
Fusion after app. 3000 - 7000 l or every 4 - 6 months.

Nano replacement cartridge	**61509**	**59,90**
Active replacement cartridge	**61510**	**25,90**

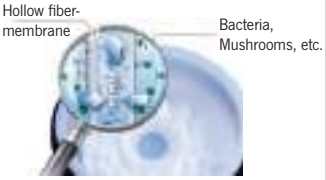
NEW: ③ **Adhesive Buddy** magnetic pad for the magnetic holder, for sticking to non-magnetic surfaces	**65419**	**9,90**
Replacement activated charcoal filter	**65315**	**14,90**
Replacement PP filter element	**65317**	**10,90**



*Depending on raw water quality
Filter change recommended after 6 months

Filling & Inline Filter FIE-100

FIE-100 filling & inline filter is a compact, sterile filtration system that removes pathogens such as bacteria, fungi, etc. to almost 100% purely by physical means, thus guaranteeing hygienically perfect water. It is ideal for filling/fueling fresh water tank at home and on the road (Gardena® compatible connections), as well as for installation in front of a faucet.

Technical data:
Bacteriological retention: >99.9999%, filter fineness: 0.1µm absolute (0.0001mm), capacity: app. 2000 to 5000 liters*, water pressure: max. 6.3 bar, dims.: 200 x 60mm (L x Ø), flow rate: app. 7 liters/min at 3 bar

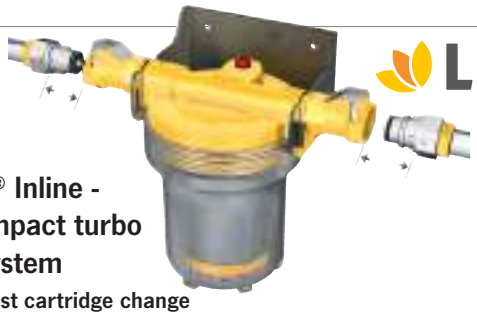
Filling & Inline Filters	**65353**	**145,–**
Filter change set	**653530**	**64,–**

Aqua Clean water filter filter set

Complete filter system w/ activated carbon filter cartridge
For sterilization and taste improvement. Very robust 5" housing w/ activated carbon filter (s. replacement filter cartridge for descr.). Long life, mounting in hose assembly (10 mm to 13 mm). Practical wall mounting.
65320 **91,90**

Sediment replacement filter cartridge
For about 5000 liters, filters sand, rust, metals and all small particles from the water. Ideal as a pre-filter. Temperature range from 0 to 74°C, flow rate approx. 19 l/min. Made of polypropylene fibers. Nominal filter unit: 5 microns. **65321** **27,30**

Activated carbon replacement filter cartridge
For app. 5000 liters, filters sediments from water & removes bad odor, chlorine & other chemicals. Temp. range from 0-52°C, flow rate app. 9.5 l/min. Made of cellulose w/ impregnated activated carbon. Nominal filter unit: 5 microns. **65322** **31,50**



LILIE

Certec® Inline - the compact turbo filter system

- **Superfast cartridge change**
- **Compact, easy to use and reliable**
- **Has a special antiseptic and antibacterial effect**
- **Hhighest possible flow rate with minimized Pressure loss**
- **Very high germ protection and extremely high filter performance**
- **Special activated carbon from organic coconut**
- **Integrated venting function**
- **Trinking water certified**

Complete set consisting of housing, cartridge 6in1, holder, 2 x LILIE-Push-and-Connect valve adapter & quick coupling, cardboard box & instructions. Dims.: H325 x W183 x D121 mm. Weight: 1245 g
65430 **199,90**

Bracket
Robust, made of stainless steel, dims.: H130 x W75 x D90 mm. Weight 340 g
65433 **29,--**

Housing, Compact, easy to operate, reliable, highest possible flow rate, minimized pressure loss. Max. Inlet pressure 7.6 bar, maximum possible flow rate 14 liters/min. H160 x W120 x D120 mm, 700 g
65432 **79,--**

Cartridge 6in1
Extremely high filtration capacity, special activated carbon made from organic coconut, extremely high molecular sieving, unique germination. Filter medium & mode of action: Certec®ceramic, Bioelectro-Depot+, Self-regulating, High flow rate w/ 14 l/min. Germicidal: retention value 0.3 µm. Service life 15,000 l or 6 months. Dims.: H125 x W70 x D70 mm. Weight: 325 g **65431** **69,--**

LILIE push-and-connect valve adapter and quick coupling
High internal diameter, ideally matched to LILIE TWSWG, quick & easy installation, long-term high & reliable sealing at high flow rates. Connection for hoses with inner Ø of 10 mm. Pressure resistant & tight up to 5 bar. Dims.: Quick coupling: H82 x W33 x D18 mm, 15 g. Valve adapter: H74 x W34 x D34 mm, 15 g. Connection 10 mm / ½"-IG **65434** **13,50**

Drinking water: Many diseases & infections are transmitted through drinking water. When traveling, there is a risk of ingesting contaminated water. This often happens unconsciously, e.g. through toothbrush water. Smallest amounts are enough to become infected. Most common pathogens are bacteria, which can cause intestinal infections, influenza (flu), salmonella, but also cholera or thyphoid fever. Various methods are suitable for water treatment:

1. **Boiling** | Costly and energy-intensive, as water must be at least . should cook for 10 min. In addition, boiled water becomes contaminated again relatively quickly.
2. **Silver** | By adding small amounts of silver, germs & bacterial coatings are inactivated. Excellent preservation is obtained. Silver-based sterilizers are tasteless and store well. Effect after about 1 hour.
3. **Silver & Chlorine** | By combining the two components you achieve an even higher protection, because chlorine kills bacteria / germs. Unfortunately, this combination is not completely tasteless.
4. **Mechanical** | Water filters disinfect water easily and quickly. Depending on the type of filter, turbidity and germs are filtered. Depending on the application, the appropriate type of filter should be selected:

Activated carbon filters reduce toxins such as pesticides. Ceramic filters pass the water through a porous ceramic, which (enriched with silver) prevents the germination of bacteria. Filters with UV lamps destroy the DNA of microorganisms.

Optimum filter results are achieved by combining different filter methods.

GP* = Base price per specified unit

ALDE AquaClear UV-C LED / Carbon Filter Set

- **Double filter system consisting of UV-C disinfection & carbon filter**
- **For mounting on 12 mm pipe system or 10mm water hose.**
- **Suitable for pressure pumps & submersible pumps.**
- **Set 65511 can be connected to Alde Compact 3030 - information about filter then appears in display of the heater.**

Alde AquaClear UV-C compact water purification system. Disinfection is based on UVC light with latest UVC LED technology, and the product neutralizes about 99% of microorganisms at water flows (up to 4 liters/min). Pressure drop across AquaClear is up to 0.9 bar, which is why a fresh water pump with a pressure of at least 2 bar is recommended.

Alde AquaClear is approved for drinking water according to EU requirements. The service life is app. 70$^{m3\ of}$ water or an operating time of app. 300 hours. With a use of app. 20 min/day, the service life is thus app. 900 days. The Alde Carbon filter should be changed once a year.
When AquaClear is connected to Alde Compact 3030, the number of hours is displayed on control panel.

myclean® water water filter

myclean®water

- **With the innovative quick couplings of the installation set, the filter can be changed quickly and easily - withoutgetting it wet.**
- **The filling set filters microorganisms, before they can enter the water system of the mobile travel companion. Practical for Gardena®connections.**
- **Combination of built-in and filling filter sets offers maximum safety.**

straight connections

angled connections

The reliable filter for pure fresh water on tour
easydrivermyclean®waterfights microorganisms such as bacteria, pseudomonads, legionella, fungi & protozoa. The safe filter ensures a bacteria retention of 99.99999 % due to its microfine membrane. For pure drinking water & pure refreshment. Tested according to ASTM F838-20 standard.
Here's how: Connect the filter to the piping system or the end of the filling hose, depending on the set. Then it's just: water march! easydrivermyclean® waterdoes the rest. After one camping season (or after 12 months), only the filter cartridge needs to be replaced - housing can continue to be used.
Truly sustainable: Our clever cartridge system reduces plastic waste by 80%.

④ **Wall mounting** for filter housing. Material: Stainless steel. Weight: 160 g
65506 **19,90**

VARIO filter

Katadyn VARIO water filtration system

It is small and light, but brings a lot of power. Fast preparation of up to 2 l/min is no problem with the Dual Piston technology. Optionally, 2 l/min can be filtered in "Faster Flow" mode or 1 l/min in "Longer Life" mode. This activates a ceramic pre-filter that extends life of the fiberglass filter in more polluted water. The water passes through three stages of filtration to eliminate all harmful ingredients. Odors & chemicals are reduced by activated carbon, the ceramic pre-filter removes particles & suspended matter & glass fiber filter retains bacteria and protozoa. The result: fresh, great-tasting water.

CITY WATER CONNECTIONS, FILLER NECK, WATER, DIESEL, ACCESSORIES

City water connections - feeding from the public water network

They are suitable for pressurized water systems in motorhomes, caravans or boats. The feed is to the existing water system, reducing the city water pressure at the feed point. The pressure pump is also a check valve to prevent water from flowing into the tank.

City water regulator
Reduces the inlet pressure. With integrated backflow preventer. Inlet pressure: up to 10 bar, flow pressure: 1 bar, idle pressure: 1.5 bar, connection: barbed fitting for water coupling 1/2"
63216 **45,90**

Variant supply flap
External connection for external water supply w/ cylinder lock.
Outlet pressure 0.7 bar is not exceeded by city water regulator. Inlet pressure: up to 10 bar, closing pressure: 1.5 bar. Cutout: 155 x 65 mm, installation depth: 360 mm.
63215 **78,90**

City connection COLORADO
With pressure reducer to 1.4 bar outlet pressure & 2 bar closing pressure. Connection via Gardena® plug-in coupling. Installation dim.: 157 x 67 mm.
63230 **93,90**

COLORADO PLUS
As COLORADO, but with additional solenoid valve. Disconnects the connection from pressure network when not in use. Installation dim.: 157 x 67 mm
63218 **185,--**

Alb Entry - Filling adapter with filter

NEW

The adapter is designed for all common filler necks. It can also be installed as a filter between two hoses. The Entry serves as a filling aid and pre-filter. The filter pad has a pore size of 40 µm and retains suspended particles, sediment, sand, microplastics and other particles from the water. The set includes two adapters for filler necks with 3-pin - 67 and 77 mm.

5-chamber pressure pumps - Smart series

5-chamber smart sensor diaphragm pump. Very high, variably adjusted conveying capacity. The water pressure is sampled via an integrated "SmartSensor". the signals are passed on to the intelligent microprocessor-controlled electronics, which control the motor speed and the flow rate. The required amount of water is dosed exactly as needed. The pump starts very quietly and does not splash. Protection against moisture, overvoltage and undervoltage. Backflow protection up to 20 bar. Connection with quick fittings on ½" male thread (included).

⑥ **18.9 l/min, 5.2 bar -** Max. Suction heights 3.9 m. 12V. Max. 10.0 A, Dims.: L 260 x W 123 x H 145 mm Weight 3.27 kg.

620560 **99,90**

④ 5-chamber pressure water pump - 18.9 l/min, 4.2 bar
Self-priming. Connection via ½" external thread incl. filter and hose adapter. App. dims.: L 203 x W 130 x H 111 mm, 12 V, 7.5 A (max. 17.0 A).
620561 **139,--**

Self-priming pressurized water pumps

WM aquatec

4-chamber pump - 11.6 l
Solid rubber anti-vibration feet. Up to 4 m suction height. 12V. Max. 11.6 l/min. Cut-off pressure: 2.4 bar (adjustable from 1.2 to 6.9 bar). 2.7 A (max. 7.5 A). Water connections: 12 / 13 mm hose nozzle (1 x straight, 1x angled). L 203 x W 125 x H 111 mm
62980 **129,–**

Flojet - 12,5 l
CE
4-chamber diaphragm pump, absolutely dry-running safe. With 2 quick connect couplings for 10/12 mm hose. 12.5 l/min at 0.5 bar. Max. 2.5 bar. Ideal for TRUMA boilers. L 208 x W 160 x H 95 mm.
24 V **62013** **259,–**

FIAMMA

Aqua 8F
4-chamber pump with unscrewable filter, adjustable pressure switch (except 13 l version), max. delivery head 5 m, 12 V, KTW-tested.

7 l/min, switch-on pressure 1.5 bar, 1.4 A, 50 dB, 1.3 kg
620118 **130,–**

10 l/min, switch-on pressure 1.8 bar, 3.0 A, 55 dB, 1.3 kg
620119 **132,–**

13 l/min, switch-on pressure 2.2 bar, 2.4 A, 50 dB, 2.2 kg
620120 **168,–**

BI-Comet - 5,5 l
Double chamber diaphragm pump. 1.4 bar. 1,5-3 A. Self-priming up to 1.5 m. Connection 10 mm. L 130 x W 155 x H 80 mm.
62015 **121,–**

Pressure equalization vessels

Fiamma expansion tank
Pressure is preset to 0.9 bar and can be increased w/ a compressor/pump.
Dims: H 234 x W 154 x D 98 mm.
Connection for 10-12 mm hose.
440668 **53,60**

Shurflo expansion tank
Pressure is preset to 1.4 bar and can be adjusted w/ a bicycle pump can be increased up to max. 8.6 bar.
Dims.: H 226 x W 103 x D 95 mm.
Supplied without connection nipple.
E10255 **71,90**

Carbest expansion tank
Pressure is preset to 1.2 bar and can be increased to max. 8.6 bar. Volume 0,75 l.
Dims.: H 200 x W 123 x D 114 mm.
Incl. Hose connection nipple.
650142 **22,90**

Pressure compensation vessel
Plastic. Uniform water flow. Prevents unnecessary on/off switching. Reduces water consumption and increases pump life.
Max. 5 bar. **65011** **23,90**

SUBMERSIBLE PUMPS / WATER PUMPS & ACCESSORIES

REIMO TOP PRICE 16,90

Submersible pump 12 l

Height saving
Side port
of the hose.
For hose
from 10-12 mm.
0.6 bar, 18-24 W.
Pump Ø 48 mm

62016 **16,90**
62016L

Bilge pump Piranha 25 l

12 V pump for fresh, salt and dirty water. Good conveying capacity even at heights of 5 m. Current consumption of max. 1.7 A.
Ø 19 mm **62044** **39,90**

COMET

Pump dry run protection

for pumps with 12-45 Watt power. Detects prolonged "dry running" of the pump and shuts it down. Thus prevents overheating. Technical data: 8.0-14.4 V, fuse protection: 2.5 A, W x H x D 113 x 31 x 63 mm

62047 **64,90**

Adapter from 12 mm pipe on hose

REICH WATER SOLUTIONS

Adapter with
12 mm connection
to 10 mm hose,
with check valve,
62065 **11,90**
62065L
on 12 mm hose, without check valve
650569 **5,90**
on 10 mm hose, without check valve,

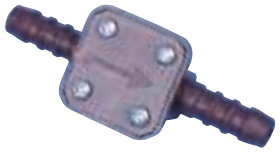
WATER PUMP AND CONNECTION ACCESSORIES

Check valves - Prevent the water from flowing back in the water pipe.

Check valve
Narrow check valve
with hose connection 10 mm.
E089 **7,90**

Check valve brass
Max. pressure 10 bar. With brass housing, hose connection 10 mm.
65307 **11,90**



Check valve plastic
Hose connection 10 mm.
65300 **12,90**

Check valve
With threaded nozzle, hose connection 10 and 12 mm.
65081 **9,90**

Check valve
Hose connection 10 and 12 mm.
650669 **9,50**

Large Non-return valve
Robust design, hose connection 12 mm. Max. pressure 5.6 bar.
65304 **31,90**

Pump accessories

for REICH submersible pumps

Strainer for submersible pumps
Prevents dirt from entering the pump. **62026** **5,25**

Rubber bushing
for cables. Inner Ø 5 mm.
Hole size for bore 10 mm.
62033 **0,50**

Pressure switch for submersible pumps - More powerful submersible pumps can thus be used as automatic pumps.

Pressure switch 0.4 bar
Diaphragm switch with non-return valve, max. 15 A.
Hose connection Ø 10 or 12 mm

10 mm	**62030**	**22,90**
10 mm	***62030L***	
for Uniquick Ø 12 mm	**620301**	**23,90**

Pressure switch 1.0 bar
Diaphragm switch w/ non-return valve, switching cap. max. 15 A, hose nozzle Ø 10 or 12 mm.

10 mm	**62014**	**22,90**
for Uniquick Ø 12 mm	**620141**	**22,90**

Universal water filter - For installation in hose line and on pump.

Fine filter - Screw-on transparent lid
Filter complete, Hose connection 10 and 12 mm.
65305 **14,90**
Filter element, Spare part
653051 **6,90**

Filter - with screw-on housing
Hose connection 10 mm.
65301 **12,20**

Pump pre-filter with wing nut
1/2" male thread x 1/2" female thread.
For screwing onto the suction side of the pressure pump. Fine-mesh, stainless steel strainer prevents damage to the pump and water system. The screw-on, transparent filter cup allows easy cleaning and is suitable for drinking water. The wing nut facilitates installation so filter remains movable even after installation. Weight: 54 g.
E0088 **9,90**

PlasticFilter - with transparent housing
For large pumps
Hose connection 12 mm or 1/2" male thread.
65302 **16,50**

Pressure pump pre-filter
Filter with
Outlet 1/2" male.
Inlet 1/2" female thread.
62046 **11,90**
62046L

Foot switch
to switch the pump on and off. The attachment is made to the floor.
Dimensions: 60 x 45 x 32 mm.
62039 **7,60**

Accessories for electrical connection of pumps -battery box
For the compact water system.
To accommodate 2 x 6 V block batteries. 1m connection cable, incorrect insertion of battery impossible. Dimensions: 155 x 70 x 110 mm. Without batteries.
81340 **11,99**

Matching block battery 6 V.
With 2 batteries in a row (in series) you have 12 V.
81339 **6,25**

Boiler-connection pluggable
Hot water outlet.
E.g. for Truma Combi heater.
10 mm hose **721802** **21,90**

Boiler connection pluggable
Cold water connection.
E.g. for boiler inlet to Truma Combi heater.
10 mm hose **72180** **21,90**

Boiler connection screwable
Hot water outlet with check valve and vent hose 0.5 m.
10 mm hose **E060** **14,90**

Boiler connection screwable
Cold water inlet
10 mm hose **73064** **12,50**

Pluggable 12 mm pipe system for fresh water

- Quick assembly by inserting pipe into the fittings
- The connections detachable and reusable
- Exact laying without water pockets, thus reducing the risk of not draining completely during frost minimized
- Installation w/o. kinks, for optimum protection
- 100 % tight up to a pressure of 6 bar at 80° C
- Frost-resistant, food-safe PE pipe, outer Ø 12 mm
- All connectors incl. retaining rings

Adapter 12 / 14
from UniQuick 12 mm on UniQuick 14 mm
65076 **10,95**

Fuse
Safety clips, 5 pieces, as a replacement
65083 **7,60**

Pluggable fresh water pipe system 12 mm

- Plug-in system, quick assembly
- Connections are detachable and reusable
- Food safe
- Clean installation with optimal protection
- 100 % tight up to a pressure of 12 bar at 23° C
- Polyethylene water pipe, outer Ø 12 mm
- All connectors with safety clips against accidental loosening
- No cumbersome handling with hose clamps

Connector 1/2" IT
Ø 12 **650011** **4,95**

Hot water pipe
up to 12 bar. Bending radius max 85 mm.
5 m
Ø 12 **6500320** **7,95**

Cable tie
For quick attachment of hoses or cables. Plastics, assorted colors.
200 x 3.5 mm, 100 pcs. **810780** **3,90**

Accessories for CARBEST, Speedfit and UniQuick tube systems with Ø 12 mm

Safety valve
Opens at 2.8 bar.
Also as a drain valve.
Ø 12 **E3054** **40,95**

Truma Frost Control
Safety valve w/ connections for 12 mm pipe systems. Temperature-controlled, currentless valve to protect against frost damage Ø 12
Ø 12 **721808** **179,--**

Pressureswitch
With check valve.
Switching cap. 15 A.
Connection Ø 12 mm
Switching pressure 0.4 bar
620301 **23,90**
Switching pressure 1.0 bar
620141 **22,90**

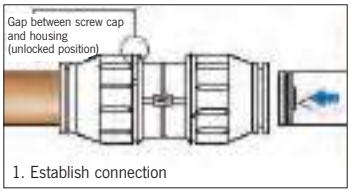
Boiler-connection pluggable
Hot water outlet. E.g. for Truma Combi heater.
Ø 12 **721804** **21,95**

Boiler connection pluggable
Cold water connection. E.g. for boiler feed to Truma Combi heater.
Ø 12 **721803** **21,95**

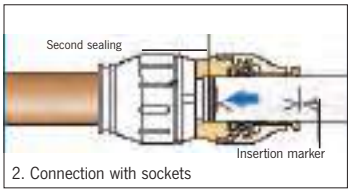
Boiler connection screwable
Hot water outlet with check valve and vent hose 0.5 m.
Ø 12 **48253** **47,70**

Boiler connection screwable
Cold water inlet
Ø 12 **48255** **27,50**

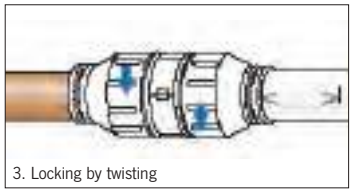
SPEEDFIT PLUG-IN PIPE SYSTEM



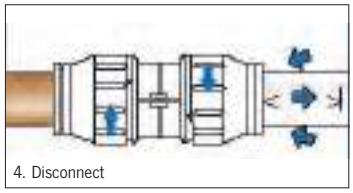
1. Establish connection



2. Connection with sockets



3. Locking by twisting



4. Disconnect

Speedfit - Pluggable pipe system for fresh water supply

Twist and lock

- **Simple and quick installation - no cross-section narrowing**
- **Pressure resistant up to 7 bar and up to 70°C**
- **Can be mounted w/o. tools, ideal for self-installation**
- **No additional sealing material necessary, multiple loosening possible**

Connector straight
1 piece

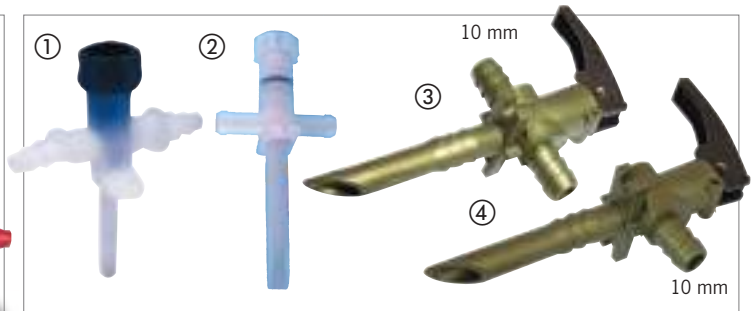
Fittings and accessories

Tank fittings for water withdrawal from tank and canister, for 10/12 mm water hose.

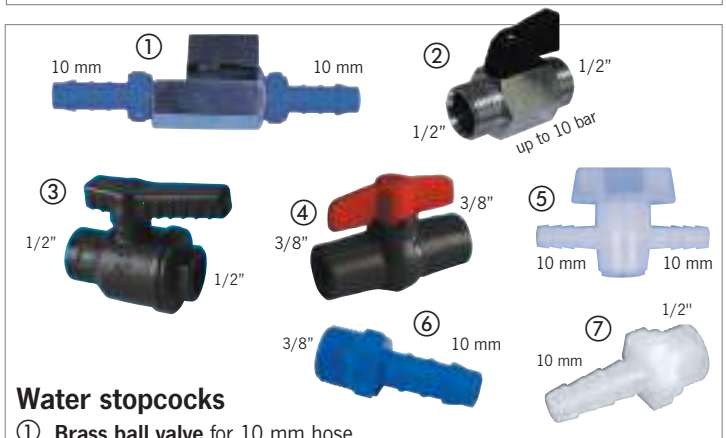
①	**90°, grommet on both sides**	65028 *65028L*	5,50
②	**90°, grommet on both sides, MINI**	62095	4,20
③	**90°, single sided grommet**	620950	3,90
④	**straight, grommet on both sides**	62079	3,50
⑤	**straight, one-sided grommet**	64321	3,40
⑥	**Quick coupling** toDisconnect/shut off from the Water pipe. Ø 10 mm.	65027	17,60
⑦	**Floor feed-through** Ø from 8-25 mm to be drilled out as desired, for floor thicknesses of 23-45 mm.	65010 *65010L*	6,30
⑧	**Floor lead-through** Ø app. 12 mm, L 55 mm, Ø max. approx. 8 mm.	65119	0,99



Drain cocks for 10 mm hose

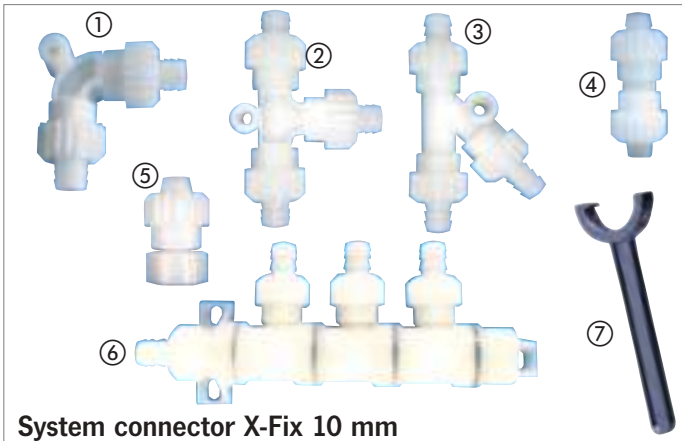
Drain valves can be installed between the water line or at its end for draining. This makes it possible to completely drain the hose lines, which largely prevents the risk of freezing and bursting of the water hose in the event of frost, for example.

①	**Globe valve Plastic**	65042	10,95
②	**Globe valve Plastic single**	E155	11,50
③	**Globe valve plastic**, 2 inlets, with toggle lever.	65043	22,90
④	**Plastic** end relief valve, 1 inlet, with rocker arm.	65044	17,95



Water stopcocks

①	**Brass ball valve** for 10 mm hose, for shutting off a pressurized water system.	65041 *65041L*	17,25
	Brass ball valve for 19 mm hose.	65143	27,10
②	**Brass ball valve** 1/2" male thread on both sides, pressure resistant up to 10 bar.	65069	15,95
③	**Ball valve** 1/2", plastic, black with internal pipe thread on both sides.	65147	16,20
④	**Stopcock** 10 mm for non-pressurized water systems.	65040	6,–
⑤	**Ball valve** 3/8", plastic, gray, with female pipe threads on both sides.	65146	7,85
	Transition connector to 10 mm hose.		
⑥	3/8" male thread, 2 pieces, suitable for 65146.	65024 *65024L*	9,40
⑦	1/2" male thread, 2 pieces, suitable for 65147.	65025 *65025L*	7,95



System connector X-Fix 10 mm

Water guide suitable for flow, hose outside: Ø 13-17 mm, inside always Ø 10 mm. Water server distributor can be used flexibly by twisting the connections. Incl. Nut - no clamp necessary. With hole for screw for secure mounting.

①	**Arc 90°**	61240	4,35
②	**T - piece**	61241	4,55
③	**Y - piece**	61242	5,25
④	**Connector**	61243	4,30
⑤	**Adapter 3/8" to X - Fix**	61244	4,20
⑤	**Adapter 1/2“ auf X – Fix**	61245	4,30
⑥	**Distributor 3 outlets**	61246	12,10
	Distributor 4 outlets	61247	14,20
	Distributor 5 outlets	61248	18,70
⑦	**Mounting wrench X-Fix**	61249	6,50

Solenoid valve 12 Volt

Electrically switched shut-off valve closed without current. With internal thread ¼", incl. 2 connection nozzles for 10 mm hose. Securely fastened to 2 threaded holes on the bottom. 12 V, max. 1 A, H/W/D: app. 61/32/58 mm, 224 g. **65000** **41,30**

Brass adapter pieces and manifolds

Water set for fresh water systems

NEW

Complete set for the small water system consisting of:

- 10 m water hose 10 mm (6500431)
- 20 x pretensioned spring band clamp
- 1 x clamp fixing tool
- 10 x fixing clamp
- 3 x T-connector
- 2 x Y-connectors
- 2 x 90° connectors
- 2 x straight connector

6500422 **89,–**

Drinking water distribution

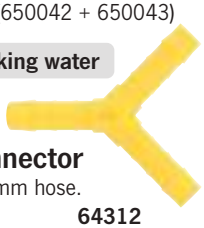
- **Optimized water flow due to matched parts**
- **Meets all standards, tested and certified**
- **Quick assembly with spring band hose clamp**
- **Perfect with the extra flexible water hose** (650042 + 650043)

Straight connector

for 10 mm hose.

2 piece	**64330**	**2,95**

For drinking water



Y-connector

for 10 mm hose.

2 piece	**64312**	**3,75**

90° connector

for 10 mm hose.

2 piece	**64308**	**2,60**

Water distributor 4 outlets

for 10 mm hose, with 6 threaded holes 3/8" incl. 5 x straight Connection and 1 x sealing plug. With mounting holes.

65026	**50,90**

T-connector

for 10 mm hose.

2 piece	**64309**	**2,95**

Connections for water manifolds

for 10 mm hose.

Plug 3/8"	**E10084**	**1,50**
Connection straight	**64313**	**1,30**
Connection 90°	**64314**	**1,50**

Water distributor 4 outlets

as 65026, but without connection nozzles and plugs.

65118	**31,90**

GP* = base price per specified unit

Lifting system for shower and waste water

99,80

The system receives wastewater & automatically pumps it to a higher level wastewater tank. As soon as water enters, pump starts pumping out automatically thanks to a level switch. A backflow preventer prevents the water from flowing back. Two dirt strainers protect the pump from heavy contamination. Collection container holds a maximum of 4 liters. It is made of plastic with a tight-fitting transparent lid that can be opened for cleaning. The housing offers the option of selecting 2 inlets (19/25 mm and 30/40 mm) for different inlet hoses; a 19/25 mm outlet connection is provided for the outlet. A vent port and cable gland are also provided.

Technical data:
Power supply 12V (10-16V), power consumption max.: 2.5 A, flow rate max. 45 l/min, external dims.: 334 x 215 x 112 mm, weight: 1.2 kg, inlets: 19mm, 19/25mm, 30/40mm, outlet: 19/25 mm, max. height difference: +1.5 m.

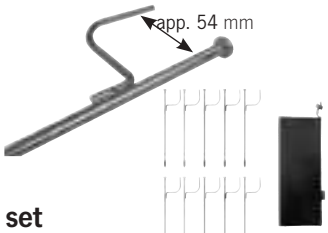
Lifting unit 62988 99,80

SEWAGE AND HOLDING TANK DISPOSAL

Waste water hose 300 cm

For connection to drain pipes. The hose itself is bendable and extendable from 100-300 cm. Outer Ø app. 45 mm. PVC/PP/TPR

61189 **19,95**



Herring set

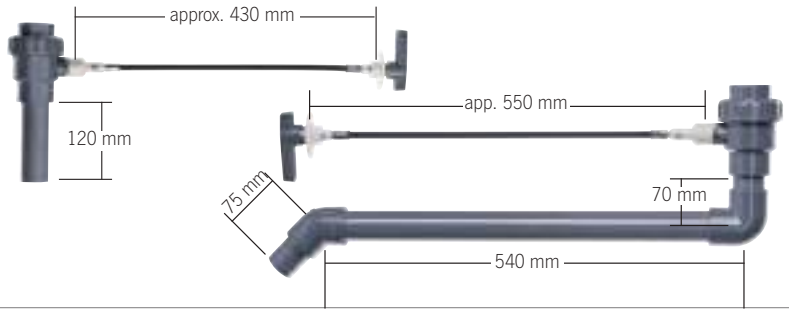
for laying the drainage hose with a gradient. Placed in the ground, they hold the hose up so that waste water can drain away easily. L 300 mm, Ø 6 mm. With transport bag 10 pieces

65354 **26,60**

Waste waterhose set 100 cm

For universal connection to drain pipes. Incl. Step adapter forpipe Ø from 18-51 mm. The hose itself is bendable & extendable from 49-109 cm. Outer Ø app. 45 mm. PVC/PP/TPR

65237 **26,60**



waste water drain sets for gray water tank

Drainage systems with flexible shaft to operate the ball valve. The tap has a 1¼" female thread for mounting on the tank. On the operating lever of the shaft there is a fastening disk with Ø 60 mm and 2 holes. OuterØ outlet tube = 40 mm.
The pipe connections are twistable and have O-seal rings.

Drainage system with vertical pipe 120 mm **65204** **130,50**

Discharge system with 90° angled and then horizontal discharge pipe **65199** **139,–**

Beautifully designed basins

The **Ocritech** material is a modern and innovative material from Solid Surface . Made of pure PMMA, the product has high durability, is flexible and repairable, and is also particularly lightweight. Both sinks are supplied including drain valve.

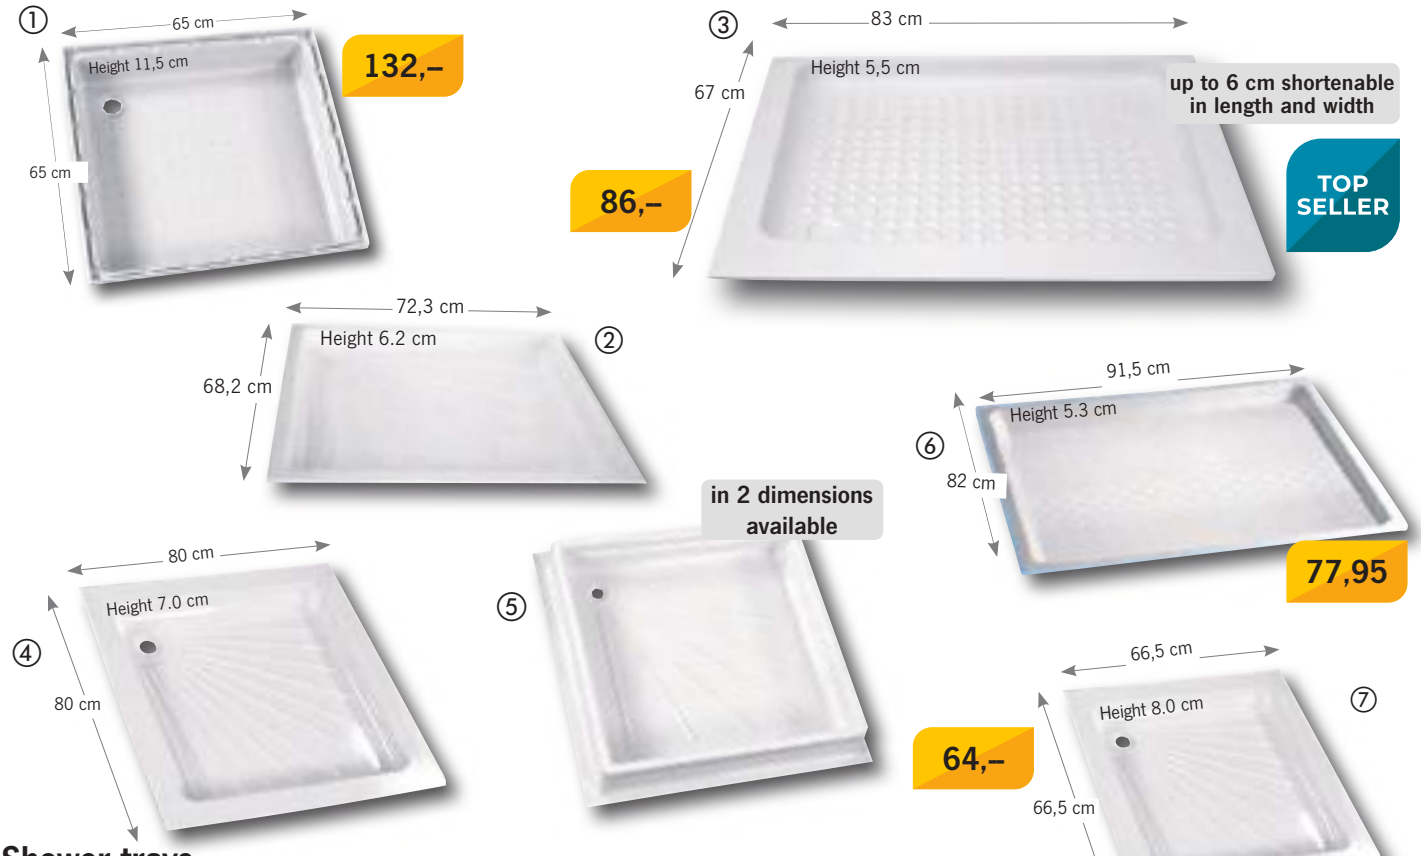
Basin, bicolor
Connection piece: Ø 40 mm. Color outside: black, color inside: white.

Round, Dimensions: Ø 30 cm, H 11 cm.	**64060**	**107,50**
Oval, Dimensions: (W x D x H): 35 x 26 x 11 cm.	**64061**	**102,–**
plug for bicolor basins	**A0820800**	**18,30**

from **102,–**

Please note that not every cleaning product is suitable for Ocritech®.
You should **NOT USE THE** following cleaning products:

- Solvents and other aggressive chemicals (e.g. acetone, trichloroethylene, hydrochloric acid or caustic soda)
- Industrial detergent
- Pipe and drain cleaner
- Solvents from the paint sector



Shower trays

Shower trays with side rim made of sturdy, smooth and easy-care plastic, especially suitable for installation in caravans and motorhomes. For shower cubicles and DIY solutions. The side edge must be stabilized with an underlayer. With drain under the vehicle floor. Incorporated grooves reduce the risk of slipping.

TIP

Delivery without Toilet. These can be found on page 772.

Sanitary wall 4000 - in modern design

- **Complete side wall for bathroom facilities in motorhome or caravan**
- **Mirror cabinet with sliding doors offers space for shampoo, toothpaste or razors**
- **Folding sink and shelf**
- **Adapted to Thetford Cassette Toilet**
- **Smooth, elegant plastic surface**

There is a console on the rear wall of the folding basin for mounting a tap (not included). A Thetford C 402 or C 403 toilet can be integrated underneath the washbasin (not included, see page 772). The width of the sanitary wall is perfectly adapted to these toilets. Above the mirror cabinet is a surface on which a light can be mounted. We recommend an LED line light or LED strip light. Dimensions: H 174 x W 67 x D 21.5 cm. **64205** **487,–**

Unfolded basin. Depth approx. 37 cm. With toothbrush holder on the rear wall and console for tap.

Tap

We recommend the TREND A mixer tap from page 750.
63060 **54,99**

Shower tray

Matching shower tray with anti-slip nubs on the floor. Color: White. Material: plastic PST. Dimensions: H 83 x W 67 x D 5.5 cm.

CONTUR series taps

MADE IN GERMANY

The CONTUR mixer taps combine the requirements of standard household operability with caravan-specific features. They are suitable for both submersible pumps and pressure pumps and are supplied with a waterpro- of microswitch.
All taps are equipped with **12 mm pipe sections** for the UniQuick system and are pressure-resistant up to 6 bar. Switch max. 5 A. Chrome color.

To connect to a hose system a **hose adapter** is required to be used on a 10 mm hose. You need 2 pieces, one for cold and one for hot water.

for the shower sets Trend & Julia
Chrome **63138** **21,90**

CARBEST

CampingStar - Heating elements for water canisters

- **Heats the water in the water canister or small water tankk**
- **thermostatically controlled**
- **Heats up to approx. 38°C, no risk of scalding**
- **Simply into the canister or tank**

The Campingstar heats the water in a 15 liter canister up to approx. 38°C. Thanks to thermostatic control, the water temperature remains constant and does not rise any higher (no risk of scalding). The Teflon ring supplied prevents the tank/canister from being damaged by heat. At the same time, the ring allows the water to circulate better between the bottom of the tank and the heating element to ensure even heat distribution. Dims. of heating rod: L 250 mm x Ø 22 mm.
Note: The heating rod must always be completely surrounded by water when in use, otherwise the thermostat cannot work properly and the Campingstar will overheat.

① 230 V/75 Watt, cable length app. 90 cm with safety plug
67137 **129,--**

② 12 V/75 Watt, cable length app. 100 cm with open cable ends

Clesana C1 - Waterless toilet with bag sealing

- **Hygiene according to medical standards**
- **Independence from disposal stations and water supply**
- **Without the use of chemicals, safe disposal of the bags**

Clesana works without chemicals and water. No matter where you need a quiet place, Clesana can be used practically anywhere. After each use of the toilet, the contents of the bag are hygienically sealed. Special disposal as with chemical toilets is not necessary, the bags can be disposed of in normal household waste. The Clesana C1 can only be operated with the required foil bags. Dimensions: H 51.5 x W 36.3 x D 51.6 cm, seat height: 47.8 cm, weight: 14 kg, 12 V, energy consumption: cutting process 0.99 Wh, welding process 0.64 Wh, standby 0.14 W.

Clesana C1 with L adapter
The L-adapter is for mounting on a wall, e.g. when replacing a cassette toilet. In this case, the L-adapter usually also covers the former service door from the inside
66400 **1440,–**

Clesana C1 with round base
The round base is suitable for installing the toilet anywhere. The installation is made to the floor. **66403** **1440,–**

Clesana surface-mounted box
for mounting the control panel.
66407 **34,95**

Clesana protection cover
Water protection cover for Clesana C1.
E66405 **69,–**

Foil bag

- **For 72 toilet uses**
- **Required for the operation of the toilet**

Feces are sealed in a multilayer barrier foil. welds. Set of 2 foil liners for 36 toilet uses each.
66401 **25,–**

Absorber

For "small" toilet visits, the Clesana superabsorber can be used to absorb liquid.
66402 **3,99**

Airtune Smellstop

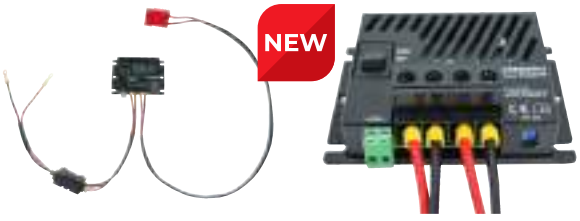
Odor remover furthermore. Neutralizes odor-causing molecules. Quickly effective, extremely economical.
92429 **13,95**

The SOG venting system for Clesana C1 can be found on page 781

Clesana C1 liquid insert

The liquid insert makes it possible to do the small business without sealing a bag and always adapt the Clesana C1 to your individual usage behavior. The design ensures a high level of hygiene and uncomplicated cleaning.
66405 **119,–**

NEW



Clesana C1 - Power management incl. cable

- **Simplified electrical installation for item 66400/66403**

Simple electrical inst. & even more self-sufficiency! The Clesana power management combines the functions of a relay and a DC/DC charger. In combination with a backup battery, the Clesana C1 with Clesana Power Management can be installed quickly and easily thanks to the pre-assembled cables. When Clesana C1 is in use, the current flow from the backup battery is enabled via control input; when the Clesana C1 is in standby, the backup battery is charged with 2 A charging current via the Clesana Power Management. It is easily controlled via a 12 V continuous plus cable. Even if the on-board battery fails, the Clesana C1 can still be operated via the backup battery.
66409 **159,–**

NEW

Power management without cables
Minimize the standby current! The Clesana power management can be used as a pure relay. The standby current is almost 10 times lower than with the Clesana C1 (30 mA). It is easily controlled via a 12 V continuous plus cable. As a further advantage, there is always the option of extending the power management to operation with a backup battery in the future.
66410 **125,–**

NEW

Clesana C1 magnetic lid conversion kit

With the aid of the conversion kit, the standard soft-close lid of your Clesana C1 can be easily converted to a lid with a magnetic hinge. Allows lid to be completely removed from glasses, especially in tight installation spaces. The work involved takes around 30 minutes.
66408 **29,95**

CINDERELLA TRAVEL COMBUSTION TOILET – Comfort like at home

- **No waste tank required**
- **No annoying emptying**
- **No water needed**
- **No chemicals necessary**

The Cinderella Travel provides a hygienic and easy way to safely dispose toilet waste, whether you're on the road or on the water. The Cinderella incineration toilet is suitable for vehicles such as caravans, motorhomes, houseboats and leisure boats. The Cinderella Travel represents a completely new way of waste disposal, simple and without the hassle of emptying in designated areas.
The Cinderella Travel can also be retrofitted to existing caravans, motorhomes, houseboats and leisure boats.
The high capacity allows up to 70 visits to the toilet before it needs to be emptied.

Ideal for caravans | Ideal for motor-homes | Ideal for house/ leisure boats | Propane gas or LPG | Capacity: Up to 6 people

EXCLUSIVE PRODUCT

NEW **Now also available as a diesel version!**

CINDERELLA TRAVEL Combustion toilet

Technical data: Height: 540 mm, seat height: 490 mm, width: 390 mm, Depth: 590 mm, Weight: 20 kg, Capacity: Up to 6 people.

Gas version: Operation with gas (30 mbar), gas consumption: 140-180 g/burning. Gas connection: 8mm pipe. Burner: 2.7 kW. A floor intake and an exhaust chimney must be installed for incineration. Current: 12V/4A, standby 0.005A. Incl. 100 bags.

66370 **4316,–**

NEW

Diesel variant: Operation with diesel, consumption: 150-250 ml/burning. Diesel connection: 4 mm pipe. Burner: 2.1 kW. For combustion, bottom intake and an exhaust stack must be installed. Current: 12V/10 A peak load / 1.4 A during combustion, standby: 0.005 A. Incl. 100 bags.

Hygienically clean, free from aggressive chemicals
Microbiological sanitary additives from awiwa®: Strong against odors and dirt, gentle on the environment.

For distribution in Europe: DE, FR, NL, GB, ES, IT, CZ

ECO

① awiwa® fresh - Waste water tank additive

The concentrate contains natural microorganisms, is free from chlorine or aggressive chemicals and is therefore harmless to humans, animals and the environment. Used regularly, it eliminates unpleasant odors that arise in the grey water tank. The waste water additive prevents dirt and grease deposits in the tank and pipes.
Consumption: 20 ml per 20 l tank capacity.

1.0 liter		**66381**	**15,95**

② awiwa® wc mobile - Toilet add-on

Decomposes faeces and toilet paper and thus ensures splash-free emptying of the holding tank. No unpleasant odors. Chemical-free for environmentally conscious disposal.
Consumption: Portable toilets (up to 20 l tank capacity): 50 ml
Larger tanks: Adjust dosage accordingly and add approx. 5 l of water. Do not combine with WC chemicals.

1.0 liter		**66378**	**22,95**

③ awiwa® flush - Rinsing water additive

For toilet systems with separate flush water tank. Keeps the rinse water clean, ensures even rinsing and a fresh fragrance. Particularly gentle on rubber seals, sliders and plastic and ceramic bowls.
Consumption: 50 ml per 15 liter rinse water tank.
Do not use at the same time as other chemical toilet additives.

1.0 liter		**66379**	**22,95**

④ awiwa® flush spray - WC bowl spray

For toilets with central flush water tank. Ensures hygienic cleanliness and even flushing in the toilet. Forms a protective layer so that residues stick less to the toilet bowl.
Usage: Spray directly into the toilet bowl before or after using the toilet.
Do not use at the same time as chemical sanitary fluids.

0.5 liters	GP* 25,90 / 1 Liter	**66380**	**12,95**

MikiGREEN detergent

ECO

Information on the Drinking Water Ordinance

The **"Ordinance on the Quality of Water for Human Use (Drinking Water Ordinance, TrinkwV 2001)"** essentially covers the following points:

- Nature of the drinking water,
- Treatment of the water,
- Duties of water suppliers
- Drinking water monitoring

Especially when camping, it is important to keep an eye on a healthy drinking water supply. Two potential hazards show up here, because not only the water at the campsite, but also the water from your water tank can lead to health problems.
In the **Directive 98/83/EC - Quality of water intended for human consumption** , it is agreed that EU countries must regularly control drinking water. In the event of a case, it is country duty to ensure that the water does not contain harmful substances, parasites or microorganisms in a concentration that could become hazardous to health.

However, all these guidelines will not help you much in an emergency. Because you are responsible for your own water tank.
Here are some precautionary tips:
Always briefly check the water quality when filling the water tank.

- Let the water run until the temperature is consistent
- Do a smell test and visual test

If the water meets your requirements, i.e. the water is cold, clear and odorless, you can fill it into the water tank - preferably with your own hose or (fresh water) watering can.

Materials

Section 17 of the TrinkwV2001 describes the requirements for systems for the extraction, treatment or distribution of drinking water. The original parts installed by the various body manufacturers all comply with this regulation, as do most of the replacement and removal parts offered in the catalog.
Basically, the following applies: All items for water offered in the catalouge are to be considered harmless with proper care and maintenance!

Water disinfection

There are various ways to disinfect the hoses and the water tank and keep them germ-free:

- Drops, powder or tablets for dosing at each tank filling.
- Permanent preparations, such as sponges, which remain in the tank all year.

Most products use silver to disinfect water. You ask yourself, is this really healthy? Here are a few reasons to use silver mesh, drops, tablets or similar.

- An average consumption of 20-80 micrograms is harmless
- Silver is naturally present in soil, sea and river water anyway
- Silver stops or slows down the multiplication of mold and bacteria
- Silver is toxic to many microorganisms
- Various food colors and preservatives contain silver

In addition, you can still use a filter, for example, with activated carbon. Among other things, these effectively filter silver and heavy metals from drinking water.

Our hint:
The disinfection products are tested and harmonize with the offered hoses, seals, tanks and pumps. For the safety reasons, please do not rely on home remedies and DIY solutions!

(Source CWI)

Connection system for toilets instead of the holding tank - with chopper pump

- **Chopper pumps for installation in existing cassette toilets**
- **Control via supplied switch**
- **Can be dismantled again at any time**

For converting cassette toilets into chopper toilets. It is mounted directly under the slide opening instead of the cassette. For hose diameter 25 mm. Can be dismantled at any time.

For Thetford C2/C3/C4

For Dometic CT 4..

for **Thetford C2/C3/C4**	**66251**	**718,–**

Direct duct connection for cassette toilets

- **No more emptying the tank**
- **No more chemistry needed**

For Thetford C 400 and C 500

Direct connection of the toilet to the public sewer system. For connection to HT pipe 100(Ø approx. 110 mm) with fixed pipe or flexible hose HT-100. Can be dismantled at any time.

for **Thetford C400**	**66243**	**288,–**
for **Thetford C2/C3/C4**	**66297**	**221,–**
for **Thetford C200/C250/C260**	**66298**	**344,–**

Flexible connection hose for connecting the toilet with the sewer connection valve and the drain pipe of the public sewage network. Size: HT 100(Ø approx. 110 mm). Length: 80 cm. Ideal for tight spaces where a solid pipe can be laid.

Flex hose HT-100 **66290** **90,90**

Flexible connection hose HTDN-75 for vehicles with vehicle carrier if there is a vehicle carrier underneath the built-in toilet which blocks the drain outlet. This allows you to bypass the vehicle carrier. The length is 80 cm when extended.

Flexible hose HTDN-75 **66296** **92,90**

Inst. instr. for chopper pumps & waste water connections

After removing waste-holding tank, circuit with toilet's flush pump is interrupted. To restore this, it is important to use a supplied plastic bridge (Fig. 1) in front of the pump switch in the housing (Fig. 2) to clamp. This illustration shows the installation of a waste water connection. The same action must be taken when installing the chopper pumps!

City water flush for Dometic and Thetford toilet

Use this to connect your toilet to the city water system on your campsite. With servo-controlled 12 V solenoid valve and flow rate valve, with which the flow rate can be individually adjusted. This city water flush is connected to the flush switch of the toilet and is also controlled by it. Your advantage: you no longer need to fill a flush water tank

66366 **252,–**

Disposal aid for WCs

The practical emptying aid for home. The emptying aid enables the waste-holding tank to be emptied cleanly without splashing. Odors are retained. Dimensions. 430 x 380 x 60 mm.

① Surface-mountedgas hob – 2 stainless steel burners

- **2 burners with ignition fuse**
- **Stainless steel surface**
- **1x 1,8 kW, 1x 1,0 kW**

Controls at the bottom, 2 burners, manual ignition, output: 1 x 1,8 kW, 1 x 1,0 kW, gas consumption 204 g/h, 30 mbar, dimensions: W440 x D290 x H95 mm. Weight: 2,5kg. Scope of delivery: Carbest gas hob incl. mounting accessories **70563** **219,--**

② Surface-mounted gas hob – 2 stainless steel burners

- **2 burners with ignition fuse**
- **Stainless steel surface**
- **1x 1,8 kW, 1x 1,0 kW**

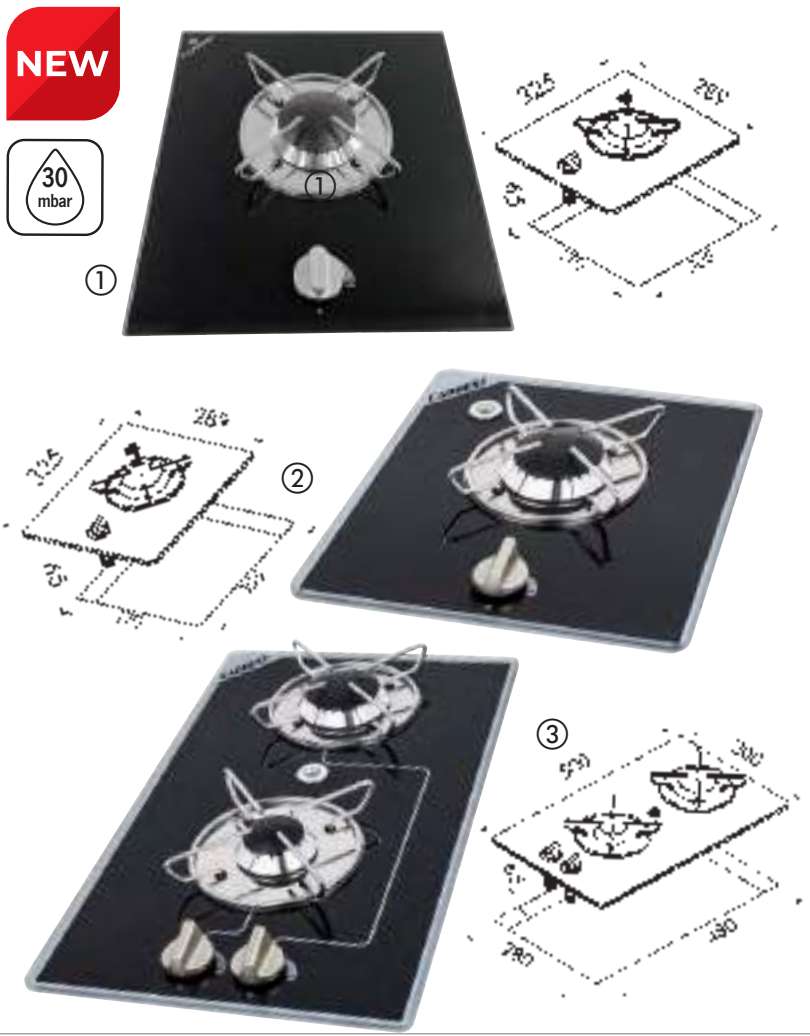
Controls at the bottom, 2 burners, manual ignition, output: 1 x 1,8 kW, 1 x 1,0 kW, gas consumption 204 g/h, 30 mbar, dimensions: B290 x D440 x H95 mm. Weight: 2,5kg. Scope of delivery: Carbest gas hob incl. mounting accessories **70562** **219,--**

③ Built-in gas hob – 2 stainless steel burners

- **2 burners with ignition fuse**
- **Stainless steel surface**
- **1x 1,8 kW, 1x 1,0 kW**

Controls at the bottom, 2 burners, manual ignition, output: 1 x 1,8 kW, 1 x 1,0 kW, gas consumption 204 g/h, 30 mbar, installation dimensions: W330 x D300 mm, dimensions: W350 x D320 x H65 mm Weight: 2,5kg. Scope of delivery: Carbest gas hob incl. mounting accessories **70561** **235,--**

NEW



Built-in gas hobs made of glass

① 1 burner black

- **1 burner with ignition fuse**
- **High quality 8mm safety glass**
- **1x 1,8 kW**

8 mm safety glass, completely black, controls at the bottom, 1-burner, manual ignition, output: 1 x 1,8 kW, gas consumption 131 g/h, 30 mbar, installation dimensions: B270 x D305 mm, dimensions: B290 x D325 x H65 mm. Weight: 3,0 kg **70583** **209,--**

② 1 flame black/silver

- **1 burner with ignition fuse**
- **High quality safety glass**
- **1x 1,8 kW**

8 mm safety glass, controls at the bottom, 1 burner, manual ignition, output: 1 x 1,8 kW, gas consumption 131 g/h, 30 mbar, installation dimensions: B270 x D305 mm, dimensions: B290 x D325 x H65 mm. Weight: 3,0kg. Scope of delivery: Carbest gas hob incl. mounting accessories **70557** **209,--**

③ 2 burners black/silver

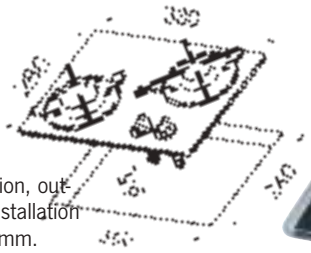
- **2 burners with ignition fuse**
- **High quality safety glass**
- **1x 1,8 kW, 1x 1,0 kW**

8 mm safety glass, controls at the bottom, 2-burner, manual ignition, output: 1 x 1,8 kW, 1 x 1,0 kW, gas consumption 204 g/h, 30 mbar, installation dimensions: B280 x D480 mm, dimensions: W300 x D500 x H65 mm. Weight: 4,3 kg. Scope of delivery: Carbest gas hob incl. mounting accessories **70559** **319,--**

-

Built-in gas hob made of glass – 2 burners

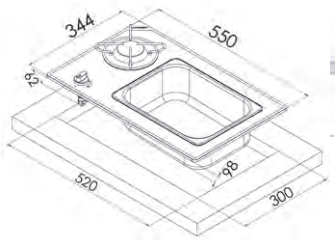
30 mbar

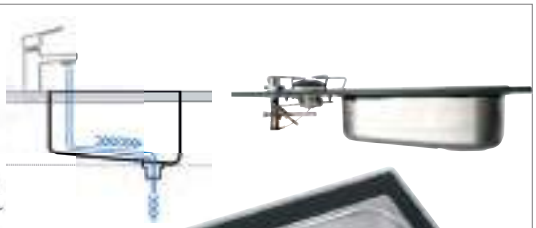


- **2 burners with ignition fuse**
- **High quality safety glass**
- **1x 1,8 kW, 1x 1,0 kW**

8 mm safety glass, controls at the bottom, 2 burners, manual ignition, outlet: 1 x 1,8 kW, 1 x 1,0 kW, gas consumption 204 g/h, 30 mbar, installation dimensions: W360 x D260 mm, dimensions: W380 x D280 x H65 mm. Weight: 3,5kg. Scope of delivery: Carbest gas hob incl. mounting accessories **70558** **279,--**

Stove/sink combination – Vanstream 1 burner with safety glass





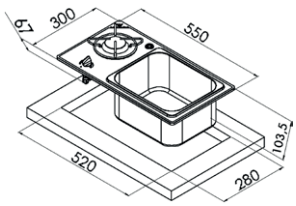
- **With built-in Vanstream sink**
- **Optimal water drainage thanks to lowered base**
- **Ideal for campingbuses and vans**
- **1 burner with ignition fuse**
- **High-quality 8mm safety glass**
- **1,8 KW**

8 mm safety glass, control element at the bottom, matte stainless steel sink on the right, installation dimensions: W520 x D280 mm. Outlet: 1,8 kW, gas pressure: 30 mbar, gas consumption: 131 g/h, ignition: Manual, with ignition fuse, depth: 334mm, width: 550mm, height: 103 mm, weight: 3,5 kg, color: Black, material: Safety glass. Suitable drain: type E (e.g. 705065). Scope of delivery: Carbest cooker/sink combination.

70575 **369,--**

30 mbar

Hob/sink combination – 1 burner with safety glass

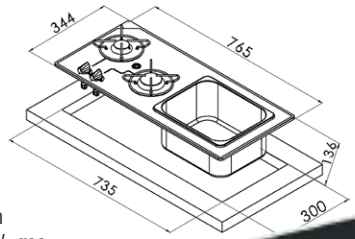


- **1 burner with ignition fuse**
- **High quality 8mm safety glass**
- **1,8 KW**

8mm safety glass, control elements at the bottom, matte stainless steel sink on the right, installation dimensions: W520 x D280mm. Outlet: 1,8kW, gas pressure: 30 mbar, gas consumption: 131 g/h, ignition: Manual, with ignition fuse, depth: 334 mm, width: 550 mm, height: 136 mm, weight: 3,5 kg, color: Black, material: Safety glass. Suitable drain: type E (e.g. 705065).Scope of delivery: Carbest cooker/sink combination.

70179 **349,--**

Hob/sink combination – 2 burners with safety glass

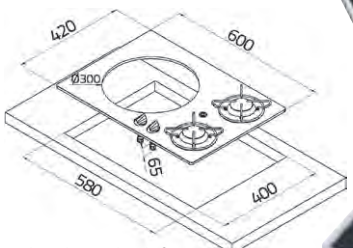


- **2 burners with ignition fuse**
- **High quality 8mm safety glass**
- **2,8 KW**

8 mm safety glass, controls at the bottom, stainless matte steel sink right, installation dimensions: W735 x D280 mm. Number of burners: 2, output: 1 x 1,8 kW, 1 x 1,0 kW, gas pressure: 30 mbar,
gas consumption: 204 g/h, ignition: Manual, with ignition fuse, depth: 334 mm, width: 765 mm, height: 136 mm, weight: 5kg, color: Black, material: Safety glass. Suitable drain: type E (e.g. 705065). Scope of delivery: Carbest cooker/sink combination.

70180 **399,--**

Hob/sink combination – 2 burners with safety glass



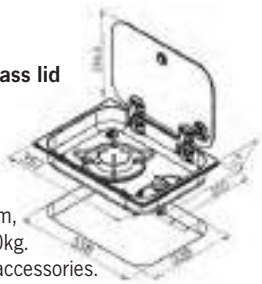
- **2 burners with ignition fuse**
- **High quality 8mm safety glass**
- **2,8 KW**

8mm safety glass, controls at the bottom, shiny stainless steel sink on the left, installation dimensions: W590 x D400 mm. Number of burners: 2, output: 1 x 1,8 kW, 1 x 1,0 kW, gas pressure: 30 mbar, gas consumption 204g/h, ignition: Manual, with ignition fuse, depth: 420mm, width: 600mm, height: 65mm, weight: 6,3kg, color: black, material: safety glass. Suitable drain: type E (e.g. 705065). Scope of delivery: Carbest cooker/sink combination.

70178 **399,--**

Can be combined with sink 70566.
See page 791

① Gas hob - 1 burner with glass cover

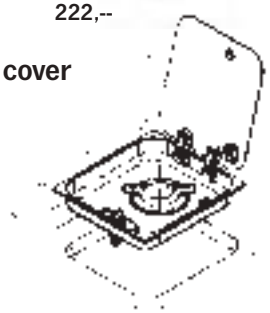


- **1 burner with ignition fuse**
- **High quality safety glass**
- **Automatic gas shut-off when closing the glass lid**
- **1x 1,8 kW**

Stainless steel, controls on the right, single burner, manual ignition. Output: 1 x 1,8 kW, gas consumption 131 g/h, 30 mbar, installation dimensions: W338 x D238 mm, dimensions: W357 x D250 x H119 mm. Weight: 3,0kg. Scope of delivery: Carbest gas hob incl. mounting accessories.

70576 **222,--**

② Gas hob - 1 burner with glass cover



- **1 burner with ignition fuse**
- **High quality safety glass**
- **Automatic gas shut-off when closing the glass lid**
- **1x 1,8 kW**

Stainless steel, controls at the bottom, 1 burner, manual ignition. Output: 1 x 1,8 kW, gas consumption 131 g/h, 30 mbar, installation dimensions: W307 x D340 mm, dimensions: W322 x D352 x H119 mm. Weight: 3,5kg. Can be combined with sink 70566. Scope of delivery: Carbest gas hob incl. mounting accessories. **70577** **232,--**

Covers for gas hobs

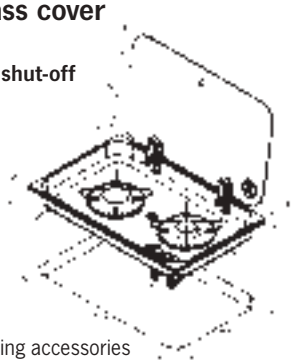
- **Suitable for all standard hobs/sinks with an 8mm hole**
- **Protects against vibration noises**

8pcs. Rubber covers for the following Carbest hobs/sinks: 70142, 70143, 70144, 70176 and 70177. Also suitable for all standard hobs/sinks with an 8 mm hole. Diameter 12mm.

70149 **7,95**

Note: Please note the new installation dimensions. The exact milling dimensions can be found in our operating instructions at www.reimo.com

③ Gas hob - 2 burners with glass cover



- **2 burners with ignition fuse**
- **High-quality safety glass Automaticgas shut-off when closing the glass lid**
- **1x 1,8 kW, 1x 1,0 kW**

Stainless steel, controls at the bottom, 2 burners, manual ignition. Output: 1 x 1,8 kW, 1 x 1,0 kW, gas consumption 204 g/h, 30 mbar, installation dimensions: W507 x D310 mm, dimensions: W530 x D326 x H119 mm. Weight: 5,5kg. Scope of delivery: Carbest gas hob incl. mounting accessories

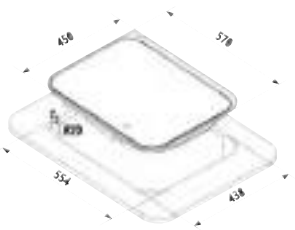
70578 **259,--**

① Gas hob – 2 burners with glass cover

- **2 burners**
- **1x 1,8 kW, 1x 1.0 kW**
- **With 12 V ignition**
- **With glass cover**

Stainless steel, controls at the bottom, 12V ignition, 2 burners, with safety. Output: 1 x 1,8 kW, 1 x 1,0 kW, gas consumption 204 g/h, 30 mbar, installation dimensions: W450 x D358 mm, dimensions: W470 x D370 x H125 mm. Weight: 3,9kg. Scope of delivery: Carbest gas hob incl. rubber seals and mounting accessories. **70142** **299,--**

② Gas hob – 3 burners with glass cover



- **3 burners**
- **2x 1,8 kW, 1x 1.0 kW**
- **With 12 V ignition**
- **With glass cover**

Stainless steel, controls at the bottom, 12V ignition, 3 burners, with ignition fuse. Output: 2 x 1,8 kW, 1 x 1,0 kW, gas consumption 305 g/h, 30 mbar, installation dimensions: W554 x D438 mm, dimensions: W570 x D450 x H115 mm. Weight: 5,7kg. Scope of delivery: Carbest gas hob incl. rubber seals and mounting accessories.

70143 **369,--**

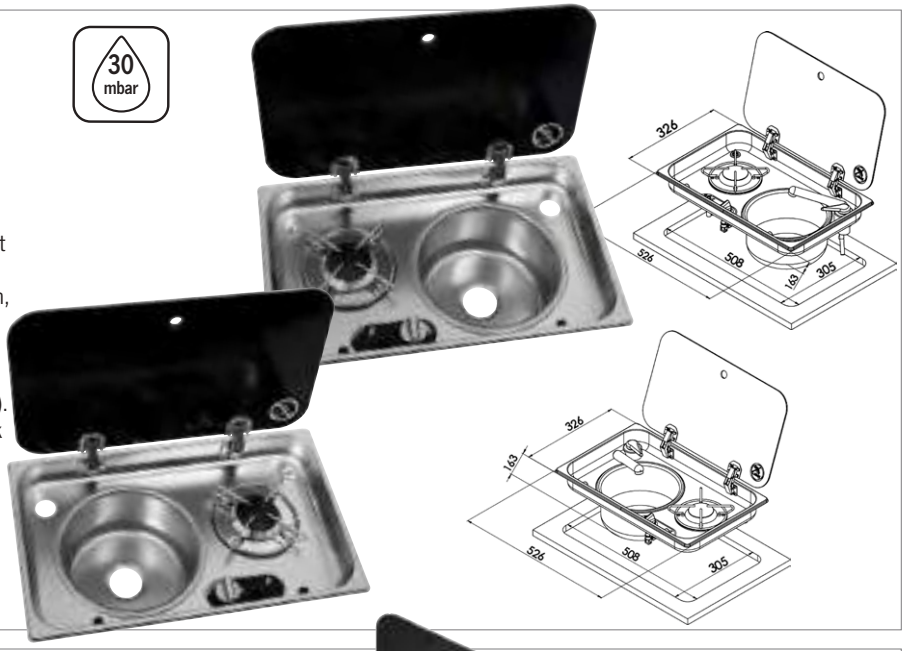
Hob and sink combination - single burner with glass cover

30 mbar

- **Single burner with ignition fuse and piezo ignition**
- **With glass cover**
- **Automatic gas shut-off when closing the glass lid**
- **1,8 KW**
- **Ideal solution for campingbuses and vans**

Made of polished stainless steel, with glass cover, controls at the bottom, sink on the right, installation dimensions: W508 x D305 mm, external dimensions: D326 x W526 x H163 mm, weight: 7kg,
Burners: 1, output: 1,8 kW, gas pressure: 30 mbar, gas consumption 131g/h, piezo ignition, with ignition fuse, material: stainless steel. Suitable drain: type E (e.g. 705065). Water tap hole: Ø 33 mmscope of delivery: Carbest hob/sink combination.

Sink on the right	**70579**	**329,--**
Sink left	**70580**	**329,--**



Note: Please note the new installation dimensions. The exact milling dimensions can be found in our operating instructions at www.reimo.com

Hob/sink combination – with 2-piece glass cover

30 mbar

NEW

- **2-burner with ignition fuse and piezo ignition**
- **1x 1,8 kW, 1x 1.0 kW**
- **Automatic gas shut-off when closing the glass lid**
- **Approved for 30 mbar**
- **With 2-piece glass cover**

Stainless steel, controls at the bottom, 2-burner, with piezo ignition, ignition safety device and automatic gas shut-off when closing the hob glass lid, output: 1 x 1,8 kW, 1 x 1,0 kW, gas consumption 204 g/h, 30 mbar, installation dimensions: W688 x D319 mm,
dimensions: W726 x D346 x H145 mm. Drill hole for tap approx. 33 cm (tap is not included, recommendation 705048).
Sink dimensions: W300 x D240, drain fitting: type E (e.g. 705065), weight: 7kg. Scope of delivery: Carbest hob/sink combination

Sink left	**70584**	**369,--**
Sink right	**70585**	**369,--**

Sink – with glass cover

- **easy to clean**
- **including glass cover**
- **high quality design**

Carbest stainless steel sink with glass cover. Tap Ø: approx. 35mm. Drain Ø: approx. 41mm. Hose connection Ø: approx. 20mm. Installation dimensions: W398 x D325mm,
dimensions: W415 x D365 x H156mm. Weight: 2,8kg.
Scope of delivery: Carbest sink, siphon, plug, instruction manual.

70144 **189,–**

Incl. tap

Sink – with glass cover and tap

- **Easy to clean**
- **Including glass cover**
- **High quality design**

Can be combined with hob 70569.
See page 790

Carbest stainless steel sink with glass cover and tap.
Suitable drain: type E (e.g. 705065). Can be combined with hob 70569.
Tap for cold and hot water, without microswitch, with 2 flexible hoses ½" internal thread, installation dimensions: W310 x D342 mm,
dimensions: W322 x D352 x H150 mm. Tap hole: Ø 28 mm.
Scope of delivery: Carbest sink and tap **70566** **249,--**

Stainless steelbuilt-in hob FN1332

- **Stainless steel in marine quality**
- **Surface-mounted hob - flexible installation**

2 burner stainless steel hob.
Output: 1 x SR (1,7 kW), 1 x A (1,0 kW),
dimensions: WxDxH 440 x 290 x 90 mm. Weight: 2,0kg

70494 **299,--**

Stainless steel stove

- **Installation on almost any surface**
- **Available as 1, 2 or 3 burner hob**
- **Stainless steel hob in marine quality**

① **1-burner hob PC1320 made of stainless steel.**
Output: 1 x SR (1,7 kW). Dimensions: (W x D x H) 285 x 320 x 80 mm. Weight: 1,2 kg. **704960** **179,--**

② **2-burner stove PC1322 made of stainless steel.**
Output: 2 x SR (1,7 kW). Dimensions: (W x D x H) 380 x 360 x 80 mm. Weight: 2,0kg **704961** **262,--**

③ **3-burner stove PC1323 made of stainless steel.**
Output: 1 x R (3,0 kW), 1 x SR (1,7 kW), 1 x A (1,0 kW).
Dimensions: (W x D x H) 470 x 360 x 80 mm.
Weight: 2,5kg **70496** **329,---**

Gas hobs made of high quality crystal

- **Crystal glass - exceptional design and maximum safety**
- **Scratch and heat resistant**
- **High quality standard**

① **1-burner stove PV1320** made of crystal glass.
Output: 1 x SR (1,7 kW). Dimensions: W 29 x D 32,5 x H 12 cm.
Weight: 2,6 kg, scope of delivery: incl. sealing
70782 **209,–**

② **2-burner hob PV1351** in heat-resistant and scratch-proofcrystal glass.
1 x SR (1,7 kW), 1 x A (1,0 kW) power levels (see above).
Dimensions: W 38 x D 28 x H 3 + 10 cm. Weight 0,5 kg.
Scope of delivery: incl. sealing **70780** **282,–**

③ **3-burner stove PV1355** made of crystal glass.
Output: 1 x R (3,0 kW), 1 x SR (1,7 kW), 1 x A (1,0 kW).
Dimensions: W505 x D410 x H80 mm. Weight: 4,6 kg.
Scope of delivery: incl. sealing **70781** **379,–**

Hob/sink combination PV1366

- **Good for larger pots**
- **Anti-scratch surface**

2 burner hob/sink combination with anti scratch coating on the glass surface. Sink with tap hole (tap not included, recommendation: 705048). Output: 1 x SR (1,7 kW), 1 x A (1,0 kW). 218 g/h. TIP
Gas free Motorhome

The gas free camping stove with diesel ceramic hob and heater

- **From top quality yacht construction**
- **Combination unit with diesel ceran stove and vehicle heater from Wallas.**
- **No open flame**
- **2 color variants to choose from**

Wallas is an experienced manufacturer of boat heaters with many years of yachting experience. By connecting to the vehicle tank, diesel is available in sufficient quantities for your independence.

In the Volkswagen Transporter, Reimo has already equipped the **Multistyle** and **Travelstyle** camper vans with this in combination with a compressor refrigerator at the customer's request.

This is particularly useful for expeditions in areas where a reliable supply of gas is not possible.

Hot-air heater 0,9 to 1,9 kW adjustable with thermostatic control panel, ceramic hob with one hotplate and one keep-warm zone, cooking power approx. 1,9 kW, fuel consumption: 0,09 to 0,19 l/h, power consumption: 0,55 to 0,85 A (during ignition: approx. 4 mins. 8 A)

Installation dimensions: W456 x D343 x H65 mm, cut-out dimensions: approx. W442 x D302 mm, maximum exhaust hose length: 2 m. The exhaust hose is routed through the floor to the side of the vehicle.

Scope of delivery: Stove, control panel with 3 m cable, diesel hose 4 m, connection cable 4 m incl. fuse.

- **No gas required - cook with diesel**
- **Ceramic hob - easy to keep clean**
- **No open flame, no vapors or condensation in the vehicle**
- **short heating time - 1 liter of water in approx. 10 minutes**
- **Low operating costs - minimal diesel and electricity consumption**
- **Unrestricted use on campsites**
- **Compact & modern design - frameless with bevelled edge**

Scope of delivery: Diesel stove, control panel with 4 m cable, diesel pump, 4 m diesel hose, 4 m connection cable with 15 A fuse.

Stove 600D with 1 hotplate
Dimensions: W330 x L270 x H120 mm, weight: 5,3 kg,
1000-2000 W, 3410-6820 BTU,
consumption: diesel 0,1-0,2 l/h, current 12 V, 0,37-0,55 A
707101 **1349,--**

Stove 1200D with 2 hotplates
Dimensions: W460 x L210 x H120 mwm, weight: 6,3 kg,
1100-2200 W, 3410-7500 BTU,
consumption: diesel 0,1-0,22 l/h, current 12 V, 0,37-0,55 A
707102 **2099,--**

Necessary installation kit for 600D and 1200D
Includes 2 m hose for exhaust gas routing(Ø 28 mm), 1,5 m exhaust pipe insulating hose(Ø 35 mm), tank outlet for plastic tanks.
707104 **225,--**

TÜV free fuel gas tanks for motorhomes

- **Always enough gas**
- **No TÜV required**
- **For cooking and heating in caravans and motorhomes**
- **Including protective aluminum box and filler neck**
- **No LPG tank for the engine supply**

NEW

Gas tank for motorhomes with built-in filling stop valve (max. 80 % filling), safety valve (28 bar) and filling level indicator in %.
Incl. aluminum protective box, filling nozzle and instructions.

All tanks have the ECE R.67.01 marking, the 10-year TÜV test is no longer necessary! The lifetime and condition of the tank are the responsibility of the vehicle owner. If the tank is in poor condition, operation may be prohibited during the gas test. We recommend providing sufficient rust protection for underfloor installation.

91270 **315,83**

④ **Gas box for 2,8 kg Campingaz bottles** with legally prescribed downward ventilation. Tight container with plastic screw cap. W 30 x H 37 x D 30 cm, nozzle 8 cm. **75160** **126,–**

Gas bottle holder

for 5 or 11 kg gas bottles.
floor mounting with 4 centering pieces and plastic ring.
75100 **21,95**

Tensioning strap for gas cylinder holder
Length 1.200 mm, width 19 mm.
442020 **9,95**

2 holders are required per bottle

Mount with belt strap

For wall mounting. Plastic.
for 11 kg **75101** **6,90**
75101L
for 5 kg **75103** **5,60**
75103L

Gas bottle holder

for 5 or 11 kg bottles
Gas bottle holder for securely fixing the gas the gas bottle on a floor plate. No additional fastening required. Place the gas bottle on the fixation and fasten it to the neck with the retaining strap.
Ø 300 mm
751001 **35,95**

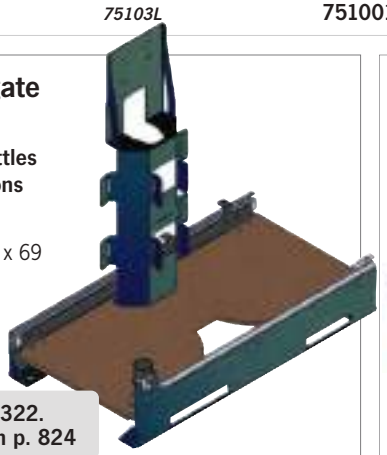
Metal locking cylinder

for gas locker
For STS/Zadi locking cylinders
Suitable for wall thicknesses up to 28 mm. With bolt and dust cap in black
52672 **32,90**

Gas bottle pull-out for tailgate

- **Pull-out in longitudinal direction**
- **Space for max. two 11 kg gas bottles**
- **Automatically locks in end positions**
- **Convenient bottle replacement**

Color: black. Dimensions: L70 x W 37 x 69 cm. Weight 8 kg.
75426 **285,--**



Matching gas hose (75 cm) 75322.
Further gas hoses can be found on p. 824

Electronic pressure regulator tester – Regulator Check LPG PRO

- **Checking the flow and closing pressure of low-pressure regulators**
- **Safe discharge of LPG to the outside by means of a transparent venting hose**
- **No uncontrolled gas leakage through self-closing test valve**
- **Battery-operated test device with USB-C connection**

Consisting of: Electronic test device in transport case, test hose line, a transition piece for testing pressure regulators with RVS 8 outlet connection, transition piece for testing pressure regulators with test valve and a transparent venting hose. Test range: Low pressure: 0 to 160 mbar.
75045 **535,–**

NEW

Leak testers: To prevent pressure gauge damage caused by pressure limiters. For leak testing of liquid gas systems in RV's in accordance with DVGW Code of Practice G 607, ÖVGW Code of Practice G 107 and EN 1949 or in small watercraft in accordance with DVGW Code of Practice G 608 and EN ISO 10239.

Gas leak tester type 150Z

Consists of: Pressure limiter, test pressure gauge 0 to 250 mbar quality class 1,0 (pressure-resistant up to 2,5 bar), hand pump, plastic case and additional volume container 600 cm³.
75328 **336,–**

Gas leak tester type 150

Pressure limiter, test pressure gauge 0 to 250 mbar quality class 1,0 (pressure-resistant up to 2,5 bar), hand pump, transport bag and one connecting piece each. Female screw thread G 1/4 LH x G 3/8 LH-KN or female screw thread G 1/4 LH x G 1/2 LH-KN **75269** **264,–**

Testing device

For leak testing the pipelines of liquid gas systems. Connection of the leak tester using a test adapter. No need to dismantle the regulator for leak tests! Particularly suitable for wall-mounted controllers.

For 8 mm gas pipe
75325 **39,60**

For 10 mm gas pipe
75326 **39,60**

Test hose

G 1/4 LH-ÜM x adapter for testing device for gas tester 75328
75 cm **75327** **21,80**

LEVEL INDICATORS - FOR A SAFE GAS SUPPLY

Truma LevelControl

- **Conveniently get the values in the app on smartphone**
- **Tried and tested quality "Made in Germany"**
- **Fast and uncomplicated function**
- **Caravan digitalization pioneer**
- **Display in percent or kilograms**
- **For aluminum and steel cylinders with a diameter of 200 to 350 mm**

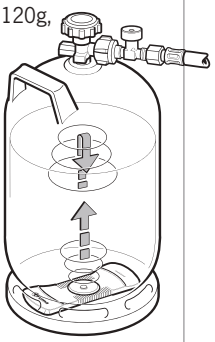
The Truma LevelControl App

The Truma LevelControl determines the gas level quickly and precisely. With the Truma LevelControl app, you can easily check the gas level via bluetooth on your smartphone. This works conveniently and reliably in the vehicle and in the immediate vicinity.

Precise...
Measures the filling level of your bottle in exact percent and kilograms

Convenient...
Easy to take into use and convenient to operate with the Truma LevelControl app

Practical... Simply attach under the bottle with the integrated magnets and detach when changing the bottle Weight including battery: 120g, dimensions: 185 x 73 x 16 mm
Power supply: 3 V DC / 2 x 1,5 V batteries (AAA)
Current consumption: max. 70 mA,
quiescent current: 0,001 mA
Operating temperature -20 °C to +50 °C,
bluetooth class 2, gas type: propane/butane



Level control **753630** **179,–**

Also available as a set: Truma LevelControl and Truma iNetBox.

FITS WITH:

Tension plate set
For fastening under aluminum bottles
753632 **31,20**

MOPEKA PRO – gas cylinder level indicator with bluetooth and magnet for steel gas cylinders

- **Wide compatibility: Suitable for all LPG tanks and gas cylinders made of steel or aluminum, both horizontally and vertically**
- **Simple attachment: Attaches to the bottom of the gas cylinder with an adhesive frame**
- **Modern level indicator: Read the fill level via bluetooth or via the Mopeka Check LED display**
- **Free Mopeka Check APP for smartphone/tablet**
- **Power supply: CR2032 battery**

753640 **99,--**

Holder for aluminum gas cylinders

753641 **14,90**

MOPEKA monitor for interior gas cylinder level indicator

- **Monitor for gas cylinder sensor (without sensor!)**
- **The monitor can be mounted anywhere in the vehicle interior and displays the fill level of up to 2 gas cylinders**

Scope of delivery: 1 x monitor for the interior

753642 **39,90**

Carbest gas alarm (item no. 80267) can be found on page 517

GOK

For use in recreational vehicles or with gas barbecue

App for smartphone or tablet

Senso4s PLUS level indicator for gas bottle

- **With app in several languages for smartphone and tablet**
- **Simple installation**
- **Management of several gas bottles in different sizes**
- **Record the filling level and tare weight parameters of the gas cylinder**

Digital gas bottle level indicator with bluetooth remote transmission of measurement and reporting data to smartphone or tablet.
The Senso4s PLUS level meter measures the weight of the gas bottle and transmits this value to the app via bluetooth. This automatically calculates the content and creates a consumption forecast.
Plus version: For use in leisure vehicles with motion sensor for interrupting the measurement while driving.

Technical data:
Measuring accuracy: ± 1 %, protection class: IP44, supply voltage: 3 batteries type AAA LR03 1,5 V alkaline (not included).

Plus (for RV's and gas barbecues) **750080** **109,--**

BRUNER

W8 2.0 Gascontrol – gas bottle level indicator

- **Suitable for all gas bottles with a max. diameter of 30 cm**
- **Quick measurement of the filling level and operating time using a smartphone or tablet**
- **Housing made of impact resistant plastic**
- **Simple and intuitive to use**

The W8 GASCONTROL electronic device measures the filling level of gas bottles and transmits it via bluetooth to smartphones or tablets with Android or iOS operating systems. Due to its very low installation height, the W8 GASCONTROL can be used in the gas bottle box of most RV's. Suitable for all gas bottles (steel, aluminum, plastic, fiberglass) with a diameter of 30 cm. The housing is made of impact resistant plastic. Dimensions: 292/310mm width, 32/41mm height.

75482 **149,90**

Truma LevelCheck gas bottle level indicator

- **Reliable measurement using ultrasound**
- **Integrated LED flashlight**
- **Easy to use, with LED display**
- **Approved in all EU countries**

Mobile content indicator for all steel or aluminum gas cylinders (propane butane - LPG) with a Ø of 200 to 350 mm. The device detects whether there is liquid gas in the bottle at the measuring point and indicates this. Includes standard 9 volt block batteries. The battery compartment is easily accessible. Dimensions: H 135 x W 35 x D 30 mm. Weight: approx. 100 g **75363** **84,95**

With app for smartphone and tablet

iGasView – control and monitor gas consumption

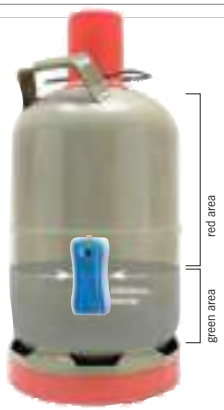
- **Real-time monitoring of the gas level**
- **Filling level visible with smartphone app via bluetooth**
- **Adjustable size**
- **Waterproof up to IP54**
- **Additional manual display**

The iGas app connects to the iGasView devices primarily to check the gas consumption in the gas bottle but can also be used for cooking thermometers, motorhomes and in caravan/camper construction as well as for other applications. **75477** **89,95**

Level indicator with remote display for gas bottles

Display of gas bottle content in seconds with 12V LED remote display. Suitable for 5, 11 and 33 kg propane gas bottles. Not suitable for aluminum bottles. Display: red = empty/green = full area. Level sensor with 3m supply cable, incl. instructions, blue/grey

External spare indicator	**75425**	**98,50**
Cover frame:		
Black	**754222**	**4,40**



Level indicator for gas bottles

Displays the gas bottle contents in seconds. Suitable for 5, 11 or 33 kg propane gas bottles. Display: red = empty area, green = full area.

France	**75423**	**32,50**
Germany	**75424**	**32,50**

CARBEST

Magnetic Level indicator

Display of gas level and room temperature through liquid crystals. Operates at room temperatures from 12°- 30° C. Magnetic holder for attachment to the gas bottle.

75154 **6,50**

All items without decoration

Caramatic BasicTwo two bottle system

Changeover controller

Central controller

- for connection to gas cylinders for pressure regulation to the nominal pressure of the gas appliance
- With safety relief valve PRV
- Gas non-return valve prevents the gas flow from leaking when changing cylinders
- Connecting pieces to 8 or 10 mm
- Combination connection for optional connection to 5, 11 or 33 kg gas bottles

Automatic regulator switchover, consisting of:
Central regulator and changeover regulator with pressure gauge, hose lines and MiniTool.

30 mbar	1,5/kg	**75339**	**196,50**
50 mbar	1,5/kg	**753391**	**192,50**

Caramatic BasicControl Remote display for two bottle system Caramatic BasicTwo

- Remote display of the operating status (normal or reserve operation) of the gas cylinders
- Information on which of the two gas bottles is empty and needs to be replaced
- for simple installation in new systems or for retrofitting in existing systems
- can be used with the Caramatic BasicTwo two-cylinder system
- Connection of all components via connector system, no soldering necessary
- Conformity: CE marking according to ATEX, CE marking according to EMC

Supply voltage 12 V. **753390** **159,90**

Caramatic SwitchTwo

95,90

- Automatic changeover valve for connecting 2 gas cylinders at the same time
- Bottles can be changed without interrupting operation
- Automatic changeover from the empty operating cylinder to the full reserve cylinder
- Gas non-return valve: prevents the gas flow from "blowing through" when changing cylinders
- Enables conversion from a one bottle to a two bottle system
- Indication of which gas bottle is being used

Automatic switch valve for the two bottle system, for connection to gas bottles using a high pressure hose line, conformity: EU type-examination certificate DGR and GGV, UKCA type-examination certificate GGV. Maximum allowed pressure: PS 16 bar. Connection: 2 x AG M20 x 1,5 x M20 x 1,5

Caramatic SwitchTwo

0,75 bar	1,5 kg/h	**75376**	**95,90**

Caramatic ConnectClean 2.0

- Keeps the gas pressure regulator clean
- shortened filter cup - practical for confined installation spaces
- For all wall-mounted pressure regulators and automatic switch valves
- Easy replacement of the filter cartridge
- High separation efficiency of 99 %

To prevent contamination of the gas installation. Protects the pressure regulator or the automatic switch valve from contamination by oily aerosols and exhaust vapor residues. Play it safe: to effectively protect the gas system against oil, you need one or two GOK gas filters - depending on whether a one or two bottle system is installed in the vehicle.

Caramatic ConnectClean 2.0 incl. filter	**75264**	**37,90**
2 x Caramatic ConnectClean 2.0 incl. filter	**75266**	**57,90**

Filter insert for Caramatic ConnectClean 2.0	**75270**	**12,90**

Caramatic ProTwo

Only for installation in caramvans, motorhomes or boats

- Automatic changeover valve with integrated low pressure regulator for connecting 2 gas cylinders simultaneously
- With safety relief valve PRV
- Bottles can be changed without i nterrupting operation
- Automatic change from the empty operating bottle to the full spare bottle
- Gas non-return valve: prevents the gas flow from "blowing through" when changing bottles
- Test device for leak testing the LPG system without dismantling the pressure regulating device
- Indication of which gas bottle is being used

Automatic switch valve with integrated low pressure regulator for the two bottle system, for connection to gas bottles using a high pressure hose line, for pressure regulation to the nominal pressure of the gas appliance. Conformity: EU type examination certificate according to DGR and GGV, UKCA type examination certificate GGV. Maximum allowed pressure: PS 16 bar, Connection: 2 x AG M20 x 1,5

Caramatic ProTwo

30 mbar	RVS 10/8	1,5 kg/h	**75354**	**149,90**

Accessories for Caramatic ProTwo & SwitchTwo

① Lock nut
As a secure closure to protect against damage or contamination of the inlet connection of pressure regulators. Suitable for automatic switch valve type AUV or AUV-ND, Caramatic DriveTwo, Caramatic ProTwo or Caramatic SwitchTwo. With mounting lug. Screw thread: M20 x 1,5 OD.
75379 **15,50**

② Pre-pressure regulator type DE 50/30 S
For safe and standard-compliant integration of 30 mbar gas appliances in 50 mbar LPG systems in vehicles and boats. Simple installation in the respective unit. Connection: RVS 8 x RVS 8, 0,8 kg/h.
75444 **73,50**

③ Connector 90°
For connecting high-pressure hose lines to the low-pressure regulator or for combining pressure regulators with automatic changeover valves. Male M20 x 1,5 x M20 x 1,5 OD. **75378** **18,90**

Accessories for Caramatic DriveTwo

④ Connection set
1x male M20 x 1,5 RVS 10 and 1x female M20 x 1,5 RVS 10
75420 **29,50**

Connectors: ⑤ RST 8 x RSV 10 **75475** **8,10**
⑥ RST 10 x RSV 8 **75476** **6,40**

Suitable hose lines for Caramatic BasicTwo, SwitchTwo and ProTwo can be found on page 823

GOK

Caramatic ProTwo set

- **Contains all components for using a two bottle system**
- **Automatic switching to the gas bottle on the spare side as soon as the gas bottle on the operating side is empty**
- **Bottles can be changed without interrupting operation**
- **Gas non-return valve: Prevents the gas flow from leaking when changing cylinders**
- **Consistent gas supply thanks to optimal use of the gas bottle capacity**
- **Indication of which gas bottle is being used**
- **Test device for leak testing the LPG system without dismantling the pressure regulating device**
- **Suitable for connecting an Eis-Ex, e.g. Caramatic TwoControl**
- **Suitable for connecting a remote display, e.g. Caramatic TwoControl**
- **Outlet connection RVS 10 / 8 is equipped as standard with a transition piece for connection to 8 mm pipes**

Automatic switch valve with integrated low pressure regulator for the two bottle system, for connection to gas bottles using a high pressure hose line, for pressure regulation to the nominal pressure of the gas appliance.
Consists of: 2 x Caramatic ConnectBasic (length: 450 mm), 2 x Caramatic ConnectClean 2.0 with mounting bracket, automatic switch valve, low pressure regulator with PRV safety blow-off valve, control knob, operating and spare indicator, gas non-return valve, test device and wall mount
Conformity: Individual fittings with EU type examination certificate GGV or DGR. Technical data: Maximum allowed pressure: PS 16 bar

With test valve	**75398**	**144,--**

Scope of delivery all systems: Complete including 2 connection hoses KLF-Kombi 45 cm

Remote display

While the Multimatik automatically switches from the empty operating bottle to the full spare bottle, the control panel inside keeps you informed about the operating status. Adaptable and for retrofitting to the Multimatik 2 bottle system. Consisting of a clip ring with monitoring switch, 4 m connecting cable and control panel for Multimatik CPU 2-bottle system.

75239 **75,20**

Multimatik 2 bottle system – maximum safety

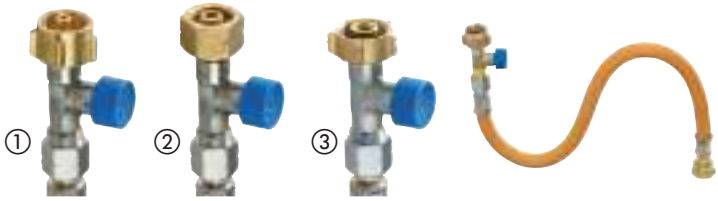
Operate the refrigerator or heater while driving and always be on the safe side. The patented "Crash Protection Unit" (CPU) immediately cuts off the gas supply in an emergency.

The Multimatik CPU automatically switches from an empty operating bottle to a full one Spare bottle. The control and switch panel provides information on the operating status of the gas system. With a high pressure hose including breakage protection, it complies with all EU heating appliance directives in accordance with 2001/56/EC, including the special regulations for France. In the event of emergency braking, accidents or unusually slanted angles, the electronic CPU immediately interrupts the gas supply. In addition, almost all common gas detectors can be connected to the CPU electronics. In the event of a gas alarm, the gas supply is also interrupted.

Technical data: Outlet pressure: 30 mbar, flow rate: 1,5 kg/h
Regulator input: external screw thread M 20 x 1,5

① **Multimatik CPU** **75133** **278,–**

② **Retrofittable remote display**
keeps you informed at all times on your control panel in the interior. Adapter ring with contact for activating the operating status. With 4m connection cable for Multimatik CPU 2 bottle system
75224 **59,90**



Caramatic ConnectDrive - high-pressure hose line with hose rupture protection (SBS)

- For connection to wall-mounted low-pressure regulators, especially for gas supply to the gas cylinder valve while driving
- Europe-wide use due to country-specific connections
- Hose rupture safety device prevents gas leakage in the event of damage
- Cold resistant down to -30 °C
- Individual fittings with DIN-DVGW or DVGW type examination certificate

Hose line for connection to wall-mounted low pressure regulator with M 20 x 1,5 inlet. The hose line with a length of 750 mm may only be used for bottle holders with a pull-out device.

Caramatic SafeDrive – operate a gas cylinder while driving

- **Simple retrofitting as the regulator does not need to be wall-mounted; it is fitted directly to the gas cylinder**
- **Easy change of manufacturer to GOK**
- **No gas filter and hose rupture protection necessary thanks to the installation of the system directly on the gas cylinders**
- **Little space required for installation in the gas cylinder box**
- **Protection of the entire pipe system from the gas cylinder thanks to the crash sensor**
- **Gas cylinder can and may always remain open**
- **Gas appliances can also be operated while driving**

Purpose of the individual components: Low-pressure regulator: The gas pressure regulator system ensures a constant operating pressure so that the connected appliances can be operated properly. The integrated crash sensor shuts off the gas flow in the event of an accident, for example. This prevents unburned liquid gas from escaping. Medium-pressure hose line: The hose line is used to establish a connection between the low-pressure regulator and the vehicle's pipeline.

Scope of delivery: Low-pressure regulator with crash sensor and S2SR overpressure safety device, medium-pressure hose line G 1/4 LH-ÜM x RVS 10

Caramatic SafeDrive single-bottle system

Caramatic SafeDrive Plus – operate two gas cylinders while driving

- **Simple retrofitting, as the regulator does not need to be wall-mounted; it is fitted directly to the gas cylinder**
- **Easy change of manufacturer to GOK**
- **No gas filter and hose rupture protection required thanks to the system being fitted directly to the gas cylinders**
- **Little space required for installation in the gas cylinder box**
- **Protection of the entire pipe system from the gas cylinder thanks to the crash sensor**
- **Automatic switching - without interrupting the gas supply**
- **Gas cylinder can and may always remain open**
- **Gas appliances can also be operated while driving**
- **Can be extended with the Caramatic BasicTwo remote display**

Purpose of the individual components: Central and changeover regulator: both regulators each ensure a constant operating pressure in order to be able to operate the connected appliances properly. The integrated crash sensor shuts off the gas flow in the event of an accident, for example. This prevents unburned liquid gas from escaping. Operators of the system can use the switchover controller to set which gas cylinder has priority and which gas cylinder serves as a reserve.
Medium-pressure hose line bds. G 3/8 LH-ÜM: This hose line connects the central and changeover regulators.
Medium-pressure hose line G 1/4 LH-ÜM x RVS 10: This hose line connects the gas pressure regulator with the vehicle's pipework

Scope of delivery: Central regulator ① with crash sensor ③ and overpressure safety device S2SR, changeover regulator ② with crash sensor ③, medium-pressure hose line ④ bds. G 3/8 LH-ÜM, medium-pressure hose line ⑤ G 1/4 LH-ÜM x RVS 10

MonoControl CS and DuoControl CS

In order to meet the requirements of the market, Truma has developed its gas pressure regulators further. The new generation is characterized by a particularly compact and lightweight design. The crash sensor (CS) has also been optimized: If the controller is triggered, this is indicated by the yellow button. The Truma CS gas pressure regulators can be used both at standstill and while driving.

Legislation prescribes special safety precautions for the operation of a liquid gas heater while driving: For motor caravans built from 01/2007 and onwards, a safety shut-off device must be provided in accordance with the Heating Device Directive for the operation of a liquid gas heater while driving, which prevents gas from escaping unintentionally in the event of an accident.
The Truma **MonoControl CS** and **DuoControl CS** gas pressure regulators with integrated crash sensors, in conjunction with high pressure hoses with rupture protection (SBS), meet all European standards and regulations for heating while driving. From an impact speed of approx. 15 km/h, the innovative mechanical protection device interrupts the gas flow. The easy installation of this new technology also simplifies retrofitting in existing caravans and motorhomes.

Technical data

Gas type:	Liquid gas (propane / butane)
Inlet pressure:	0,7 - 16 bar (DuoControl CS) 0,3 - 16 bar (MonoControl CS)
Outlet pressure:	30 mbar
Controller performance:	1,5 kg/h
Controller input:	External screw thread M20 x 1,5 (G.13)
Controller output:	Cutting ring connection 10 or 8 mm (H.9)

① MonoControl CS - the single bottle system

- **Compact: 35% smaller construction volume**
- **A variant for vertical and horizontal mounting**
- **40% lighter than the previous model**

Dimensions: H 106, W 101, D 102 mm **753350** **139,99**

DuoControl CS - the two bottle system

- **Compact: 40% smaller construction volume**
- **Convenience: Clear status display of the operating or reserve bottle**
- **Lightweight**

② **For vertical wall mounting**
Dimensions: H 184, W 95, D 103 mm **753370** **209,--**

③ **For horizontal ceiling mounting**
Dimensions: H 104, W 158, D 116 mm **753380** **209,--**

MonoControl CS T set for the gas tank

- **Compact: Gas tank regulator including gas filter. Saves space during installation**
- **Effective: Filters up to 99,9 % of aerosols and protects the gas system and all gas appliances**
- **Practical: A single variant simplifies the handling**

Truma has now also adapted the gas tank regulator for installation directly on the gas tank outlet valve to the new generation of Truma gas pressure regulators. It is characterized by a particularly compact and lightweight design and is offered as a set with the Truma gas filter. Due to its changeable positioning, it can always be adapted to the correct installation position, so only one version is required.
Gas type: liquid gas (propane/butane), inlet pressure: 0,3 to 16 bar
Outlet pressure: 30 mbar, regulator capacity: 1,5 kg/h
Regulator inlet: union nut W 21,8 x 1/14" LH (G.5)
Regulator outlet: Cutting ring fitting 10 mm (H.9)
Weight: 900 g

MonoControl CS T Set **753363** **209,--**

Please note: To effectively protect your gas system against oil, you need **one or two Truma gas filters** - depending on whether you have a one or two bottle system in the vehicle. Truma does not provide a warranty on defective gas pressure regulators that have been used without Truma gas filters and high-pressure hoses. **Please note the 10 year replacement obligation for gas regulators and hoses.**

G.8 G.10 G.1 G.2 G.7 G.12

High-pressure hoses with rupture protection for DuoControl CS & MonoControl CS

No more supply problems due to different bottle valves.
Thanks to the country-specific high pressure hoses with integrated rupture protection, the use of your Truma MonoControl CS and DuoControl CS gas pressure regulators for heating while driving is legally permitted throughout Europe.

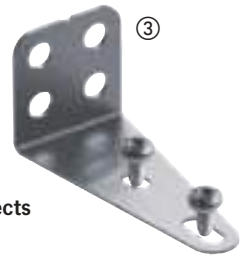
Filter cartridge

For gas filters with a height of 94 mm (see illustration)
Not for gas filters from 2019 (black).

Filter cartridge 753621 14,50



Gas filter

- **Filters up to 99,9 % of aerosols and protects the gas system and all gas appliances**
- **Use the filter together with the pads for longer life and save money**
- **Fits in almost any gas bottle box**
- **Quick and easy to retrofit**
- **Can only be opened when the gas bottle is closed**

The Truma gas filter effectively protects your gas system from contamination: oily residues are reliably filtered out of the gas flow and collected in a filter pad. Simply replace it with a new one every time you change the bottle. The gas filter fits all wall and ceiling-mounted Truma gas pressure regulators. It can be opened quickly and without tools to check/replace the pad.

Low pressure regulator G76

For connecting 30 mbar caravans or motor motorhomes to 50 mbar dedicated lines. The low pressure regulator is installed in the dedicated line upstream of the vehicle and regulates the pressure from 50 to 30 mbar

RVS 8 x RVS 8 outlet pressure 30 mbar 1,5 kg/h

④ Not for use inside the vehicle!!! **75193** **64,95**

Changing the operating pressure
The new EN 1949 and EN 12864 have been applied since 01.01.2003.
Therefore, only pressure regulators of the new standard with 30 mbar may be used for new and newly registered vehicles. New approvals may only be equipped with 30 mbar operating pressure.
The operating pressure was changed to 30 mbar in the course of EC harmonization.

75484 **98,95**

Plug-in coupling type SKU-QR

NEW

- **For quick connection of hose lines to mobile gas appliances (e.g. barbecue)**

The gas flow is automatically blocked when disconnecting. Tamper-proof: unlocking only possible with standardized plug-in nipple STN. Ergonomic, non-slip handle for easy coupling; sealing plug protects against dirt and animals. With RVS 10/8 outlet connection and adapter for 8 mm pipes. Max. pressure: 5 bar, DVGW-certified. Note: Only use in conjunction with shut-off valve, not as a permanent shut-off device.

Low pressure regulator type EN61 marine for boats

30 mbar

For connection to gas bottles, for pressure regulation to the nominal pressure of the gas appliance, corrosion resistant in accordance with EN 16129, annex M Performance level 1 with safety relief valve PRV, response pressure 150 mbar, a relief line can be installed on the pipe connection (8 mm) to discharge the excess pressure

75319 **32,95**

GAS HOSES AND ADAPTERS

Medium pressure hose line
Conformity: DVGW-tested hose dimensions 6,3 x 3,5 mm

40 cm hose
Specially for connection in the gas box. A 75 cm hose is allowed for pull out gas bottles.

Shaft lengths up to 300 cm.
A connection with coupling adapters is possible for longer distances.

Gas hose info

Gas hoses are DVGW tested. They are usually available in two versions.

Winterproof: Cold resistant down to -30°C, made of rubber with a textile insert.
Cold resistant: Suitable down to -20°C, made of plastic with textile insert.

Plug-in spout 8 mm for gas sockets | **¼" left hand screw thread for gas regulator** | **RVS cutting ring connection for gas pipe 8mm 10mm** | **Tube 8 mm (RST connection)**

All hoses are also supplied with a tag and the year of replacement.

Note: Gas systems must be inspected every 2 years by a DVFG-recognized expert. The result is entered in the test certificate (to be kept with the documents). In the case of new installations and modifications, a test must also be carried out in advance. Reach out to us.

Medium pressure hose lines for motorhomes, caravans & outdoor use

Also for installation in the gas box (max. 40 cm)

¼" left RVS

With G 1/4 LH-ÜM and cutting ring connection 8 or 10 mm.
A maximum length of 40 cm is permitted for use in the gas locker of the motorhome or caravan.

① Coupling valve type SKU SSV-K straight through version

8 mm, straight, with stop valve. Connect/disconnect only with closed valve. Connection for external gas bottles/appliances.
75156 **67,20**

② Suitable plug-in spout Ø 8 mm.
75143 **5,–**

Coupling valve type SKU SSV-K branch version

Ball valve as shut-off valve with safety coupling for installation in the pipe as connection option for portable gas appliances such as gas hobs or gas barbecues.

With flange, RVS8 + plug-in coupling

- Opening or closing of the shut-off valve is only possible when the hose line is connected
- Aspecial device makes the SKU plug in coupling tamper-proof - unlocking is only possible using
- the STN plug in nipple
- Little pressure loss due to optimized function
- Mounting bracket for secure installation

75455 **64,90**

Manual switch valve type MVU

For manual change in two-bottle systems. Advantage: Bottles can be changed without interrupting operation. Simultaneous connection of two gas bottles.

RVS 8 x RVS 8 x RVS 8
75230 **56,80**

RVS 10 x RVS 10 x RVS 10
752301 **62,60**

Quick-closing valve type DSV

Quick-closing fitting, only full Open or closed position, polished brass, rotating handle, low pressure loss due to optimized function RVS 8 x RVS 8, maximum allowed pressure: PS 5 bar.
751550 **57,–**

Floor entries Plastic

Suitable for gas box ventilation.
Open cross cut > 100 cm²
Ø 130 mm, L 100 mm
53005 **8,70**

Regulating valve 90° or branch valve G 1/4 LH-ÜM

For outdoor use only, not for mounting in the vehicle.

Single valve

For infinitely variable regulation of the gas flow rate
75144 **10,20**

Double valve

For simultaneous connection of 2 devices to 1 controller
75147 **12,30**

Triple valve

For simultaneous connection of 3 devices to 1 controller
75162 **12,95**

GAS INSTALLATION AND ASSEMBLY TOOLS

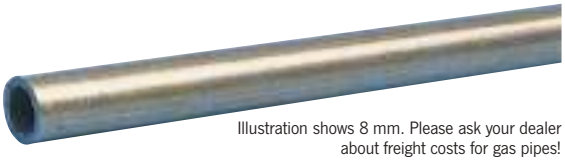

Illustration shows 8 mm. Please ask your dealer about freight costs for gas pipes!

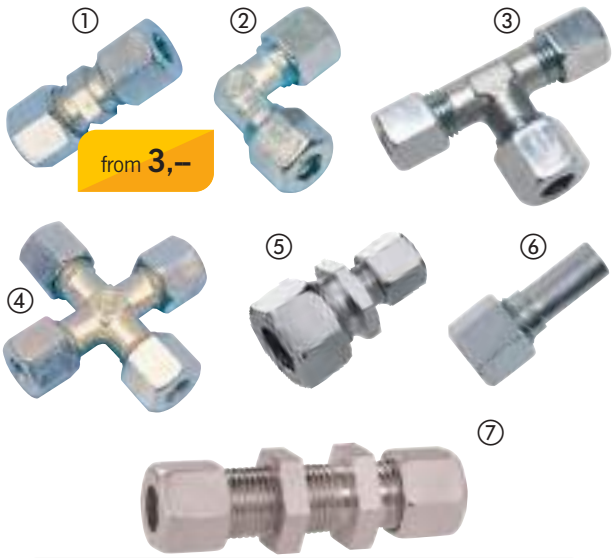
8 or 10 mm Ø: When, what, what for?
For 50 mbar gas systems, the diameter for gas pipes, hoses and their connecting parts is Ø 8 mm. However, at a lower operating pressure of 30 mbar it makes sense to increase the gas volume to the distribution blocks in order to ensure a sufficient and constant supply to the individual consumers. This means that the connection from the gas tank/gas bottle to the distribution block can be made with a 10 mm pipe. Please note: The supply from the distribution block to the individual consumers must still be carried out with a Ø of 8 mm.



for gas-tight feed-throughs, e.g. on the gas box

GOK

External gas feed for leisure vehicles

For connecting an external gas supply (gas cylinder) for caravans and motorhomes with one- or two-cylinder systems. The connection between the external gas bottle and the vehicle's supply line is established quickly and safely using a plug-in coupling. The manual switch valve can be used to switch quickly and easily from the internal gas bottle to the external gas supply.

Scope of delivery: Medium pressure regulator, combination connection for optional connection to 5, 11 or 33 kg gas bottles, medium pressure hose line, gas supply flap for mounting in the vehicle's outer wall, the integrated gas non-return valve prevents unintentional gas leakage, manual switch valve for alternating between external or internal gas supply and MiniTool for connecting and disconnecting the regulator.

Oyster Soundbar

- **Elegant design combined with strong and clear sound**
- **Connections: HDMI ARC, COAXIAL, AUX**
- **USB interface for direct music playback**
- **3 sound effects selectable (EQ): News, Normal, Music**
- **Compatible with most televisions**

Oyster® soundbar

Impressive sound, versatile connection options and elegant design. The Oyster® Soundbar has a 4-speaker system and is the **ideal complement to our "Oyster® Smart TV"** and is also compatible with other televisions. Installation is simple and the connection is made via HDMI ARC, COAXIAL or AUX. It is also possible to play music directly from a cell phone or tablet via USB or Bluetooth.

Features: Power: 2 x 10 W sine wave, energy consumption: 12 V 0.75 A / 24 V 0.42 A, operating voltage: 12 V, 24 V, 240 V (only w/ mains adapter), Dims.: 436 x 46 x 68 mm (W x H x D), Weight: 1.2 kg.

Scope of delivery: Soundbar, remote control, mounting bracket for direct mounting on "Oyster® TV", AUX cable, COAXIAL cable, HDMI ARC cable, 110 V - 240 V AC mains adapter w/ EURO Schuko plug, 12 V / 24 V power connection cable. **49029** **185,–**

Zahlreiche Auszeichnungen krönen die Qualität unserer Megasat-Produkte

Royal Line IV Smart TV

- **LED display (pixel class 1)**
- **1920 x 1080 pixel resolution (Full HD)**
- **3000 : 1 contrast ratio / 250 cd/m² Brightness value**
- **Viewing angle: 178° (horizontal) / 178° (vertical)**
- **Tuner: DVB-S / -S2 / -C / -T / -T2 (H.265/HEVC)**
- **Program channels: 3,500 (DVB-S) / 700 (DVB-T + DVB-C)**
- **CI+ slot (HD+ ready)**
- **Bluetooth® 4.2 interface**
- **WLAN and LAN interface**
- **Access to media libraries / video portals and pre-installed apps**
- **Android 11.0 operating system**
- **ARM Cortex -A55 processor (1 GB DDR / 8 GB Flash)**
- **Supported formats: JPEG, BMP, PNG, MP3, AAC, AMR, MPG, AVI, TS, MOV, MKV, DAT, MP4, VOB**
- **Mechanical power switch**
- **2x 5 watt stereo speakers**
- **100 x 100 mm VESA standard**

The Royal Line IV Smart series with integrated Android 11 operating system offers LAN and WLAN interface. As this is a smart TV, it has an internet browser and pre-installed apps as well as access to many media portals. In addition, numerous other apps can be installed via the integrated app store.

The TV experience is rounded off with a first-class HD quality display that leaves nothing to be desired.

The triple tuner also ensures digital TV reception in other European countries.

Other features include CI+ slot for decrypting pay TV channels and the USB port for media playback of films, images and music.

With integrated Bluetooth® interface, you can wirelessly transmit audio playback to Bluetooth® -enabled headphones or a soundbar.

The devices are specially designed for use in vehicles. A special interior design protects the components from vibrations while driving. Whether boat, caravan or truck, with our camping TV you are well equipped.

You can find the Royal Line Premium Smart TVs at www.reimo.com

90° pivot adapter VESA for Sky mounts

Pivot adapter for all Sky TV mounts, steel, color: anthracite, VESA 100mm, with mounting screw. Allows you to rotate your TV by approx. 90° and lock it vertically.

493956 **59,90**

SKY HF wall mount with quick-release

The small swivel and tilt TFT mount. Quick-Out System: TFT can be removed in one easy step. Dims.: 90 x 158 x 72 mm, weight: 900 g, load cap.: 10 kg. Wall distance: 72 mm.

493946 **113,--**

Adapter plate Vesa Sky

for wall bracket Sky N and HF

Steel, powder-coated. Color: black, for Quick-Release 100 x 100, (for Vesa standard 200 x 100, 200 x 200, 300 x 170), weight 1 kg.

493950 **42,--**

① SKY 15N TV mount

Wall mounting w/ mounting rail. Holder can be rotated, swiveled, tilted & height-adjusted. Incl. 4 cable clips. Arm lengths: 46 cm and 26 cm, weight app. 2.5 kg, load cap. up to 10 kg.

493944 **315,--**

② SKY 15N wall rail

suitable for SKY 1 N. Better distribution of the holding force on weak/thin walls. With concealed screw channel & 2 cover caps.
Rail length 1050 mm. **493948** **97,--**

SKY 12N TV mount

Wall bracket with 1 arm, arm length: 200 mm. Double joint, locking mechanism and quick-release plate for quick removal of the TV. Wall distance app. 280 mm. Weight: 1.5 kg. Loadable up to 12 kg. **493991** **149,--**

TV mount with large swivel range & locking mechanism

- **Extremely flat (34 mm)**
- **With 3 pivot points**
- **With locking mechanism**
- **Very wide swivel range**

Wall distance when folded out: 500 mm, dims.: W 296 x H 125 x D 34 mm, height with lever 250 mm, black powder-coated steel, load cap. up to 6.5 kg. With locking mechanism for safe transportation.

NEW

Laterally extendable and swiveling TV mount HUB800

- **Manually extendable**
- **Pivotable**
- **Wall mounting**
- **Load cap. max. 5 kg**

Dims. retracted (LxWxH): 317 x 72 x 171 mm.
Dims. extended (LxWxH): 695 x 72 x 171 mm Weight 3.2 kg,
Material: Steel, plastic, color: grey **493988** **169,–**

Caratec Flex TV mount with 3 pivot points

- **With locking mechanism**
- **Loadable up to 6.5 kg**

Compact holder with locking mechanism. Wall distance app. 370 mm when folded out.
Load capacity: 6.5 kg. Weight: 1.4 kg.
Dims.: app. B235 x H250 x D34 mm.
Material: powder-coated steel

493985 **89,–**

Caratec Flex front pull-out

- **Rotatable and swiveling**
- **With automatic locking**
- **Loadable up to 6.5 kg**

Automatically locking pull-out for TV cabinets, can be mounted horizontally or suspended, rotates & swivels. Allows the TV set to be pulled out by max. 470 mm, the rail length when extended is approx. 792 mm. Load capacity: 6.5 kg. Weight: 2.5 kg.
Dims.: app. B180 x H85 x D370 mm.
Material: Aluminum

493986 **209,–**

Caratec Flex lateral pull-out

- **With automatic locking**
- **Loadable up to 6.5 kg**

Classic TV pull-out with automatic locking, can be mounted on the left or right. Allows TV set to be pulled out by max. 470 mm, the rail length when extended is approx. 835 mm. Inclination of retaining plate: +/- 8 degrees. Load capacity: 6.5 kg. Weight: 2.6 kg. Dims.: app. W410 x H155 x D42 mm. Material: Aluminum

493987 **199,–**

TV linear drawer SKY 20W & SKY 20W Light for wall mounting with shallow installation depth

- **TV can be rotated up to 180° when extended**
- **With locking while driving**

TFT wall mount SKY 20W (VESA 75+100). Pull-out with locking lever to secure the screen while driving. Cable routing included. Depending on installation situation, screen can optionally be rotated by 90° to achieve a shallower installation depth. Screen can be swiveled up to 180° when extended. Tilt adjustment +/- 10°. Silver anodized. Profile length: 330 mm, load cap.: max. 6.5 kg. Dims. unassembled: 390 x 115 x 57 mm (L x H x D). Material: Aluminum profile.

(swivel bracket not incl. in scope of delivery)

LIPPERT

73,95

TV wall bracket

- **Tiltable and swiveling**
- **Loadable up to 10 kg**

Compact and robust TV mount with knurled screws for adjusting the tilt angle. The wall bracket can be tilted up and down. Swivels to the left and right. Weight 0.80 kg. Color: Silver grey
49670 **73,95**

CARBEST

Universal tablet/mob. phone holder

Perfect for mounting on headrest in vehicle or on bicycle handlebars. Suitable for smartphones and tablets. For appliance widths of app. 10 - 17.7 cm. 360° rotatable. **462381** **22,95**

CARBEST

Active DVB-T2 omnidirectional antenna

- **Intended for mounting on the vehicle roof**
- **Integrated amplifier**
- **Concealed cable routing (through antenna base)**

Antenna with the latest SMD technology. Excellent reception of digital terrestrial TV (DVB-T) and radio programs (DAB radio). Reception of local/regional FM radio signals. With built-in amplifier. Extremely wide frequency range. Weatherproof, rust-proof, design w/ aluminum base.

Technical data:
Frequency ranges: FM 87.5-108 MHz, VHF 174-230 MHz, UHF 470-862 MHz, aperture angle: vertical 90°/horizontal 360°, output level: max. 108 dB V, gain: 32 dB, input voltage: DC12/24 V, operating voltage: 5 V DC, connection: F plug. Dims.: Ø base: 13 cm, Ø antenna: 30 cm, total height: 20 cm

49410 **109,90**

TELECO SAT EQUIPMENT

Digital terrestrial 360° DVB-T2 antenna Wing 11

The Wing 11 antenna series antenna series was developed to receive terrestrial digital signals. Aerodynamic shape for low air resistance. Special base for antenna tilt in any direction. For mounting on roofs of motorhomes, caravans or yachts. Special antenna design enables reception of TV programs even in low frequency range (VHF-B3). With LTE/4G filter against interference.

Technical data:
Gain: CH 5 - 12: 16 dB, CH 21 - 60: 26 dB, power supply: 12/24 V, diameter: 38 cm, height: 16.5 cm, weight: 1.2 kg.

Scope of delivery: 1 antenna w/ 5 m coaxial cable & 3 F connectors, 1 amplifier w/ adjustable gain & 3 outputs for TV + 1 radio output DAB & FM.

491940 **262,–**

KATHREIN

Active VHF/UHF DVB-T2 antenna for indoor and outdoor use

- **For receiving digital terrestrial DVB-T programs**
- **Reception range VHF: 174 - 230 MHz, UHF: 470 - 862 MHz**
- **Horizontal and vertical polarization**
- **Gain B III: 18 dB; UHF: 15 dB**

① **DVB-T2 outdoor antenna BZD 40**
Horizontal and vertical polarization. Extremely low noise figure. Connection with F socket and weather protection cap. Remote power supply (5 V/30 mA) via coaxial cable through the connected DVB-T2 receiver or w/ external remote power supply unit (2-25 V). Mounting for wall and floor. 10 m connection cable. F and ICE plug. Instructions.Dims.: 25 x 7.5 cm. Weight: 1.1 kg **49438** **121,–**

② **DVB-T2 indoor antenna BZD 32** Active VHF/UHF antenna w/ integrated amplifier for receiving digital terrestrial TV & radio programs (DVB-T/-T2). **Remote power (5 V/30 mA) is supplied via USB remote power cable, e.g. from TV set.** Connection: IEC socket, Integrated blocking filter against GSM & LTE interference. Dims.: 14 x 19.5 cm. Weight: 0.5 kg **49105** **72,–**

MEGASAT
Brillantes Fernsehen

Traveler-Man 3

- **Fully automatic antenna with Bluetooth function for operation via smartphone**
- **Satellite selection & firmware updates directly via cell phone**
- **Free app for iOS and Android devices**

Technical data: Antenna type: Flat antenna, LNB type: Universal LNB, Number of max. subscribers: 2, Frequency band: Ku band, Input frequency range: 10.7 GHz - 12.75 GHz, Polarization: V/H, Signal gain: 33 dBi @ 12.7 GHz, Minimum EIRP (footprint): 49 dBW, Elevation (tilt): 0° - 90°, Azimuth (rotation): 365°, Auto skew function, 2-axis DC motor, Temp. range: -25°C - +70°C, Power supply:
DC 12 Volt, Dims. retracted: L 48 x H 14.5 cm.

Scope of delivery: Traveller-Man 3, control unit, roof ducts, 1m coaxial cable, 10m coaxial cable, operating instructions

SRM MECATRONIC
The outdoors in comfort.

MADE IN ITALY

SAT SYSTEMS FROM HIGHEST QUALITY.

The satellite systems with Bluetooth control from SR Mecatronic are among the most technologically advanced on the market. They impress with their high quality and reliability. The robust mechanism with metal gear elements ensures a long service life and a low failure rate.

The SR Mecatronic Bluetooth app control offers you many advantages:

- Automatic software update, without technical assistance from customer service - switch the antenna on or off
- Manual control of the antenna if required
- Search and selection from the 19 pre-programmed satellites
- Checking the battery level, signal strength and signal quality
- App available for Android and iOS

Caravanman 65 / 85 Premium V2
Caravanman 65 / 85 Professional GPS V2

Best radio and TV quality throughout Europe with the Caravanman. The 65 or 85 cm mirrors ensure ideal reception conditions even in the peripheral areas of the footprint. Another plus point is the low installation height of just 20 cm when retracted, which also allows installation on high vehicles.
The included control unit, which now also offers an integrated-Bluetooth®module that can be used to connect to a smartphone or tablet, automatically finds the selected satellite at the touch of a button. The Professional version also offers SKEW function that compensates for reception impairments caused by curvature of the earth.

Caravanman 65 Premium V2 & Professional GPS V2

- **Robust and powerful**
- **Ideal for smaller vehicles**
- **Little space required on roof**

Caravanman 85 Premium V2

- **Robust and powerful**
- **For even more reception range**
- **Low installation height (only 20 cm)**

Caravanman 85 Professional GPS V2

- **GPS receiver for quick alignment of antenna**
- **Professional version with TWIN-LNB**
- **Automatic SKEW function**
- **For 2 receivers or TV with SAT receiver**
- **For even more reception range**
- **Low installation height (only 20 cm)**

WLAN-USB-Adapter UFZ 132 - TV and radio via live streaming

- **Live streaming on mobile devices**
- **Simple installation via the receiver menu**
- **Supports 2, 4 and 5 GHz ISM bands (dual band)**
- **Supports 64-/128-bit WEP, WPA, WPA2 and WAPI encryption**

WLAN/USB adapter UFZ 132 enables wireless integration of suitable network-compatible Kathrein receivers into home network; IEEE 802.11n; WLAN hotspot. Thanks to option of setting up a WLAN hotspot, TV and radio broadcasts can also be transmitted to mobile devices (smartphones, tablets, etc.) without an additional Internet router. Simple installation via the receiver menu, no additional software required. Suitable for UFS 946/CI+, UFSconnect 906 and CAP 650/750/850.

MAXVIEW PRECISION
HOME ENTERTAINMENT ON THE MOVE

Easy alignment thanks to extensive equipment

The "Precision" satellite antenna impresses with its easy handling and high functionality. Design of antenna is unique and finding the satellite is child's play thanks to built-in satellite finder, the precisely adjustable elevation and the south mark on leg of tripod. Simply align the marked leg to the south using the compass. The rotation limitation on the tripod only allows a search angle of approx. 30 degrees. The desired satellite is located in this segment.

Scope of delivery:
Satellite antenna w/ satellite tripod, integrated satellite finder, compass, universal LNB w/ low noise figure, transport bag for tripod and satellite antenna, 10 m coax connection cable (w/o. receiver).

Maxview Precision 65 cm with Single LNB **496654** **369,–**

Maxview Precision I.D. 65 cm with Twin LNB
Identical to Precision 65, but with satellite identification module. This allows the antenna to be aligned in a matter of seconds. The blue LED display confirms that you are on the satellite selected in the receiver.

496657 **479,–**

MAXVIEW
HOME ENTERTAINMENT ON THE MOVE

Portable Kit Light with tripod and bag

- **Skew adjustment scale**
- **Universal LNB (retractable arm)**
- **With 54 cm or 65 cm satellite mirror**

Complete satellite package from Maxview includes everything you need for reception: elliptically shaped satellite mirror (54 cm or 64 cm), satellite tripod, compass, satellite finder, coax cable w/ F-connectors & a practical carrying bag. All you need is a TV set and a receiver or a TV with an integrated satellite receiver. High stability. Universal, rotatable pole mount. Precise degree graduation and skew adjustment scale facilitate alignment. Universal LNB specially tuned. Only 4.5 kg light. Scope of delivery: Mirror, aluminum tripod, satellite finder, LNB, satellite compass, connection cable, carrying bag.

65 cm mirror **49765** **239,–**

Antenna set HDS 166 Plus

- **Consisting of BAS 66 flat antenna (twin LNB), satellite tripod, adapter joint, UFZ 131, CAP converter, 15m coaxial cable, appl. note**
- **Set up in a few simple steps**
- **Guided alignment via smartphone using voice assistant**
- **11 satellites preset**
- **Twin LNB for connecting a second receiver or TV set**
- **Streaming of TV/radio programs to mobile devices**

The HDS 166 Plus antenna can be conveniently aligned to the desired satellite using a smartphone (with compass and Wasserwagen app). Scope of delivery: BAS 66 flat antenna, HDS 100 satellite tripod, adapter joint, CAP converter, UFZ 132, 15m coaxial cable, carrying bag, installation instructions. Weight: approx. 9.4 kg **49124** **599,–**

Antenna set HDS 166

- **Consisting of HDS 100 satellite tripod - BAS 66 flat antenna, adapter joint, 15 m coax. cable**
- **Set up in a few simple steps**
- **Simple alignment of the antenna with the aid of a smartphone**
- **Very little space required for transport**
- **Twin LNB for connecting a second receiver or TV set**

HDS 166 antenna set for manual satellite reception is an excellent alternative to the fully automatic, permanently mounted turntable. The BAS 66 flat antenna included in the set is ideal for adjusting and searching for satellites using a smartphone and a compass app. Scope of delivery: BAS 66 flat antenna, satellite tripod for variable positioning of the BAS 66 and KEA 650 satellite antennas. Adapter joint, 15 m coaxial cable, carrying bag, installation instructions. Weight: app. 8.8 kg **49121** **389,–**

Portable 12-volt router with WLAN repeater – WLT24EX2

- **Uncomplicated Internet access in the motorhome: Easy to integrate into vehicle, ideal for on the go**
- **Versatile use: Web surfing, music, videos and TV streaming as well as access to home and company networks possible**
- **Fast and stable Internet access: high-performance routerensures a stable connection**
- **Simple operation: can be controlled via smartphone**
- **Internet use of up to 4 devices simultaneously possible**

The portable 12V router with WLAN repeater is able to convert any mobile radio signal into WLAN using a data SIM card (not included). It is compatible with all mobile radio frequencies (LTE/4G/3G).
The router is also equipped with a Wi-Fi signal repeater function and transmits the Wi-Fi signal from nearby sources back into the vehicle

491944 64,90

Technical data	
Reception frequencies (3G/4G/LTE)	800 MHz (B20), 900 MHz (B8), 1800 MHz (B3), 2100 MHz (B1), 2600 MHz (B7)
Antennas	2 internal antennas for 3G, 4G, LTE, Wi-Fi
WIFI	Integrated WLAN repeater signal amplifier
Connections	2 SMA connectors for external antennas
SIM cards	2 SIM card reader integrated
Network	1 Ethernet input
LTE specifications	LTE category 4
LTE speed	Download: 150 Mbps, Upload: 50 Mbps
Power supply	DC 10.5 - 14.5 V, 1 A
Dimensions	151 mm x 150 mm x 48 mm

MAXVIEW

ROAM COMBO & ROAM COMBO X

- **360° all-round reception**
- **High-quality, aerodynamic design**
- **Compact design**
- **5G compatibility: ideal for home office in the vehicle**
- **Simple installation**

The Roam Combo antenna is designed for maximum flexibility and performance in mobile use. Thanks to 360° omnidirectional reception, it does not need to be aligned and therefore offers convenient, fast operation. With its high-quality, flat and aerodynamic design, it combines style and functionality - ideal for stable reception while driving. Despite its compact size, the Roam Combo antenna takes up very little space and can be flexibly installed almost anywhere on the roof. In addition, 5G compatibility enables the use of the latest mobile radio standards and ensures future-proof data transmission. The special mounting base makes installation simple and safe, with only a single hole required to guide the cables into the vehicle interior. The Roam Combo is therefore the ideal solution for anyone who values reliability, modern design and high-performance reception.

Oyster® CONNECT VISION

Mobile Internet like at home, even while driving

- Powerful WLAN and LTE antenna (4G)
- One-off & simple setup of "mobile home network"
- LTE module optimized for use in the EMEA region, worldwide use on compatible frequencies is also possible
- 2 SIM card readers (dual SIM)
- 3 WLAN modules for 2.4 GHz and 5 GHz dual-band WLAN in the vehicle and connection to external WLAN hotspots outside the vehicle
- Support for hotspots with captive portal websites
- Simple registration of your end devices to WLAN of Oyster® control units via QR codes and WPS
- All your carried devices can be in the mobile home network of the Oyster® control units at the same time
- Dynamic temperature control
- Convenient operation via intuitive web interface in DE / EN / FR / ES / IT / NL

Product	Item no.	Price
Oyster® Connect Vision	49035	995,–

Dims.: LxWxH 405x292x120 mm, weight: 1.5 kg. Scope of delivery: Oyster® Connect Vision antenna, indoor unit, roof feed-through with 4 m data cable, power connection cable, mounting plate.

Combine the Oyster® Connect Vision antenna with a desired Oyster® Smart TV: You can find these on page 852

Oyster® ACCESS

Oyster® Access outdoor antenna

- Full-size antenna with separate roof feed-through for antenna cables
- 2x LTE all-band antenna with Diversity technology
- 4x WLAN antenna for 2.4 GHz and 5 GHz MIMO
- 4x high quality antenna cable in protective sleeve, detachable on both sides, 2 meters
- Antenna dims.: Ø 30.5 cm x 13.0 cm, mounting hole ø 18-20 mm
- Incl. Router (see below for technical details)

Product	Item no.	Price
Oyster® Access Vision	490350	879,–

Oyster® EASYNET

Oyster® EasyNet outdoor antenna

- Space-saving hemispherical outdoor antenna with integrated cable feed-through
- Compact antenna with 2x LTE and 2x WLAN MIMO
- 4x low-loss antenna cable, permanently connected on antenna side, 1.5 meters
- Thread length 27 or 45 mm available
- Antenna dimensions: Ø 11 cm x 5,5 cm, mounting holeø 28 mm
- Incl. Router (see below for technical details)

Pioneer Router WR204 incl. antenna

- **2G, 3G, 4G LTE**
- **2.4GHz and 5GHz WLAN**
- **For up to 32 devices**
- **IwLAN antenna integrated in housing**
- **Additional WLAN via external antenna**
- **2x LAN port / 2x SIM slot**

Technical data	
SIM slot	2 x SIM slot (nano-SIM)
Mobile radio standards	2G, 3G, 4G LTE
WLAN frequencies	2.4 GHz and 5 GHz WLAN
WLAN antenna	WLAN antenna integrated in housing
External antenna	"Shark fin" antenna incl. in scope of delivery
LAN ports	2 x LAN port
Speed	Download 150 Mbit/s max, upload 50 Mbit/s max (CAT4)
Repeater function / captive hotspot	Search for WWAN SSID, scroll & password entry, automatic link to hotspot landing page
User interface	Web-based user interface (simple or expert mode)
Operation	Via smartphone, tablet or PC/Mac
Guest access	Configurable, data rate limitable
On/Off	Via timer or mechanical switch
Power supply	0.5 A/12 V (8-18 V)
Operating temperature	-20 to +60 °C
Mounting	Ultra-compact, antenna can be mounted on profiled roofs (e.g. Ducato)

49160 **599,--**

Camping router 4G CAR 150 WiFi Duo

- **Two SIM card slots**
- **12 V or 230 V power supply possible**
- **LTE antenna (4G)**

Internet reception also available while driving and internationally. Use of existingWLANs, e.g. campsite/restaurants/hotspots MIMO outdoor antenna for perfect LTE/WLAN reception. Future-proof thanks to update option via the Internet. 12 V or 230 V power supply possible. 5 x antenna, 4 x Ethernet, 1 x USBConnection and many other connections. Router dimensions WxH: 109x50 mm. Antenna dimensions Ø 110 x H 55 mm. Weight: 295g

Scope of delivery:
Roof antenna, 12 V connection cable, roof feed-through w/ fastening screw w/ knurled nut, network cable (1.5 m), 230 V-12 V power supply unit.

49130 **499,--**

Camping router CAR 160 WiFi Duo 5G MIMO

- **LTE/5G MIMO antenna (black or white)**
- **Two SIM card slots**
- **12 V or 230 V power supply possible**

The CAR 160 WiFi Duo 5G MIMO dual SIM WLAN router set enables the connection of mobile devices (cell phone, tablet, notebook) to the Internet via an existing WLAN or the mobile data of an inserted SIM card.

Technical data:
Connections: 2 x SMA for LTE, 2 x RP-SMA for WLAN, 1 x SMA for GPS, 3 x LAN, 1 x WAN, 1 x USB host; mobile radio standards: 4G/LTE (Cat. 4), 3G, 2G; Input voltage range: 9 - 30 V; Power consumption: 2 W; Router dims.: W109 x H50 x D103 mm. Antenna dimensions Ø 110 x H 55 mm. Weight: 295 g

Scope of delivery: Router, internal WLAN antenna, 230 V power supply unit, Ethernet cable 1.5 m, roof antenna, roof feed-through w/ fastening screw w/ knurled nut, 12 V connection cable, operating instructions

CAMPERNET – Brings Internet to your motorhome

ANTRETTER HUBER

- **Simple Internet access and easily into Motorhome integrated i Versatile use: Web surfing, music, videos and TV streaming as well as access to home and company networks possible**
- **Fast and stable Internet access: high-performance routerensures a stable connection**
- **Simple operation: can be controlled via smartphone**

Whether for private or business use - with the CAMPERNET 2.0 routers, online access in the motorhome is uncomplicated. Surfing, streaming music, videos and TV or accessing the home network - CAMPERNET 2.0 offers fast, stable Internet access. Antretter & Huber, specialist for Internet in motorhomes, presents latest 5G/LTE/WLAN high-performance routers: the CAMPERNET 2.0 EVO (5G ready) with LTE CAT12, WiFi6 and WPA3 as well as the CAMPERNET 2.0 PRO (5G) for higher demands. Both routers are specially designed for motorhomes, easy to install and simple to operate via smartphone. Dims.: L176 x W134 x H35 mm, weight: 320 g.

Technical data	
SIM slot	2 x Micro SIM slot for mobile phone cards
Card change	Tool-free card change (push mechanism)
APN recognition	Automatic recognition for over 180 providers
Operation	WebApp user interface, child's play
WIFI	WiFi6, 2.4 GHz / 5 GHz, WPA3
WLAN connection	2 x 2 MIMO (FAKRA Code K)
WLAN antenna	Integrated indoor WLAN antenna: 2 x 2 MIMO
WLAN repeating	Support for public WLAN networks (Captive Portal)
WLAN speed	5 GHz: 2 x 2 MU-MIMO 1200 Mbit/s, 2.4 GHz: 2 x 2 MU-MIMO 573.5 Mbit/s
Guest WLAN	Adjustable data limit
Automatic mode	Automatic switching between WLAN and mobile radio
Data saving mode	Can be switched on
Secure connections	Support for VPN and SSH connections
Updates	Automatic over-the-air updates
Voltage	9 V to 30 V (12 V / 24 V system)

STREAM - Internet solution for on the go!

- **Simple assembly**
- **Easy app operation**
- **Two SIM card slots**
- **Keep an eye on your data consumption**
- **Perfect addition for your alphatronics Smart-TV**
- **Power supply via 12V connection cable / 230V power supply unit**

The alphatronics STREAM is a mobile router that offers flexible Internet for smartphones, tablets, laptops and smart TVs. With four antennas and an automotive-certified router, it is easy to set up and manage via the web app. Ideal for motorhomes and caravans, the router is European made and factory unlocked for any SIM card, supports all data service providers and offers options for Pay As You Go or monthly contracts. Advanced password encryption ensures secure connections. It can connect up to 150 devices simultaneously and offers customized website filters. The wall bracket ensures a clean installation. The router comes with a 12 V connection cable or optional 230 V power supply and includes accessories such as antennas and LAN cables.

CARBEST

Telescopic antenna mast for TV antennas

- **Allows easy adjustment of the antenna without leaving the vehicle**
- **Suitable for motorhomes and caravans**
- **Reliably protected from water ingress**
- **Made from high-quality aluminum**

50 cm

Antenna mast 50 cm
Total length: 50 cm, Ø 30 mm. Anodized and corrosion-resistant aluminium. Double O-ring-
System reliably protects against water ingress
Weight: app. 0.5 kg. **492410** **53,90**

KATHREIN

Articulated satellite mast/conversion articulated mast

- **High ease of use thanks to swivel & tilting option**
- **With two retracted connection cables & four F plugs**
- **Poles made of aluminum, rod ends made of die-cast aluminum**
- **Max. Driving speed 130 km/h w/ antenna folded in**

① **HDM 140**
- For mounting the BAS 60/66 flat antenna on the caravan or motorhome, length: 103 cm **49215** **239,--**

② **HDM 141**
- Shortened version for mounting the BAS 60/66 flat antenna on caravan or motorhome, length: 76.5 cm **49216** **239,--**

③ **HDM 143**
- For conversion from a terrestrial reception antenna, e.g. HD 35, to the BAS 60/66 Skew flat antenna
- Roof lead-through bracket can still be used **49219** **219,--**

Easy alignment thanks to integrated bubble level.

MAXVIEW
HOME ENTERTAINMENT ON THE MOVE

Ideal for high hedges & fences

Universal SAT tripods and floor mounts

- **Integrated "water trolley function"**
- **Correct alignment with the satellite**
- **Also with height-adjustable mast**

Maxview Sat tripod "Classic"
Sat tripod, ultra-light, long feet for a secure stand. The best reception location for satellite reception.

① **Classic" aluminum sat tripod**
3-legged, ultra-light. Fastening with tent pegs.
For mirrors with universal pole mount up to 90 cm, telescopic 94 - 101 cm Pack size 81 x 13 cm.
Weight 1.35 kg. Tube Ø 34 mm
492400 **64,70**

② **Sat tripod "De Luxe"**
as "Classic", but telescopic from 120 - 170 cm, tube Ø 34 mm, pack size 102 x 15 cm, weight 1.7 kg.
492690 **87,40**

③ **Lawn spike (ground holder)**
Attachment of antenna, umbrella or rotary dryer. Galvanized, length: 50 cm.
90314 **7,95**

CARBEST

Van View - Reversing infrared camera for panel van with split rear door

Ideal for the vehicle roof edge, e.g. for panel vans and transporters with split rear door. Resolution: 500 x 582 pixels. 0 Lux, 9 night vision LEDs, viewing angle 120°, voltage: 12 Volt, temp. range: -20 to 70° C. Scope of delivery: Camera, 20 m connection cable, instructions & mounting material. **47803** **119,–**

Radio transmission for reversing syst.

Reversing camera image can be transmitted wirelessly to a monitor via radio system. Installation is carried out without laying cables, thus reducing installation time. Operation via 12 V or 24 V possible. Radio range also suitable for larger motorhomes and caravans*. Digital 2.4 GHz radio transmission.
Scope of delivery: 1 receiver, 1 transmitter, incl. adapter for Carbest reversing systems. **47439** **99,95**

*Radio range max. 10 meters

ZENEC

① Rear view camera for Ford Transit

Reversing camera for Ford Transit, 7. Transit generation, from 2014, camera replaces the 3rd. Brake light, CCD sensor, viewing angle (dia.): 140°, mechanically adjustable camera angle, integrated microphone, night vision IR LEDs, 3-part 10 m system cable (cinch) with screwed plugs

Folding monitor for Fiat Ducato center console

- **Rear-view mirror function while driving (if the camera makes this technically possible)**
- **Simple installation: The monitor is inserted into original Fiat Ducato center console**
- **Elegant solution that blends in perfectly with the original look of the vehicle**
- **The monitor is simply folded down when not in use**
- **For all Fiat Ducato models from 2006 onwards**
- **Also suitable for Fiat Ducato 8 (from 09/2021)***

DVN 6901 MO	**47815**	**299,–**

*Not suitable for 10" system Fiat

Use e.g. as a rear-view mirror-Function while driving.

Fits perfectly into the Fiat Ducato Center console.

Use in parallel with the navigation system.

ZENEC

7"/17.8 cm universal monitor for camera systems

- **Very flat and attractive housing with easily adjustable, stable mounting base and clip-on sun visor**
- **7"/17.8 cm TFT-LCD screen with 1024 x 600 pixel resolution**
- **High luminosity of 400 cd/m2 and optimum contrast ratio of 500:1**
- **Connection and control of up to 3 independent camera systems, w/ power supply**
- **Multinorm video system with support for PAL and NTSC-based camera signals**
- **Automatic reversing camera function, controlled via reversing signal (Reverse)**
- **Cam trigger signal inputs**
- **Image mirroring function**
- **Ceiling mounting possible**
- **Distance guides can be displayed separately for each camera image**
- **Automatic LCD TFT display day/night brightness control via LDR light sensor element**
- **Camera microphone input w/ adjustable volume & playback via integrated loudspeaker**
- **Simple operation via direct selection buttons on front of monitor & via separate IR remote control**
- **Operating voltage 12 V / 24 V**
- **Dims. (W x H x D): 180 x 120 x 17 mm (monitor)**
- **Monitor base, sun visor, 2 m main wiring harness w/ plug-in system connection & IR remote control incl. in scope of delivery**

Maneuvering and parking large, heavy vehicles not only requires experience, but also the necessary overview. With the high-quality 7"/17.8 cm TFT LCD universal monitor ZE-MRV70 from ZENEC, you can keep an eye on everything at all times. Three cameras can be connected to the monitor (Cinch, CVBS), e.g. reversing, side or front cameras (PAL/NTSC).

The ZE-MRV70 impresses with its high resolution (1024 x 600 pixels) and brilliant image reproduction. The monitor can be activated automatically, manually or by remote control. All three camera images can also be switched on automatically via different triggers thanks to the trigger inputs. Auxiliary lines can be displayed separately for each camera for better distance estimation. Thanks to built-in loudspeaker, ZE-MRV70 can play back audio signals from a camera with microphone (CH1) - with adjustable volume.

The monitor has a practical stand with adhesive pad and is therefore easy to mount. The large contact surface ensures a secure hold. The stand can also be screwed on, e.g. for suspended mounting. The monitor can be flexibly rotated and tilted.

ZE-MRV70 **47826** **199,–**

DOMETIC

Colorball rear view camera CAM 18 NAV

With housing for flexible alignment, normal or mirror image function, sturdy aluminum housing, freely adjustable ball camera, microphone, LDR-controlled IR LEDs. Color: Black **47373** **329,–**

LIPPERT

Furrion Vision S rear view camera incl. side cameras and 5" or 7" Vision S monitor

- **An display of up to four cameras**
- **Digital 2.4 GHz connection**
- **Up to 150m range**
- **Night vision mode and motion detection**
- **Incl. 2 side cameras**

Up to four cameras can be displayed simultaneously on Lippert Vision S monitor. The camera is transmitted wirelessly up to 150 m via a digital 2.4 GHz connection. The night vision mode supports you in poorly lit parking situations. The reversing camera has motion detection and offers additional safety when parking.

The anti-glare 5" or 7" touchscreen monitor can be easily read from any angle. The 5" or 7" monitor can be conveniently attached to your windshield or stand.

Scope of delivery: Lippert Furrion Vision S 5" or 7" monitor, incl. rear view camera, 2x side cameras w/ LED warning light, suction cup for windshield and stand

Technical specifications: Vehicle type: Motorhomes, res. (pixels): 720x480px, Voltage in V: 8-30V

XZENT

Naviceiver X-F275 - For Fiat Ducato III and identical models from YOC. 2006 / 2021** / 2024**

- **Capacitive 8"/20.3 cm (X-F275) real glass touchscreen**
- **Apple CarPlay (via USB cable)**
- **AndroidLink for Android OS smartphones with dual-protocol support (via Autolink app)**
- **FM RDS tuner with DSP**
- **DAB+ twin tuner w/ dynamic station list, DAB-DAB service following, MOT slideshow, DLS text**
- **Bluetooth unit w/ hands-free function & A2DP music streaming, internal & external microphone**
- **Two USB 2.0 ports, 2 extension cables included in scope of delivery**
- **HDMI, 4 x 40 watt amplifier, Made for iPod / iPhone**
- **Control of up to two cameras w/ automatic switching function, superimposable guide lines, CAM direct selection button**
- **IR remote control, direct connection to steering wheel remote control, IR-IN for CAN/LFB interface**
- **1 x cinch A/V input, 1 x cinch video output**

XZENT's X-F275 infotainer is perfectly matched to FIAT Ducato III, Citroën Jumper II & Peugeot Boxer II - both visually & technically. The X-F275 has a large capacitive 8"/20.3 cm real glass touchscreen and masters the full infotainment program. In addition to analog FM tuner, it offers DAB+ with all convenience of a dynamic station list, DAB-DAB service following, MOT slideshow and DLS text. Two USB 2.0 ports take care of audio and video playback.

the X-F275 offers iPhone users Apple Car Play including Siri voice control, while owners of Android phones can look forward to the pre-installed AndroidLink app: it enables the screen content of Android smartphones to be mirrored on the infotainer display and then direct control of the mirrored apps via the touchscreen of the X-F275.

Two reversing cameras can be connected to the X-F275, and auxiliary lines can be displayed and set.

With the optional X-MAP27-MH1 or X-MAP27-MH3 navigation packages, the X-F275 infotainer becomes a comprehensively equipped naviceiver for motorhomes. Navigation software is not included in the scope of delivery of the X-F275.

XZENT X-F275	**850385**	**679,–**

- **FM RDS radio w/ FM World Tuner (all regions)**
- **Two USB 2.0 ports (X-527), one USB 2.0 port (X-107)**
- **Bluetooth unit with hands-free function & A2DP music streaming, internal & external hands-free microphone**
- **4 x 45 watt amplifier**
- **Volume control, illumination Sensor control buttons: RGB multicolor (X-527), white (X-107)**
- **Control of a reversing camera w/ automatic reverse gear function, fade-in guide lines w/ X-527**
- **X-527: 1 x AUX Cinch A/V input, 1 x HDMI input, 2 x USB**
- **X-107: 1 x cinch A/V input, 1 x USB**
- **IR-IN for CAN/LFB interface**

2-DIN INFOTAINER X-107
The X-107 with its capacitive 6.75"/17.1 cm real glass touchscreen fits into any motorhome w/ a 2-DIN slot & offers the latest entertainment functions. The clear front panel with four sensor buttons and a practical volume control knob shows that the X-107 is a truly convenient device. The X-107 is equipped with a DAB+ tuner and an FM world tuner, and via Bluetooth you can not only make calls but also stream music wirelessly from your smartphone. Thanks to the integrated WebLink 2.0 function, you can easily use various apps on your Android or iOS smartphone.

2-DIN INFOTAINER X-527
X-527 is a top-equipped 2-DIN infotainer w/ a 6.75"/17.1 cm real glass touchscreen, DAB+ tuner, FM world tuner, Bluetooth unit for hands-free calling & music streaming, two USB ports, a camera-in & an HDMI input. You can connect your smartphone directly to media center via USB - X-527 then supports Apple CarPlay & Google Android AutoTM. Make calls, navigate, send & receive messages or simply listen to music & podcasts - you can conveniently control all functions using Siri, the Google voice assistant or via media center display.

GARMIN

Radio/dock

10" control panel

MB Sprinter mounting kit

Connection cable set is incl. in installation kits

Garmin Vieo - Infotainment for recreational vehicles Suitable for Fiat Ducato and Mercedes-Benz Sprinter

- **Detachable 10" control panel**
- **Garmin navigation w/ voice control for motorhomes**
- **4 camera inputs for connecting compatible cameras**
- **Map & software updates via WiFi connectivity**

The Vieo™ radio/dock is the basis for the fully integrated infotainment system and therefore the first step for installation in the motorhome. It enables many applications on one system, provides power for charging the control panel when docked and is compatible with the detachable 10" control panel. The removable control panels can be used as a remote control inside and outside the motorhome. Operation is also possible via the free FUSION-Link™ app for smartphones. The system offers full Fusion® media integration for multi-zone volume control. Specific navigation offers voice control, warning functions & special destinations for your motorhome vacation. Integrated safety features, including fatigue warning, advanced driver assistance features (requires front camera and custom configuration for installation) and more.

Kenwood DNR992RVS Navitainer with 10.1 inch HD display with Garmin map data for motorhomes, digital radio DAB+ & smartphone connection

- **25.7 cm (10.1") HD display w/ "OPTICAL BONDING" technology**
- **Integrated Garmin navigation system especially for motorhomes, trucks and cars**
- **3 years from activation free map updates**
- **Anti-reflective and anti-glare screen surface - readable from any viewing angle**
- **HD camera input for front/rear view camera**
- **Rear-view camera can be permanently activated as a rear-view mirror**

The Kenwood Navitainer DNR992RVS for motorhomes: Garmin navigation, Wireless CarPlay & Android Auto or Android Wireless Mirroring, DAB+ digital radio, Wireless Hi-Res Audio, parametric equalizer, four camera inputs & much more. If you opt for the Navitainer DNR992RVS, you are already on the right track. Integrated Garmin navigation, w/ pre-installed POI database from Campercontact, is specially tailored to requirements of motorhome drivers. Thanks to its sophisticated anti-reflective coating, the pioneering and responsive 25.7 cm (10.1") HD touch display shows the most beautiful routes & videos w/ high contrast & impressive brilliance - even in bright sunlight. The extensive features for audio, video & radio playback, flexible smartphone integration, four camera inputs & much more make the DNR992RVS the ideal companion.

850393 **1599,–**

Kenwood DMX8021DAB-CAMPER moniceiver w/ 7-inch display, SYGIC motorhome software & wireless smartphone connectivity (CarPlay, Android Auto)

- **Integrated Sygic navigation software especially for motorhomes**
- **17.7 cm (7") high-resolution WVGA double DIN monitor**
- **Capacitive high-gloss touch panel**
- **With anti-reflective & anti-glare screen surface**
- **Clear user interface w/ menu displays in 22 languages**
- **Adjustable viewing angle for ideal readability**
- **Freely selectable widgets on the home screen**
- **Low installation depth of only 85 mm**
- **Wireless Apple CarPlay & Android Auto for smartphones**
- **Bluetooth hands-free kit**
- **USB TYP-C port with fast charging function**
- **4 camera inputs**
- **3 years from activation free map updates**

Capacitive touch display installed in new DMX8021DABS moniceiver has an anti-glare coating that makes surface noticeably anti-reflective without any loss of clarity or contrast. This means that the screen is easy to read even in direct sunlight. Together with the anti-reflective coating, the new display ensures outstanding image quality and readability. **850394** **749,--**

Kenwood CMOS-740HD front and rear view camera

- **Wide-angle lens: 180° horizontal / 103° vertical**
- **Picture in true 1280 x 720 (720P) HD res.**
- **High light sensitivity Color rendering**
- **Water-protected housing (iP67)**

The CMOS-740HD camera can be connected to the front or rear camera input of the DNR992RVS (Item No. 850393) and displays the image in true 1280 x 720 (720P) HD resolution. High Dynamic Range (HDR) technology used by camera also helps to eliminate image distortions caused by particularly dark or bright lighting conditions, making it the ideal front/rear camera option. 12/24V voltage.

ADAPTER FOR CAR RADIOS AND DAB+/GPS ANTENNAS

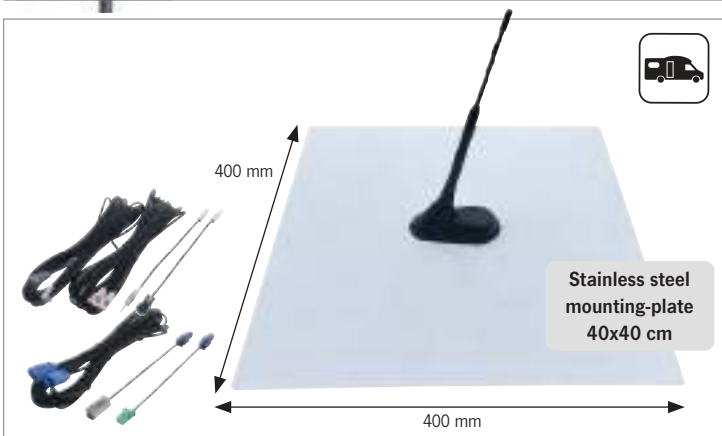
For the best reception of FM/DAB+ and GPS in vans or motorhomes

12V roof antenna for panel van with metal roof

- **VHF/DAB+/GPS and GLONASS reception**
- **Active, small and powerful**
- **3x Fakra plug for connection to almost all end devices**
- **Including 7.5 m connection cable**

Especially for panel vans with metal roofs, e.g. Fiat Ducato, where antenna is mounted directly on metal roof. Cables are fed directly into the vehicle through a central drill hole (Ø 20mm).
Scope of delivery: rod antenna (height 23 cm), VHF, DAB+, GPS & GLONASS cable & adapter set to DIN, ISO, FAKRA, SMB, GT5, GT16 (length 7.5 m).

49170 **229,–**

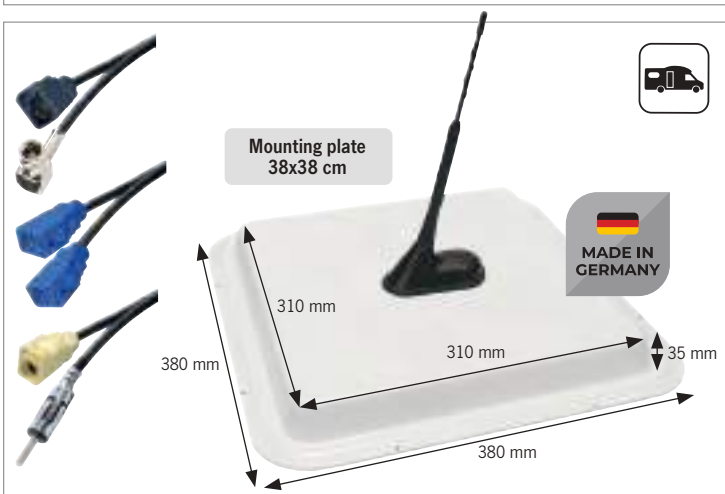


12V roof antenna for motorhomes w/ GRP roof

- **VHF/DAB+/GPS and GLONASS reception**
- **3x Fakra plug for connection to almost all end devices**
- **Including 7.5 m connection cable**

Antenna with stainless steel mounting plate powder-coated in RAL 9003 (white, size 40x40 cm) – specially developed for vehicles w/ GRP roofs. The stainless steel plate amplifies the received signal and is affixed to the vehicle roof. (Manufacturer's recommendation: Dekalin adhesive set SetMS5, item no.: color white 500305). Cables are fed directly into vehicle through a central drill hole (Ø 20mm) under mounting plate. Gain: FM 14dB, DAB+ 10 dB, GPS/GLONASS 28 dB.
Scope of delivery: rod antenna w/ stainless steel mounting plate, VHF, DAB+, GPS & GLONASS cable & adapter set to DIN, ISO, FAKRA, SMB, GT5, GT16 (length 7.5 m).

49175 **279,–**



Active 12V combiflex roof antenna for motorhomes w/ GRP roof

- **FM/DAB+/GPS Glonass reception**
- **Plastic housing with integrated aluminum plate**
- **Enables flexible cable entry into roof thanks to extended connection cables (50 cm) at antenna base**
- **Can be screwed and / or glued together**
- **12 V power supply for the FM / DAB amplifier either via internal conductor or external cable connection with DIN plug-in sleeve**

Scope of delivery: Roof antenna (height of antenna rod: 23 cm), mounting plate, 6.5 m FM (DIN), DAB+ (SMB), GNSS (FAKRA) connection cable, dust protection seal, thread extension w/ nut. **49172** **449,–**

GPS connection adapter

Xcent	**815313**	**9,95**
Pioneer	**815314**	**14,95**

Listen to the radio even when ignition is switched off!

With this adapter, this works independently of the ignition. Radio adapter cable ISO - ISO with switch for motorhomes. When the adapter is switched off, operation is is again dependent on the ignition.

815310 **24,–**

Active antenna signal splitter between AM/FM and DAB+

DAB+/FM crossover active with amplifier. Division of the FM and DAB+ frequency ranges (DIN/SMB). Compatible with passive rod aerials, e.g. Fiat Ducato panel van with articulated aerial.

815311 **48,95**

Volkswagen adapter cable for radios

MOST/Quadlock to ISO + ignition plus connection cable & phantom power Fakra ISO. For connecting a car radio or universal 2-DIN device to the Volkswagen MOST connection. No CanBus interface is required.

815326 **24,95**

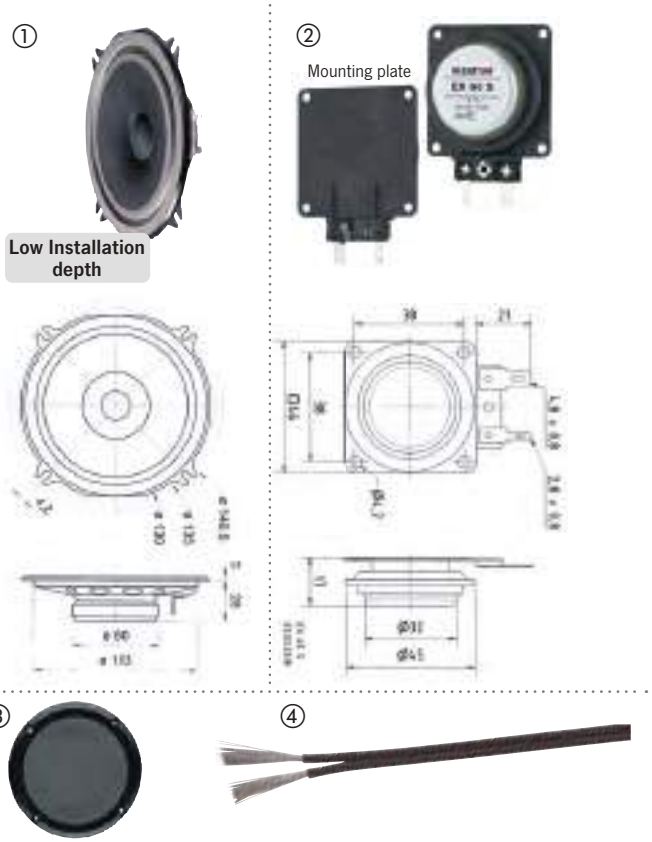
DAB+ adapter cable

- **For Fiat Ducato original DAB+ roof or mirror antenna on DAB+ radios with SMB socket**
- **Perfect for Adria and Sun Living vehicles**

Adapter particularly important for ADRIA & SUNLIVING, as the factory-fitted DAB+ antenna is installed in Ducato mirror. For the connection of XZENT, PIONEER or KENWOOD DAB+ devices. **815312** **21,95**

VISATON GERMANY

Full-range and coaxial single speakers for excellent sound experiences on the move



① FR 12 The 28mm ultra-flat furniture loudspeaker
13 cm (5″)full-range speaker with inverse surround. Particularly flat design (only 28 mm), so can be used wherever space is at a premium. (1 piece)
49811 **21,70**

② Exciter EX 60 S The individual flat-panel loudspeaker
Exciter, also known as a body sound transducer or body shaker. They can be attached to surface of the panel to be stimulated using adhesive or screws. Possible applications: Signal output in all kinds of applications where no visible loudspeakers can be installed for design reasons or to protect against environmental influences or vandalism (e.g. under the drop-down bed). Technical parameters depend on material, Dimensions and shape of panel to be stimulated.
49810 **59,95**

③ Accessories Protective grille for FR 12 (1 piece)
49809 **7,70**

④ Loudspeaker cable (10m, 2x 0.75mm^2) **810629** **11,10**

*Max. Long-term performance according to DIN EN 60268-5	FR 12	Exciter EX 60 S
Nominal/music load capacity	15 W / 40 W	25 W *
Impedance	4 Ω/ 8 Ω	8 Ω
Transmission range (- 10 dB)	70–18000 Hz	
Average sound pressure level	85 dB (1 W/1 m)	
Limit deflection xmech	± 2.5 mm	
Resonant frequency	110 Hz	
Upper pole plate height	3 mm	
Voice coil diameter	20 mm	32,5 mm
Changing height	4,5 mm	
Baffle opening	114 mm	
Net weight	0,284 kg	0,12 kg

Pioneer

Pioneer TS Fiat Ducato sound system: Practical complete package for sound enhancement

- **Suitable for Fiat Ducato, Peugeot Boxer &CitroënJumper**
- **Adapter rings for precise mounting**
- **Practical Plug connections**
- **Illustrated installation instructions in German**
- **16,5 cm 2-way Component loudspeaker**
- **Maximum load capacity 350 W, 80 W RMS**

With tailor-made 2-way component speaker upgrade set from Pioneer, you can quickly & easily upgrade factory-fitted audio system of your Fiat Ducato X250/X290 (from 2006)*. Practical, high-quality plug & play complete package, which is suitable for self-installation, is particularly easy to install* thanks to installation & cable connection adapters supplied. The vehicle-specific installation instructions included in set will guide you safely through installation process. **81708** **174,--**

Scope of delivery:

*Depending on vehicle, additional installation materials may be required.

Also suitable for Fiat Ducato 8 (from 09/2021)

2-way front system plug & play for Ducato & Sprinter

- **Guaranteed high quality & first-class listening pleasure in cab**
- **Installed in a few simple steps**
- **Pre-assembled for original installation locations and plug & play**
- **Can be expanded with an amplifier, 2-way system or subwoofer**

Technical data: Power handling continuous/music: 2x70/140 watts; Frequency response: 49 - 22,000 Hz; Impedance: 4 Ω; Rec. Amplifier power from 2 x 40 - 80 watts at 4 Ω

For Fiat Ducato, Peugeot Boxer & Citroën Jumper from 2006 onwards

Speaker configuration: 2x 165 mm JEHNERT power woofer "XA165", 2x 19 mm neodymium soft dome tweeter "XA19Duc", 4x aluminum butyl mats

81737 **199,–**

For Mercedes Sprinter W907/W910

Speaker configuration: 2x 165 mm JEHNERT power woofer "XA165", 2x 19 mm neodymium soft dome tweeter "XA19", 1x center crossover

81738 **249,–**

For Volkswagen T6.1/T6

Technical data: Power handling cont./music: 2x70/140 watts; Frequency response: 49 - 22,000 Hz; Impedance: 4 Ω; Empf. Amplifier power from 2 x 40 - 80 watts at 4 Ω

Speaker configuration:
2x 165 mm JEHNERT Power Woofer "XM165",
2x 25 mm neodymium soft dome tweeter "XA25VW"
JEHNERT crossovers, vehicle-specific calibrated

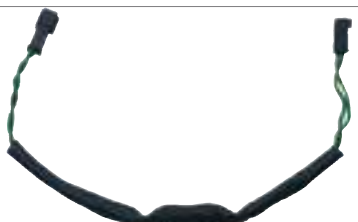
For Volkswagen Transporter 6	**81735**	**279,–**
For Volkswagen Transporter 6.1	**81736**	**279,–**

Sound performance for the Fiat Ducato III and Series 8/9 - 3-way front system!

- **2x 26 mm neodymium soft dome tweeter "XE26"**
- **2x 80 mm midrange driver "XE 80"**
- **2x 165 mm JEHNERT power woofer "XM165"**
- **2 x MHT JEHNERT crossovers wrapped in damping fleece**

In acoustic fine-tuning, the vehicle-specific 3-way sound system provides a rich low-frequency foundation and achieves a powerful, lively sound image. High-quality 26 mm soft-dome neodymium tweeters and 80 mm high-end mid-range speakers in the dashboard perfect the sound image with a very spatial and detailed sound stage. The vehicle-specific mounting adapter allows the integration of a 165mm JEHNERT Power Woofer in the factory installation openings of the vehicle doors. The GRP midrange/tweeter module for the dashboard is covered with high-quality artificial leather in black.

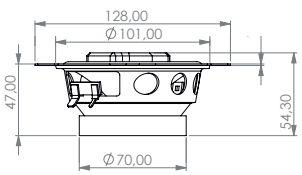
Fiat Ducato 7 & identical models (2006 to 08/2021)	**81757**	**549,–**
Fiat Ducato 8 (from 09/2021)	**81769**	**549,–**



Center switch for MB Sprinter W907/W910

For harmonious integration of center speaker in Mercedes Sprinter sound system (for connection to factory loudspeaker system).

81743 **24,95**



High quality 2-way 100mm Coaxial system

The 2-way rear system completes the living area with optimum surround sound. Two 100 mm coaxial loudspeakers ensure greatly improved basic sound reproduction. Incl. Mounting ring and cover grille.

81756 **69,90**

Technical data:	100mm midrange driver & 13mm neodymium tweeter
Load capacity (RMS)	60 watts
Maximum power	120 watts
Impedance	4 Ohm
Installation dims.	Ø 94 mm x D 48 mm

AMP V40 CampTec 4-channel amplifier For Fiat Ducato, MB Sprinter and VW T6.1/T6

- **For radio, TV, smartphone and tablet**
- **Radio connection: High-power input for automatic switch-on**
- **TV connection via AUX-In TV, jack input 0.1-5V adjustable**
- **BT connection via BT AUX-IN, jack input 0.1-5V adjustable**
- **2x 3.5mm jack input - incl. 2m jack cable**
- **High-level / RCA input as well as cinch input w/ plug & play connections guaranteed to be latch-proof**

compact and versatile amplifier that impresses with its new innovative technology, simple operation and intelligent switching of the desired music sources.

The 320 Watt/2 Ohm output enables the operation of a front and rear loudspeaker system or a front system with subwoofer. Thanks to innovative technology, the power amplifier can be operated directly via radio's power supply - without external power source.

81739 **120,–**

Note: an ISO cable must be ordered separately for connection to radio / head unit, as well as a radio adapter cable if necessary

Technical data "AMP V40 CampTec" 4-channel amplifier with 2x jack and 4x high/low level input	
Operating voltage / fuse	10 - 16 V / 1x 15A
Output power at 14.4 V -RMS power @4/2 Ohm stereo	4x 40/80 Watt - @ 4 Ohm 4x 60/120 Watt -@ 2 Ohm
High-pass filter (HPF) channel 1+2 continuously adjustable	from 50 to 4,000 Hz
High-pass filter (HPF) channel 3+4 continuously adjustable	from 50-400 Hz
Low-pass filter (LPF) channel 3+4 continuously adjustable	from 80 -2,500 Hz
Dimensions (H x W x D) / Weight	45 x 162 x 80 mm / 400g

Necessary accessories for AMP V40 amplifier:

ISO cable for amplifier incl. subwoofer interface (not shown)
for retrofit radio and connection to original radio (note: additional radio adapter required for original radio) **81744** **36,95**

Radio adapter cable (not shown)

For adapting the amplifier to the factory radio via ISO. Enables easy installation of plug & play amplifier on original wiring harness in vehicle.

For Volkswagen Transporter 6.1/6 **81745** **44,90**
For Fiat Ducato 8 from 09/2021 **81746** **35,–**
For Mercedes Sprinter W907/W910
for models without E3D interface **81747** **46,90**

Optional accessories for AMP V40 amplifier:

Bluetooth receiver 3.5 mm jack (not shown)
Establishes a wireless connection between smartphone & amplifier, without switching on radio/MBUX **81753** **49,90**

Interference suppression filter 3.5mm jack (not shown)
Removes and prevents noise from TV or radio, frequency: 2 - 20,000 Hz, connection via 3.5 mm jack. No power supply required. **81749** **21,90**

Jack cable 7.5m (not shown)
For connecting an amplifier or radio to the TV **81754** **8,–**

Mounting bracket for Fiat Ducato, Peugeot Boxer, Citroën Jumper from 2006 onwards Allows amplifier to be mounted behind glove compartment. **81748** **8,–**

Bass reflex subwoofer - w/ 1x165mm dual voice coil incl. subwoofer cable

The task of a subwoofer is to support the low frequency range. JEHNERT bass reflex subwoofers in various sizes have been specially developed for recreational vehicles with limited space. Despite the small housing volume, they deliver maximum sound quality. All subwoofers have a "plug & play" connection cable and are powered by the compact 4-channel amplifier to save energy. To connect the passive subwoofer, an amplifier (e.g. 81739) is required.

Fiat Ducato, Peugeot Boxer & Citroën Jumper from 2006 onwards
Mounting below cup holder in center console. **Attention:** Only suitable for models with cup holder. Weight 4.5 kg
81742 **374,–**

Mercedes Sprinter W907/W910
Ideal for seat console, passenger side or seating area.
Dims. (LxWxH): 31 x 23.5 x 19.3 cm
Weight 5.6 kg
81755 **309,–**

For Volkswagen T6.1/T6
Ideal for under the passenger seat. Weight: 4.84 kg
81741 **259,–**

Technical data (item no. 81742, 81755, 81741)	**Subwoofer**
Output power at 14.4 V - RMS power @4/2 Ω stereo	1x 100 W sine wave / 200 W
Max. linear diaphragm stroke	+ / – 5,0mm
Efficiency 1W/1M/impedance	2x 2 Ω
Transmission range	32-180 Hz
Membrane material	Handmade paper membrane

COOLING / HEATING

CARBEST

Compressor refrigerator AR85L + AR180L as Replacement appl. for old absorption refrigerators

12V | DOOR HINGE LEFT/RIGHT | VENT-POSITION | LED DISPLAY | NIGHT MODE | FRONT BLACK MATT | ECE R10

- The design and dimensions of the compressor fridges make them ideal for easily replacing existing absorption fridges of the same design
- Integrated cold packs in the refrigerator walls store cold and maintain cooling significantly longer when the power supply is interrupted or when switched off

All information can be found on page 893

TELECO SAT EQUIPMENT

230V Ultra Comfort 6000 air conditioning system for Fiat Ducato / Citroën Jumper / Renault Boxer / Opel Movano

- The ideal solution for camper vans with pop-top roof and semi-integrated motorhomes
- No more large and heavy equipment on the roof!
- No more need to remove the roof window
- Cooling and heating function (heat pump technology)

All information can be found on page 917

CARBEST

CozyWater hot water boiler

- CozyWater 8 / 10 with 12 V
- CozyWater 10C (Combi) with 12/230 V

- 8 L / 10 L stainless steel tank
- Insulating foam integrated in the housing for excellent insulation properties
- Heating elements heat the water up to 75°C
- Black matt coated metal housing
- Safety valve included with all boilers

All information can be found on page 958

REIMO

KNOW-HOW & COMPETENCE

TIPS, ADVICE & RECOMMENDATIONS FROM A PRO

REIMO COMPETENCE AND EXPERIENCE SINCE 1980.

ABSORBER-REFRIGERATORS

Absorption refrigerators are very popular with many campers. Further, the possibility of operating it without a power source & thus increasing independence when camping is an unbeatable advantage.

Modern absorption refrigerators are equipped w/ an AES system - Automatic Energy Selection. You can choose between 230 volts from shore power, 12 volts from the alternator or gas. While driving, the power comes from the vehicle; if you plug in 230 volts on the pitch, this power source is selected. When the gas cylinder is full and turned on, the built-in burner ignites automatically and a small flame heats the ammonia-water solution in the stove. A series of chemical processes are used to generate cold for the refrigerator - and under certain conditions this can last up to 6 weeks with an 11-kilogram gas cylinder.

However, the cooling effect is not comparable to that of a compressor. Another disadvantage of the absorption refrigerator is that the correct discharge of exhaust gases must be ensured for operation due to development of exhaust gases. In addition, vehicle must always be positioned exactly straight in order to guarantee full cooling capacity. This can decrease even at a slight inclination.
However, absorbers are a good solution for a comprehensive cooling system, especially for longer stays away from a campsite. Simply pitch your tent or motorhome in the perfect location and still have refrigerated products at your disposal - for many campers, that sounds dreamy.

PROS

- **Operation w/ 230V, 12V or gas possible, now also with automatic switchover (AES)**
- **No mechanical moving parts, no wear and tear**
- **Runs almost silently**
- **Long self-sufficiency through operation with gas**

CONS

- **Lower cooling capacity at high outside temperatures**
- **full cooling capacity only reached slowly**
- **Chimney required for waste heat**
- **Ventilation to the outside required**
- **Higher installation costs**
- **Higher maintenance costs for frequent operation with gas (Cleaning gas burner)**
- **Vehicle must stand up straight**

COMPRESSOR-REFRIGERATORS

The compressor is a little less complicated. It can only work with electricity. So while driving with 12 volts from the alternator, at the campsite w/ shore power and free-standing w/ power from the battery. These appliances have a very high cooling capacity & are recommended for longer stays on a campsite or when traveling w/ a motorhome. Particularly advantageous when traveling to hotter climates, as they are less affected by the outside temperature than absorption refrigerators.
The advantage of compressor refrigerators is powerful cooling with high energy efficiency. Disadvantages are the constant humming noise, which is similar to that of conventional household appliances, the size & weight as well as the comparatively high purchase price.

PROS

- **Good cooling capacity**
- **Achieves max. cooling capacity quickly**
- **Inclined position unproblematic**
- **Can be mounted anywhere in interior, no venting to the outside necessary**
- **Integrated cold accumulator, therefore no permanent operation of the compressor necessary**

CONS

- **Does not work silently (Night mode reduces noise level)**
- **Without a shore power supply, larger Power reserves required in vehicle**
- **More expensive to purchase**

CONCLUSION

**If you prefer to travel to campsites with a fixed power connection or spend your vacation permanently on a pitch, a compressor fridge is a good choice. Cool boxes w/ compressors are also particularly suitable for short trips or the journey to the next destination, as they can be connected directly to the cigarette lighter socket in the cab.
For those who prefer to seek their fortune away from the usual campsites, an absorption refrigerator offers the necessary independence from external power sources.**

Battery pack

Battery compartment for stand-alone operation of an N3000 / N4000 E series refrigerator with LED control panel. Whether on the road or on a campsite without a connection to a 220-230 V or 12 V power source, this battery pack supplies you with constant power for the control panel. This means that the fridge can run continuously on gas for 7 days. This is very useful if you are in the middle of nowhere. The battery pack can only be used if the refrigerator is not connected to a CI bus. Requires 6 batteries (Mignon LR 6/AA).

E11496 **99,--**

Compressor drawer refrigerator T2095

- **Specially developed for camper vans**
- **Maximum space utilization**
- **Large drawer compartment & freezer comp.**
- **Automatic temperature control**
- **CI bus compatible**

The T2095 is characterized by maximum space utilization and was specially developed for the kitchen block in campervans. As it is positioned in the direction of travel, this results in a 20 mm larger passageway and also leaves space for a hob or sink to be installed above it.

With a large drawer compartment, a pull-out shelf, an internal freezer compartment, the flexible positioning of the door compartment and an internal control panel, the T2095 effectively offers optimum use of space.

The T2095 is not suitable for retrofitting. Only available for specialist workshops/OEM. No sale to end customers possible.

VITRIFRIGO
COOL AND BEYOND

12V / 24V | COM-PRESSOR EXTERNAL | DOOR HINGE LEFT/RIGHT | VENT POSITION | INCL. FREEZER COMPART-MENT | DESIGN: BLACK OR GRAY

Vitrifrigo refrigerators with removable, external cooling unit. As the compressor unit is not integrated into refrigerator housing, there is additional storage space inside refrigerator. In addition, the installation options in vehicle are extended, as the compressor unit can be installed app. 150 cm away from refrigerator. This offers maximum installation flexibility.

- **External compressor unit with app. 150 cm supply line**
- **Interchangeable door - can be fitted on right or left**
- **Vent position function ventilates and prevents mold growth when refrigerator is not in use**
- **Front design black matt with anti-fingerprint surface or light grey glossy**
- **Handle with metallic finish**

CARBEST

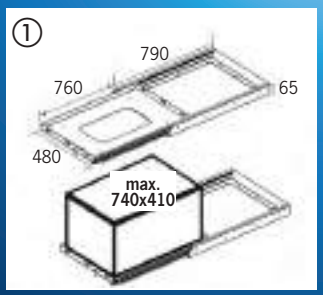
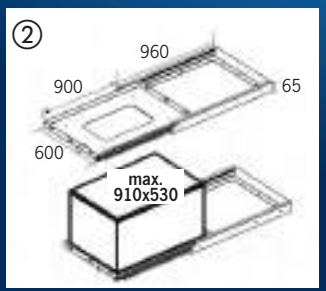
ComfortSlider M + L fixing pull-outs

app. 120 kg

- **Solid powder coated metal frame**
- **Safety lock**
- **Including 4 lashing straps and mounting material**
- **ComfortSlider M, extension app. 760 mm. For cool boxes with a maximum size of LxW 740x410 mm. Ideal for the following Carbest coolers: 71469/71456/71457/71458/71 4102/714103/71375**

- **ComfortSlider L, extension approx. 900 mm. For cool boxes w/ a maximum size of LxW 910x530 mm. Ideally suited for the following Carbest cool boxes: 71371/71372**





Thanks to the universal pull-out rails, your cooler can be pulled out of the vehicle for convenient loading and unloading. A safety lock ensures that the rail is firmly anchored in the pushed in position during travel. **Scope of delivery:** Fastening pull-out, 4 lashing straps with which the cooler can be secured (on lashing eyes) to the pull-out frame, mounting material. Without cooler.

① **ComfortSlider M - load capacity up to 120 kg**
Dimensions (LxWxH) outside: 790x480x65 mm, inside: 740x410 mm Weight: approx. 12,8 kg
71498 **199,–**

② **ComfortSlider L - load capacity up to 120 kg**
Dimensions (LxWxH) outside: 960x600x65 mm, inside: 910x530 mm Weight: approx. 16 kg

Color silver	**91062**	**29,95**

Voltage monitor cool boxes

12 Volt device is automatically switched off when battery is undervoltage & switched on again at normal voltage. LED indicates operation. Output voltage 11.6 V. Restart at 12.8 V, switch-off delay app. 10 sec. Switching current max. 5 A.
820931 **25,95**

CARBEST

Mobile split air conditioners

- **With mounting bracket for installation in the window opening of motorhome or caravan**
- **Adjustable temperature (16-30°C)**
- **LED display with 24-hour timer & night mode**
- **WiFi control (free app)**
- **Integrated handles for easy transportation**

Split air conditioning systems cool, ventilate & ensure pleasant temperatures in vehicle. They consist of an indoor and an outdoor unit and are simply hung in the window opening. The two units are connected to each other by a flexible connecting hose.
Scope of delivery:
Split air conditioning system, mounting bracket (for indoor & outdoor use), rubber damper, drain hose, protective hose, installation instructions-material, operating instructions.

TELECO
SAT EQUIPMENT

Ultra Comfort 6000 air cond. system for Fiat Ducato / Citroën Jumper / Renault Boxer / Opel Movano

- **The ideal solution for camper vans with pop-top roof and semi-integrated motorhomes**
- **No more large and heavy equipment on the roof!**
- **No more need to remove the roof window**
- **No more cold air diffuser in aisle**
- **Cooling and heating function (heat pump technology)**
- **Quiet and powerful with minimal consumption**
- **Three ventilation speeds + automatic function**
- **Display with temp. indicator**
- **Remote control included**

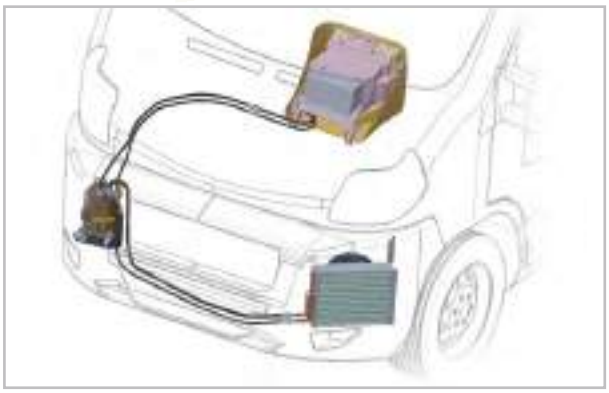
A new and innovative design moves the air conditioning systems for motorhomes from the roof to the engine compartment, with the diffuser under the dashboard. This makes it possible to free up space on roof, lower center of gravity and, especially in vehicles with a pop-up roof, install a separate air conditioning system for the interior

Teleco Ultra Comfort 6000 is the world's first air conditioning system with a diffuser installed in the area under the dashboard of the vehicle.
It was specially developed for Stellantis vehicles (Fiat Ducato, Citroën Jumper, Renault Boxer, Opel Movano)

Special feature of Ultra Comfort 6000 is that the compressor is installed in the engine compartment of the vehicle without having to modify any technical components on the chassis. Existing free space in engine compartment is used for installation & no further valuable storage space is required.

ULTRA COMFORT 6000 air conditioning system consists of two units:
1x The indoor unit is installed in the dashboard inside the vehicle
2x The outdoor unit consists of two parts connected by a hose, which are installed behind the bumper of the vehicle.
The refrigerant gas is already filled in the air conditioning system and distributed to all parts, including the watertight connecting hoses.

Thanks to the heat pump technology, the device can be used as an air conditioner and as a heater.
Installation must be carried out by a specialist workshop.



Cooling capacity	6000 BTU / 1760 W
Heating capacity	5700 BTU / 1670 W
Air volume/h	360m³/h
Input voltage	230V/< 3A
Power levels	3 + automatic
Display	LCD display
External dims. (WxHxD)	460x372x350 mm
Weight	28 kg
Art. no.	**495042**

Power consumption	type. 1.5 W (0.13 mAh)
Battery	Button battery Lithium 3 V CR 2032
Dims.	96.7 x 120.1 x 31 mm (LxWxH)
Weight	app. 150 g

Truma iNet X Panel **721990** **349,–**

Truma cover frame for iNet X Panel
Covers drill holes created by the previous Truma CP plus control panel. Simply insert behind the panel to attach - no gluing or drilling required. The inner cut-out in the frame can also be used to mark the installation opening.
72641 **14,99**

Truma CP plus control panel

For operating Truma Combi heaters, Aventa roof air conditioners or Saphir storage box air conditioners

With the Truma CP plus digital control panel, you can set the temperature in your vehicle easily and conveniently. You can select functions such as blower setting or night setback in an instant. Automatic climate control ensures constant interior climate in all weather conditions. All functions can be programmed via the integrated timer.

Technical data
Power supply: 8 V - 16.5 V
Current consumption: max. 65 mA (100 % backlighting) 6.5 mA - 10 mA (stand-by). Quiescent current consumption: 3 mA (off).
Dims.: 92 × 103 × 40 mm (L × W × H)
Weight: app. 100 g **721982** **319,--**

Ideal climate comfort for every application - indoor installation

- Specially developed for installation in storage spaces
- Compact & lightweight, floor mounting for low center of gravity
- Individual and flexible air distribution
- Maintenance-free due to closed refrigeration circuit
- Pollen filter as standard

Saphir Compact, 1.8 kW cooling capacity for body length 5.5 m

- Cooling time can be programmed up to 15 hours in advance, remote control
- For vehicle lengths up to app. 5.5 m
- Sleep function, low-noise operation (e.g. at night)
- Control panel in black

Saphir can be operated via Truma iNet X Panel (from serial no.: (KA24RC-)29033001) & Truma CP plus.

Saphir Compact **495162** **1749,–**

Saphir Comfort RC for cooling 2.4 kW & heating 1.7 kW for installation lengths up to 6.5 m

- Cools particularly powerfully w/ 2400 W
- Heats w/ up to 1700 W in heat pump mode
- Automatic heating/cooling
- Timer function

With its reversible cooling circuit, the Saphir Comfort RC offers also has an integrated heat pump function.

The 2. Generation of Aventa Roof air conditioners ensures an extremely pleasant temperature and is particularly quiet in operation. the installation of the latest technologies enables a very low overall weight. The infinitely variable compressor ensures outstanding cooling performance and, in combination with the revised Night Mode, ensures quiet nights.

NEW

- **Flexible:** can be operated acc. to your wishes.
- **Low noise:** particularly quiet thanks to the new compressor and internal fan.
- **Clever:** new air distributors in several variants.
- **Lightweight:** thanks to new design
- **Multifunctional:** heats through integrated heat pump (for all three models)

Aventa compact / Aventa compact plus 2. Generation incl. Truma Interface AC

2025: Improved Quality

SR-MECair Air conditioners - Small dimensions, high performance

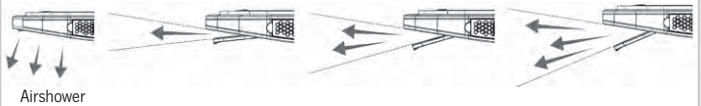
- **Quality and workmanship have been improved for 2025**
- **Lightweight and compact**
- **Ultra-slim air distributor (height only 35 mm) with LED lighting**
- **Special air holes in the air distribution unit ensure an air shower air effect with closed diffusers**
- **Compressor unit is cooled during operation, therefore no overheating of the components**
- **Sleep mode function for quiet operation at night**
- **Operation of the air distribution unit via the remote control, with the premium models also via a touchscreen display**

One of the most compact roof air conditioners on the market w/ an elegant design, made in Italy. Thanks to its flat design and powerful unit, it is ideal for all motorhomes and caravans. Due to its small dimensions, the SR-MECair air conditioning system can also be installed on vans. The ultra-slim indoor unit w/ a height of just 35 mm is one of the most compact in its class & is operated using the remote control supplied.

Special features of the SR-MecAir Premium models: All Premium models have mood lighting with changing colors (color therapy) in the air distribution unit. In addition to the remote control, this can be operated via a touchscreen display. An integrated UV-C filter with ultraviolet light kills bacteria, fungi and viruses.

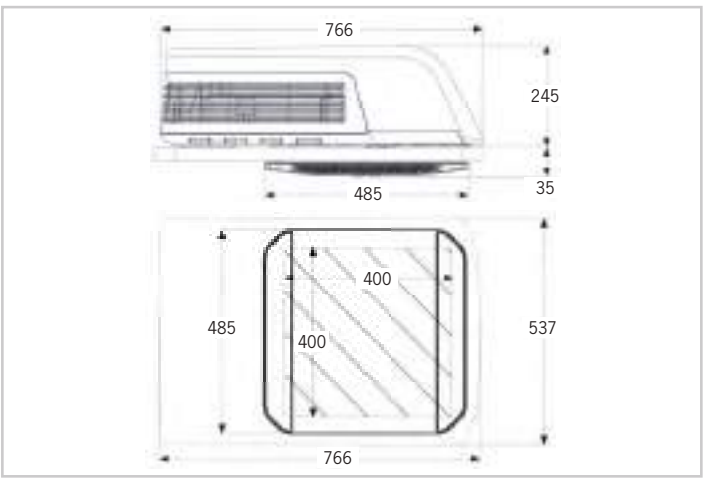
The two premium models 495086 + 495087 have 2 heating elements and an additional heat pump.

Positions Air vents:



Airshower effect

For all premium models: Integrated touchscreen-Display and UV-C filter with ultraviolet light.



Models with heat pump are extremely efficient and energy-saving at temperatures ≥ +5°C. Recommended for trips to southern European countries.

Models with 2 heating elements are extremely efficient at temperatures ≤ +5°C. Recommended for trips to northern European countries.

Technical data	1700 watt	2200 watt

Webasto Cool Top Trail 20/24/34

- **Powerful units with high cooling and heating capacity**
- **Wide operating range from -5 to 50°C**
- **Remote control with timer and sleep function**

The Cool Top Trail air conditioning systems are suitable for use in parked motorhomes and caravans up to 10 m in length. They have already proven their reliability and high cooling capacity. The systems have a high-capacity heat pump function as standard, which also works at cold outside temperatures of down to-5°C.

Thanks to very low noise level, you can relax in the vehicle in peace and quiet and your neighbors won't be disturbed either. The use of robust components guarantees a long service life.

How does an evaporative air conditioner work?

Evaporative air conditioning systems work according to the evaporation principle and thus ensure a natural and pleasant indoor climate. System humidifies air filters, and when it comes into contact with hot air, the evaporation & ventilation reaction allows fresh air to diffuse into passenger compartment. The interior of the vehicle is thus cooled down and not made "ice cold". For the system to function correctly, a window or roof hood must always remain open to ensure the necessary air exchange.

The economical 12-volt power supply enables self-sufficient travel with the greatest possible independence.

As no gases are produced during operation, evaporative air cond. systems are best solution for environmentally conscious & sustainable travel.

Advantages at a glance:

Operation via 12 volts and very low energy consumption can be used while traveling Absolutely gas-free operation & therefore very environmentally friendly Particularly suitable for people with air conditioning intolerance Ideal for pets - gentle on skin & airways

VIESA HOLIDAY-X

Viesa Holiday X - Evaporative air conditioner

- **Lightweight at 11.3 kg and approx. 40% lighter than the previous model**
- **Made from fully recyclable material (EPP plastic)**
- **Free of gases and metal components (no screws)**
- **Can be used while driving and when stationary**
- **Resistant to weathering and returns to its original shape if deformed by impact**
- **Dimmable LED lighting in the 3 cm flat air distribution unit**
- **New air filter with long service life, can be removed and washed**
- **Excellent sound and heat insulation**
- **Low power consumption**

Technical data: Input voltage: 12V. Power consumption: 0.35 - 3.95Ah / 4.2 - 47.4Wh. Water consumption: 0.5 - 1.5 L/h. Roof cut-out 40 x 40 cm, dimmable LED lighting in warm white (840 lumen). Dims. outdoor unit: 640 x 630 x 195 m, dims. air distribution unit: 530 x 530 x 30 mm. Weight: app. 11.3 kg. Color: White. **495064** **1819,--**

12V Plein-Aircon roof air conditioner

- **Operation via 12V battery in vehicle, no 230V power supply required**
- **Cools and dehumidifies**
- **Air distribution units optionally available**

First 12-volt air conditioning system for motorhomes and semi-integrated vehicles that is powered by an auxiliary battery only. Developed for vehicles up to 6 m in length.

There are 3 different air distribution units to choose from the Plein-Aircon air conditioning system (opt. available). The Basic air distribution unit has no LED lighting and is operated via the integrated touch display.

The Ringlight air distribution unit has ring-shaped LED lighting, while the Lightbox is equipped with a panel light that simulates natural daylight. Both are WiFi and Bluetooth-enabled and can be operated via the Indel B app on smartphones and tablets or controlled via the integrated touch display. They can also be used to call up information for diagnostic and service purposes.

Technical data	
Mains voltage	12 V
Cooling capacity	4100 BTU (1200 W)

Roof air conditioner Open Air 12V Full Inverter

- **Top performance: 1230 W / 2000 W cooling capacity**
- **For vehicles with a body length of up to 7 m**
- **Flexible installation options for the outdoor and air distribution unit**
- **Works reliably even at high outside temperatures**
- **Air distribution unit with large LED display & indirect ambient lighting**

Open Air 12V Full Inverter offers efficient cooling with a low noise level & high energy efficiency, which means great energy savings and a longer running time. Depending on available space, aerodynamic external unit can be mounted lengthways or crossways on vehicle roof. The inner unit can also be mounted in the interior in 4 positions (each rotated by 90°). Air conditioning system offers 2 power levels, 3 operating modes (AUTO / ECO / VENTILATION) & 5 fan speeds.

Operated via radio remote control with infrared technology or directly via the LED touch display of the air distribution unit. Power cable for connecting air conditioning system to on-board battery available opt.

Technical data	
Mains voltage	12 V
Power consumption 12V	14.4 - 29.8 A (1230 W) 14.4 - 56.4 A (2020 W)

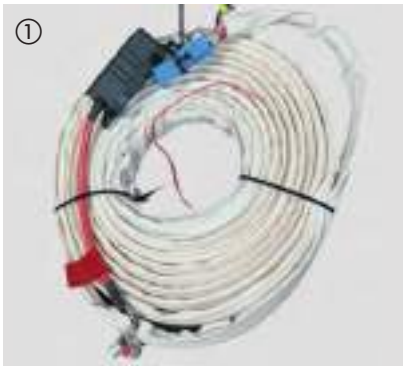
Weight outdoor unit	25,3 kg
Weight air distribution unit	5,7 kg

Open Air 12V Full Inverter	**495090**	**2320,–**

Flexible mounting options: Depending on space available, the outdoor unit can be mounted lengthways or crossways on vehicle roof.

Accessories

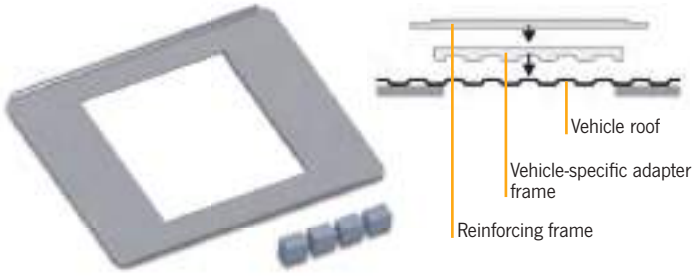


① **Connection cable (10 m) incl. all connectors** For connecting roof-mounted air conditioning system to on-board battery. 1x connector plug, 1x open cable ends. Incl. 100A fuse. 2x 25mm², length: 10 m.

495091 **363,–**

② **Connector plug without cable** For self-assembly of a connection cable with 2x 25mm² (Cable and 100 A fuse not included)

495093 **54,90**



Reinforcing frame 40x40 cm
Required when installing air conditioning system on van roofs w/ corrugated sheet metal roofs. Must be mounted in conjunction with a vehicle-specific adapter frame (not included). Also used to reinforce roof cut-out in motorhomes & caravans with a flat roof surface.
Scope of delivery: Reinforcing frame 40x40 cm, 4 spacers.

495094 **239,90**

PUNDMANN

Portable parking heaters/ Roof tent heaters

- **Autoterm Air 2D parking heater with integrated diesel tank**
- **Transportable and mobile**
- **Ideal for use in roof tents, awnings or on the road**
- **Rotary control on heating element incl. additional radio remote control**
- **Available in 3 different versions**

① Autoterm Air 2D w/ 10 L diesel tank
Power: 2 kW parking heater (1.8 kW heat output). With 10 liter diesel tank for a heating operation of 41-100 hrs. (depending on use). Dims.: 533 x 253 x 300 mm, weight: 11 kg (without fuel). **48195** **1149,–**

② Autoterm Air 2D with 5 L diesel tank & AGM battery (30 Ah)
Power: 2 kW parking heater (1.8 kW heat output). With 5 liter diesel tank for heating operation of 20-50 hrs. (depending on use) and additional 30 Ah AGM battery for heating operation of app. 12 hours (depending on use). Incl. Voltmeter, USB and 12V socket. Dims.: 533 x 253 x 300 mm, weight: 20 kg (without fuel). **48196** **1350,–**

③ Autoterm Air 2D w/ 5 L diesel tank & LiFePO4 battery (24 Ah)
Power: 2 kW parking heater (1.8 kW heat output). With 5 liter diesel tank for heating operation of 20-50 hrs. (depending on use) & additional 24 Ah LiFePo4 battery for heating operation of app. 30 hours (depending on use). Incl. Voltmeter, USB and 12V socket. Dims.: 533 x 253 x 300 mm, weight: 17 kg (without fuel). **48197** **1999,–**

④ Warm air hose set
4 m weatherproof neoprene hose for targeted warm air routing. Incl. Clamps, mounting flanges and carrying bag. **48198** **199,–**

Camper kit complete package w/ Airtronic S3 parking heater

- **With integrated temp. sensor**
- **Integrated alt. adjustment up to 3,000 m**
- **Extremely fast heating of room air due to power stage**
- **Stepless control enables very quiet night-time operation**

Easy installation and time saving due to pre-configuration. The complete kit contains all components necessary for installation of a diesel-powered air heater - from heater to selected control element. Consisting of Airtronic S3 Commercial, installation kit, flex pipe 60 mm, protective grille 60 mm, connection piece 60 mm, air vent 50/60 high, cap & hose clamp. The parking heater is operated directly with fuel from the diesel tank and enables the greatest possible self-sufficiency. Parking heater can be installed in a space-saving manner underfloor, in double floor, in seat box or in storage box.

Execution	D2L (Diesel)
Voltage	12 V
Heating power control	stepless
Heating capacity	0.85 to 2.2 kW
Electr. Power consumption	6 to 31 W
Fuel consumption	0.1 to 0.28 l/h
Weight	2,7 kg
Dims.	310 x 115 x 122 mm

① **Camperkit complete package w/ EasyStart Pro:**
The easy-to-install control element enables rapid heating via the Long Press function, can be operated by timer and has an integrated temp. sensor. LED color ring informs about heating status, further diagnostic information can be called up on the device. Permanently installed control element w/ intuitive operation, instant heating via Long-Press, timer function & integrated temp. sensor for heating control. LED color ring for clear status recognition. Simple diagnostic function.
48147 **1470,–**

② **Camperkit complete package w/ EasyStart Web:**
Start your parking heater at any time - wherever you are, via smartphone app or browser. **48188** **1745,–**

Accessories for camper kits External temp. sensor (not shown)
Depending on installation situation, it is advisable to install an additional external sensor that can be positioned independently of device and that transmits its signal to control panel. **481144** **12,95**

Kraftstoffentnahmekit Volkswagen Transporter 6 (without illustration)
Adapted to the Volkswagen Transporter 6. **481125** **39,70**

4 kW

Airtronic M3 Commercial parking heater

Optimum power spectrum (1050-4000 watts) for pleasant, constant temperature ratio. Operation up to 5500 m thanks to integrated altitude adjustment. Very quiet & constant night-time operation without constantly switching heating on and off. Suitable for larger motorhomes/camping buses or as additional heater for winter campers.
Technical data: Heat output 1050-4000 watts, d L376 x B140 x H150mm, power consumption: 6-37 W, fuel consumption: 0.12-0.49 l/h, weight: 4.5 kg, max. air flow rate: 180 m³/h. SOD: Airtronic M3 incl. dosing pump.

Air Top 2000 STC air heaters for compact vehicles

- **2 kW heater with ceramic technology for high efficiency**
- **Heating power infinitely variable from 0.9 to 2.0 kW**

Technical data:
Fuel consumption 0.12 - 0.24 l/h. Nominal power consumption 9 - 22 W, weight incl. dosing pump 2.6 kg. App. dimensions L: 311 x W:120 x H: 121 mm

Air Top 2000 STC-D RV comfort complete set for diesel engines Incl. Multicontrol control panel, extended installation kit & silencer, with altitude adjustment up to 2200 m	**48089**	**1778,–**
SOD RV Komfort: Standard installation kit (parts for exhaust gas routing, fuel line, electrical kit, pump) & Multicontrol operating element.		
Air Top 2000 STC-D Basis for diesel engines	**480897**	**1100,–**
Air Top 2000 STC-B base for Gasoline engines	**480892**	**1210,–**
Scope of delivery base: Heater & metering pump. You still need 1 installation kit and 1 control element. Basic sets are without height adjustment and silencer.		
Operating elements for basic sets (Mandatory for basic sets)		
MultiControl control element with timer	**480894**	**114,–**
Control element Rotary control	**480895**	**72,50**
Installation kits for basic sets (Mandatory for basic sets)		
Standard installation kit (universal set)	**480893**	**249,–**
Installation kit VW T5 / VW T6 w/ auxiliary heater	**E1911**	**305,–**
For T5/T6 without auxiliary heater, a tank removal set is also required.		
Tank removal set 90°	**E1912**	**47,30**

Please note that standard installation kits do not include parts for warm air distribution. Installation by specialist workshop is recommended.

Control element **Rotary control**

Control element **MultiControl (optional)**

Air Top EVO 40/55 Air heaters for large motorhomes

- **4.0 kW or 5.5 kW heat output**
- **Low energy consumption thanks t**
- **Low energy consumption thanks to intelligent fan control**
- **Very quiet operation thanks to lower fan speed and quiet fuel pump**
- **Flame detection thanks to exhaust gas temp. sensor**
- **Automatic height adjustment up to 2,200 m as standard**
- **Automatic cold start for fast warm-up**

Powerful, compact, low-noise and equipped with altitude adjustment up to 2,200 m. Makes heater perfectly equipped for even the toughest Requirements. An upgrade with the comfort control element MultiControl is possible, so that depending on individual heating Add. operating modes are avail. depending on individual heating requirements.

Scope of delivery:
Air Top EVO 40 orEVO 55 heater, standard rotary selector, 30 cm air intake flex pipe, 3 m fuel pump extension cable harness, 80 cm exhaust flex pipe.

Thermo Top Evo

12V

- **Heat dissipation via air outlets in the dashboard**
- **Heating of the driver's area and optional preheating of the engine**
- **Heat output 5 kW**
- **Lower emissions by preheating the engine**
- **Very fast heat-up time**
- **Quiet running, low-noise operation**
- **Operation w/ Diesel directly from vehicle tank**

Thermo Top Evo is a combination of popular Webasto parking heater and the specific requirements of motorhome enthusiasts. Appliance enables unlimited heating and offers two functions: Heating the interior and preheating the engine. Stepless regulation of the heat output between 1.8 and 5 kW. More comfort in front of the vehicle by distributing the heat via the outlets in the dashboard. Compatible with the new MultiControl operating element.

Technical data:

Operating voltage range:	11 -1 6.5 Volt
Nominal voltage:	12 Volt
Nominal power consumption:	12 - 33 watts
Fuel consumption:	0.31 - 0.62 l/h diesel
Dims.:	L 218 x W 91 x H 147 mm
Weight:	app. 2.2 kg

Scope of delivery: Heater, flex. Exhaust pipe with exhaust silencer Dosing pump DP2, wiring harness, assembly parts, documentation, circulation pump 4847, MultiControl operating element

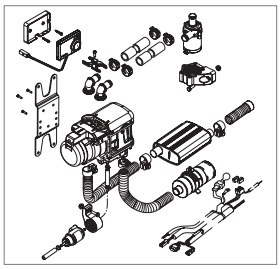
Thermo Top Evo base	**71416**	**1367,–**

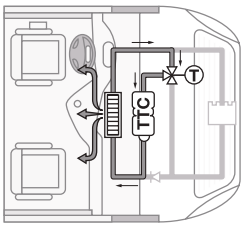
Vehicle-specific installation kits (absolutely necessary for installation)

Insallation. kit Fiat Ducato > 2007	**71415**	**509,–**

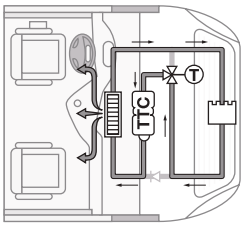
For Fiat Ducato w/ automatic air conditioning, the additional kit AAC is required.

Additional kit AAC for Fiat Ducato	**71414**	**115,–**
Installation kit Mercedes Sprinter > 2018	**71417**	**735,–**





The Thermo Top Evo automatically pre-heats the driver's area and the engine: First, the vehicle's water circuit heats up and warms the driver's area. All available heat is conducted to the driver's cab via the dashboard.



As soon as the driver's area is warm enough, the thermostat opens and the engine is warmed up by the hot water. The effect can be further enhanced if the ventilation is turned down.

ThermoConnect

- **Retrofittable for: Air Top 2000 STC, Air Top Evo 40/55, Thermo Top Evo & Thermo Pro 90**
- **The smartphone becomes a remote control for your heating**
- **Conveniently switch heating on and off via smartphone**
- **Individual programming of heating processes**
- **Integrated GPS function shows location of the vehicle**
- **Free app available for Android & iOS devices**

A small ThermoConnect control unit is installed in the vehicle so that the parking heater can be controlled via the smartphone. The control unit ensures a smooth connection between vehicle and smartphone and can be easily retrofitted to the following heaters: Air Top 2000 STC, Air Top Evo 40/55, Thermo Top Evo, Thermo Pro 90. The mobile phone connection is already included in the control unit. So you don't need to top up credit or take out a separate mobile phone contract. The service works in the mobile networks of the supported countries.

The app is available free of charge for Android & iOS devices. Use is free of charge for the first year. An annual usage fee of EUR 34.99 is charged from second year onwards. **48042** **429,95**

Y-cable for ThermoConnect
If you want to use ThermoConnect alongside MultiControl control element, you will need a Y-cable. **E10726** **40,20**

Diesel heaters Viking AIR & Spartan AIR

- **Quiet and efficient: double inlets and outlets for optimum air flow and noise reduction**
- **Virtually silent combustion for the best sleep on cold nights**
- **Energy independence: Lowest diesel and electricity consumption and compatible with renewable diesel**
- **Integrated height adjustment**
- **Built to last: Average service life of 40.000 hours, all parts are replaceable.**
- **Stepless control**
- **The Wallas cloud server enables worldwide troubleshooting and service without uninstalling heating systems**

Viking Air 3 kW

Spartan Air 4.5 kW

Wallas heaters originate from the marine sector and are made of high-quality materials developed for use in harsh environments.
Viking AIR and Spartan AIR are characterized by extremely low diesel and electricity consumption and can run on biodiesel, making them energy efficient and environmentally friendly.
The built-in altitude cut-off ensures reliable performance even in mountainous terrain. Wallas heaters are designed for optimal airflow, mixing fresh outside air with pre-heated air to provide comfortably warm air to the interior of your vehicle. These heating systems are built to last and offer replacement of all parts in the event of a repair.

They are operated via a digital control panel, which is installed in the vehicle (included in the scope of delivery). Both heating systems are equipped with Bluetooth and WLAN function and, with the Wallas app, offer remote diagnostics and control of the heaters via smartphone, even from a distance.

Scope of delivery: Heater, fuel hose (4 m), connection cable (4 m), digital control panel incl. connection cable (5 m), 1x wired temperature sensor, 1x wireless temperature sensor.

Both systems inclusive Control panel and wireless Temperature sensor

Model	Viking Air 3 kW	Spartan Air 4.5 kW
Vehicle size	5-7 m	7-9 m
Energy source	Diesel	Diesel

Connection example

Installation kits for Viking AIR & Spartan AIR

An installation kit is required to install the Viking Air and Spartan Air.
The kit contains all the accessories required for installation.

Viking Air installation kit

Scope of delivery: 1x stainless steel exhaust air pipe Ø 28/45 mm (length 1 m), 1x coaxial bulkhead feed-through 28 mm, 1x exhaust air hose (length 0.5 m), 1x tank screw connection, 1x warm air duct Ø 75 mm (length 10 m), 3x warm air vent Ø 75 mm, 1x inlet grille 75 mm (splash-proof)

480343 **780,–**

Sparta Air installation kit

Scope of delivery: 1x stainless steel exhaust pipe Ø 28/45 mm (length 1.5 m), 1x coaxial bulkhead feed-through 28 mm, 1x exhaust air hose (length 0.5 m), 1x tank screw connection, 1x hot air pipe Ø 75 mm (length 15 m), 3x hot air vent Ø 75 mm, 1x inlet grille 75 mm (splash-proof), 2x silencer 75 mm

480344 **1149,–**

AIRXCEL Europe | Aqua-Hot An AIRXCEL Brand

Color LCD included
Touch control panel

Scope of delivery Aqua-Hot AHE-100-DE1

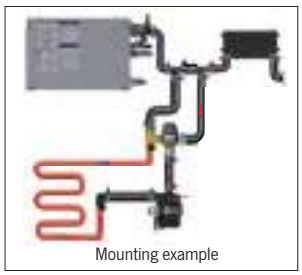
Aqua-Hot AHE-100-DE1 - Compact hydronic heating system w/ integrated hot water system Hot water system

- **Significant space savings due to all-in-one solution**
- **Comfortable indoor climate & continuous hot water**
- **Suitable for altitudes up to 2000 m, w/ optional altitude kit up to 5,000 m**
- **Low-voltage fan for virtually silent operation**
- **User-friendly control through LCD touch control panel**

In a hydronic heating system, heat is transferred by means of circulating liquid (glycol solution) through closed pipe system to heat exchangers, which discharges heated air into living space. The tankless hot water system heats the water via a plate heat exchanger and ensures a continuous flow of hot water on demand. The connections for heating, service water and fuel supply outlets are easily accessible at the rear of the tank, making installation quick and easy.

Scope of delivery:
Diesel burner Webasto Thermo Top Evo 5kW + circulation pump, LCD Touch Controller w/ connection cable (4.00 m), diesel pump & rubber fixation, fuel line (6.00 m), couplings, diesel filter, fastenings, fuel standpipe, air inlet pipe (40 cm) & silencer, exhaust pipe (1.00 m), silencer, expansion bottle, connection hose Ø16 mm (2.00 m), cable connections.

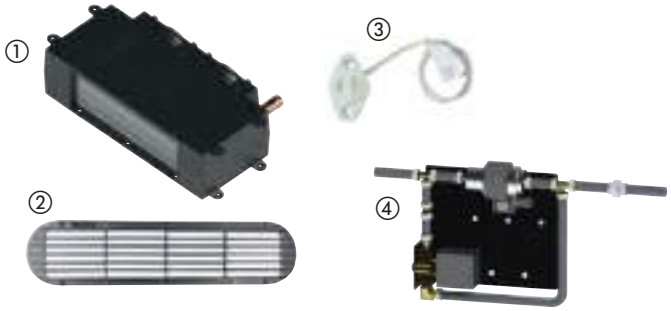
Technical data	
Energy source	Diesel
Energy supply	12V DC
230 V electrical element	1x 1,5 kW
Suitable for heights	Until 5000 m
Max. Heating cap.	6,5 kW
Current consumption (max.)	7 A
Current consumption (av.)	5 A
Hot water flow rate	3,5 l/min (40°C)
Glycol solution tank	6,8 l
Glycol solution tank (max. temp.)	+82°C
Fuel consumption	0.22-0.45 l/h
Time to reach operating temp.	15 min.
Heating zones	3
Water connection	Ø 12 mm
Pipe for Cosy III	Ø 19 mm
Dims. (LxWxH)	448x190x292 mm
Weight empty / full	20,4 / 26,7 kg
Item no.	**48035**
Price	**3689,–**



Mounting example

① Underfloor heating

Integrate underfloor heating into Aqua-Hot 100D heating system.Underfloor heating provides connections for any PEX-based floor system (connection hoses that are glycol & heat resistant are required. Not included in scope of delivery) Including powerful circulation valve and non-return valve. Operation is via the color LED touch Control panel of the AHE-100DE1.
Scope of delivery: Mixing valve, circulation pump, non-return valve, thermistor, terminals, fittings. **870100** **750,–**



Accessories for Aqua-Hot AHE-100-DE1

① **Cozy III heat exchanger**,
maximum of 3 heat exchangers for each heating unit. Pipe: Ø 19 mm.
Dimensions: 33.3 x 9.2 x 16.5 cm **48036** **160,–**

② **Ventilation grille Med. Black**,
Size: 15", 1 ventilation grille required per heat exchanger. 1 piece.
48037 **33,50**

③ **Temperature sensor**,
1 temp. sensor required per heat exchanger. Color white.
48038 **9,50**

④ **Altitude kit**, Extends the altitude capability to max. 5,000 m.
480038 **725,–**

The Truma Combi heaters combine two functions in one appliance. They heat the living space and heat water in the integrated stainless steel tank. Depending on model, Combi heaters can be used in gas, electric, diesel or mixed mode.

Combi D (E) "next generation

- **Lighter:** 3 kg for Combi D and 3.4 kg for Combi D (E) compared with previous models
- **Self-sufficient for longer:** very low battery power consumption
- **More economical:** less diesel consumption due to more efficient combustion
- **More service and maintenance friendly:** longer service life due to more efficient combustion control
- **Automatic altitude adjustment:** integrated alt. sensor automatically ensures optimum combustion process at altitudes up to 3000 m
- **Uniform:** Interior chimney part can be used for both Combi variants

iNet X

Combi heaters can be controlled with the Truma iNet X Panel and the Truma iNet X App, the Truma CP plus.

Heat Hybrid

The Truma Combi E models offer you all the benefits of the classic Combi models with an additional electric option.

Combi Diesel (E) Technical data:

- Number of firing stages: 4 (Combi D 4), 6 (Combi D 6)
- Heat output: 2000 W - 6000 W
- Water capacity: 10 l
- Nominal heat output mixed operation: max. 3900 W (Combi D 4) / max. 6900 W (Combi D 6)
- Nominal heat output electric mode 900 W & 1800 W
- Heating up the water from app. 15 °C to app. 60 °C: app. 24 min.
- Power consumption 12 V: heating & hot water: 0.4 - 8.1 A, hot water: 0.5 A
- Current consumption 230 V: 3.9 - 7.8 A
- Dimensions: (LxWxH) 510 x 450 x 300 mm

Scope of delivery: Combi D (E) heater with room temperature sensor, Truma iNet X panel, control panel cable 6 m, fuel line, dosing pump, mounting parts.

Combi D 4	**721926**	**2999,–**
Combi D 4 E	**721927**	**3339,–**
Combi D 6	**721928**	**3459,–**
Combi D 6 E	**721929**	**3799,–**
Tank connection set	**72634**	**71,–**

Water set must be ordered separately.

Combi Gas (E) Technical data:

- Heat output: 2000 W - 6000 W
- Water capacity: 10 l
- Nominal heat output mixed operation: max. 3900 W (Combi 4 E) / max. 6900 W (Combi 6 E)
- Nominal heat output electric mode 900 W & 1800 W
- Heating up the water from app. 15 °C to app. 60 °C: app. 23 min.
- Power consumption 12 V: heating & hot water: 1.2-6.5 A, hot water: 0.5 A
- Current consumption 230 V: 3.9 - 7.8 A
- Dimensions: (LxWxH) 510 x 450 x 300 mm

Scope of delivery: Combi (E) heater w/ room temperature sensor, Truma iNet X panel, 6 m control panel cable and mounting parts.

Combi 4	**721922**	**2349,–**
Combi 4 E	**721923**	**2739,–**
Combi 6	**721924**	**2639,–**
Combi 6 E	**721925**	**3179,–**

Water set must be ordered separately.

Truma diesel heaters (Combi D and Combi D next generation) are approved for operation with HVO, XtL according to EN 15940 in pure form (e.g. HVO100, i.e. 100% hydrogenated vegetable oil), as well as their mixtures with pure fossil diesel fuel and B7.

Truma Combi Gas wall-mounted chimney set

Consists of: ZR80 chimney inner part, 1.1 m flue pipe, 1 m supply pipe & clamps (without ZR 80 chimney outer part) **721953** **85,95**

Combi Diesel pipe set

Consists of: Exhaust silencer and supply pipe (Ø 80 mm). The pipe must not be shortened. Fireplace interior part ZR80 must be ordered separately.

Conversion kit wall-mounted Combi D (E)

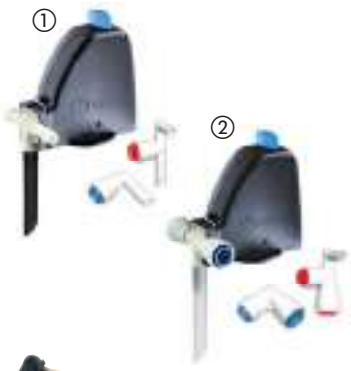
Conversion from Combi D to Combi D next gen. The old chimney cut-out in the side wall can continue to be used with this set. Scope of delivery: Combi D (E) wall-mounted chimney adapter, pre-assembled, chimney outer section, screws, flue pipe clamps, hose clamps **721946** **46,95**

Water set

(consists of FrostControl and elbow connections) - either water set FC TB (fir tree connection) or water set FC JG (John Guest) and flue gas routing.

① **Water connection set FC TB**
Currentless drain valve FrostControl and angle connections for water hoses Ø 10 mm
21912 **175,–**

② **Water connection set FC JG**
Currentless drain valve FrostControl and elbow connections for fixed pipe installation (John Guest System) Ø 12 mm
721913 **175,–**



FrostControl heating element

Complete with 1.5 m cable. To fill the water tank, regardless of outside temperature for Frost Control
72095 **49,95**

① Combi gas roof chimney

White **721051** **67,95**

② Roof chimney set Combi Gas

Complete w/ 3 m flue pipe, 3 m supply pipe & clamps. White. **721052** **233,–**

230 V ELECTRIC HEATER / GAS HEATER

Eberspächer

E-Airtronic EHV 1 - 230 V heater with 1 kW heat output

- **Very small dimensions**
- **Easy to install wherever heat is needed**
- **With stepless and brushless 12 V fan**
- **Whisper-quiet operation thanks to variable fan speed**
- **Variable installation options in vehicle**

The new E-Airtronic electric air heater works with 230 V and a heat output of 1 kW. It ensures pleasant temperatures in the interior of electric and hybrid vehicles. For vehicles with combustion engines and caravans, the heater can also be operated stationary via shore power. The small air heater can be installed easily and space-savingly wherever heat is actually needed in the vehicle. Thanks to the PTC technology specially used by Eberspächer, the E-Airtronic EHV1 offers a high level of intrinsic safety against overheating and reliable heating operation in the cold season.

Technical data	
Energy source	Current
Energy supply	230 V AC / 50-60 Hz
Voltage (fan)	12 V DC
Heating capacity	1000 W ±20%
Current consumption (max.)	4,5 A
Dims. (LxWxH)	207x186x139 mm
Weight	1,5 kg

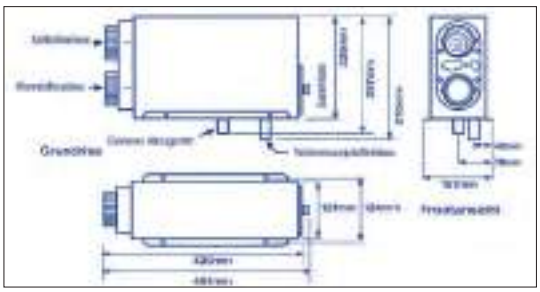
Scope of delivery: E-Airtronic EHV 1 heater, control element, wiring harness, mounting acc. **481920** **554,--**

Scan QR code for more information and product video.

Suitable accessory kit for E-Airtronic

Flexible warm air pipe Ø 90 mm, length 1 m, connection piece pipe Ø 90 mm, color black and flat air outlet, 0°. **481921** **46,90**

Further accessories can be found on pg. 933



Whale

Whale SH2201 - Gas heater with 2000 W

Incl. Floor chimney & installation accessories.
Weight only 5.4 kg.
The hot air is distributed using a 65 mm pipe.

73340 **965,–**

Truma VarioHeat eco and comfort

The compact Truma heaters for motorhomes, caravans and vans.

- **Powerful: vehicle warms up quickly**
- **Convenient: heat output is regulated automatically**
- **Comfortable: air is distributed variably and evenly throughout the vehicle via diffusers**
- **Light: The low weight gives you freedom with the payload**
- **Space-saving: electronics are integrated in device**

The Truma VarioHeat eco and the Truma VarioHeat comfort are identical in size but have different outputs. The compact design allows both variants to be flexibly installed in vehicle without any loss of storage space. The Truma E-Kit adds an electric heater to the Truma VarioHeat. Both appliances are controlled via the Truma CP plus VarioHeat control panel.

Scope of delivery: Truma VarioHeat w/ CP plus VarioHeat control panel, cable length 6 m, room temperature sensor, mounting bracket & accessories for electrical connection.

VarioHeat eco	**720305**	**1589,--**
VarioHeat comfort	**720306**	**1849,--**

Truma VarioHeat E-Kit, electric auxiliary heater

- **Powerful: heat up vehicle faster with additional electric power**
- **Flexible: Truma VarioHeat & E-Kit can be operated electrically, w/ gas or in a mix as required**
- **Simply mount in front of VarioHeat air outlet**

720307 **549,95**

Length 1900 mm	**48239**	**59,60**

Built-in convector

Aluminum convector for installation in storage rooms. H 205 mm, D 65 mm,
Height incl. holder 60 mm, weight 1.0 kg/m,
Tube Ø 22 mm

Length 305 mm	**48240**	**58,50**
Length 555 mm	**48241**	**68,20**
Length 805 mm	**48242**	**120,–**

Rubber mounting parts for pipe 22 mm

Rubber hose, per m 1 m	**482461**	**18,20**
5 m	**482462**	**89,–**

Rubber connection with bleed nipple, Length 100 mm, width 50 mm **E9726** **24,40**

Straight rubber connection, L 700 mm **E3311** **4,95**

Rubber angle 90°, 62 x 62 mm **E3345** **9,70**

Temperature sensor

Outdoor thermostat sensor for connection to electronic switch panels. Cable length 5 m.
48262 **46,40**

Remote sensor, inside is required if normal sensor is influenced by other heat sources.
482621 **16,50**

Cable for 482621, length 8 m
48263 **34,–**

Window switch

Mandatory if flue gas stack is located below the window. The heating is switched off when the window is opened, suitable for electric panels.
48260 **188,–**

Connection cable for window switches Length 0.2m, without illustration
48261 **16,50**

Expansion tank

Suitable for Alde heaters. Material: plastic. For wall mounting. Volume 1.5 l.
B180 x H231 x D 75 mm.
Straight version
48210 **77,40**

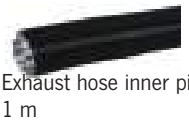
For mounting in wall corners. Volume 2.0 l.
B210 x H116 x D116 mm.
Corner version
48211 **107,–**

Wall chimney for 3010, Fireplace for side wall-mounting, incl. hose clamps.
48264 **105,–**

Roof chimney for 3010
Height 95 mm, hole Ø 76 mm, max. roof thickness 60 mm, incl. Hose clamps.
48265 **115,–**

Roof chimney extension for 3000/3010/3020/3030
Protective roof required for installation, max. 1 pc. possible. L: 200 mm
48266 **58,30**

Flue gas hose for fireplaces 3010/3020/3030
Recommended for roof chimneys 2.0 - 3.5 m, for wall chimneys 0.5 - 2.0 m.



Exhaust hose inner pipe, Ø 50.5 mm aluminum
1 m **48267** **33,60**
Suction hose, outer tube Ø 75 mm aluminum
1 m **482682** **29,90**
5 m GP 29,90/1m **482683** **149,50**

Insulating hose, is applied to the suctionhose pushed. Length 2.0 m
Dimensions: Ø 80 x 13 mm,
2 m GP 38,85/1m **48269** **77,70**

Aluminum pipe bend 100 x 100 mm, Ø 22 mm **48244** **5,60**

Safety valve/drain cock

Opens at 2.8 bar, also ideal for winter draining, (installation in the cold water inlet)
12 mm Speedfit connection
E3054 **40,95**
10mm hose connection
73063 **40,95**

Fireplace shield for Alde 3000/3010/3020/3030

As a condensation drain, protects outer wall.
120 x 110 x 3 mm
E9446 **7,50**

Other accessories for the water supply can be found in the water section

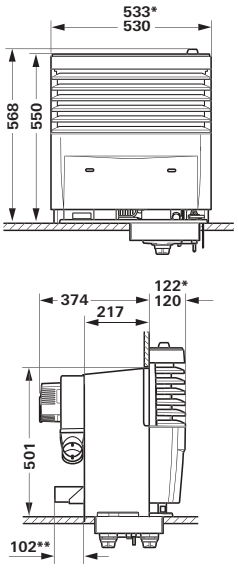
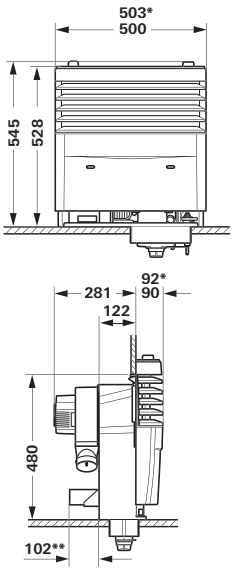
Truma S 5004

Fig. shows special equipment
Chrome and lighting



Truma S 3004



The Truma S heaters - S 5004 / S 3004

- **Stepless and precise adjustment of temperature and fan power**
- **Ergonomic control panel knobs**
- **More powerful and quieter fanse**
- **Booster function for even faster warm air distribution and dehumidification**
- **Preheating possible while driving**

Truma S 5004

30 mbar, for LPG, with automatic igniter, thermostat and installation box (without casing). For use in caravans and mobile homes. Heat output 6000 W, gas consumption 60-480 g/h, weight 17.5 kg

Truma S 5004, w/ installation box for 1 blower (order blower separately) **73160** **929,–**

Truma S 5004, with special installation box for 2 blowers (order blower separately) **73161** **959,–**

Truma S 5004, Standard cladding Titangrey **731631** **219,–**

Chrome trim & lighting(only in conjunction with Truma S 5004) with illuminated, chrome-plated gas control panel, with touch sensor, chrome application, titanium gray trim **73164** **289,–**

Truma S 3004

30 mbar, for LPG, with automatic igniter, thermostat and installation box (without casing). For use in caravans and motorhomes. Heat output 3500 W, gas consumption 30-280 g/h, weight 10.3 kg **73150** **559,–**

Standard cladding(only in conjunction with Truma S 3004) Gas control knob, panel, top cover Titangrey **73154** **199,–**

Lighting set as retrofit kit for Truma S 3004 and S 5004

- **Illuminated control panels = more operating convenience**
- **Switching on the lighting via proximity sensor (reacts as soon as the hand approaches)**
- **Automatic switch-off (time-controlled)**

For heaters without fan. Scope of delivery: 1 x illuminated chrome-plated gas control panel, 1 x sensor board, 1 x 12 V cable **73179** **112,50**

Ultraheat: Electric auxiliary heating

- **The ideal addition to the Truma S heater**
- **Fastest heat-up in all weather conditions**
- **Three power levels**

With room thermostat complete with control panel and 3 m cable. Suitable for Truma S 5004/S 3004, Trumatic S 3002 (P) heaters from YOC. onwards. 07/81, Trumatic S 5002 from model year. 04/98 and Truma S 55T. (Not for Trumatic S 3002 K, S 5002 K and S 5002 up to YOC. 04/98.) Current consumption at power level 500 W 2.2 A; at 1000 W 4.5 A and at 2000 W 8.5 A. Power supply 230 V ~ 50 Hz. Weight 2 kg

73041 **399,–**

Retrofit cladding

for S 5004 or S 3004 Retrofit cladding w/ chrome appliqué for existing Truma S 5004:

S 5004 Titangrey **73186** **278,95**

with existing S 3004:

S 3004 Titangrey **73188** **264,–**

① **Remote ignition indicator** for retrofitting in the casing of Truma S 5004 or S 3004 heaters

73177 **51,95**

② **Automatic ignition retrofit kit** for Truma S 3004 P heater, w/o. remote ignition indicator

73191 **119,–**

③ **AXK-2 comfort package** complete w/ Airmix for all Truma & Trumavent blowers from YOC. 05/96 except Multivent. Not for motorhomes or for heaters with exhaust gas routing under the floor.

73184 **118,95**

Truma blower - For cozy heating comfort

① **Blower TEB-3, 12 V**

With automatic speed control for Truma S 5004 or S 3004. Connection for fan tube ÜR Ø 65 mm or VR Ø 72 mm. Blower with integrated control panel with booster for Installation in the heating cladding

73170 **278,95**

Blower with external control panel. Control panel in black (not shown) **731711** **268,95**

② **Blower TN-3, 230 V**

for Truma S 5004 or S 3004 heaters. Connection for fan tube ÜR Ø 65 mm or VR Ø 72 mm. Blower with external control panel. Now with control panel in black

731731 **278,95**

Adapter plate TEB/TN for installation of new fans on old S-heaters & for the installation of old fans on new S-heaters.

73178 **56,95**

12V

30 mbar

Truma S 2200 - For small caravans and folding caravans

With roof or wall chimney and automatic igniter, back panel or built-in box. With thermostat. Air circulation system via Trumavent or Multivent blower possible. Heat output 1850 watts. Gas consumption 50-170 g/h, 30 mbar.
Only approved for caravans in Germany!

②

for boilers for Truma E Window switch

Automatic switch-off

Safety from exhaust gases w/ open windows, chimney installation below the windows. Switches off heating/boiler with flue gas routing under window as soon as the window is opened. This ensures that no exhaust fumes can enter the vehicle via a chimney installed in the immediate vicinity of the window. Please order window switch (75243) separately.

INSTANTANEOUS WATER HEATER

Scope of delivery

CARBEST

Mobile Gas instantaneous water heater

- **Continuous hot water - everywhere**
- **Hot water from tap or shower head**
- **Infinitely adjustable water temp. from 25° C to 50° C**
- **High water flow - app. 2.2 liters per minute**
- **Automatic ignition and overheating protection (50° C)**

Water flow temperature continuously adjustable from minimum temp. 25°C, 5 liters per min. & maximum temp. 50°C, 2.2 liters per min. Fold-out tap. Can be used with propane/butane. With automatic ignition, overheating protection at 50°C and automatic switch-off if appliance tips over. Weight: 6.0 kg.

Scope of delivery:

Water hose, submersible pump, shower head with hose (2.5 m), 12 V cigarette lighter plug with 5 m cable, carrying bag. Gas hose and gas pressure regulator not included.

Boiler Gas & boiler gas/electric, wall chimney

- **Very short heat-up times: only 16 minutes in mixed mode**
- **Powerful, electric heating element with two power levels**
- **Mains-independent operation with powerful 1500 W gas burner**
- **10-liter stainless steel container**
- **Sufficient hot water volume for at least 3 hot showers in a row**

The gas burner (1500 W) heats up the boiler particularly quickly. You do not need mains power. Temperature adjustable to 50°C or 70°C.For ultra-fast heating, the electric version (EL) is available with an additional electric heating element (850 W). Stainless steel water tank.

Boiler scope of delivery:
Wall chimney, chimney cap (KBS 3), control panel w/ 3 m cable.

Technical data:
30mbar. Water capacity: 10 l, dims 360 x 347 x 261/320 mm. Water pressure: max. 2.8 bar. Gas consumption: 120 g/h, power consumption at 12 V: ignition/heat-up/standby 0.16/0.12/0.05 A. Electric heating element: 230V/850W/1300W. Heating time at 10 l from app. 15° to 70°C for gas/electric/gas and electric operation: app. 31/29/16 min. temp. limiter: 70°C

Safety/drain valve and connection pieces

Boiler control panel

Electric control panel

ABO TB water set

Water set ABO JG

One of the two water sets must be ordered to install the boilers!

Accessories:

Chimney extension VBO 2: 50 mm length (required for wall thicknesses over 35 mm)	**73061**	**47,95**

Boiler gas BGF, wall chimney with pipe

- **Low gas consumption with high efficiency**
- **Simple: installation of wall chimney with round cut-out in vehicle wall (Ø 70 mm)**
- **Compact: ideal for space-saving installation in vehicle**
- **Particularly compact dimensions**
- **Variable: flexible exhaust pipe routing - more freedom in the layout of the vehicle**
- **Fast: gas burner heats water within a few minutes**
- **Durable: corrosion-resistant stainless steel tank**
- **Intuitive: simple control panel with two temp. settings - 50°C / 70°C**

The Boiler Gas BGF ensures a reliable hot water supply in the leisure vehicle. It differs from the gas boiler mainly due to the wall chimney. The Boiler Gas BGF does not need to be mounted directly on the vehicle wall. It has a special chimney attachment to which an exhaust pipe system is connected (Truma VarioHeat wall chimney set). The permissible pipe length of up to 150 cm allows flexible installation of wall chimney and boiler. For vehicles with a length of 7 m or more.

Scope of delivery: Boiler gas BGF, control panel with control panel cable 3 m, cutting ring, brass support sleeve for copper pipe, condensate hose, condensate drain set & fixing materials. Supplied without wall chimney set (see p. 941).

Tech. data: Energy source: propane/butane, gas output: 1500 W, power consumpt. (at 12 V): 0.12 A / ignition: 0.25 A / heating: 0.21 A / standby: 0.06 A, water temp.: up to 70 °C, water cap.: 10 liters, gas consumption: 120 g/h, heating time from app. 15 °C to app. 70 °C: app. 31 min. (gas operation), Pump pressure: max. 2.8 bar, System pressure: max. 4.5 bar, Dims. (L x W x H): 360 x 347 x 261 mm, Weight without contentsapprox. 7.5 kg. (Truma VarioHeat fireplace accessories are compatible.)

Special chimney attachment for Connection of an exhaust pipe system.

ABO TB water set

Water set ABO JG

One of the two water sets must be ordered to install the boilers!

Matching wall chimney set (WK24/WK64) for the Truma Boiler Gas, Boiler Electric and Boiler Gas BGF can be found on pages 949 + 941.

HOT WATER BOILER

Stainless steel Boiler BT-6

- **For replacing defective plastic boilers**
- **Capacity: 6 liters**
- **Durable stainless steel housing with integrated insulating foam**
- **Identical to well-known brand products**

Made from high-quality stainless steel, the boiler has a capacity of 6 liters & provides enough hot water for a quick shower or washing up. Heatek boiler is suitable as a separate boiler or as a replacement appliance for (identical) plastic boilers.

Technical data: Water capacity: 6 l, water pressure: max. 4.5 bar. Dims. w/o. feet (LxWxH): 265x173x193 mm, weight 1.1 kg. Supplied w/o. connection & installation material.

Expected to be available from mid Q1/25.

670009 **79,–**

Heating element HE300B for stainless steel boiler Heatek BT-6

- **Very precise heating temperature**
- **Made from stainless steel**
- **Precisely controlled water temp. reduces the risk of legionella**

HEATEK HE300B heating element uses a unique precision for temp. measurement. Thermostat is located in a hollow tube of boiler and measures exactly in middle of tank. This means that water temperature is precisely controlled, significantly reducing the risk of legionella bacteria.
The heating element ensures that temperature is guaranteed to be so high that bacteria cannot survive in the water. With the HEATEK heating element, you can always enjoy hot, clean water on the go. Complies with the European drinking water standard 98/83/EC. Delivery Includes O-ring for watertight connection to the boiler.

Technical specifications:

Supply voltage:	220 - 240 VAC
Performance:	300 W
Power consumption:	1,3 A
Temperature:	65°C
Overheating protection:	85°C
Cable length:	1 m

670010 **59,90**

Truma Therme

- **Especially for the caravan**
- **Hot water comfort in the smallest dimensions**

The 5-liter boiler offers hot water comfort in smallest dimensions. It uses the hot air from the heating system to heat water. An electric heating element (230v/300W) is installed so that it can also be used without heating. Only for water pumps without non-return valve.

Scope of delivery Therme:
Control panel, drain & ventilation valve (w/o. mixing valve).

Technical data: Water capacity 5 liters, dimensions (LWH): 37 x 23 x 22cm. Weight (without contents) 2 kg, water pressure: max. 1.2 bar, electric heating element: 230V/300W, heating time approx.: from 15°C to 60°C in approx. 50 min, temperature limiter: 65°C.

① **Therme 230 Volt / 300 Watt** **670451** **298,95**

Accessories:

② **Safety relief valve ABO** 2.8 bar. as spare part **72292** **40,95**

③ **Replacement tank for Truma Therme:** Empty replacement tank. Used e.g. after frost damage **72320** **91,95**

Drain valve with double connection (not shown) **E155** **11,50**

④ **Truma Therme mixing valve** **67010** **42,95**

HEATEK

3 LITER | 6 LITER | 10 LITER

Heatek water boiler 3L / 6L / 10L

- **High-quality stainless steelBoilers, specially developed for caravans & motorhomes**
- **Two versions available: 230 V version and 230/12 V version (Combi)**
- **Stainless steel tank with insulating EPP housing (black)**
- **Including control panel for wall mounting**
- **Complies w/ European drinking water standard**

The high-precision heating element and the special insulated housing ensure the comfort of hot water for everyday use. Robust stainless steel tank has been tested up to 5 bar. It is controlled via the control panel included in the scope of delivery. The indicator light shows the user the current status of the boiler.

XB models:

The XB-6 and XB-10 boilers are equipped with a powerful 230V heating element and a control panel. Scope of delivery: Boiler, 1 heating element (230V), 1 control panel (230V), 2 drain taps, hose clamps, installation material instructions.

XB-Combi model:

The Combi model is equipped with a powerful 230V heating element with control panel and an additional 12V heating element with second control panel (12V). Scope of delivery: Boiler, 2x heating element (230V+12V), 2x control panel (230V+12V), 2 drain taps, hose clamps, installation material, installation instructions.

XB-10 and XB-3 Combi expected to be available from mid Q1/25.

Nautic compact - Water heater forpressurized water systems

- **Small and powerful**
- **Nautic hot tubs for caravans, motorhomes, boats, etc.**
- **Proven ELGENA quality**
- **5-year factory warranty**

Space-saving hot water supply with high-quality V4 A stainless steel-boiler and compact insulation, even for the smallest spaces. Pressure-resistant, they can be fitted as standard or retrofitted to any cold water supply with a hose line. The water can be connected to a submersible, foot, hand or pressure pump. Robust insulation, so that hot water is still available the next day.

Standard equipment: Heating element 230V/660W (3A) Thermostatically adjustable from 30°C - 80°C. 1 m connection cable with safety plug, overheating protection and frost monitor. Safety valve up to 2.5 bar. Water drain valve for winter drainage.
Domestic hot water connection = 10 mm, pipe socket for hose connection, heat exchanger connection = 18 mm, pipe socket for hose connection.

	Model	Type	Liter	approx. dims. W x H x D	Weight	Power	Art. no.	Price

Hot water boiler - Nautic-Compact type LE combi appliance

- **Hot water via hot air and electricity**
- **Ideal for motorhomes, caravans, yachts, vans and the like**
- **Overheating protection**
- **Self-regulating radiator**
- **1 m cable**
- **5 year guarantee**

Electrical connection 230V/500W (2.2A). The appliance is connected to a circulating air heating system and during heating phase the domestic hot water is heated via appliance's built-in heat exchanger or, when stationary, via built-in electric cartridge. The domestic hot water is thus heated free of charge and reaches approximately the same temperature as the heating air. The water is heated to approx. 70°C.

When fully heated (electrically to approx. 70°C, via air to the temperature of the air flow), two to three times the amount of water can be removed by adding cold water and fitted as standard or retrofitted to any cold water supply via a hose line.

The water can be connected to a submersible, foot or hand pump. When connecting to a pressure pump, a safety valve set must be fitted. If a water pipe with a pressure higher than 2 bar is connected, a pressure reducer must also be used.

The devices are designed for hose connections to counteract vibrations in maritime and mobile applications. Nautic compakt LE is designed so that even when domestic hot water tank is empty, boiler always remains full & can never be pumped empty.

The robust insulation of the appliance, which is made of acid-resistant V4A stainless steel, ensures that hot water is still available the next day.

Dims. app. W22 x H23 x D38 cm. Weight approx. 4 kg

KB low-pressure boiler for motorhome, caravan or boat

- **Fast heating with low power consumption**
- **With stepless thermostat, frost monitor and overheating protection as standard**
- **Water connection 10 mm**
- **Can be heated from 30°C - 85°C**
- **TÜV-tested, 5-year guarantee**

Specially designed for installation in mobile vehicles such as caravans and sales vehicles or anywhere where there is little space or weak current conditions with low fuse protection.

KB 3 and KB 6 as well as the combi versions are low-pressure boilers. Can be connected with hose to submersible pump without non-return valve or to any other water system with suitable fitting.

If a pressure water pump is used, they must be connected with a low-pressure fitting.

Can be heated from app. 35° to app. 85°, can be mixed to app. 3 times the volume when fully heated, low power consumption and fast reheating with good insulation. The boilers are made of high-quality plastic and are resistant to heat and corrosion. Quick & easy installation w/ mounting bracket.

Whale Expanse Boiler, underfloor water heater

- **8 liter capacity**
- **Underfloor installation, maximizing living and storage space**
- **Maximum flexibility during installation**
- **Easily accessible pressure release and drain valve**
- **External gas connections - no cut-outs required**

Underfloor installation means that no valuable living or storage space is blocked. The Expanse Boilers have a highly efficient burner and a direct heat exchanger located in the water tank to maximize heat transfer and heat the water faster. **Technical data:** Max. Operating pressure: 3.0 bar, max. connection pressure: 1.9 bar, heating times (15-70°C): Gas = 26min., electric = 24min., gas + electric: 10min. Gas type: butane/propane, gas consumption: 97g/h, power consumption 12V: operation: 0.48A (<20W), power consumption 230V: operation: 6.5A (1.5kW). Dims. LxWxH: 522x262x180/229 mm. Weight: approx. 4.5 kg. **Scope of delivery:**
8 liter boiler w/ 12 mm water connections, coaxial pipe for combustion air and flue gas with brackets and end piece, valve to support the draining of water, control element with 7 m connection cable, installation and operating instructions

ASS heating cable w/ 12V cigarette lighter plug

- **Ideal accessories for winter camping**
- **Quick solution for frozen drainpipes**
- **Low battery consumption (70W)**

The ASS heating tape is wrapped around the frozen drain pipe or valve. The 12V plug supplies 70W of power via the cigarette lighter, to defrost the waste water pipes and valves without damaging the battery. Dimensions: WxL: 60x1700mm, weight 130g.
Technical data: Voltage 12V, current consumption 5.8A, Cigarette lighter plug with 8A fuse. **61231** **84,95**

Drain valves for boilers and heating systems with hot water preparation

Drain valves can be installed between the water pipes or at their end for draining. This allows the hose lines to be completely emptied, which largely prevents the risk of the water hose freezing and bursting in the event of frost, for example.

The **ABO valves** are automatic, de-energized drain valves for pressure monitoring. The **FrostControl** also has temperature monitoring to prevent frost damage (+6°).

REIMO

KNOW-HOW & COMPETENCE

REIMO COMPETENCE AND EXPERIENCE SINCE 1980.

TIPS, ADVICE & RECOMMENDATIONS FROM A PRO

SOLAR TECHNOLOGY

Why solar in a motorhome?
- A solar system in the motorhome makes it possible to cover the need for electrical energy self-sufficiently and away from shore power.
- Solar energy is used to generate electricity, which is used to charge the body battery.
- This means that the solar power system can be used in sunny regions in particular be a clear gain for independence.

Retrofitting a solar system
- Solar panels are usually bonded to roof of the vehicle or attached to the roof by means of Spoilers and other devices.
- However, there are also mobile versions that can be used as required.

What do I need to consider before retrofitting?
- How much space is available on the roof?
- How much energy is needed every day? (consumption of the devices)
- How much energy can be stored? (battery capacity)

How do I find the right system?
- To find the right system, the first step is to determine daily consumption of the electrical devices.

Example calculation consumption:
Television: 45 W x 2 hours/day = 90Wh
Lamps: 3 x 3 W x 3 hours/day = 27Wh
Low consumption: 15 Wh/day
Energy consumption: 132 Wh/day
The yield of a solar system can vary greatly over the course of the year. In summer months (May-September), 10 hours of daylight correspond to app. 4 hours of maximum output of the solar system.

Example calculation yield:
e.g. solar panel 90 W
90 W x 4 hours/day = 360 Wh/day

With the data now available the energy consumption and the required Battery capacity can be calculated.

Example calculation energy consumption for 3 days of independence:
3 x 132 Wh = 396 Wh
Plus 30% reserve
1.3 x 396 Wh = 515 Wh

Calculation of ampere hours:
515 Wh : 12 V = 43 Ah
Discharge reserve
43 Ah x factor 2 = 86 Ah
(rounded 90 Ah battery, recommended 100 Ah)

The importance of solar charge controllers
- Charge controllers determine, among other things, how efficiently obtained energy from solar panels is used to charge the batteries.
- The charge controller converts the higher voltage of the panels into the 12 V Voltage of the battery and regulates the current in such a way that the Battery can be charged as ideally as possible.
- Make sure that the charge controller has the appropriate Input voltage and are compatible with the respective battery of the Vehicle.

Why an MPPT charge controller?
- The so-called maximum power point (MPP for short) is the point at which the panel can deliver the highest power. This is just below the open-circuit voltage.
- Chargers with MPPT function (Maximum Power Point Tracking) regulate the current so that the voltage is as close as possible to the MPP. remains. This enables maximum performance output to be achieved.

CHARGERS

- Chargers in the motorhome are used to charge the supply battery, while the vehicle is connected to shore power.
- It should always be ensured that the charger is compatible with the connected battery.

INVERTERS

- In principle, only 12 volts are available in vehicle via the supply battery. If you still want to use appliances such as electric hobs, hair dryers or coffee machines via 230 volts, you need an inverter / Install the inverter.
- As with chargers, care must also be taken here to ensure that the Inverter is compatible with the existing battery.
- With inverters, a distinction is made between devices with sinusoidal-voltage and devices with pure sine wave voltage.
- For certain end devices, we recommend an inverter with pure Sine wave voltage, as they are either quite sensitive or have a high Starting current required for starting. These include, for example, modern Coffee machines / laptops / LED lamps / refrigerators / air conditioners.
- The end devices to be operated also determine which continuous-power and peak power (specified in watts) of the inverters must have. If, for example, a coffee machine has a starting current of 600 W- the peak power of the inverter must be at least this Value.

CARBEST

Product update 2025:
Reinforced construction of the cell connections for less power loss and a long service life.

PowerPanel Flex - from 120 to 165 watts

ETFE TOP- | FIBERGLASS OR TPT CARRIER PLATE | SUN POWER CELLS | INCL. CABLE 2x 2,5 mm² | ONLY 3 mm THICK

- **Sunpower cells: Significant increase in electricity yield even if angle to sun is not optimal**
- **App. 5 x lighter than conventional modules**
- **Can be walked on with flat bonding**
- **Compact connection with pre-installed cable (2 x 2.5 mm², cable diameter approx. 8 mm)**

Thanks to high-quality ETFE surface with honeycomb structure, there is significant performance increase in twilight/cloudy conditions. Especially at high temperatures, the performance is significantly higher than comparable modules. This means maximum efficiency without any loss of performance.

Material top layer:
ETFE: Very hard & thin (app. 0.025 mm) material with high light transmission of app. 95%. Heat resistant up to app. 150°C. Very high weather resistance, also suitable for salt water.
Material carrier plate:
TPT: Material with high bending capacity. More flexible than fiberglass.
Fiberglass: Very strong, hard material for the best possible protection of the solar cells.

Product update 2025:
Reinforced construction of the cell connections for less power loss and a long service life.

PowerPanel SFX135 solar module - Extremely robust with ETFE sheathing

135 WATT | EXTREME ROBUST | FIBER-GLASS CARRIER-PLATE | SUN POWER CELLS | ETFE-COVERED | 6 m CABLE 2x 2,5 mm²

- **Highly resistant thanks to ETFE front and rear film with welded outer edges**
- **Sunpower high-performance cells**
- **Walkable with full-surface bonding**
- **Compact connection with pre-installed 6m cable (2 x 2.5 mm², cable diameter approx. 8 mm)**

The SUNPOWER high-performance cells are mounted on a stable, black fiberglass carrier plate, which is encased in an extremely resistant ETFE layer. This ETFE film is on both the front and back of the module and is welded together at the edge. This design ensures optimum protection of the internal cells and makes the PowerPanel SFX135 extremely robust against scratches, heat, high humidity and sea and salt water.

Solar sets from 120 W to 185 W power

ALUMINIUM FRAME BLACK | SAFETY GLASS | MONO CELLS | 6 m CABLE 2x 2,5 mm² | ALL SETS INCL. BRACKET, ROOF BUSHING AND SOLAR CABLE

- **Aluminum spoiler profile (black) already pre-installed**
- **6 m cable (2x 2.5mm²) pre-installed**
- **Including roof duct**
- **All black design**
- **20-year performance guarantee** (on solar module) (still 80% output after 20 years)*

Sets include a solar module with pre-installed aluminum mounting profile (spoiler), pre-installed 6m solar cable and a roof bushing. All components are optimally coordinated. (Solar charge controller not incl. in scope of delivery.)

We recommend following MPPT solar charge controllerfor Mc Camping solar sets:

MC-SC20 - MPPT solar charge controller 12/24V 20A with integrated Bluetooth function

- **Bluetooth function integrated in the housing**
- **All controller settings are made via the free app**
- **Suitable for all battery types: GEL/lead-acid/AGM/LiFePO4**
- **Robust and completely sealed aluminum housing (IP67)**

TIP

ECE R10 | 20 A | 12V / 24V

outdoor technologies

Premium Marine quality

- **Extremely high-quality maritime versions (seawater-resistant)**
- **Different sizes for a perfect cable fit**
- **High-quality manufacturing (marine quality)**
- **Can be used as a wall or roof outlet**
- **Protection class IP68 (waterproof, dustproof)**

The manufacturer promises 100% tightness with professional installation. Well proven with high quality. Made of high-quality aluminum, stainless steel or glass-fiber reinforced plastic (particularly impact-resistant). Extremely robust construction. They can withstand even toughest conditions, such as storms and salt water.

②

① Solar charge controller PRS 300

- **300 Wp in shunt technology**
- **Parallel connection of several solar modules possible**
- **Desulphation function that is switched on automatically if the connected batterybattery requires this (memory effect)**

Suitable up to an output of 300 watts. The charge controller works together with the PT 642/G test panel and displays the state of charge in volts and amperes. Selectable charging characteristics for lead-acid, gel & AGM batteries. LED operating status display. Maintenance phase at constant voltage. Integrated reverse polarity protection. Protection against overcharging & deep discharge. Switches off automatically if charging current is insufficient. **Technical data:** Switches off at 14.3 volts and on again at 13.8 volts. Self-consumption: 1mA. Short-circuit and reverse polarity protection.
Dims.: L115 x W88 x D37 mm. **85145 79,90**

② Solar test panel PT 742/G

Display device for exact display of the battery voltage (V) and the solar charging current (A) flowing from the solar cell to the battery. For connection to solar charge controller PRS 300. Incl. 1.5 m connection cable.
Dims.: 60x60 mm, color: grey (RAL 7021). **85144 110,--**

LIPPERT

Solar charge controller - can be combined with EBL electric block

- **Shunt technology up to 240 watts**
- **Parallel connection of several solar modules possible**
- **Charging programs for lead-acid, AGM & gel batteries**
- **LT 320 Solar" display panel can be connected**

① Schaudt solar charge controller LR 1218 240 Wp
for solar modules up to 240 W. Simultaneous charging of starter & on-board battery. Can be operated as normal charge controller or in combination with Schaudt electric block. Suitable for solar modules with a total current of 14 A (240 W) and lead-acid, AGM & lead-gel batteries. Charging end voltage living area battery 14.2 V, starter battery 13.8 V. Dims.: 110 x 75 x 56 mm, weight: 160 g
85059 134,--

Cable bridge for solar controller LR1218 for direct connection to Schaudt electric block (not shown) **851304 20,70**

② LT 320 Solar control panel is connected directly to a Schaudt solar controller. Features: Display of solar charging current of living area or starter battery, LED display only active when queried, suitable for solar controller Schaudt LRS1214, LR1218, LRM1218, delivery incl. connection material.
80238 190,50

MPP solar charge controller - Up to 30% more charging power

- Charging programs for all battery types (also lithium)
- 3 charging programs for lead-acid/GEL/AGM
- 5 charging programs with temp. protection for LiFePO4
- All controllers can be connected to Solar-Computer S, VPC, Bluetooth Connector
- Output for EBL solar power display (parallel operation possible)
- Optional temp. sensor can be connected (item no. 80181)

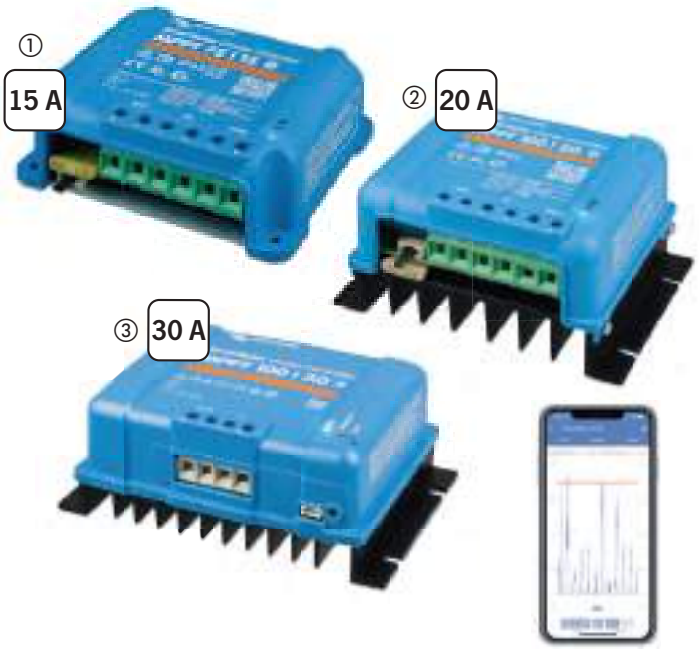
MPPT SOLAR CHARGE CONTROLLER



SmartSolar MPPT 75/15, 100/20 and 100/30

- **Bluetooth function for wireless monitoring & Updating solar charge controller**
- **Recovery function for fully discharged batteries**
- **Free app**

Using the latest and fastest technology, the SmartSolar maximizes energy harvesting and intelligently directs it to charge batteries in the shortest possible time. The SmartSolar maintains the functionality of the battery and thus extends its service life. The SmartSolar-
Charge controller even recharges a heavily discharged battery & can operate with a battery voltage of just 0 volts (provided the battery cells are not permanently sulphated or otherwise damaged).

VictronConnect app for Android & iOS can be used to remotely control and monitor the extensive functions of the Victron SmartSolar charge controller with integrated Bluetooth. The app is available to download free of charge from the app stores.

Free app download here.

EFOY Fuel cells - Always clean electricity everywhere

The EFOY fuel cell is the power generator for the road. Produces electricity through a chemical reaction and thus charges the on board battery. This is done fully automatically and quietly so that you can enjoy your free time. 230 V appliances can also be used via an inverter.

The EFOY 80 and 150 fuel cells can be connected to the EFOY Li 70 and Li 105 lithium batteries via the RJ12 connecting kit, thus providing a completely independent power supply system. All accessories required for installation are included in scope of delivery, incl. a Bluetooth adapter for controlling EFOY devices.

HONDA
POWER EQUIPMENT

Honda Power generators - The lightest power generators in their class

- **Very quiet due to fully encapsulated housing**
- **Generators meet the world's strictest emissions standard from California (CARB-California Air Resources Board)**
- **Intelligent engine management enables running times of up to 10 hours on one tank of fuel (EU 20i)**
- **Particularly easy to start thanks to state-of-the-art technology**

① **Petrol generator EU 10i - 1.0 kW**
Ideal for battery charging 1000 VA generator output. Perfect frequency and voltage stability thanks to inverter technology. Running time depends on the connected device; very quiet due to full encapsulation. **Technical data:** Power 1 kVA, continuous power 0.9 kVA, voltage/frequency 230 V/50 Hz, voltage regulation inverter, 4-stroke engine, OHV, 1 cylinder, pull starter (easy start), DC output 12 V/ 8.3 A charging current, tank capacity app. 2.3 liters, running time with one filling 4.5 - 8 h, sound power 83-87 dB(A), noise level at 7 m distance 52- 57 dB(A), weight: 13 kg, L 450 x W 240 x H 380 mm, parallel operation: 4, eco circuit: 4, 1 x Schuko socket. Order charging cable separately: Item No. 912941 (non-binding manufacturer's information).

91297 **1199,–**

② **EU 22i gasoline generator - 2.0 kW**
Inverter technology with 2.2 kVA output, e.g. for common air conditioning systems in motorhomes. Parallel connection of two EU 22i possible. Cable pull starter. **Technical data:** Max. Power 2.2 kVA, continuous power 1.8 kVA, voltage/frequency 230 V/50 Hz, voltage regulation inverter, 4-stroke engine, OHV, 1 cylinder, GXR120, pull start, DC output 12 V: 8 A charging current, tank capacity app. 3.6 liters, running time with one filling: 3.5-9 h, sound power 71-89 dB(A), noise level at 7 m distance 58 dB(A), weight: 21 kg, L 512 x W 290 x H 425 mm, parallel operation: 2, eco circuit: 4, 2 x Schuko sockets.Order charging cable separately: Item No. 912941 (non-binding manufacturer's information). **913030** **1889,–**

③ **230 V relay** against feedback into the public grid with permanently connected generators **91288** **137,–**

④ **Charging cable for all devices** with charging device (EX 7, EU 10i, EU 30iS) **912941** **29,95**

Parallel cable for parallel connection of several generators (not shown)
EU10i **91294** **55,95**
EU22i **912944** **419,95**

Applies to all Honda generators

Maximum power or continuous power? A continuous power must only be used for applications where power consumption is permanent (e.g. longer than 30 minutes). The maximum output can be used for all other applications. However, it is best to calculate with a 20 % reserve.

Installation instructions: When installing generators that are not specially designed for installation, a suitable storage box must be available that is sufficiently ventilated. The power generator must be secured inside the storage box. The flue gas hose available as an accessory can be used for flue gas routing.

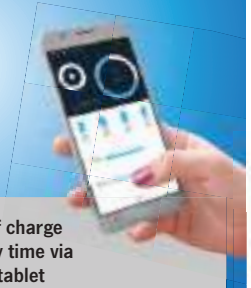
50 Ah | BLUE TOOTH | HEATING FUNCTION | M6 THREAD

Li50BT-H: Fits perfectly in compartment of rear right side wall of Volkswagen Multivan from YOC. 2022 onwards

100 Ah | HEAT-FUNCTION | BLUE TOOTH | M8 THREAD



Integrated LED display

Battery, state of charge and more at any time via Smartphone or tablet via the Carbest app.

Lithium batteries with Bluetooth technology

7* YEARS WARRANTY

12V | BLUE TOOTH | BMS | VERY LONG LASTING | INSTALLATION HORIZONTAL POSSIBLE | FREE CARBEST APP

- Battery status readable via mobile/tablet
- Serial connection (max. 4 batteries), parallel connection (max. 2 batteries)
- Cycle life ≥ 3000 at 90% DOD or max. 7 years warranty*
- Only approx. 1/3 of the weight of a conventional lead-acid battery
- Lithium batteries marked BT-H with integrated heating function for effective charging even at sub-zero temperatures
- Integr. LED display with charge status indicator

How heating function works: internal BMS continuously monitors ambient temperature of battery & controls integrated heating function fully automatically. If a temperature ≤ 0°C is measured during the charging process, BMS immediately stops battery charging & simultaneously activates the heating function of the battery. After reaching +5°C, the charging process continues automatically. If the temperature rises above 10°C, the heating function is deactivated again.

LiFePO4-BATTERIES

Nomia - Premium LiFePO4 batteries with 210 Ah/340 Ah capacity

Integrated BMS · Low Self-discharge · Low Weight · Constant Power over the entire Service life · High and more stable Discharge current · Safest LiFePO4 Technology · Fast Charging · High Capacity

Nomia lithium iron phosphate batteries (LiFePO4) with a nominal capacity of 210Ah/340Ah consist of a unique combination of state-of-the-art technology & intelligent software.
This makes them a robust, safe & simple energy storage solution.

Type	Volt (V)	Ah	Length mm	Width mm	Height mm	kg	Item no.	Price
① **210 Ah**	12	210	417	227	314	23,0	**81414**	**3040,--**
② **340 Ah**	12	340	417	227	314	33,0	**81448**	**3865,--**
③ **Protective relay** (absolutely necessary to ensure a safety shutdown)							**813291**	**170,--**
④ **Battery monitor BM01** (shows voltage in V/capacity in %) including 5m connection cable							**813297**	**199,95**
⑤ **Touch display** (displays voltage, current, charging status & remaining charging/discharging time) including 5m connection cable							**813293**	**276,50**
⑥ **Battery holder set** for Nomia battery							**813294**	**69,50**

Epsilon - LiFePO4 batteries with heating function

Integrated BMS · Cells Heating · Low Weight · Constant Power over the entire Service life · High and more stable Discharge current · Safest LiFePO4 Technology · Fast Charging · High Capacity

Highest capacity in standard housing available on the market.
The fully automatic heating function kicks in as soon as ambient-temperature drops below 0°C. The battery is then heated in a targeted manner, thereby performance losses are avoided & charging process can be completed without any problems. The internal BMS uses Bluetooth to transmit the charge status, voltage and power on Android/Apple mobile or tablet.

Type	Volt (V)	Ah	Width mm	Height mm	Depth mm	kg	Art. no.	Price
① **100 Ah**	12	100	278	190	175	11	**813991**	**1475,--**

⑤ **Battery holder** for Epsilon battery							**813296**	**59,90**

LiFePO4 batteriesLi 70 & Li 105 with heating function

Integrated Smart Battery Management System (BMS) continuously monitors & optimizes battery parameters for ideal efficiency & battery protection. Thanks to the built-in heating element, the batteries can also be charged at sub-zero temperatures. The batteries can be connected to the EFOY fuel cells (page 983) and thus offer a completely independent power supply system.

Premium LiFePO4 batteries with Bluetooth & integrated LTE module for remote access

- **All models fit under seat of Ducato, Jumper and Co. and may be mounted on side / horizontally**
- **DualBMS: Remote access to the battery via Bluetooth and LTE - europe-wide, thanks to integrated free SIM card**
  (For 10 years. Thereafter renewable for €12 for a further 10 years)
- **Integrated location function for localizing the vehicle (e.g. in event of vehicle theft) - with digital theft card**
- **Integrated heating function for charging even at sub-zero temp.**
- **Integrated main switch: The positive pole can be switched on or off - even from a distance**
- **Life expectancy: 15+ years. All models are repairable**
- **Battery terminals incl. in scope of delivery (for SAFTKISTE 200 & 300)**

Special features SAFTKISTE Pro:
- **Up to 680 Ah under the seat of Ducato, Jumper and Co. (with inst. of 2x SAFTKISTE 340 Pro)**
- **CI bus master mode: Connect for remote monitoring and control Simply connect existing heating, air cond. system, etc. via CI bus**
- **Precise location determination due to integr. GNSS sat. positioning**

LITE BLOX

The smart LiFePO4 car battery with integrated vehicle theft protection. Replaces conventional car starter batteries 1:1.

12,8V | BMS | WIRELESS INTERFACE | DIN HOUSING | DIN SAE BATTERY-POLE (M8) | CARRYING HANDLE | FREE APP | ECE R10

- **Innovative power electronics and wireless interface for control via smartphone app:** LITE BLOX batteries have innovative vehicle theft protecti-onwhich can be easily activated/deactivated via the app:
  - **I.K.O.S.** - complete disconnection of all consumers, so that due to the low self-discharge even during longer downtimes, no charger is required must be connected (remote shutdown)
  - **A.V.A.T.** - Active Vehicle Anti Theft: Effective vehicle theft protection at the touch of a button. All consumers are still supplied with energy when stationary, but as soon as unauthorized is started, the LITE BLOX permanently disconnects the power supply.

- **Saves up to 20 kg in weight compared to standard lead-acid starter batteries (75-140Ah)**
- **Plug'n'Play replacement - suitable for almost any vehicle**
- **With active protection against overload (over/under voltage, over/ under current, over/under temp. & short circuit)**
- **Short charging & discharging times (ideal for start-stop)**
- **Developed and manufactured in Germany**
- **With 5-year manufacturer's warranty**

Download the free LITE BLOX app for iOS and Android now

LiFePO4 battery PowerUnit

LiFePO4 power in combination with the existing on-board battery (AGM or GEL)

PowerUnit enables simple & safe combination of a Büttner Elektronik LiFePO4 battery with existing on-board battery (AGM/gel/liquid acid). The system is monitored and controlled by a special battery computer. This is connected to the BMS (Battery Management System) of lithium battery & also prevents further charging by existing charging systems if the lithium battery is fully charged, but the charging devices still need to charge the installed on-board battery further due to its AGM or gel characteristic. In addition, the battery computer displays total available capacity of entire battery system in the passenger compartment.

Scope of delivery:
Instll. kit with LiFePO4 battery, battery control computer & cable set.

LONG LIFE DEEP-CYCLE AGM BATTERIES

CARBEST

Long Life Deep-Cycle AGM batteries

12V | LONG LIFE DEEP-CYCLE | MAIN-TENANCE-FREE | COMPACT DESIGN

- **Maintenance-free service battery for campervans and motorhomes**
- **High vibration resistance and leak proof**
- **Position-independent installation possible**
- **High cycle stability, also ideal for use in combination with a solar system**
- **Low self discharge**

Carbest AGM batteries have been specially developed for use in motorhomes. Due to AGM technology (Absorbent Glass Mat), batteries are completely maintenance-free & can be installed in any position, upright or lying on their side (do not install upside down, with the battery terminals facing downwards). The T100 battery can be installed under front seat in Volkswagen Transporter 6/5 & Fiat Ducato.

The high vibration resistance, very good cycle stability and low self-discharge make the batteries the perfect energy storage for campervans and motorhomes. Due to compact dims., they fit into standard battery fixtures or storage compartments. AGM batteries are frost-proof up to a temperature of -40°C.

Battery	Volt (V)	Ah	Dimensions LxWxH (mm)	Battery terminal Thread	Weight (kg)	Item no.	Price
① **AGM 60**	12	60	259x166x213*	M6	23,5	**850534**	**224,–**

⑦ **AGM 134**	12	134	339x175x285*	M8	40,0	**850537**	**389,–**

* plus height of battery terminal screws

Included in delivery:

(except for AGM battery 850530)

Battery pole adapter set

For conversion from M6 or M8 female pole threads to a standard SAE conical pole (+/-). Scope of delivery: Set of terminals (+/- pole) including screws.

Notes on battery disposal:

You are required by law to return old batteries and accumulators. You can do this free of charge in a retail store or at another collection point near you. Addresses of suitable collection points can be obtained from your city or local government. Symbol of crossed-out trash can on batteries or accumulators indicates that they must not be disposed of with household waste. Respective chemical symbol (Hg, Cd or Pb) below the symbol of the crossed-out dustbin indicates that batteries or accumulators contain mercury, cadmium or lead. Further information can also be found on the Internet at https://www.batteriegesetz.de/

Which battery for which application? Normal starter batteries are not designed for cyclic loads and are not to be used as an on-board battery. Cycle-resistant batteries are suitable for the loads that occur during discharge/charge operation. A distinction is made between batteries with bound electrolyte in gel or AGM design, classic liquid/acid batteries and lithium as LiFePO4.

Gel, AGM and LiFePO4 batteries are leak-proof and absolutely maintenance-free over the complete service life. All battery types achieve high cycle stability under the required charging conditions.

Gel batteries can also be discharged very deeply for a short time, always provided that they are immediately recharged.

AGM batteries have a slightly higher performance for same box size & can also cope with very high charge/discharge currents in short term.

Batteries in LiFePO4 version (see previous pages) are lightest energy storage devices with highest energy density. The price is far higher, but this is somewhat offset by the longer service life that can be expected with the existing infrastructure.

The service life of a battery is measured in charge cycles. 1 charge cycle means: 1 x discharge, 1 x charge. In this case, the smaller the amount of energy extracted (in % terms), the longer the service life. At a maximum discharge of 30% app. 1200 charging cycles. If it is always discharged by 50%, the life is reduced to about 500 cycles. With classic starter batteries (lead / acid), this difference is much greater. (After installation or before winter storage min. 24 h charging.

VARTA

12V

VARTA Professional AGM batteries

- Innovative AGM technology, 100% maintenance-free
- 3-4 times higher cycle stability for starting and supplying
- Tilt and leak-proof, very good starting power

OPTIMA BATTERIES

12V

Optima Yellowtop deep-cycle high-performance battery

- Deep cycle and starting power in one battery
- Vibration-resistant & maintenance-free
- Withstands extreme temperatures
- Ideal for shunting systems
- High power density
- Short-term load capacity up to 100%
- Extremely durable, long shelf life
- Ideal for seasonal use
- Leak-proof, installable in nearly any position
- Compact design

Ideal for movers. Small power stations for motorhomes & caravans. OPTIMA®AGM spiral cell technology sets standards in terms of durability, weight and power density. Specially designed for seasonal use, it is the energy store for your vacation. Leak-proof and absolutely gas-free. Ideal for motor home use in caravans.

CARBEST

For batteries up to size LxWxH 320x180x220 mm

EnergyStation battery box

Turns a standard battery into a multifunctional power station

- **Digital voltmeter for battery monitoring**
- **2x USB (2.4 A), 2x 12 V socket**
- **2x 50 A high current battery connector**
- **For batteries up to size LxWxH 320x180x220 mm**

① **The EnergyStation** is made of robust plastic and offers a wide range of connection options. Integrated in the cover are: External terminals (+/-), 1x USB double socket (2x 2.4A), 2x 12V sockets, 1x battery voltmeter, 2x high current battery connectors for connecting solar panels & other accessories. Fuses are pre-installed. Scope of delivery incl. tensioning strap for fixing cover & tensioning strap eyelets, supplied without battery.

813740 **79,90**

② **Universal adapter cable, length 3 m**
For connection to EnergyStation for charging the battery or for connecting various consumers. Cable length 3m, cable cross-section red/black 10mm², 1x open cable ends, 1x 50 A high-current battery connector.

850922 **29,95**

Battery box with integrated battery terminals

2 x 12 V socket & test function, 2 x M10 wing screw, external dims.: L 42 x W 23 x H 31 cm, internal dims.: L 34, x W 19.4 x H 22 cm.

81374 **52,95**

Variable battery box

Variably adjustable for almost all batteries. Incl. Fastening straps. External dims.: L43 x W24 x H26 cm, internal dims.: L40 x W17 x H25 cm

81030 **32,90**

Robust battery box

Robust plastic, petrol and acid resistant. Incl. Tensioning strap. External dims.: L34 x W23 x H27 cm Internal dims.: L27 x W19 x H20cm

810322 **23,50**

Jumbo battery box

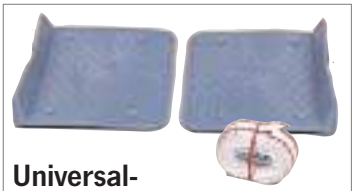
Foralmost all batteries. Incl. Tensioning strap. External dims.: L 46 x W 24 x H 28 cm, internal dims.: L40 x W20 x H20 cm.

810323 **25,30**

Battery holder

Made of galvanized steel for mounting battery under driver's seat, e.g. in a VW bus. Simply screw the panel to the floor. For battery depths up to 189 mm. Dims.: 195 x 371 mm.

81031 **27,80**



Universal-Battery holder

Ideal for horizontal battery mounting! With complete mounting material (strap & brackets). Dims. per panel: 120 x 160 mm

81029 **16,--**

Battery holder

Plastic, black, inside dims.: 280 x 178 mm

81373 **9,95**

Battery carrying aid

Makes it easier to carry batteries & remove them from storage compartments. Easily adjustable in width.

81074 **20,95**

Battery mounting set

Battery mounting T-shape. Dims.: W 165-187, H 170-225 mm

81377 **16,90**

Touchscreen battery management

- **Connecting batteries of different technology and amperage**
- **Touchscreen color display with various control options**
- **Automatic management of up to 3 batteries**
- **Output for starter battery when service batteries are charged**

The iManager is an innovative management system for all battery types. It can manage up to three batteries simultaneously or separately, including **different battery types and amperages.**

Improved performance through optimum charging & automatic battery cut-off extend battery life. It permanently monitors voltage of batteries and charging & discharging current.

85182 307,--

NDS | DOMETIC

Battery check

Automatic battery switch 12 volt (deep discharge protection) disconnects battery if voltage falls below 11 volts & automatically reconnects it as soon as voltage is above this value again (e.g. when charging). A switch allows the battery to be switched on manually after it has been switched off. Peak load up to 100A. Status display with LEDs.

85180 87,--

LIPPERT

Battery monitor BW 50

Battery monitor especially for consumers to require a lot of power, e.g. air conditioning systems. Switch-off voltage is 11.3 V, switch-on voltage 11.9 V. Dims.: L 100 x W 90 x H 43 mm, weight 140 g. Switching capa. max. 50 A.

D+ Simulator Pro

- **Suitable for all vehicles with combustion engine**
- **No intervention in the vehicle electronics**
- **Adjustable switch-off delay**
- **Display of device status via three-color LED**
- **Additional voltage monitoring**

Operating voltage: 12V/24V, quiescent current consumption: < 3 mA, switching output: + switching, max. 300 mA, switching delay on: 4s, switching delay off (adjustable): 10s...5min, operating temp. range: -40...105°C, dims. (cylinder): 43x25mm, connection cable: 2m, weight: 100g.

812220 99,--

SMART cut-off relay suitable for EURO 6

- **2 control methods - voltage-dependent or via motion sensor**
- **With diodes to prevent current flowing back from on-board to starter battery**
- **No D+ signal necessary**
- **Perfect in combination with charging boosters for even more charging power**
- **TÜV certified**

Isolating relay for connecting & disconnecting starter battery & on-board battery. 2 working methods ensure safe operation. The relay switches at a voltage of 13.4 volts or when the vehicle moves. A diode circuit prevents current of flowing back from on-board battery to starter battery. Power: 12 V / 120 A, short-term 180 A.

Cable cross-section of battery connection should be at least 10mm^2. It should be installed as close as possible to starter battery. Ensure that it is firmly attached to bodywork so that the motion sensor works correctly. Dims.: W 45 x D 45 x 45 (83) mm.

SR ecatronic

Jump Starter SR Booster

- **Compact, mobile, handy**
- **For effortless battery revival**
- **Capacity: 16,000 mAh (59.2 Wh)**
- **Can start vehicles more than 15 times in a row**
- **Stand with magnetic base**
- **White LED light and red light function**

The SR Booster has a 12V LiFePo4 starter battery and effortlessly revives discharged or weak vehicle batteries with a current of 2,000 A. Status information can be read on the integrated LED display. With USB output (5V, 2.4A) as power supply for separately connected devices. A white LED light allows you to work even in the dark while the red light functioncan be used to signal dangerous situations. Output voltage: 12V DC, max. charging time: 5 hours. Connection cable included. Dimensions: WxHxD 120x260x133 mm, weight: 1.4 kg **800910** **239,--**

Power starter and power bank

- **For cars and vans**
- **Lithium-ion battery**
- **Capacity 16.000 mAh**
- **Charging via 240 V and 12 V**
- **max. starting current 600 amps**
- **USB 5 Volt - 2.1 Ampere**
- **Including all adapters**

Power bank as an energy source for the road can be used immediately as a jump starter, battery or charger. The multi-purpose battery can charge a cell phone or laptop or start a car up to 6 times. Dimensions: approx. L 164 x W75 x H34 mm. Weight 450g. In practical storage bag **800924** **127,--**

CS FREE - 4-in-1 device battery charger / maintenance device / adaptive booster / power bank

NEW

CTEK

- **Meight Batteries ready for use again within 15 minutes**
- **Ereplaces jump starters thanks to integrated adaptive booster**
- **Fsuitable for any 12V lead-acid or LiFePO4 battery**
- **Power Bank function: The integrated 66 Wh lithium-ion battery allows mobile devices to be charged anywhere where there is no power connection**
- **USB-C / USB-A outputs for charging tablets, smartphones etc.**

The all-in-one solution to revive discharged batteries, recharge batteries, keep them in optimum condition and charge mobile devices on the go. Adaptive booster: Say goodbye to starting aids. The CS FREE also serves as high-tech power bank with integrated 66 Wh battery that you can use to charge USB devices.

Technical data:
Battery capacity: 10-130 Ah. Starting voltage: 3V, input voltage: 100-240 V AC/ 50 Hz, max. 60 W. Output voltage: 12 V, 20A/240 W max. protection class IP54. Dims.: (LxWxH) 24.8x9.8x7.8. Weight: 1.4 kg.
Scope of delivery: CS FREE 4-in-1 device, 230V power supply unit w/ connection cable (1m), battery conn. terminals (+/-). **800700 216,--**

Combination device (charger and charge converter / booster and MPPT solar charge controller)

- **Fully automatic, battery-saving battery charging**
- **High operational reliability**
- **Robust technology and compact**
- **Simple installation and hardly any cable runs**
- **With integrated CI bus interface**

Device combination consisting of charging converter, mains charger and MPP solar controller. The batteries are optimally charged at all times. Above all, the generously dimensioned charging power of the integrated charging converter with 30, 45 or 60 A ensures that the on board battery is charged with full charging current even on short journeys. The series corresponds to the VOTRONIC individual devices in terms of quality, equipment and functions and is characterized by its particularly compact and lightweight design. Acquisition, installation and connection wiring is reduced to a minimum. Designed for standard battery sizes, three different device combinations available. All devices are equipped with 8 future-proof charging characteristics for lead-acid, gel and AGM batteries as well as for lithium LiFePO4 batteries.

CSV 409 power supply unit

Bistable 12V main switching relay
- **Charging booster 8A for charging the battery while driving**
- **Charging the battery via 230V**
- **Suitable for 6 cell lead-acid and lead-gel batteries**
- **Connection for solar controller LR1218/RM1218**
- **Automatic switch-off of consumers when the ignition is switched on**

The CSV 409 is intended for use in self-sufficient caravans. Contains a battery module, the complete 12V distribution system, the fuse protection for the 12V circuits and other control and monitoring functions. Scope of delivery: CSV 409, connection material, switch panel ST05.

In combination with the LT100 control panel, the CSV 409 is ideal for self installation or replacement of third party systems. If you want to convert an existing Schaudt system from a non-autonomous power supply to an autonomous power supply, manufacturer specific Schaudt/Lippert devices are sometimes required. Please contact your vehicle manufacturer or dealer to find out which type of self-sufficient Schaudt/Lippert device is suitable for your vehicle. Dimensions: HxWxD 111x320x217 mm, weight: 2.0 kg.

80070 **424,--**

LT 100 LED control panel suitable for CSV 409

- **Supply battery voltage display from 11.0-13.5 volts**
- **Level indicator for fresh water tank in 4 stages**
- **Main switch for central disconnection of consumers**
- **Visual battery alarm in the event of a sharp drop in voltage**
- **230 volt mains control** The LT 100 can be used to display the battery voltage and the content level in the water tank. Supplied with 5 m connection cable and tank accessories. Dimensions: 176 x 101 mm.

800681 **199,--**

Kabelbrücke für Solarregler LR1218 zum direkten Anschluss an Schaudt/Lippert Elektroblock (ohne Abbildung) **851304** **20,70**

CSV 300 power supply unit

- **Five separately fused 12V circuits**
- **Priority circuit for mains supply, otherwise supplying the consumers from the vehicle battery**
- **Operation without battery possible**
- **Output voltage stabilized and filtered**

The CSV 300 power supply is used to supply 12V devices such as submersible pumps, lights, etc. Suitable for caravans that are mainly connected to the 230V mains and only supply consumers from the vehicle battery for short periods. Switching between the supply from the vehicle battery and the 230V mains supply is automatic.

The power supply unit can also be used without a battery to supply the 12V consumers from the 230V mains voltage. Output voltage: 12.5V, output current: 24A, dimensions: HxWxD 84x211x227 mm Weight: 1.5 kg.

80177 **215,--**

Universal chargers 18 A

Charger LAS 1218-2 Fanless switch mode charger with 18A/12V charging current for batteries from 55 to 180 Ah. High chargingcurrent with compact dimensions and low weight. Charging characteristic IUoU. With charging phase indicator via LED. A second battery can be charged in parallel with up to 3 A. Switchable end-of-charge voltage, maximum 14.7 volts. Dimensions: L 250 x W 150 x H 90 mm, weight: 1.0 kg.

LAS 1218-2
Universal charger, 2 characteristic curves for lead-acid and lead-gel/AGM (no temperature sensor possible) **800722** **298,–**

VOTRONIC

StandBy-Charger Battery recharging and battery charge retention

StandBy Charger for gel, AGM and lead/acid batteries. Depending on the state of charge of the living area battery, the starter or auxiliary battery is automatically charged with part of the charging current. Overcharging is impossible as the charging voltage is reduced by 0.6 V and the charging current is limited to 2 A.

812242 **38,90**

NDS | DOMETIC

SmartSeparator deep discharge protection with recharging function

Constantly compares the connection between the starter battery, the surface-mounted battery and their connected consumers. As soon as the voltage of the starter battery increases (charging by alternator), it also switches the charging power to the sufrace-mounted battery. If the voltage of the starter battery falls below 12.8 volts, it disconnects the on board battery from the charging process. If the on board battery reaches 10.5 volts, it switches off all consumers to protect the battery from deep discharge. **82191** **147,--**

LIPPERT

SR 1203 - voltage regulator

The SR 1203 voltage regulator provides a stabilized 12 V output voltage for sensitive electrical consumers that require exactly 12 V. Input voltage: 12 volts to a maximum of 15 volts. Output voltage: 12 volts (< 12 V with input voltage < 13 V. Maximum allowed load current: 3 amps. Dimensions: (LxWxH) 110 x 75 x 56 mm. Weight: 140 g. incl. Connection material. **82190** **99,–**

VOTRONIC

LiFePO4 suitable

StandBy-Charger Pro
Charging converters, recharging and charge retention the starting battery

- **Suitable for LiFePO4, lead, GEL, AGM batteries at the input as well as at the output**
- **IU charging characteristic**
- **Adjustable end-of-charge voltage (12.5 V - 14.5 V)**
- **High output current of max. 8 A**

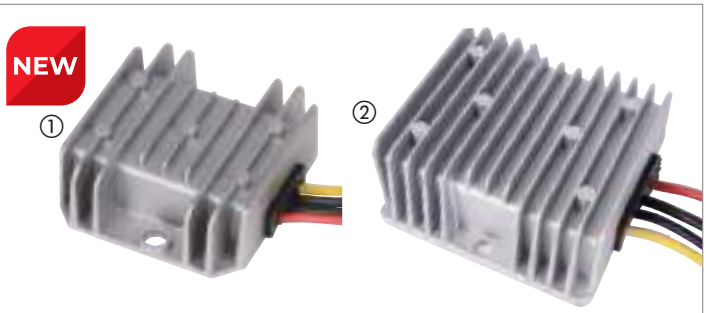
The StandBy-Charger Pro has an adjustable undervoltage limit at the input. Charging is interrupted if the voltage falls below this value. This means that for the first time they can be operated on a lithium (LiFePO4) battery as a supply battery without running the risk of discharging it completely. Battery voltage: 12V, charging current: 0-8 A, charging voltage (adjustable): 12.5-14.7 V, dimensions LxWxH: 71x105x25 mm, weight: 92g.

812243 **145,--**

CBE

Recharging system Automatic recharging system for starter batteries (not suitable for lithium batteries). If the voltage of the supply battery exceeds 13 V, the starter battery is automatically charged with up to 4 A. If the supply battery voltage falls below 12.5 V, the charging process is interrupted. Operating indicator via LED. **85028** **43,10**

NEW



① 8-40 V voltage converter Prevents e.g. flickering of LED lights in event of voltage fluctuations. Input voltage: 8-40 V. Output voltage: 12V/3A. IP68. Dims.: app. 64x58x22 mm, weight: 130g. **821830** **19,90**

② 12-24 V Spannungswandler Eingangsspannung: 12 Volt. Output voltage: 24V/10A. IP68. Dims.: 74x74x32mm, weight: 280g.

82183 **29,95**

Direct voltage converter: e.g. for converting 24 V to 12 V. Needed to reduce an on board voltage of 24 V to 12 V - this is the only way to operate many electrical devices. For trucks, for example, only use switched-mode voltage transformers. These have the advantage that the efficiency is around 90 % and the current loss is lower than with linear converters, which convert part of the energy to heat.

CARBEST

① BatteryBooster 12 V / 30 A

- **Very compact design**
- **Optimizes battery charging & compensates for power losses**
- **Suitable for lead-acid / AGM / GEL / LiFePO4 batteries**
- **Ideal for vehicles with intelligent alternator (Euro 5/6)**
- **Bluetooth-capable with Bluetooth module 851007**

Optimum charging of on-board battery while driving. High charging capacity without loss of power is guaranteed even for shorter journeys. **Technical data:** Input voltage: 12 V, charging capacity: 30 A, battery capacity: 45 - 280 Ah, weight: 0.46 kg.

821822 **159,–**

Integral -

3 in 1 batterycharging booster 25 A Charging booster, charger, MPPT solar charge controller

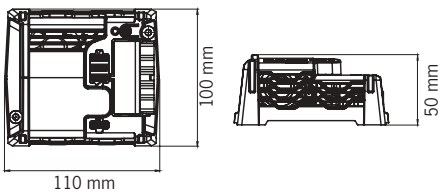
- **Built-in fuses**
- **Charging characteristic: IUoU**
- **Battery type: lead-acid, AGM, gel, LiFePO4**
- **Suitable for vehicles with intelligent alternator**

This battery charging booster combines three functions in one device. A 230 V charger with 15 A, a booster with two outputs (25 A + 18 A) and an MPPT solar charge controller (20 A, max. 30 V, 250 W). An absorber or compressor refrigerator can be supplied with power directly from the charging booster via the special 18 A refrigerator output. Suitable for the following battery types: Lead-acid / AGM / gel / LiFePO4.
Dims.: (L x W x H): 203 x 174 x 67 mm, weight: app. 0.9 kg.

821810 **465,--**

Dolphin charger

ECE R10



Booster Mini -

Battery charging booster 20 A incl. MPPT solar charge controller in compact format

- **Ultra compact size and low weight**
- **Built-in MPPT solar charge controller (15-36 V / max. 140 W)**
- **Simple and safe installation thanks to plug & play cabling**
- **Very low heat development during operation**
- **Charging characteristic: IUoU**
- **Suitable for vehicles with Euro 5/6**

Specially developed for use in vans, compact motorhomes and service vehicles. Suitable for use with all common battery types (lead/acid, AGM, gel, LiFePO4 batteries). Thanks to a separate 18 A output for the refrigerator, 100% of the booster's 20 A output is available for charging the on board battery. The direct connection on the device offers the option to connect a solar panel with a power of up to 140 W.
Dimensions: (LxWxH): 100x110x50 mm. Weight: approx. 0,2kg.

Battery charging booster with integrated 18A refrigerator output

12V | 25 A / 40 A | 18 A REFRIGERATOR-OUTPUT | GEL AGM LEAD ACID LiFePO4 | IUOU | EURO 5/6 | E ECE R10

- **Suitable for GEL / AGM / lead-acid / LiFePO4 batteries**
- **For vehicles with intelligent alternator (Euro 5/6)**
- **Operation with or without D+ signal possible**
- **Charging characteristic: IUoU**
- **Built-in fuses (B1, B2 and refrigerator)**
- **Uncomplicated plug & play installation**

Battery charge boosters from Carbest with 25 A or 40 A power, charge your on-board or 2nd battery quickly & reliably while driving.

The IUoU charging characteristic supplies battery with constant current & voltage matched to it. After reaching charging end voltage, the changeover to float charge takes place. This compensates for the self-discharge of the battery.

An absorber or compressor refrigerator can be supplied with power directly from the charging booster via the special, integrated 18A refrigerator output. When the engine is running and/or the starter battery B1 is relatively charged, the output of the refrigerator is fed directly from B1. If engine is at a standstill and/or starter battery B1 has a relatively low charge, output of refrigerator is switched off or supplied by B2, depending on setting of DIP switch. Operating temp. range: +10°C to +50°C. Integrated undervoltage & overvoltage protection as well as reverse polarity protection. Dims.: L x W x H 200 x 142 x 72.5 mm, Weight: 1.1 kg

SINE WAVE INVERTER

VOTRONIC

REINER SINUS

removable control panel

MADE IN GERMANY

High quality sine wave inverters for continuous professional use

- **Switch-mode technology: compact, lightweight, robust and reliable**
- **Protection against over/undervoltage, overload, overheating**
- **Power saving control with automatic switch-off**
- **Integrated mains priority circuit with 10 A automatic circuit breaker**
- **Output and temperature controlled fan with speed control**
- **Control panel can be removed and mounted externally (incl. 5 m cable)**
- **Selectable power saving mode: continuous operation, automatic standby, OFF**

BÜTTNER DOMETIC

MADE IN GERMANY

removable control panel

Sine wave inverters without compromise

- **Stand by functions**
- **Integrated mains switching**
- **Remote control via control panel**
- **Operating status display**
- **Automatic switch-off**
- **High overload capacity**
- **High efficiency**
- **Low overall height (70 mm)**
- **Vertical or horizontal installation**
- **Thermally controlled whisper fans**

All appliances are overload capable and have whisper fans as well as all monitoring and switch-off functions. The control panel with display functions can be removed and mounted in the vehicle as a remote control. An integrated load detection system switches the appliances into a power saving mode when not in use and, if necessary, switches them off completely automatically. With socket and battery cable (1.2 m) as well as a cable extension for control panel (5 m).

McCAMPING Outdoor Equipment

Sinus power for the best price

Sine waveinverter SI-1500/SI-2000

PURE SINE WAVE | 12V INPUT | 230V OUTPUT | USB 2.1A | INCL. WIRED REMOTE CONTROL | INCL. CONNECTION CABLE | E ECE R10

from **299,–**

- **Conversion from 12 V to 230 V sine wave voltage**
- **USB connection 5 V, 2.1 A**
- **Including connection cable (2x 0.8m, Ø25mm² / Ø35mm²)**
- **Wired remote control included**

With the McCamping inverters, you can convert 12 V on board power from your camper van or motorhome into 230 V sine wave voltage. This means that standard appliances such as a coffee machine, TV or hairdryer can be
be used in camping vehicles as usual. Integrated USB port (5 V, 2.1 A). Security is provided by the
polarity, overvoltage and short-circuit protection. The integrated fan protects against overheating. Acoustic warning signal for
low battery level.

3.5 inch Control panel

Power distributor SPDU52

Shunt SC303

VIA Set - Digital monitoring and switching system for motorhomes / caravans

- **A combination of control panel and versatile power distributor**
- **3.5 inch LCD color display with 8 controls**
- **High quality, anodized aluminium housing in black with high resolution IPS display with anti reflective coating**
- **WLAN function for remote management with smartphone**
- **Free app for Android and iOS operating systems**

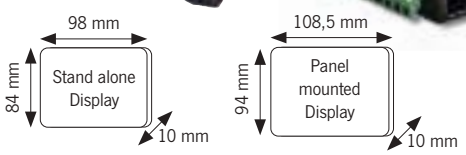
The VIA set offers everything you need to monitor the batteries, tanks, temperatures, refrigerator, hob and solar system as well as to control the water pump, refrigerator, heating, lighting, etc.
The VIA panel is supplied together with the SPDU52 12V power distributor. It is a versatile module with 6 switching channels distributed over 12 fuses, a 50 A shunt for a DC-DC charger (booster) or a starter battery, a 40 A shunt for the wall charger and a 16 A shunt for the solar system. With additional optional modules, it can be connected to up to 6 battery banks, 24 shunts, 10 temperature sensors, 14 tank level sensors and 1 inclination sensor. The system can be switched on or off via smartphone using WLAN technology and many technical details can be called up and controlled. The free app is available for iOS and Android devices. **80269** **608,–**

Shunt SC303 - For LiFePO4 batteries / inverters
An SC303 shunt (300 A) is required to monitor the state of charge of a LiFePO4 battery or the consumption of an inverter. **80282** **124,–**

3.5 inch PICO battery monitor

Shunt SC303

Module ST107



PICO ONE SET (surface-mounted version / stand alone) Battery monitor for compact touring vehicles

- **3.5 inch IPS display with 4 touch buttons**
- **High quality black aluminum housing with Gorilla Glass® and anti reflective coating**
- **WLAN function for remote management with smartphone**
- **Free app for Android and iOS operating systems**

The PICO ONE SET is the perfect complete solution for battery and tank monitoring for camper vans, motorhomes and smaller boats.
Ideal if you want to monitor 1 main battery or battery bank, 1 additional starter or auxiliary battery and up to 2 tanks or temperatures. The PICO battery monitor provides data on batteries, tank levels, temperatures, refrigerator and solar energy, helps to level the motorhome and even has a built-in barograph.
The SC303 shunt included in this set is suitable for a continuous current of up to 300 amps. It has 2 resistance and 2 voltage inputs and a connection for a temperature sensor.

Scope of delivery: PICO battery monitor, SC303 shunt, connection cable.
80169 **341,--**

PICO STANDARD SET (built-in variant / panel mounted)

This is the right set if you want to monitor 1 main battery or battery bank, up to 4 starter or auxiliary batteries and up to 6 tanks or temperatures.

Scope of delivery: PICO battery monitor, SC303 shunt, ST107 module for tank level and voltage, connection cable. **80279** **430,--**

Suitable Votronic tank probes (801204) for fresh and waste water can be found in the Water/Sanitary category on page 709.

Optional accessory for 80169 + 80269 + 80279

Digital inclinometer SDI01 with manual calibration
For the VIA and PICO control systems. Inclinometer for vehicle leveling. Plug-and-play installation. Operating voltage: 6-35 V, current consumption at 12 V: 1 mA, resolution: 0.1°

NODE-Switch – Digital switch & fuse

- Digital switch (on/off) up to 20A
- Integrated fuse (freely adjustable)
- Measure power consumption per device
- Additionally switchable via physical switch or push-button (redundancy)
- One consumer/consumer group per NODE

80321 **149,–**

NODE-Ambient – Light dimmer & color control

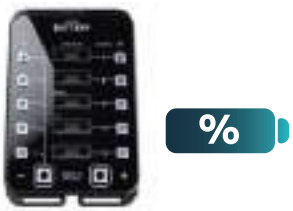
- Dimming LED's via ground
- One light zone per NODE Ambient
- Choose between RGB, RGB-W, white
- Additionally switchable and dimmable through physical button
- Intuitive control & set the mood
- Integrated 5A fuse (self-reset)

80324 **149,–**

NODE level – Precise Tank levels

- Precise content levels infinitely variable in %
- Conversion to remaining liters
- Up to 2 tank sensors per NODE Level
- Notifications & warnings
- Votronic tank electrode & 0-190 Ohm Resistance sensor (not included)

80322 **149,–**



NODE-Battery – Smart Energy management

- Precise battery monitoring
- Current flows from individual Monitor consumers & producers
- 5 channels 60A each, max. 200A
- Notifications & warnings
- One NODE Battery per battery/battery bank)

80325 **299,–**

NODE-Temp – Precise temperature sensors

- Free temperature sensors (waterproof)
- Two sensors per NODE (see digital temperature sensor 80327)
- Notifications & warnings

MT NU-3600 grid switching for sine wave inverters

Intelligent motorhome grid priority circuit with very high switching capacity. Suitable for all sine wave inverters. Mains switching ensures that the optimum 230 V supply is always available at the indoor sockets. Controlled via a MT 5000 iQ battery computer.

The following connection options are available:

- **Mains/shore power input**
- **Inverter input**
- **Output for charger and refrigerator etc.**
- **Output to indoor sockets**
- **Output 230 V after activation 12 V**
- **Signal output for operating status**

Technical data: Input voltage: 230 Volt, 16 A (3600 VA), protection class IP55. Dimensions: (W x H x D): 160 x 145 x 77 mm
801070 **185,--**

MT NU-2300 grid switching for sine wave inverters (not shown)

External mains priority circuit with a switching capacity of up to 2300 watts. Suitable for sine wave inverters in motorhomes without integrated mains switching. Either the inverter is connected through to the indoor sockets or, if available, 230 V from the external power supply.

Technical data: Input voltage 230V, 10 A (2300 VA), protection class: IP55. Dimensions: (W x H x D): 113 x 93 x 55 mm. **801071** **121,--**

Battery tester

BT1201 Enduro 12 V, black/grey: for permanent installation in caravans, motorhomes or boats directly on the battery: ideal for supply batteries or batteries in vehicles with a long service life. Voltage range: 8-16 volts, current consumption: max. 70 mA, battery types: lead-acid, AGM, gel. Color: black/grey. Dimensions: approx. L 60 x W 50 x H 20 mm
80157 **14,95**

NDS | DOMETIC

Priority circuit for inverters

Automatic switching between shore power and power from the inverter. As soon as external current is present, e.g. from the campsite, inverter operation is interrupted. Without external power, the inverter works again and supplies the 230 V loads. There is a second high load output that only works when external current is present (e.g. for operating chargers or air conditioning systems). This prevents the inverter from being overloaded. For inverters up to 2.300 W power. **82192** **145,–**

Bluetooth battery monitor

- **Display battery status in real time via app on smartphone or tablet**
- **For Android or iOS devices**
- **Compact design** It requires a voltage of 6-20V DC and has a very low power consumption of approx. 0.18W. Dimensions: 55x35x16mm, weight: approx. 34 g **812400** **45,40**

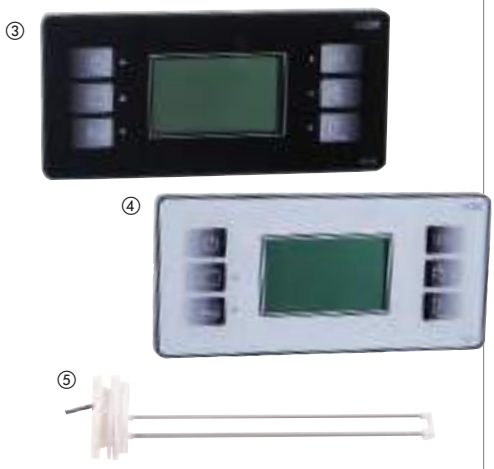
VOTRONIC

For Android 5.0 and higher
From iOS 10
iPhone (from 5)
iPad (from 3. Gene-)

Bluetooth computer S-BC

- **Can be retrofitted at any time thanks to simple plug & play inst.**
- **Compact design and low power consumption**
- **Range up to 50 m**
- **Free app (for Android and iOS)** The VOTRONIC Energy Monitor consists of a special communication module (Bluetooth Connector S-BC) which, in conjunction with a VOTRONIC solar charge controller (from 2013) with LCD Solar Computer S and/or the LCD Battery Computer S or VPC Jupiter with Smart Shunt, also transmits the values shown on the corresponding display to a mobile device via Bluetooth. In this way, all the information from the on-board battery, such as voltage, charging and discharging currents and the remaining capacity, as well as all the data from the solar system can be conveniently read via the cell phone or tablet. In addition, the most important data is logged, graphically processed and stored for a longer period of time. Possible to output data as CSV file for your own analysis purposes.
80144 **167,--**

For example recommended for Volkswagen Transporter 6 / 5 and Mercedes-Benz Vito



Panel systems PC 210 and PC 380

PC 210/PC 380 complete set Digital with LCD screen, clock and temperature display, 12 V main switch with control LED, pump switch with control LED, light switch, temperature display for indoors and outdoors, clock, infinitely variable fresh water indicator in the display with optional electronic probe for tanks with a height of 300/260/200 mm. Flashing full waste water indicator in the display, 230 V control indicator, battery voltage indicator for starter and living area battery. Display for charging process via alternator. Connection box: Pump relay to operate even large pumps without any problems. Battery cut-off relay for recharging the second battery while driving. Relay for switching off the refrigerator when the vehicle is stationary. 9 miniature fuses for light, refrigerator, pump, heating, step, solar.

Accessories supplied: Cable from module to panel, 2 rubber probes for waste water, cable to fresh water tank and waste water tank probes, fuse switch, 2 50 A fuses, indoor and outdoor temperature cable harnesses with sensor. Display dimensions: PC 210: 170x80, PC 380: 190x130 mm.

for tank height 300 mm	**80132**	**48,70**

Control and switch panels incl. switch box. Display of electricity and water. With main switch and switch for water pump and lighting.

Additional tank probe 400 mm
80138 **23,--**

Universal display and switching systems for the 12 V electrical supply

- **Any charger can be connected**
- **Electronic detection of the D+ signal, integrated cut-off relay**
- **Main switch 12 volt with control LED**
- **9 fuse circuits, display for 230 V supply**
- **Pump switch with relay and control LED**
- **Refrigerator switches off automatically when the vehicle is stationary**
- **Display for charging via alternator**
- **Modern design & technology**

① **SYSTEM PC 100** Analogue display panel, fresh water display with 4 LEDs, full waste water display with LED, voltage display for on board and starter battery with 4 LEDs. Accessories included: Tank probe 400 mm for fresh water tank, can be shortened, incl. cable. 2 rubber sensors for grey water tank incl. cable. Connection cable from connection box to panel. Fuse holder with 2 x 50 A fuses, dimensions: W 192 x H 78 mm
80136 **294,--**

② **SYSTEM PC110** Microprocessor controlled digital system with LED display with the following functions: Car battery test, auxiliary battery B1 and B2 status test, drinking water test: content status, waste water tank warning, electronic battery disconnection, refrigerator control: gas/12 V/220 V, protective fuses, control of car battery recharging, protection of auxiliary battery,
dimensions: 170 x 80 mm
80149 **322,--**

③ **SYSTEM PC180** Microprocessor controlled digital system with LED display with the following functions: Car battery test, auxiliary battery B1 and B2 status test, drinking water test: content status, waste water tank warning, electronic battery disconnection, refrigerator control: gas/12 V/220 V, protective fuses, control of car battery recharging, protection of auxiliary battery, twilight sensor, dimensions: 190 x 130 mm

12/24 VOLT PLUGS / SOCKETS

Power plug 20 A

• Loadable up to 20 amps

Up to 20 A / 12-24 V, with 1.2 m cable 2 x 2.5 mm². For connecting coffee machines, kettles, heaters, etc. max. 20 A

81173 **13,20**

Universal plug 8 A

180° angled safety universal plug 8 A with ON/OFF switch. Suitable for cigarette lighter and standard sockets. Cable connection via solder contacts.

810151 **12,95**

Universal plug

Universal safety plug with strain relief and screw contacts up to 2.5 mm². 12-24 V.

8 A **81012** **6,70**

Universal plug

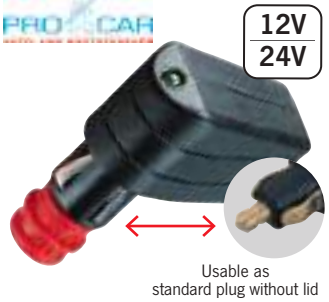
With force-guided strain relief 16 A/12-24 V. With screw contacts up to 2.5 mm² and fold-out support.

16 A **810121** **6,95**

USB adapter

Angled USB adapter 12 Volt to 5 Volt USB. Output voltage 2 x 2.1 A. With power indicator.

81194 **24,50**



Universal right angle plug

with function check. Integrated rider fuse 7.5 A/12-24 V, up to max. 1.5 mm², 7.5 A

81055 **12,95**

Standard plug 12/24 V

max. 8 A with solder contacts, suitable for DIN sockets for connecting additional devices up to 8 A.

81175 **4,40**

Standard plug 15 A

With screw contacts, for connecting all types of 15 A auxiliary devices, 12-24 V, suitable for all standard sockets to DIN EN ISO.

81138 **7,80**

Adapter

Adapter for standard sockets 16 A/ 12/24 V. The adapter enables the operation of devices with universal plugs (Ø 21mm) in small DIN sockets (Ø 12mm).

81174 **12,30**

Power socket

Power socket with screw thread 20 A loadable with cable Ø 2.5 mm² (15 A with cable Ø 1.5 mm²). Inner Ø 21 mm, installation opening 27.8 mm. 12-24 V.

81177 **9,50**

Power socket

Power socket 12-24 V with mounting plate for front installation. 20 A with a cable Ø of 2.5 mm², 15 A with a cable Ø of 1.5 mm². Inner Ø 21 mm, installation opening 27.8 mm. L 60 x W 45 mm.

81140 **10,95**

DIN built-in standard socket

• With hinged lid

16 A with metal housing, installation opening 18 mm, internal Ø 12 mm, flat plug connections 6.3 mm.

81015 **10,40**

connection cable

Universal plug for e.g. TFT devices. 8 A with 2 m cable 2 x 0.75 mm² and hollow appliance plug 2.5 x 5.5 mm.

81189 **13,75**

Connection cable

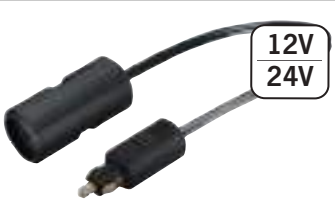
• For DVD, SAT receiver

Universal plug 2 A with 2 m cable 2 x 0,4 mm² and hollow appliance plug 2,1 x 5,5 mm. **81188** **12,90**

Power plug, max. 16A

Clutch (inside Ø 12 mm) and cigarette lighter plug. 12/24 V, max. 16 A, cable 2 x 1.5 mm², flat cable, length 0.25 m.

81142 **12,95**



Adapter

With standard plug and clutch (inside Ø 21 mm), 12/24 V, max. 5 A, cable 2 x 0.75 mm² flat, length 0.25 m.

81192 **11,10**

Universal extension

Cable: 2 x 0.75 mm² flat cable. Length: 4.0 m. With 8 A universal safety plug & universal clutch (inside Ø 21 mm) **83519** **19,95**

Standard extension

Cable: 2 x 0.75 mm² flat cable. Length: 4.0 m. With 8 A universal safety plug & standard coupling.

83520 **16,50**

PRO CAR

12V 24V

Surface-mounted socket with 2 USB ports

2 power sockets 12/24 V (inside Ø 21 mm) and 2 USB connections 12 V DC/5 V DC USB: 2 x 2.5 A. Dimensions: Lx W x H: 85 x 95 x 33 mm. Housing made of robust plastics.

811781 **39,90**

PRO CAR

3 piece mounting box

12/24 V, max. 20 A with cable cross-section 2.5 mm², 16 A with 1.5 mm². Inside Ø of the sockets 21 mm.

81179 **28,95**

PRO CAR

Power socket

Surface-mounted power socket 12/24 V, 20 A, inner Ø 21 mm, flat plug connections 6.3 mm suitable for universal plugs.

81181 **11,10**

PRO CAR

Power clutch

12/24 V max. 20 A, Ø cable 2.5 mm², 16 A at 1.5 mm², with base plate for installing flying leads, inside Ø 21 mm with flat plug connection 6.3 mm.

81141 **12,60**

PRO CAR

Surface-mounted socket

With cover & flat plug connection 6.3 mm, for standard and universal plugs, max. 16 A, 12/24 V, TÜV-tested and monitored, with contacts to DIN ISO 4165. 16 A.

81057 **9,40**

CARBEST

12V 24V

Twin clutch, can be angled

12/24 V, for cigarette lighter socket, can be angled in 2 directions up to 90°. max. 10 A, with fuse and LED power indicator.**81321** **1,80**

CARBEST

12V

Multiple distributor

Each with 2 USB ports. 5 V, Max. 5 A, 2.1 A. 20 cm spiral cable, extendable up to approx. 1 m. With fuse and red LED power indicator.

2-fold distributor **81323** **5,75**

12V 24V

Standard clutch

- **For self installation of extension cables**
- **For 12 or 24 volts**

For building individual extensions, max. 16 A, Ø 12 mm

810171 **6,50**

① Built-in socket

With cover and flat plug connection 6.3 mm, max. 16 A, 12/24 V, TÜV-tested and monitored, in accordance with DIN EN ISO 4165. Installation opening 18 mm. 16 A. **81183** **6,70**

② Waterproof socket

Waterproof DIN installation standard socket outlet with screw cap 12-24 V Installation opening: 18.4 mm. Temperature resistant: -40°C to 105°C. 16 A. **81020** **26,40**

CARBEST

12V 24V

Battery clamps

Cigarette lighter socket 12 / 24 V, with cover cap. Cable length 1.0 m.

81322 **5,40**

CARBEST

12V 24V

Twin clutch

12/24 V, for cigarette lighter socket. 2 gr. Couplings and cover caps, cable length 2 x 1.4 m, max. 5 A, with fuse and operation indicator.

81320 **2,60**

CARBEST

Universal distributor

To be placed in the cupholder. 2 x USB port, 5 V, 500 mA, 2 x universal socket. 20 cm spiral cable, max. 5 A, with fuse. 4-way LED operation indicator

81315 **3,70**

PRO CAR

12V 24V

Usable as standard plug without lid

Twin clutch

Connection for cigarette lighter sockets, two large clutches (inner Ø 21 mm) 12/24 V, max. 2 x 8 A. Integrated, replaceable 16 A fuse. Cable: 2 x 0.75 mm² flat cable. Length: 0.25 m. 16 A.

81193 **18,20**

CARBEST

Mounting plate with 12 V socket and 50 A plug connector

Extra flat installation panel with 12V / 24V power socket and recessed 50A power connector. Incl. 6 receptacles for the following cable cross-sections: 2x 4-6mm², 2x 5-10mm², 2x 8-16mm² Dimensions (L x W x H): 75 x 60 x 6 mm

811214 **18,99**

Combination example

Surface-mounted housing

Surface-mounted housing for mounting sockets or indicators. Individually configurable with all CARBEST power sockets / USB sockets / voltmeters. Hole diameter: Ø 29 mm Dimensions (L x W x H):

1-way	80 x 55 x 50 mm		
		811223	**2,60**
2-way	80 x 100 x 50 mm		
		811224	**4,50**
3-way	80 x 150 x 50 mm		
		811225	**5,90**

Mounting frames

Front panels to mount sockets or indicators. Individually configurable with all CARBEST power sockets / USB sockets / voltmeters, hole diameter: Ø 29 mm. Dims. (L x W x H) mm

1-way	60 x 42,5 x 5,5 mm	**811221**	**1,50**
2-fold	105 x 42,5 x 5,5 mm	**811222**	**1,90**
3-way	150 x 42,5 x 5,5 mm	**811213**	**2,50**
4-way	195 x 42,5 x 5,5 mm	**811226**	**2,90**
4-way (square)	100 x 110 x 8 mm	**811227**	**3,20**

Rocker switch (ON/OFF) with control lighting

With red LED control light, rocker switch for switching on and off with red control light.
Load capacity: 12V - 10A/24V - 6A
Hole diameter: Ø 29 mm

811217 **2,90**

Temperature display with probe

3-digit digital display (illuminated red), temp meter incl. temperature sensor. Reliable indication of the ambient temperature.
Temperature range: -40 to 125°C.
Hole diameter: Ø 29 mm

811220 **13,90**

LED voltmeter

3-digit digital display (illuminated red), voltmeter (6 - 28V) for digital display of the voltage applied in volts. Hole diameter: Ø 29 mm

811218 **14,50**

Dual LED voltmeter for vehicle and on board battery

3-digit digital display (illuminated red), dual LED voltmeter (10 - 60V) for displaying the voltage present in volts, ideal for monitoring the vehicle and auxiliary battery. Hole diameter: Ø 29 mm

811219 **19,90**

Power socket

For operating 12V or 24V devices, universal socket incl. protective cap. Also suitable as charging input.
Load capacity: 12V-20A / 24V-10A. Hole diameter: Ø 29 mm

811210 **4,20**

Dual USB charging socket 1x USB-A / 1x USB-C

USB built-in socket (illuminated blue) incl. protective cap. Input: 12V / 24V, output USB-A: QC 3.0 (3.6V - 12V, max. 32W), output USB-C: QC 4.0 (5V - 20V, max. 60W). Hole diameter: Ø 29 mm

811211 **19,90**

LED voltmeter with integrated USB charging socket

LED voltage display incl. USB charging option, LED voltmeter with integrated USB charging socket (illuminated blue). The display can be switched on or off using an ON/OFF touch switch. Including protective rubber cap with cut out for reading the voltage, input: 12V / 24V, output USB-A: QC 3.0 (3.6V - 12V, max. 18W), hole diameter: Ø 29 mm

811212 **18,50**

PRO CAR

12V 24V

3A

USB power socket with 3 amps

Plenty of power even for power hungry USB users. 12/24V DC to 5 V thanks to integrated Voltage converter, USB: 1x3 amps. Installation dimensions Ø27.8mm. 15cm connection cable. Available with or without hinged lid.

① Without hinged lid **811762** **22,50**

tigerexposed

Converter 100 – USB-C/USB-A charging socket with buck-boost converter

The Convertiger 100 enables the charging of powerful devices and increases the 12V input voltage to up to 20V/5A (100W max.) at the USB-C output. Inverters and power supply units become superfluous, power losses are avoided. With blue backlight display of the charging connection. Automatic switch-off ensures that the light is switched off after 20 sec. for a restful sleep during the charging process. Installation depth: 57 mm. Supplied without cover frame. You will find suitable cover frames on the following pages.

Specifications:
Input voltage: DC 9-30V, output power: 100 W, USB-A QC3.0
USB-A output: 5V/3A; 9V/2.22A; 12V/1.67A (20W Max) (QC3.0 Standard)
USB-C PD3.0 USB-C output: 5V/3A; 9V/3A; 12V/3A; 15/3A; 20V/5A (100W max)

The charging speed depends on the device to be charged and the charging cable used.

Switch and socket series

The switch and socket inserts can be perfectly combined with the matching accessories. From USB sockets, step and awning switches to warning systems, SAT and TV accessories. For other countries, special 230V sockets are available.

Series 10000: The rocker switches and socket outlets, as well as the corresponding frame with rounded edges. Some sockets, dimmers and other built-in elements can also be integrated into the 20000 series frames using an adapter (see right). These installation elements are marked with a ✱ .

20000 series: The rocker switches and frames are rectangular and simple.

Adapter frame from series 10000 to series 20000

For adapting built-in boxes from the 10000 series to the 20000 series. Suitable installation boxes are marked with ✱ .

Berker Business Solutions

Berker Integro series

The Berker Integro switch range is used in many motorhomes and caravans. Berker's innovative products offer convenience, reliability and, above all, safety. That naturally makes for a simple and uncomplicated installation.

The installation program

Berker INTEGRO meets the highest demands: modern design, quick installation, integration of a wide range of controls. In addition, the colors and perfect shape offer a successful blend of functionality and design.

12/24 VOLT POWER DISTRIBUTION

LED failure control indicator

CARBEST

Power distributor with fuse holder and LED failure indicator

- **For up to 6 circuits**
- **LED failure indicator**
- **Integrated negative rail**
- **Transparent plastics cover**
- **Includes pictogram sticker for labeling**

①

②

Compact fuse and distribution box for 6 resp. 12 circuits. A red LED light immediately signals if a fuse is blown. Load capacity per circuit: max. 30A. Total load capacity: max. 100 A. Voltage: max. 32 V. (Supplied without fuses)

① **6 circuits**
Dimensions (LxWxH): 87.8 x 88 x 36.5 mm
810220 **24,95**

② **12 Circuits**
Dimensions (LxWxH): 165 x 85 x 39 mm,
810221 **39,95**

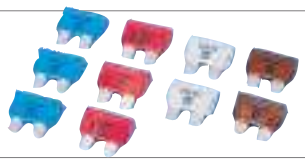
CARBEST

Extra strong fuse module for FKS fuses

Switch and distribution box SVB 13 12 V cut-off relay 30 A, battery monitor D+ simulator, 2 outputs, load fused with 20 A, connection for charger. If the battery voltage of the 2nd battery is >13.7 V, the first battery is also charged. Dimensions: 130 x 130 x 50 mm.
80090 **135,–**



FKS replacement fuses

10-piece. 2 x 3 A; 2 x 7.5 A; 3 x 10 A; 3 x 15 A
81048 **7,60**

NEW

FKS replacement fuses

80-piece. Incl. Pliers tool and storage box. 10x 5A; 10x 7.5A; 20x 10A; 10x 15A; 10x 20A; 10x 25A; 10x 30A.
810230 **7,20**

Fuse holder for FKS fuses

① Simple fuse holder for FKS fuses, with mounting plate, screw, protective cap.
810210 **2,95**

② Fuse holder, single +10 A for FKS fuses, for flying installation.
81090 **3,20**

Module for the Inprojal series

Fuse module with 4 fuses, suitable for our PRESTO switch series. Slate grey
81053 **23,95**

NEW

Fuse holder for FKS fuses 10-30 A

Housing with PVC cover cap. Includes 30 cm cable (4mm²).
Splash-proof.
810215 **2,30**

Consumer protection

ensures that your connected devices are adequately protected. Pay attention to make sure that the power of the fuse is matched to the power consumption.

If the fuse is too high, it will not trip in time in an emergency and would therefore be ineffective. A fuse that is too weak, on the other hand, may hold for one load, but if several loads are connected, it will blow.
Use different, individually fused circuits to install several devices. For example, secure lights and sockets individually. This prevents you from being left in the dark if the socket fuse fails.

The refrigerator, heating, air conditioning and water pump should also be protected by different circuits. However, make sure that not only the fuse rating is sufficient, but also that the cable cross-sections laid are large enough to prevent cable overheating. Observe the manufacturer's instructions.

Special fuses for heavy consumers

① **Back-up fuse holder** is connected directly behind the battery to prevent dangerous cable fires.

VOTRONIC

Ground distributor with cover

- **For large electrical systems with heavy consumers**
- **Lid included**
- **With 12 ground connections**
- **Particularly suitable for vehicles with GRP structure**

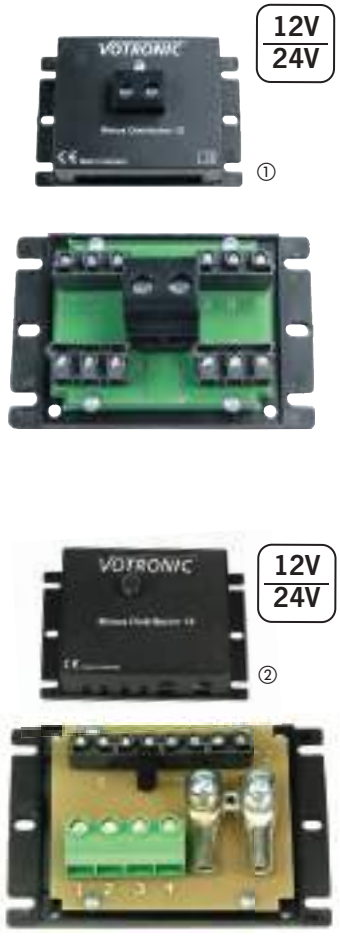
12V 24V

① **Minus distributor 12**

1 x input and 1 x outlet for extension for 16 mm each² , max 50 A. 12 x output up to 4 mm²with max. 20 A each, 12 V / 24 V.
Dims: L 90 x W 60 x H 37 mm.
810391 **29,50**

② **Minus distributor 14**

12-way ground distributor. With solid input for the negative line of the battery via a cable up to 16 mm², loadable up to max. 96 A. An additional output with the same values is available for possible expansion. There are 12 outputs for the consumers. 4 x output up to 6 mm² with max. 32 A each and 8 x output up to 4 mm²with max. 20 A each, 12 V / 24 V.
Dims: L 105 x W 71 x H 36 mm.
810392 **49,95**



Distribution block for large cable diameters

12V 24V

For example used as a battery distributor for EBL 208. Also ideal as plus or ground distributor. 7 separate terminals for 6 mm² cable cross-section, each with 3 outlets in 6.3 mm flat plug. Load capacity per terminal 57 A.
81199 **9,80**

Distribution blocks

Distribution board: ideal aid for large 12 / 24 V electrical distributions, each compartment with 4 connection lugs for 6.3 mm AMP plugs. Plastics.

Adhesive base for cable ties

Plastic base, back with 3M adhesive tape. For cable ties up to a width of 3.5 mm. Color: black. Dimensions: 20x20 mm, 50 pcs.

Cable ties not included. **810800** **4,99**

CARBEST

Cable tie, 200x3.5 mm

For quick attachment of hoses or cables. Plastic, assorted colors. 100 pcs. **810780** **3,90**

GP* = base price per specified unit

230V power supply of the latest generation

① MelfBox

- **230 V power supply for light commercial and leisure vehicles with integrated start prevention**
- **Robust plastics housing with LED status display**
- **Screwless mounting**
- **IP55 protection class**

Installation is screwless and can be carried out completely from the outside. Rated voltage: 230V/50Hz, max. current 16 A. Dimensions LxWxD: 62x67x56 mm, installation diameter: 55 mm. **81447** **182,--**

② **10 m cable for MelfBox** CEE plug/feed plug. Reverse polarity protected due to the ergonomic design. 10 m connection cable (3x 2.5 mm²).
81429 **194,--**

230 V RCD installation kit

the complete set with all small parts for easy installation of the 230 V system in the vehicle. Scope of delivery: 1 surface-mounted socket white, 1 built-in socket light grey w. frame, 1 touch protection socket, 1 built-in socket with RCD, 1 CEE input socket white, 3 m cable 3 x 1.5 mm², 2 m earthing cable grey/green 4mm², 2 eyelets and ferrules.
82000 **182,--**

Surface-mountedcircuit breaker (230 V system)

① **Residual current circuit breaker** with a trigger current of 30 mA and 2 13 A circuit breakers. As soon as a residual current flows in the 230 V system, the power is switched off. Low switching current makes sense for motorhome vacations with children.
Grey surface-mounted housing,
Dims: W85 x H130 x D58 + 15 mm
82055 **83,20**

② **Surface-mounted circuit breaker** , 2 poles, 13 A. Inexpensive alternative without RCD. Current interruption in the event of a short circuit, grey housing
Dims.: W85 x H130 x D58 + 15 mm
82056 **30,60**

Multifunctional external socket outlet

With USB-A and USB-C input, 230 V, 2x antenna/TV,
Dims.: 130x145 mm Cover white (RAL 9010)
820405 **95,95**

Multifunctional ext. socket outlet for 12 V / 230 V

2 x TV-Sat. Magnetic closure to prevent unintentional opening.
Dims.: 130 x 145 mm.

White	**820392**	**63,50**

Awning socket 230 V

Color: White. With lid. **82038** **17,70**

Empty socket (flat version)

With closed back panel and lid with magnetic catch.
Dims.: WxH 130x145 mm, gray **820382** **24,60**

Empty socket (deep version)

Deep version with closed rear panel. Incl. Foam rubber seal. Without lid. Dims.: WxHxD 130x145x45 mm,
Grey **820303** **20,--**

230 V RCD

Automatic circuit breaker with RCD (13 A) for retrofitting or converting your electrical system. Without housing.
82054 **86,90**

Built-in circuit breaker (230 V system)

Built-in housing with RCD The 2-pole circuit breaker (13 A) protects against overloads, short circuits and electrical accidents. Grid disconnection occurs at a residual current of 30 mA. TÜV/GS tested. Housing: Aluminum front panel, grey, features: indicator light for operational readiness, clamping rail for protective conductor and potential equalization with tension relief. Dimensions: W x H x D 130 x 140 x 60 mm. Installation opening L 106 x W 115 mm.
82050 **134,--**

RCD is personal protection! If there is faulty wiring or insulation damage in the vehicle, the full mains voltage of 230 V may be applied to the body. Touching the vehicle body will then lead to dangerous electric shocks. The RCD disconnects the grid connection as soon as a minimal residual current flows.

CEE INPUT SOCKETS / ACCESSORIES

CEE feed sockets

- **Elegant, sturdy housing**
- **Magnetic lock to prevent unintentional opening**
- **Available in 4 colors**

CEE feed socket with magnetic catch. So that the lid stays closed and does not rattle even when driving in strong winds. 120 x 135 mm, installation pot round Ø 95 mm with hinged lid.

Schuko distributor with 1,5m cable

Extension distributor Schuko/Schuko plug to double Schuko socket. With 1,5 m cable and 2 lids. H07 RN-F 3 x 2,5 mm².

82006 **5,60**

Cable with 3 x 1,5 mm² is not approved for camping in Germany!

12 VOLT SMD / COB LED BULB

CARBEST

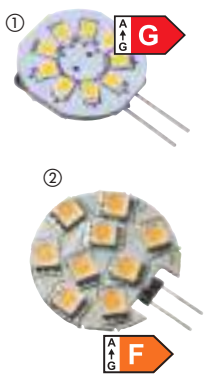
12V SMD LED technology

- **SMD LED's for very bright warm white light (min. 3.000 K)**
- **Up to 90% electricity savings compared to incandescent lamps)**
- **Up to 5 times the service life of incandescent lamps (25.000 hours)**
- **Insensitive to voltage peaks (10 - 30 volts)**
- **Intended for use in motorhomes with fluctuating 12V voltage**

LED flat circuit board with side pins

① 9 x SMD, 1,5 watt, 120 lumen, angle 120°, Ø 25 x 8 mm, base G4, 3.000K, dimmable **830326** **5,90**

② 9 x SMD, 1,5 watt, 150 lumen, angle 120°, Ø 27 x 8 mm, base G4, 3.000K, dimmable **830327** **7,90**



Pin-base LED's

① 4 x SMD, 1,5 Watt, 60 lumen, angle 120°, base G4, Ø 11,2 x H 23,5 mm, not dimmable. Warm white 3.000K.
830320 **5,95**

③ 15 x SMD, 1 watt, 82 lumen, angle 360°, Ø 12 x H 22 mm, G4 base, dimmable. Warm white 3.000K.
830322 **5,90**

Cold light mirror, not dimmable

① **MR 11** - 9 x SMD, 1,5 watts, 120 lumens, aluminum, angle 120°, Ø 34,5 x H 39 mm, GU4 base.
830336 **8,90**

12V COB LED technology of the latest generation

- **Very high light yield per square centimeter**
- **Fewer components per LED chip**
- **Reduced heat generation**
- **Minimal loss of light, increased scattering angle**
- **Very bright warm white light (approx. 3.000 K)**
- **No more lens-like stems required**

G4 COB bulb

1 x COB LED, 12 V, 1,5 W, 100 lumen, G4 base, COB bulb in silicone sheath, 3.000 K, non-dimmable, IP20, angle 220°, dimensions: Ø 10 x 22 mm.
830329 **7,90**

G4 COB bulb

1 x COB LED, 12 V, 2 watts, 200 lumen, G4 base, COB bulb in silicone sheath, 3.000 K, non-dimmable, IP20, angle 360°, Ø 10 x 30 mm.
830331 **9,90**

G4 COB bulb

5 x COB LED, 12 V, 5 W, G4 base, COB bulb, aluminum, 3.000 K, 400 lumen, non-dimmable, IP20, angle 120°, dimensions: W 15,3 x H 33 mm.
830332 **6,50**

Intended use of all lights and lamps in this catalog: Exclusively for 12 V battery operation and use in recreational vehicles.

Cabiate Cabin light - LED cabin line lamp for Fiat Ducato, Peugeot Boxer and Citroën Jumper

- **Specially developed for mounting on the original B-pillar in the Fiat Ducato and similar vehicles**
- **Two independently controllable lamps**
- **Touch operation and dimmer function**

The Cabiate line lamp was specially developed for installation in the cabin of Fiat Ducato, Peugeot Boxer and Citroën Jumper (YOC 2006-2023). Thanks to its vehicle-specific, slightly curved shape, it can be attached precisely to the B-pillar of the cabin. (Installation only possible in motorhomes and vans whose B-pillar is not cut out). The two independently switched lamps are operated via touch switch. The warm white light and dimmer function create a cozy atmosphere in the vehicle. 6 Assembly screws are included in the scope of delivery.

Technical specifications:

Tension:	9-15V DC	
Power consumption:	7,9 W	
Length of connection cable:	approx. 1.000 mm	
Lumen:	580	
Light color:	Warm white, 3.000K ±300K	
Dimensions (LxWxH):	1197x60x8,2 mm	
Weight:	440g	
Material:	Aluminum, plastic	
Color silver	**83631**	**94,90**
Color black	**83632**	**94,90**

Touch operation with dimmer function

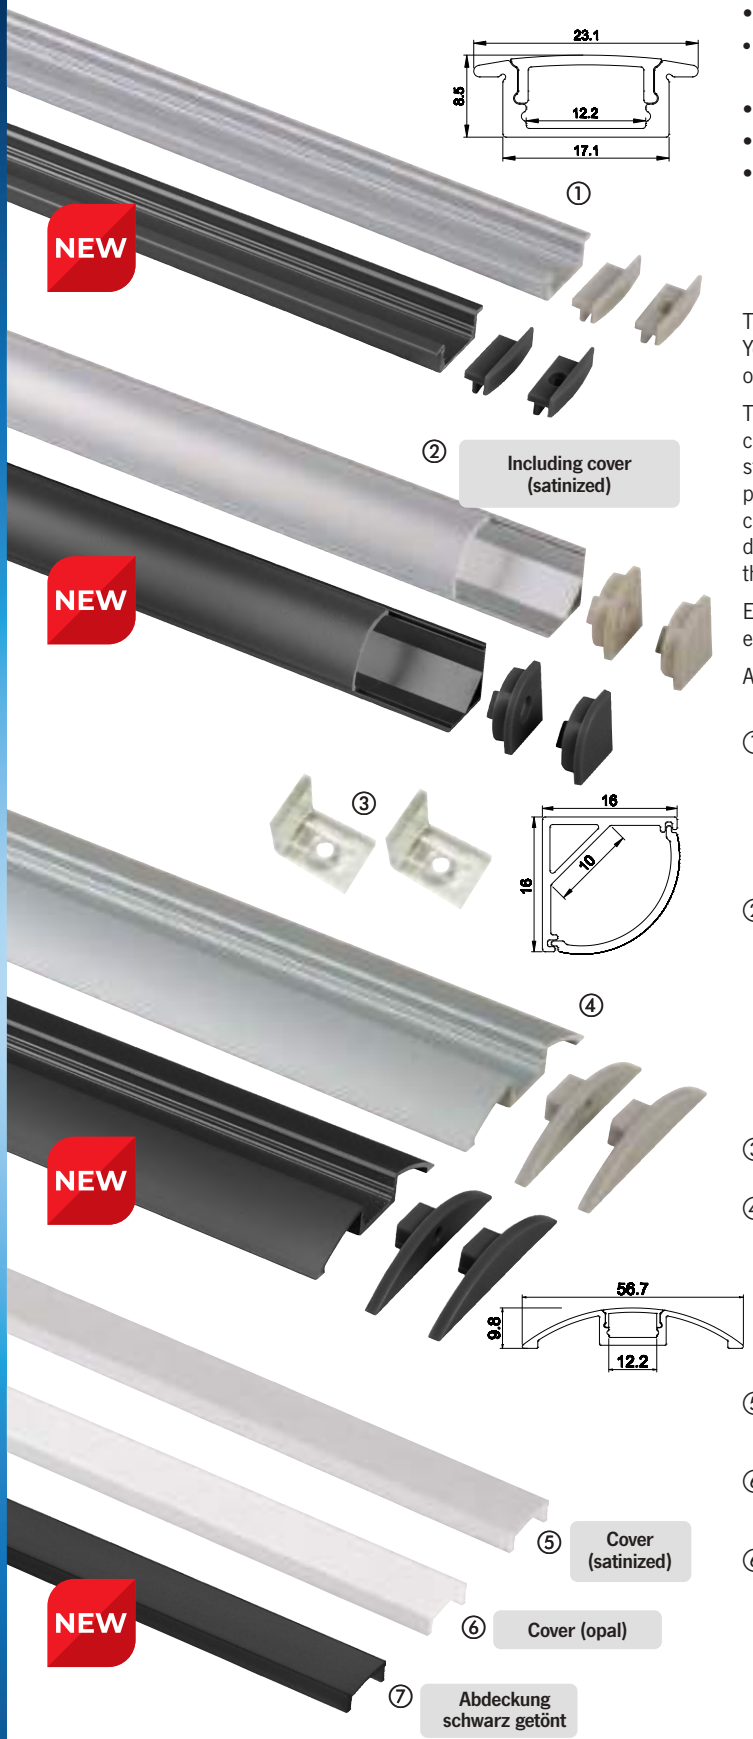
ALUMINUM PROFILES FOR LED FLEX STRIPS

CARBEST



- **Individual lamp construction for atmospheric lighting**
- **Profile length: 1,5 m, suitable for LED flex strips with a maximum width of 10 mm**
- **All aluminum profiles incl. 2 end caps**
- **Suitable for the Carbest LED flex strips**
- **Perfect combination with furniture panels and furniture parts**

The aluminum profiles are a professional solution for laying LED strips. You can easily create your own lighting with the profiles and LED strips on the right.

The profiles are also ideal for use in furniture construction, e.g. to conceal the transition between different wooden panels or to provide stylish lighting. This creates effective lighting accents that can be perfectly integrated into the furniture. This specifically illuminates corners and areas under cabinets and shelves. When it comes to light diffusion, you can choose between the semi-transparent satin cover or the opal version with a white appearance.

Each set comes with 2 end caps, which you can extend with additional end caps. Suitable for LED strips with a maximum width of 10 mm.

All aluminum profiles are supplied WITHOUT LED flex strips.

① **Flat aluminum profile including 2 end caps** For surface-mounting or recessing in a groove. Length: 1,5 m, without cover.

For you at www.reimo.com

- put together new campervans with the configurator
- New and used campers with many vehicle details
- inexpensive vehicles available for immediate delivery
- View list of immediately available campers online
- Find a rental partner in your region www.wohnmobile-mieten.com

Reimo accessories online store

- open 7 days, 24 hours
- Over 12.000 items in stock
- Camper van, motorhome and caravan accessories
- Equipment for family camping
- Materials for self-construction, all-wheel drive campers and boats

Reimo online store

- Materials for camper van / motorhome conversions
- Beds and bed systems, seats and seat benches
- Lifting roofs, pop-up roofs, high roofs
- High-quality technical components

Reimo spare parts online store

- For a long service life of camper vans, motorhomes and caravans
- Many spare parts available in stock
- Over 20.000 spare parts in total, constantly growing
- Search by brand, category, manufacturer number, Reimo number or search term

The Reimo service

- Order by 14.00 - dispatch of goods in stock usually on the same day
- Order after 14.00 - dispatch of goods in stock directly the next day
- Express shipping also to your vacation destination
- Order service for exotic parts

Further advantages of the Reimo website

- Find workshops for installation (via the Dealer Search)
- Contact for repairs on vacation - worldwide
- Construction guide with many tips and tricks for your self-construction
- Downloads of operating instructions, manufacturer information, care instructions and much more
- The Reimo blog: Tips from leading experts in our industry

ADDITIONAL LIVING / UTILITY SPACE

REIMO TENT TECHNOLOGY

269,–

VAN UPGRADE PREMIUM

REAR TENT (FOR TAILGATE)

Suitable for: Ford Transit Custom / Tourneo Custom (>2023)
Volkswagen New Transporter (>2025)

- **Ka linkage**
- **Mosquito net in front & side walls**
- **Skylight for skylight**
- **Top ventilation**
- **Esewn-in floor pan up to the to the bumper**
- **Quickand easy assembly**
- **Door with window - can be set up as an awning**
- **Additional usable space, e.g. as a changing room, shower tent, etc.**

The rear tent is simply pulled over the tailgate and attached to the vehicle with clips or pegs on the ground.

The additional space created can be used flexibly, e.g. for bicycles, a dog bed or camp bed, as a changing room or shower cubicle, etc.

Thanks to the mosquito net in all doors and the sewn-in floor pan up to the bumper, you are protected from mosquitoes and other insects.

Dimensions: approx. W 145/220 x L 155/230 x H 193-205 cm

Pack size: approx. 95 cm x 20 cm x 22 cm

Scope of delivery: Rear tent, guy ropes, pegs, 2 pitching poles, stuff sack.

Reimo Privacy Notice

Due to German as well as European data protection law, we point out that we collect and process the data required for the business transaction such as name, address, telephone number, e-mail address, type and value of the ordered items, type of order or payment and returns information.
The contact details you provide and personal data will be used for the purpose of the management of a customer account is stored.

If necessary for the order processing, this data is transferred to our service providers.
In compliance with the statutory provisions and your interests worthy of protection, we may also pass on your data for credit assessment to specialized Service providers. Also for own marketing purposes your data will be used by us.

I declare my consent that company REIMO Reisemobil-Center GmbH processes and uses my data for its own marketing purposes (e.g. sending information, e-mails or electronic newsletters). I can revoke this consent at any time with effect for the future. Please write in this regard to:
REIMO GmbH, - Data protection - Boschring 10, 63329 Egelsbach or send an e-mail to: datenschutz@reimo.com

Transmission of the data to Transportation company:
For the transport of the articles ordered by them we cooperate with different transport companies. For the shipment of the Goods are therefore transferred the following data:
Name, address, e-mail address, phone number.

Transmission of data on outstanding receivables to collection service providers:
If our claims are not paid despite several reminders, the company REIMO GmbH can take the necessary steps for a collection procedure of data to a debt collection service provider.
Here we work together with:
Atradius, Theodor-Heuss-Allee 108, D-60586 Frankfurt.

Duration of storage of personal data:
Personal data will be stored by us if there is a legitimate interest on the part of the company REIMO GmbH, which opposes their interest in not storing or due to legal requirements a storage is necessary (tax or commercial law).

Your rights:
You can request information about the personal data processed by us and also have the right to have this stored data deleted, unless a legal exception to the right to erasure exists.
If we have stored incorrect or incomplete data, you have a right to have this data completed or corrected. Likewise, you have the right to revoke an already granted consent to the processing of data for the future.
(However, this does not have the effect that the figures stated in the data processing consent given in the past becomes invalid).

As of 25.5.2018 we will send you or a representative named by you upon request the data that you have provided to us and that we have processed for the purpose of fulfilling an order.
We will regularly adapt the above data protection provisions in accordance with future changes regarding the collection and processing of personal data.

The responsible entity for the processing of your personal data is the company:
REIMO GmbH, - Data protection -,
Boschring 10, 63329 Egelsbach
or by e-mail to: datenschutz@reimo.com

(Last updated: 18.12.2023)

THINKING ABOUT TOMORROW TODAY.

As an owner-managed family business the future of our earth as a resource is particularly close to our hearts.

Because just as you like to enjoy your well-earned leisure time in nature, REIMO wants to make its contribution to a world in which our descendants also want to live.

We are therefore delighted that our 1,000-page flagship is being produced with a climate protection contribution for the first time in the company's history. And to ensure that the offsetting contribution is not administrative route from Germany (where the catalog is (where the catalog is printed) to a distant country, we have decided to invest the entire compensation amount in a regional reforestation project in Germany's least forested state, Schleswig-Holstein, Germany's least forested state. In concrete terms, this amounts to approx. 2 tons of CO_2 per 1t of catalog. In the northern German lowlands, this will create a climate-positive mixed deciduous forest consisting mainly of common oak, copper beech, sycamore maple and European white elm, which will be introduced in accordance with the specifications of the Chamber of Agriculture are introduced.

In this way, every catalog produced ensures a balance, for the benefit of future generations. And over 11,000 times: that's how many new green shade trees are planted in this project.

EVERS ReForest
Mehr Bäume. Weniger CO_2.

2025: 11.000 new trees

For you at www.reimo.com

- Putting together new campervans with the configurator
- New and used campers with many vehicle details
- Inexpensive vehicles avail. for immediate deliv.
- View list of campers available immediately online
- Find the rental partner in your region www.wohnmobile-mieten.com

Reimo accessories online store

- Open 7 days, 24 hours
- Over 12,000 items in stock
- Camper van, motorhome and caravan accessories
- Equipment for family camping
- Materials for self-construction, all-wheel drive campers and boats

Reimo online store

- Materials for camper van / motorhome conversions
- Beds and bed systems, seats and sofa beds
- Lifting roofs, pop-up roofs, high roofs
- High-quality technical components

Reimo spare parts online store

- For a long service life of camper vans, Motorhomes and caravans
- Many spare parts available from stock
- Over 20,000 spare parts in total, constantly growing
- Search by brand, category, manufacturer number, Reimo number or search term

The Reimo service

- Order by 14.00 - dispatch of goods in stock usually on the same day
- Order after 14.00 - dispatch of goods in stock directly the next day
- Express shipping also to vacation destination
- Order service for exotic parts

Further advantages of the Reimo website

- Find workshops for installation (via dealer search)
- Contact for repairs on vacation - Worldwide
- Extension guide with many tips and tricks for your self-extension
- Downloads of operating instructions, manufacturer information, Care instructions and much more
- The Reimo blog: Tips from leading experts in our industry

REIMO VAN-CONCEPT

Multifunctional Camping Boxes

- Multifunctional rear kitchen modules with clever storage systems
- Turns your everyday vehicle into a camper van
- Suitable for Volkswagen Caddy, Volkswagen Transporter 6/5, Transporter, Multivan or California Beach
- Installation in rear of the vehicle without modifications to vehicle
- All CampingBoxes with high-quality HPL surface

CampingBox M

suitable for the following vehicles:

- **Volkswagen ID.Buzz NWB**
- **VW Caddy** (2003-2019)**/Caddy Maxi** (2008-2019)
- **VW Caddy Maxi 5** (from YOC. 2020)
- **Citroën Berlingo Multispace** (2008-2018)**/ Spacetourer/Jumpy** (from YOC. 2016)
- **Peugeot Partner Tepee** (2008-2020)**/ Traveller/Expert** (from YOC. 2016)
- **Renault Kangoo II kR** (from YOC. 2008)
- **Mercedes Benz Citan Kombi kR** (from YOC. 2016)
- **Toyota Proace Verso/ Proace** (from YOC. 2016)
- **Nissan NV 200/NV 200 E/Evalia** (from YOC. 2009)
- **Opel Vivaro C/Zafira Life** (from fall 2019)
- **Ford Connect IR** (from YOC. 2023)

Scope of delivery:

- Left kitchen pullout equipped w/ a folding sink & a 10-liter fresh water canister w/ outlet tap
- Right-hand pull-out for optional 15-liter compressor cool box. This is removable & is powered by 12 V on-board network
- 2x removable storage boxes w/ lids 1x size M (18 l), 40x34x17 cm 1x size Cube (27 l), 40x34x25 cm

Cookware also has its place in kitchen pullout. This is removable and can be placed outside the vehicle on an optional aluminum folding stand.

CampingBox M, **13252** **1529,–**

Optional bed module for CampingBox M
incl. upholstery, installation material & installation instructions, sleeping area app. 195 x 120 cm
13253 **1199,–**

CampingBox L

suitable for the following vehicles:

- **Volkswagen Transporter 6.1 / 6 / 5 estate or Caravelle, short/long wheelbase**
- **Mercedes-Benz Vito long and extra long (without plastic cladding)**
- **Fiat Talento/Nissan NV 300/Renault Trafic/ Opel Vivaro B, short/long wheelbase (without plastic cladding)**

Scope of delivery:

- Left kitchen pull-out is equipped with folding sink, two 10-liter fresh water canisters with outlet tap and 2 drawers
- Right pull-out for optional cool box, (16-liter compressor cool box possible, powered by 12 V on-board power supply)

CampingBox L-CM **13254** **1999,–**

Optional accessories:
Comfort cushion **13254P** **379,–**

Overview of the current text versions of the hazard statements (H-phrases) and supplemental hazard statements and labeling elements (EUH-phrases) of Regulation (EC) No. 1272/2008 (CLP Regulation).

H200 SERIES
PHYSICAL HAZARDS

H200 Unstable, explosive.
H201 Explosive, danger of mass explosion.
H202 Explosive; great danger from splinters, Blasting and throwing pieces.
H203 Explosive; danger from fire, air pressure or splinters, blasting and throwing pieces.
H204 Danger from fire or splinters, Blasting and throwing pieces.
H205 Risk of mass explosion in case of fire.
H220 Extremely flammable gas.
H221 Flammable gas.
H222 Extremely flammable aerosol.
H223 Flammable aerosol.
H224 Liquid and vapor extremely flammable.
H225 Highly flammable liquid and vapor.
H226 Flammable liquid and vapor.
H228 Flammable solid.
H229 Container is under pressure: can burst when heated.
H240 Heating may cause an explosion.
H241 Heating can cause fire or explosion

H242 Heating can cause fire.
H250 Ignites on contact with air by itself.
H251 Self-heating; can catch fire.

H252 In large quantities self-heating; can catch fire

H260 In contact with water flammable gases occur that can spontaneously ignite.
H261 In contact with water flammable gases emerge.
H270 May cause or intensify fire; Oxidizing agent.
H271 May cause fire or explosion; strong oxidizing agent.
H272 Can reinforce fire; Oxidizing agent.
H280 Contains pressurized gas; can be heated up to explode.
H281 Contains refrigerated gas; can create Cold burns or injuries

H290 May be corrosive to metals.

An overview of all hazard warnings, H-phrases and labelling elements can be found on the website of the Federal Institute for Occupational Safety and Health www.baua.de

H300 SERIES
HEALTH HAZARDS

H300 Danger to life if swallowed.
H301 Toxic if swallowed.
H302 Harmful if swallowed.
H304 Can be fatal if swallowed or ingested into the respiratory tract.
H310 Danger to life in case of skin contact.
H311 Toxic in contact with skin.
H312 Harmful in contact with skin.
H314 Causes severe burns to the Skin and serious eye damage.
H315 Causes skin irritation.
H317 May cause allergic skin reactions.
H318 Causes serious eye damage.
H319 Causes severe eye irritation.
H330 Danger to life if inhaled.
H331 Toxic by inhalation.
H332 Harmful by inhalation.
H334 May cause allergy if inhaled, asthma-like symptoms or breathing difficulties.
H335 May irritate the respiratory tract.
H336 May cause drowsiness and dizziness.
H340 Can cause genetic defects (Specify exposure route if conclusive evidence that this danger does not exist for any other exposure route).
H341 Can probably cause genetic defects (specify exposure route, provided that there is conclusive evidence that these Danger with no other route of exposure exists).
H350 May cause cancer (indicate route of exposure if conclusive evidence is provided, that this danger does not exist with any other Exposure route).
H350i May cause cancer if inhaled.
H351 Can probably cause cancer (Indicate exposure route, if conclusive it has been proven that this risk does not exist for any other exposure route).
H360 May impair fertility or harm the child in the womb (specify specific effect, if known) (Specify exposure route if conclusive evidence that the risk does not exist for any other exposure route).
H360F May impair fertility.
H360D May cause harm to the unborn child.
H360FD May damage fertility. May cause harm to the unborn child.
H360Fd May damage fertility. May probably harm the child in the womb.
H360Df May cause harm to the unborn child. May probably affect fertility.
H361 May presumably impair fertility or harm the child in the womb. (specify specific effect, if known) (exposure route if conclusive evidence is provided, that the risk of no other exposure path exists).
H361f May probably affect fertility.
H361d May probably harm the child in the womb.
H361fd May probably affect fertility. May probably harm the child in the womb.
H362 May cause harm to infants through breast milk.
H370 Damages the organs (or all affected organs organs if known) (Specify exposure route if conclusive evidence that this danger does not exist for any other exposure route).
H371 Can damage the organs (or all affected organs, if known) (Indicate route of exposure, if conclusively proven that this danger does not exist with any other Exposure route).
H372 Damages the organs (mention all affected organs) with prolonged or repeated exposure (Specify exposure route if conclusively proven that this danger does not exist with any other Exposure route).
H373 May cause damage to organs (name all affected organs if known) with prolonged or repeated exposure (Specify exposure route if conclusive evidence that this danger does not exist for any other exposure route).

H400 SERIES
ENVIRONMENTAL HAZARDS

H400 Very toxic to aquatic organisms.
H410 Very toxic to aquatic organisms with long-term effect.
H411 Toxic to aquatic organisms, with long-term Effect.
H412 Harmful to aquatic organisms, with long-term effect.
H413 May be harmful to aquatic organisms with long-term effects.

PHYSICAL PROPERTIES

EUH001 Explosive when dry.
EUH014 Reacts violently with water.
EUH018 May cause explosive / explosive atmospheres when used.
EUH019 May form explosive peroxides.
EUH044 Explosion hazard when heated under confinement.

HAZARDOUS PROPERTIES

EUH029	Develops on contact with water toxic gases.
EUH031	Develops on contact with acid toxic gases.
EUH032	Develops very strong acids on contact with toxic gases.
EUH066	Repeated contact can lead to brittle or cracked skin.
EUH070	Toxic in contact with eyes.
EUH071	Has a corrosive effect on the respiratory tract.

SUPPLEMENTARY MARKING ELEMENTS

EUH201	Contains lead. Not for painting of objects that could be chewed or sucked by children.
EUH201A	Attention! Contains lead.
EUH202	Cyanoacrylate. Danger. Sticks together Skin and eyelids within seconds. Must not get into the hands of children.
EUH203	Contains chromium (VI). May cause allergic reactions.
EUH204	Contains isocyanates. May cause allergic reactions.
EUH205	Contains epoxy-containing compounds. May cause allergic reactions.
EUH206	Attention! Do not use together with other Products, since dangerous Gases (chlorine) can be released.
EUH207	Attention! Contains cadmium. Toxic vapors are generated during use. Take notes from the manufacturer. Observe safety instructions.
EUH208	Contains <name of the sensitizing agent Substance>. May cause allergic reactions.
EUH209	May become highly flammable in use.
EUH209A	May become flammable during use.
EUH210	Safety data sheet available on request.
EUH211	Attention! When spraying dangerous respirable droplets can arise. Do not inhale aerosol or mist.
EUH212	Attention! During use hazardous respirable dust can arise. Do not inhale dust.
EUH401	To avoid risks for people and the environment stick to the instructions for use.

BATTERIES MUST BE DISPOSED OF PROPERLY!

The German Battery Act (BattG) regulates the placing on the market, taking back and environmentally friendly disposal of batteries and accumulators.
Consumers must note the following:

- Batteries/rechargeable batteries may not be disposed of with residual waste, so consumers are legally obliged to return used batteries/rechargeable batteries.

Improper disposal can damage the environment and human health. Important raw materials such as iron, zinc, manganese, cobalt and nickel,
Graphite, copper, aluminum, lithium are used in batteries/ rechargeable batteries and are recovered through proper disposal.

- Used batteries/rechargeable batteries must be handed in at recycling centers or collection points of the GRS (Stiftung Gemeinsames Rücknahmesystem Batterien).
- According to the BattG, all types of batteries/rechargeable batteries are affected, regardless of shape, size, mass, material composition or use.

The law therefore also applies to installed and enclosed batteries.

ADDITIONAL HAZARD FEATURES / LABELING ELEMENTS

Observe the application instructions and the safety data sheet for products that are labeled with hazardous substances. Notes on signal words:
Danger: Signal word for the serious danger categories
Caution: Signal word for the less severe hazard categories

WARRANTY CONDITIONS

We provide a manufacturer's warranty for all products offered under the following Reimo brands:
"CARBEST" / "REIMO TENT" / "MC CAMPING" / "CAMP4" / "HOLIDAY TRAVEL"

Reimo Reisemobil-Center GmbH, Boschring 10, D-63329 Egelsbach (hereinafter referred to as "Reimo" or "we"), provides a three-year warranty on the products sold under its own "CARBEST", "REIMO TENT", "CAMP4", "MC CAMPING" and "HOLIDAY TRAVEL" brands in addition to the statutory rights related to defects.

By way of derogation from the above, Reimo provides a seven-year warranty on LiFePO4 lithium batteries sold under its own "CARBEST" brand and a five-year warranty on those sold under its own "MC CAMPING" brand.
In addition, Reimo provides a 25-year warranty on rigid solar panels with aluminium frames sold under the "CARBEST" brand and a 20-year warranty on those sold under the "MC CAMPING" brand.

The warranty period will start to run on the relevant invoice date. The geographical scope of our warranty extends to the territory of the Federal Republic of Germany.

If any material defects or manufacturing defects are found in your purchased products during the warranty period, we will provide you with one of the following services at our discretion as part of the warranty:

- **We will repair the goods free of charge; or**
- **We will exchange the goods for an equivalent product free of charge.**

Reimo will acquire ownership of any original parts that are replaced within the scope of the above warranty services.
You will acquire ownership of the new parts or replacement parts.

Any repairs or replacements provided under the warranty will not entitle you to extend or restart the relevant warranty period.

If you wish to make a warranty claim, please contact the dealer from whom you purchased the product in question or Reimo directly as the warrantor:

Reimo Reisemobil-Center GmbH
Boschring 10
D-63329 Egelsbach
Tel.: +49 6150 8662-310

The warranty will not apply if any defects other than material defects or manufacturing defects are found.
Furthermore, warranty claims will be rejected if any damage is caused by:

- **normal wear and tear;**
- **improper and non-intended use of the product;**
- **improper operation, installation, assembly, commissioning or operation contrary to the relevant instructions for use and/or installation, especially if instructions for maintenance and care or warnings are not observed;**
- **failure to observe any safety precautions;**
- **use of force (e.g. beating);**
- **self-repairs;**
- **use of any non-original parts or any parts not approved by the manufacturer;**
- **environmental factors (e.g. heat, humidity);**
- **circumstances for which the manufacturer is not responsible (e.g. natural disasters, accidents); or**
- **improper transportation.**

In order to make a warranty claim, you must allow us to examine the case in question (e.g. by sending us the goods).
Please use secure packaging to ensure that the goods are not damaged during transport.

In order to make a warranty claim, you must enclose a copy of the invoice with the shipment of the goods. This will enable us to check whether the warranty conditions are met. If you do not enclose a copy of the invoice, we may refuse to provide services under the warranty.

If your warranty claim is legitimate, you will not incur any shipping costs (i.e. we will reimburse you for any shipping costs incurred to send us the goods. Includes shipping within the Federal Republic of Germany only).

Please note:
This manufacturer's warranty provided by Reimo will not restrict any statutory warranty rights that you may be able to assert against Reimo / a dealer in the event of defects;
you may exercise the relevant rights free of charge.

This manufacturer's warranty shall have no bearing on any statutory warranty rights that you may hold against Reimo. On the contrary, this manufacturer's warranty serves to consolidate your legal position.

If any of your purchased items are defective, you may always assert your statutory warranty rights against Reimo, regardless of whether the defects are covered by the warranty or whether a claim is asserted under the warranty.

(Last updated: March 2024 / Rev.1.5_03.2024)

TERMS AND CONDITIONS

Part I: General Provisions

1. Scope

1.1 The deliveries and services of Reimo Reisemobil-Center GmbH are subject to the following terms and conditions. Our terms and conditions apply exclusively. Any deviating, conflicting or supplementary terms and conditions of the customer shall not apply, unless we explicitly approve their validity. This applies even if we unreservedly provide the customer with a delivery or service despite being aware of the customer's terms and conditions.

1.2 Unless explicitly specified otherwise in the following clauses, our terms and conditions apply both to "traders", as defined in Section 14 of the German Civil Code (BGB), and to legal persons incorporated under public law or investment funds incorporated under public law, as well as to "consumers", as defined in Section 13 BGB. A "consumer" means any natural person who enters into a legal transaction for purposes that predominantly are outside the consumer's trade, business or profession. A "trader" means a natural or legal person or a partnership with legal personality who or which acts in exercise of their trade, business or profession when entering into a legal transaction.

2. Conclusion of Contract

2.1 Our offers shall be subject to change. If the customer makes an offer to enter into a contract by placing an order, the relevant contract shall only be established when we accept the offer.

2.2 If an order is placed via our website (www.reimo.com), the following provisions shall apply to the conclusion of the contract in addition to those specified in Section 2.1 above:

The presentation of items on our website shall not constitute a binding offer to enter into a purchase contract. The customer may select goods on our website and place them in the virtual shopping cart by clicking on the shopping cart symbol. By clicking the "Buy now" button to submit an order via our website, the customer shall make a legally binding offer to purchase the goods in the shopping cart. The customer may view and change the relevant data at any time before submitting the order.

The customer shall receive an automated email from us to confirm receipt of the order. The automatic confirmation of receipt shall merely document the fact that we have received the customer's order; it shall not mean that we accept the customer's offer to enter into a contract. The contract shall only be concluded when we submit a declaration of acceptance, which shall be sent as an order confirmation in a separate email. Any contracts facilitated via our website shall be concluded in German.

2.3 If the items ordered by the customer cannot be delivered (e.g. because they are not in stock), we shall not issue a declaration of acceptance. In such cases, a contract shall not be concluded. We shall immediately inform the customer and reimburse any consideration we have already received.

2.4 All agreements made between us and the customer when entering into the contract shall be fully documented in writing in the contract, including these terms and conditions. Our employees shall not be authorised to make any verbal agreements that depart from the contract or supplement its provisions.

2.5 We reserve the right to make insignificant changes to components, the design, the colour or other details as part of technical developments, provided such changes are reasonable for the customer, taking into account the interests of both parties. In particular, any such changes must not lead to a reduction in value or an impairment of use.

2.6 Due to the use of natural raw materials, all weight specifications shall be within the usual tolerances of +/- 5%.

3. Prices and Terms of Payment

3.1 Prices and terms of payment for contracts with consumers

3.1.1 The prices indicated for consumers on our website or in brick-and-mortar shops and any other prices offered to consumers shall be gross prices quoted in EUROS ex works plus any additional shipping costs that may be indicated. If an order is placed via our website, the respective shipping costs shall be specified on our website.

3.1.2 If a consumer places an order via our website, we shall offer the following payment methods: PayPal, credit card (MasterCard or Visa) or *Sofortüberweisung*. If we enter into a contract with a consumer in a brick-and-mortar shop, the purchase price must be paid in cash or by EC card upon delivery.

3.2 Prices and terms of payment for contracts with traders

3.2.1 If we make a trader an offer, the prices offered shall be net prices quoted in EUROS ex works, unless stated otherwise. If applicable, the statutory rate of value added tax shall be shown separately on our invoice in the amount applicable at the time the contract is concluded.

3.2.2 The following terms of payment apply to contracts with traders: Our invoices shall be payable without deductions within 30 days of receipt. If payment is received within 8 days of invoicing, we shall grant a 2% discount for early payment. We shall grant a 3% discount for cash payments, advance payments and successful payment collection based on a SEPA direct debit mandate.

3.3 General terms of payment for consumers and traders Regardless of whether the customer is a consumer or a trader, the following terms of payment shall also apply:

3.3.1 If the customer defaults on payment, we shall be entitled to charge default interest at the applicable statutory rate. We also reserve the right to assert further claims due to the delay.

3.3.2 The customer shall only be entitled to offset our claims against their own counterclaims – or to assert a right of retention – if their counterclaims are legally established, undisputed or recognised by us. However, this restriction does not apply to any counterclaims held by the customer due to defects or the partial non-fulfilment of the contract, provided the claims are based on the same contractual relationship as our claims. The right to offset any claims arising from the exercise of the consumer's right of withdrawal, as described in Section 13 below, also remains unaffected.

3.3.3 If the terms of payment are not met or if it becomes apparent that our claim to the purchase price is jeopardised by the customer's solvency after entering into the contract, we shall be entitled to refuse performance in accordance with the statutory provisions and, if the customer neither pays the purchase price nor provides security within a reasonable period set by us, we shall be entitled to withdraw from the contract (Section 321 BGB). If the goods have already been delivered or the service has been provided, payment shall be due immediately in the above cases. We shall also be entitled to reclaim the goods in the above cases and to retain them until the purchase price has been paid in full.

3.3.4 In the case of contracts for the delivery of complete vehicles, the following also applies: If a delivery date is agreed more than four months after the conclusion of the contract, and if our suppliers increase their prices during this period after the conclusion of the contract for reasons not attributable to us, we shall be entitled to pass on these increased costs to the customer and to adjust our price accordingly. We shall immediately inform the customer.

4. Delivery and Service Deadlines

4.1 The delivery times specified by us shall be calculated from the time of our order confirmation. We shall only adhere to our delivery and service deadlines if the customer properly fulfils their own obligations in a timely manner.

4.2 In cases of force majeure, particularly in the event of strikes, lawful lockouts, official orders, natural disasters, epidemics or pandemics, the contracting party affected shall be released from the obligation to deliver the goods or accept delivery for as long as the event persists. We agree to inform the customer immediately about the occurrence and expected duration of such events. If such an event persists for longer than three months, each party shall be entitled to withdraw from the contract. In such cases, any consideration that has already been provided shall be refunded immediately.

4.3 If we default on a delivery or service due to slight negligence, our obligation to compensate for any damage caused by the delay (compensation in addition to performance) shall be limited to a maximum of 5% of the net purchase price of the delayed delivery. Our liability for culpable injury to life, limb or health remains unaffected. Our liability for compensation in lieu of performance shall be governed by the provisions of Section 5 of these terms and conditions.

4.4 The delivery of goods is also subject to the provisions of Section 8 (see Part II below).

5. Liability

5.1 We shall be liable in accordance with the statutory provisions if the customer asserts any claims for damages based on intent or gross negligence – including intent or gross negligence on the part of our legal representatives or vicarious agents – or based on the culpable breach of an essential contractual duty. Essential contractual duties are those which must be observed to achieve the purpose of the contract and on the observance of which the customer may regularly depend. If we are not guilty of intent or gross negligence, our liability for damages in the above cases shall be limited to the foreseeable degree of damage that typically occurs.

5.2 In the case of liability for culpable injury to life, limb or health, the statutory provisions shall remain unaffected; the same applies to cases of mandatory liability under the German Act on Liability for Defective Products (ProdHaftG).

5.3 Unless otherwise stipulated above, we shall not be liable for any damages regardless of the legal nature of the claim in question. In case of default, our liability shall also be subject to the limitations described in Section 4.3 above.

5.4 The above provisions shall apply accordingly if the customer demands compensation of wasted expenses instead of claiming compensation for damages in lieu of performance.

5.5 If our liability for damages is excluded or limited, this shall also apply with regard to the personal liability of our legal representatives and vicarious agents.

6. Information Provided by Telephone

Any information provided by telephone shall generally be non-binding and without guarantee if we offer an assessment after the matter in question is described by telephone, verbally or in writing and if we have no opportunity to conduct a detailed inspection of the item to which the information relates.

7. Data Protection

Data protection is very important to us. Our customers' data is therefore protected, treated confidentially and not passed on to third parties. We use our customers' contact details to send them information about our company, products and services at irregular intervals by email, telephone or post. Our customers may object to this at any time by sending an informal email to fachhandel@reimo.com or by clicking on the unsubscribe link in the email.

Part II: Special Provisions for Deliveries of Vehicles, Accessories and Spare Parts

8. Special Orders and Custom-Made Vehicles

A deposit of 25% of the purchase price shall be due when a contract is established for special vehicle orders; a deposit of 40% of the purchase price shall be due when a contract is established for custom-made vehicles. Any custom-made vehicles shall be manufactured according to the plans and measurements provided by the customer. The customer shall be solely responsible for the correctness of such measurements.

9. Delivery and Transfer of Risk

9.1 Our deliveries shall be made ex works. The risk of accidental loss or deterioration shall be transferred to the customer, at the latest, when the goods are handed over to the customer. If we ship the goods at the customer's request, the risk shall be transferred to the customer when the goods are handed over to the freight carrier or another person instructed to transport the goods. The statutory transfer of risk in the event of default in acceptance remains unaffected. If the customer is a consumer, the risk in the cases described in the third sentence above shall only be transferred to the customer as soon as the goods are handed over to the freight carrier or another person instructed to transport the goods if the customer has instructed the freight carrier or the other person to carry out the shipping and we have not previously named the transporting person to the customer.

9.2 Unless stated otherwise, any parts ordered via our website shall be delivered within 5 working days.

9.3 We shall be entitled to make partial deliveries if they are requested by the customer or if they are reasonable for the customer. If partial deliveries are explicitly requested by the customer, the additional shipping costs shall be borne by the customer; otherwise, we shall bear the additional shipping costs incurred.

9.4 If the customer requests a different design of the purchased item before it is delivered, the delivery period shall be interrupted until an understanding is reached on the required design; if necessary, the deadline shall be extended by the time required to implement the different design.

9.5 If an agreed, non-binding delivery date is exceeded by more than 6 weeks in the case of a contract for the delivery of vehicles, the customer shall be entitled to set us a reasonable grace period for delivery. If we do not deliver the purchased item by the end of the grace period, the customer may withdraw from the contract by means of a written declaration and/or demand compensation in lieu of performance under the legal requirements.

10. Conditions of Acceptance for the Delivery of Vehicles

10.1 If the customer fails to accept a purchased item within 14 days of being notified of its availability, or if the customer refuses to accept the delivery despite not being entitled to refuse acceptance, we shall be entitled to withdraw from the contract and/or to demand compensation due to non-performance after a reasonable grace period set by us.

10.2 In the latter case, we shall be entitled to claim 15% of the purchase price as compensation for damages – without prejudice to the possibility of demanding a greater amount for the damage that is actually incurred. The customer reserves the right to prove that we have incurred significantly less or no damage.

11. Retention of Title

11.1 The goods shall remain our property until the purchase price has been paid in full. By way of derogation from the first sentence, the following shall apply if the customer is a trader: The goods shall remain our property until all claims arising from the business relationship between us and the customer, including any additional claims, have been settled in full. The retention of title shall remain in effect even if some of our claims are included in a current account and the balance has been determined and recognised.

11.2 The customer shall not be permitted to pledge any goods subject to retention of title or assign them as security. We must be immediately notified of any seizures or other third-party interventions. If the third party is unable to reimburse us for the judicial and extra-judicial costs of averting the intervention in question, the customer shall be liable for the damage we incur.

11.3 The customer shall store any goods subject to retention of title for us free of charge. The customer must insure them against common risks such as fire, theft and water with the usual degree of coverage. The customer hereby assigns to us any compensation claims held against insurance companies or any other parties liable for compensation due to any damage of the type described above; the assigned claims shall correspond to the amount of the customer's own claims.

11.4 If the customer fails to meet their payment obligations, we shall be entitled to withdraw from the contract and demand the return of the goods subject to retention of title under the legal requirements.

11.5 If the customer is a trader, the following provisions also apply:

11.5.1 The customer shall be entitled to process and sell any goods subject to retention of title in accordance with the following provisions:

11.5.2 The customer hereby assigns to us any claims arising from the resale of goods subject to retention of title corresponding to the final amount invoiced for our own claims (including VAT); this shall also apply proportionately if the goods are processed, mixed or combined with other items and we acquire co-ownership in the amount of their invoice value. In the latter case, we shall be entitled to a fraction of the respective purchase price claim arising from the resale in the ratio of the invoice value of our goods subject to retention of title to the total invoice value of the item in question. If the customer sells the claim as part of real factoring, the customer shall assign to us the claim held against the factor that replaces it. We shall accept the assignment.

11.5.3 We shall not collect any assigned claims as long as the customer meets their payment obligations. The customer shall remain entitled to collect the claims. However, the customer shall no longer be authorised to collect the claims if the customer defaults on payment or if an application is filed for insolvency proceedings in relation to the customer's assets. In such cases, we may ask the customer to notify us of the assigned claims and the debtors, to provide all information required to collect the receivables, to hand over the associated documents, and to inform the debtors that the claims have been assigned to us.

11.5.4 By processing goods subject to retention of title, the customer shall not acquire ownership of the new item pursuant to Section 950 BGB. Any such processing shall be done for us in such a way that we shall be considered the manufacturer in accordance with Section 950 BGB; however, this shall not result in any liabilities for us. If any goods subject to retention of title are processed, mixed or combined with other items, we shall acquire co-ownership of the new item in the ratio of the value of the goods subject to retention of title to the total value of the goods. The customer shall no longer be authorised to process goods subject to retention of title in the ordinary course of business if the customer stops making payments or if an application is filed for insolvency proceedings in relation to the customer's assets.

11.5.5 We agree to release the securities to which we are entitled if their value exceeds the claims to be secured by more than 20%. We shall be responsible for choosing the securities to be released.

12. Warranty for Contracts of Sale

12.1 In the event of defects, the customer may assert their statutory warranty rights under Section 434 *et seq*. BGB; however, the customer may only assert claims for damages to the extent specified in Section 5 (see Part I above).

12.2 If the customer is a trader, the following provisions also apply:

12.2.1 The customer shall only be able to assert any warranty claims after properly fulfilling their obligation to inspect the goods and report defects in accordance with Section 377 of the German Commercial Code (HGB). The customer shall be obliged to inspect the purchased items as soon as they are received. Any defects must be reported immediately. Otherwise, the goods shall be deemed to have been accepted in perfect condition, unless the defect was not apparent during the inspection. Any installed parts shall not be replaced or repaired if damage would have been detected upon careful inspection prior to installation. Any hidden defects that were not apparent during a proper inspection must be reported as soon as they are discovered. Any defects must always be reported in writing.

12.2.2 If a purchased item is defective and the defect is properly reported by the customer, we shall be able to choose whether to deliver a replacement or make a repair. We shall acquire ownership of any replaced parts. The place of subsequent performance shall be our registered office. The customer shall only be entitled to withhold payments due to a defect to an extent that is appropriate in relation to the defect and in relation to the cost of rectifying the situation.

12.2.3 The customer shall only be entitled to assert any warranty claims if the customer can prove that the goods were defective when the risk was transferred. In particular, we shall not be liable for any damage caused by improper use, incorrect assembly, inadequate or incorrect maintenance, or any damage caused by natural wear and tear or unauthorised changes to purchased items (e.g. self-assembly, installation of equipment and accessories).

12.2.4 The warranty period applicable to claims for defects shall be 12 months from the delivery of the item in question. By way of derogation from the above, the statutory warranty period of two years shall apply to any claims for damages due to intentional or grossly negligent breaches of duty or culpable injury to life, limb or health. The statutory limitation period in the case of recourse against the supplier (recourse by a trader) remains unaffected.

12.3 We shall only assume any guarantees if this is explicitly stated for the selected product. The details of each guarantee can be found in the relevant guarantee conditions. Any guarantees shall apply in addition to statutory warranty rights.

13. Agreements on Returns for Traders

If the customer is a trader, the following applies with regard to returns: Unless there is a warranty claim, any goods may only be returned with our prior, written consent; the returned goods must be accompanied by a copy of the invoice. In such cases, the return shipping costs must be borne by the customer. Unless otherwise agreed, the customer shall also be obliged to pay 15% of the purchase price in such cases.

14. Cancellation Right for Consumers

If the customer is a consumer who enters into a contract with us via our website, the customer shall be entitled to cancel their order under the following conditions:

Cancellation policy

The customer shall be entitled to cancel the contract within fourteen days without stating their reasons for doing so. The fourteen-day cancellation period shall begin on the day the goods are handed over to the customer or a third party designated by the customer, excluding the carrier. In the case of a contract for several goods that are requested by the customer as part of a single order and that are delivered separately, the fourteen-day cancellation period shall begin on the day the last goods are handed over to the customer or a third party designated by the customer, excluding the carrier. In order to exercise the cancellation rights described above, the customer must send us a clear statement (e.g. a letter sent by post, fax or email) regarding their decision to withdraw from the contract; we can be contacted as follows: Reimo Reisemobil-Center GmbH, Lieferzentrum, Abt. Retouren, Am Rotböll 17-19, D-64331 Weiterstadt; Fax: +49 6150 8662-329; Tel.: +49 6150 8662367; Email: shop@reimo.com. The customer may use the attached cancellation form template, but this is not mandatory. In order to meet the deadline, the customer must merely submit the statement outlining their intention to cancel the contract before the end of the cancellation period.

Ramifications of cancellation:

If the customer cancels the contract, we shall reimburse any payments received from the customer, including shipping costs (except for any additional costs incurred if the customer does not choose our cheap standard shipping); we shall make the refund immediately – and at the latest within fourteen days of receiving notification of their intention to cancel the contract. We shall make the refund with the same payment method used by the customer for the original transaction, unless alternative arrangements are explicitly agreed with the customer; under no circumstances shall the customer be charged any fees for the refund.

We may refuse to make a refund until we have received the returned goods or until the customer has provided evidence to prove that the goods have been returned, whichever comes first.

The customer must return or hand over the goods immediately – and at the latest within fourteen days of notifying us of the cancellation of the contract. The deadline shall be met if the customer sends off the goods before the end of the fourteen-day period.

The costs directly associated with the return shipment shall be borne by the customer.

If goods cannot be sent by parcel and cannot be returned normally by post, we shall offer to collect the goods from the customer at our expense. The customer must only pay for any depreciation of the goods if the loss of value is caused by the use of the goods in a manner that is not necessary to check their quality, properties and functionality.

Part III: Special Provisions for Services Involving Work Performed on Items not Procured by Us

15. Customer's Obligation to Cooperate

15.1 If the customer places an order for the provision of services involving work performed on items not procured by us, the customer must make the vehicle available to us at the agreed time in a condition suitable for performing the work.

15.2 If the vehicle needs to be cleaned before the work specified in the order can be performed, and if the cleaning is done by us, we shall be entitled to invoice the customer for this.

15.3 In the case of orders involving assembly, the vehicle must be in factory or standard condition and must be delivered in a completely empty state. We shall not be liable for any moving parts found in the vehicle contrary to this agreement, unless the customer can prove that we are guilty of intent or gross negligence. An additional charge shall be incurred for any work required to create or compensate for this condition (e.g. damaged vehicle).

15.4 In the case of orders involving assembly and repair, the cost estimate may be exceeded by up to 15% if any unforeseen circumstances arise during the work and we are unable to consult the customer at short notice. The customer's rights pursuant to Section 649 BGB shall otherwise remain unaffected.

15.5 Unless otherwise agreed, we shall immediately dispose of any removed parts for a fee.

16. Collection and Acceptance

16.1 The customer shall be obliged to collect the object of the order no later than one week after receiving notification that the order is complete. The customer shall be obliged to formally accept the work performed in accordance with the contract. Unless otherwise agreed, the formal acceptance procedure with the customer shall take place at our registered office. The customer may not refuse acceptance due to insignificant defects.

16.2 In the event of non-acceptance, we shall be entitled to assert our statutory rights without restriction. In particular, we shall be entitled to charge the usual local storage costs. If the customer defaults on acceptance, the risk shall be transferred to the customer.

17. Warranty for Services Involving Work Performed on Items not Procured by Us

If any service involving work performed on items not procured by us proves to be inadequate, the customer shall be able to assert their statutory warranty rights; however, the customer shall only be able to assert any claims for damages to the extent specified in Section 5 above. The warranty period shall be one year from acceptance. By way of derogation from the above, the statutory warranty period shall apply to any claims for damages due to intent, gross negligence or culpable injury to life, limb or health.

Part IV: Final Provisions

18. Place of Jurisdiction and Applicable Law

18.1 If the customer is a merchant, a legal person incorporated under public law or an investment fund incorporated under public law, the courts at our registered office shall be the place of jurisdiction for any disputes arising from or in connection with the contract. This agreement on the place of jurisdiction applies exclusively to the customer. We shall also be entitled to take legal action against the customer at their general place of jurisdiction.

18.2 These terms and conditions are subject to the law of the Federal Republic of Germany to the exclusion of the United Nations Convention on Contracts for the International Sale of Goods (CISG). If the customer is a consumer whose habitual residence is located in a country other than Germany at the time the order is placed, however, the application of the mandatory legal provisions of the country in question shall remain unaffected by the choice of law identified in the first sentence.

19. Dispute Resolution for Consumer Contracts

19.1 The European Commission has created an online dispute resolution platform that serves as a point of contact for the out-of-court settlement of disputes with consumers in relation to contractual obligations arising from online contracts. This is available here: http://ec.europa.eu/consumers/odr/.

19.2 We are neither obliged nor willing to participate in dispute resolution proceedings before a consumer arbitration board under the German Act on Alternative Dispute Resolution in Consumer Matters (VSBG).

20. Severability Clause

If any provisions of these terms and conditions prove to be ineffective, this shall have no bearing on the effectiveness of the remaining provisions. Any ineffective provisions shall be replaced by the statutory provisions.
